MINUTES OF MEETINGS OF THE Board of Commissioners

January, 1933

Newark, N. J., January 4, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

The minutes of the meeting of December 28, 1932, were read and approved.

The City Clerk presented An ordinance authorizing the issuance of \$1,200,000 Public Park Bonds of the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Howe, Mayor Congleton.

Naye: Commissioner Gillen.

Commissioner Howe moved that the following ordinance be taken up on second reading.

An Ordinance authorizing the issuance of \$1,200,000 Public Park Bonds of The City of Newark.

The Board of Commissioners of the City of Newark Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Public Park Bonds," and to be dated not later than July 1, 1933, are hereby authorized to be issued in the aggregate principal amount of \$1,200,000, for the purpose hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the payment of the cost of acquiring certain lands in the block bounded by Waverly Avenue, Barclay Street, Spruce Street and Somerset Street and in the block bounded by Spruce Street, Barclay Street, Montgomery Street and Somerset Street, for a public park, whether including or not including playgrounds as a part thereof, pursuant to the provisions of the ordinance entitled "An Ordinance to authorize the acquirement of lands in The City of Newark for park use, and to authorize the execution of a contract with the Prudential Insurance Company of America for the acquisition of the same and providing for the financing thereof," adopted by the Board of Commissioners on the 15th day of October, 1930.

Section 3. The bonds authorized to be issued by this ordinance are authorized to be issued in lieu of or to fund a like amount of Temporary Loan Bonds or Notes heretofore authorized to be issued for such purpose, pursuant to the provisions of Section 13 of said Chapter 252 of the Laws of 1916, as amended. The proceeds of said bonds shall, to the extent necessary, be applied to the payment of any such temporary bonds or notes issued for such purpose and outstanding at the time said bonds are issued. No such temporary bonds or notes shall be issued after the bonds authorized by this ordinance shall have been issued.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The properties for which bonds are hereby authorized to be issued have not yet been acquired and are of the class described in Subdivision (F) of Sub-division (2)

of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said properties, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is fifty years, ending on July 1, 1982.

(c) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$731,311,183.00.

(d) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$47,254,893.02.

(e) The statements required by said Section 12 (showing said net debt, etc.) have been made and filed with the City Clerk, as therein required.

(f) No part of the cost of acquiring said properties has been or is to be assessed against property specially benefited thereby.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Howe, Mayor Congleton.

The City of Newark, N. J.
Office of the Mayor
December 31, 1932.

Subject: Appointment of Christian W. Feigenspan to Sinking Fund Commission.

The Board of Commissioners of the City of Newark,
City Hall,
Newark, New Jersey.

Gentlemen:

By virtue of the power and authority vested in me under an act of the Legislature of this State, entitled:

"An Act Concerning Sinking Funds and Sinking Fund Commissioners," approved March 29, 1917, and the acts amendatory thereof and supplemental thereto,

I do, by and with the consent of your body, appoint Christian W. Feigenspan, a resident taxpayer on real estate, a member of the Sinking Fund Commission of The City of Newark, for a term of three years to commence on January 1, 1933.

Respectfully,
Jerome T. Congleton,
Mayor.

Ordered filed.

Mayor Congleton offered the following resolution:

WHEREAS, Jerome T. Congleton, Mayor of The City of Newark, by and with the consent of this governing body, has this day appointed Christian W. Feigenspan, a member of the Sink-

ing Fund Commission of The City of Newark, for a term of three years, as from January 1, 1933;

THEREFORE BE IT RESOLVED by the Board of Commissioners of the City of Newark, that the action of said Jerome T. Congleton, Mayor of the City of Newark, in appointing said Christian W. Feigenspan a member of said Sinking Fund Commission of the City of Newark for a term of three years from January 1, 1933, be and the same is hereby ratified and confirmed, and our consent to said appointment is hereby given; and

BE IT FURTHER RESOLVED, that said Christian W. Feigenspan give a bond with corporate security, in the sum of Five Thousand Dollars (\$5,000) for the faithful performance of said office.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Ellenstein offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Jeraldo Maioran, owner, for the construction of a

gasoline station; premises 905-909 Mt. Prospect Avenue; for a period of eight years, on condition that signs, fences and lighting fixtures meet the approval of the Board;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

M. C. Ellenstein
Charles P. Gillen
John Howe

Mr. Louis Micone, 9 Clinton Street:

Gentlemen, no property owner has protested and if the permit were granted it would be the only gasoline station on that side of Mt. Prospect Avenue.

Mayor Congleton: Our sheet says the owner of the gasoline station across the street, corner of Tiffany Boulevard, objected; and also Mr. Louis Vice for the owners of 5 Tiffany Boulevard and 901 Mt. Prospect Avenue. The people who opposed it appeared before the Board of Adjustment.

Does anyone else desire to be heard in this matter?

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Ellenstein, Gillen, Howe.

Nays: Commissioners Egan, Mayor Congleton.

The City Clerk presented the ap-

plication of Paramount Realty Company, owner, for the construction of a gasoline station; premises 39-45 Belmont Avenue; on condition that lighting fixtures, signs and fences meet the approval of the Board.

Commissioner Gillen moved that the application be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of Richard S. Pitts, owner, for an automobile parking station; premises 64 East Park Street; for a period of one year, on condition that no signs be erected without the approval of the Board;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Ellenstein offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Building Commissioner, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following use for which application was made be allowed:

Application of John V. Martin (Leopold Meyer, owner) for the enlargement of an existing automobile parking station; premises 335-337 Washington Street;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Building Commissioner, the administrative officer in charge of the enforcement of the Zoning Ordinance, be and he is hereby directed to issue a permit for the application above set forth.

Mr. David M. Litwin, 800 Broad Street:

Mr. Mayor and Commissioners, I represent Mrs. Sadie Murphy, the adjoining owner at 333 Washington Street, who conducts a rooming house at that address. We feel that if the application were granted that would destroy our business.

John Howe,
Director of Revenue and Finance.

Mayor Congleton: Does any citizen have any matter they desire to address the commission on this morning?

Mr. Meyer Zemel, 826 South Thirteenth Street:

Mr. Mayor and Commissioners, when you are making up the budget keep the poor fellow in mind. Keep within the money you collected in 1932, that \$21,000,000 and make up your budget accordingly.

Mr. Alex Loeb: Your Honor and gentlemen, property owners who cannot collect their rents should have two years' extension on their taxes by paying the interest and by paying a monthly amount.

Mayor Congleton: Is there anyone else who desires to address the commission?

Mr. Henry Green, 280 Goldsmith Avenue:

We ought to have a new city hospital; it is an old building. I hope you

will take some measures about buying food in large quantities; it will do a lot of good for the thousands in need.

Mayor Congleton: Does anyone else desire to address the commission?

Commissioner Gillen: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

A P P R O V E D :

WHEREAS, with a suddenness that shocked the entire civilized world, Calvin Coolidge, thirtieth President of the United States departed this life on Thursday, January 5, 1933, and was laid to rest among his beloved native hills of Vermont on Saturday, January 7, 1933; and

WHEREAS, Calvin Coolidge, God-fearing and conservative in all his daily acts, throughout a life-time devoted to the public good which ranged in scope of service from the simple duties of councilman up through the posts of Mayor, Governorship of a sovereign state, Vice President and President of the Republic, was a conspicuously unique symbol of America; although he held probably the most exalted position among the rulers of the entire world he never lost his natural poise of a simple man; his administration of the national and international affairs of the United States, while

marked by brilliancy of thought and action, was tempered also by a deep-rooted conservatism which served as an invaluable steadying balance during a period of unprecedented prosperity with its accompanying expansion and extension of industry and commerce on a scale hitherto unknown, and throughout his incumbency of the Presidency his conduct of our foreign affairs was of a high and successful order due principally to his firmness and singleness of thought in the national interest; and

WHEREAS; since his voluntary retirement from the official American scene Calvin Coolidge continued to give immeasurable service to his fellowmen by reason of his rare native sense and ability as expressed through frequent public utterances through the press of the nation;

NOW THEREFORE BE IT RESOLVED, that the Board of Commissioners of the City of Newark, New Jersey, on behalf of the people of this City, do hereby record this expression of their appreciation of Calvin Coolidge for his life-time of enduring service to the Republic and to his fellowmen, their sense of national loss occasioned by his passing, and their deep sympathy for the members of his family;

AND BE IT FURTHER RESOLVED, that a thirty day period of mourning be observed throughout the City of Newark dating from the time of the late President Coolidge's death;

AND BE IT FURTHER RESOLVED, that a copy of this resolution suitably engraved, be sent to the bereaved family of the late President Coolidge.

Commissioner Howe offered the following resolution:

A Resolution fixing the form and

terms and providing for the sale of \$1,200,000 Public Park Bonds of the City of Newark, to be issued pursuant to an Ordinance heretofore adopted.

Be It RESOLVED, by the Board of Commissioners of The City of Newark, New Jersey, as follows:

Section 1. The \$1,200,000 Public Park Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$1,200,000 Public Park Bonds of The City of Newark," adopted by the Board of Commissioners of The City of Newark on the 4th day of January, 1933, shall be twelve hundred in number, numbered from 1 to 1200, inclusive, of the denomination of \$1,000 each, and shall mature and be payable in annual installments as follows, viz.: Twenty bonds on October 1st in each of the years 1934 to 1953, inclusive, twenty-five bonds on October 1st in each of the years 1954 to 1961, inclusive, and thirty bonds on October 1st in each of the years 1962 to 1981, inclusive.

Section 2. The said bonds shall be dated February 15, 1933, shall bear interest from their date at a rate to be hereafter determined, not exceeding five per centum (5%) per annum, payable semi-annually on October 1, 1933, and on each April 1st and October 1st thereafter, until maturity and shall be coupon bonds, registerable at the option of the holder as to principal alone or as to both principal and interest. They shall be signed by the Mayor, countersigned by the Director of the Department of Revenue and Finance, and the seal of The City of Newark shall be thereto affixed and attested by the City Clerk. The coupons to be attached to said bonds shall bear the fac-simile signature of the Director of the Department of Revenue and Finance. Both principal and interest of the bonds shall be payable

at The National State Bank in The City of Newark, in gold coin of the United States of America of the standard of weight and fineness existing on the date of said bonds.

Section 3. The said bonds shall be issued in substantially the following form:.

The City of Newark, a municipal corporation in the County of Essex and State of New Jersey, for value received hereby promises to pay to the bearer, or, if this bond be registered, to the registered holder hereof, the sum of

ONE THOUSAND DOLLARS
(\$1,000)

on the 1st day of October, 19 , with
interest from the date hereof at the
rate of per centum

(%) per annum, payable semi-

annually, on October 1, 1933, and on each April 1st and October 1st thereafter until maturity, upon presentation and surrender of the annexed coupons therefor as they severally become due, or, if this bond be converted into a fully registered bond, to the registered holder hereof. Both principal and interest of this bond are payable in gold coin of the United States of America of the present standard of weight and fineness, at The National State Bank, in The City of Newark.

This bond may be registered as to principal by the holder in his name on the books of the Comptroller of said City, and such registration noted hereon, after which no valid transfer hereof shall be made except on said books until after registered transfer to bearer. Such registration shall not affect the negotiability of the coupons, which shall continue to be transferable by delivery. At the request of the holder of this bond, it will be converted into a fully registered bond and the coupons hereto annexed detached and cancelled, and thereafter both principal and interest will be payable only to the registered holder hereof.

This bond is one of an issue of bonds of like tenor, except as to maturity, issued under and pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, and an ordinance duly adopted by the Board of Commissioners of The City of Newark on January 4, 1933.

It is hereby certified and recited that all conditions, acts and things required by the Constitution or statutes of the State of New Jersey to exist, be performed or happen precedent to or in the issuance of this bond, exist, have been performed and have happened, and that this bond, together with all other indebtedness of said City, is within every debt and other limit prescribed by the Constitution or statutes of said State, and the faith and credit of said City are hereby pledged irrevocably to the punctual payment of the principal and interest of this bond in accordance with its terms.

IN WITNESS WHEREOF, The City of Newark has caused this bond to be signed by its Mayor and countersigned by its Director of the Department of Revenue and Finance, and its corporate seal to be hereunto affixed and

attested by its City Clerk, and the annexed coupons to bear the fac-simile signature of said Director, and this bond to be dated February 15, 1933.

Section 4. The bonds shall be sold at public sale, upon sealed proposals, at 2 o'clock, P. M., on Tuesday, February 6, 1933, at the office of the Director of the Department of Revenue and Finance of The City of Newark, in the City Hall, after notice of such sale published in the manner required by law. The Director of the Department of Revenue and Finance is hereby authorized and directed to cause such notice to be published, and to receive such proposals, and the power of the Board of Commissioners to award the bonds and reject bids therefor is hereby delegated to him.

Section 5. The notice of sale of the bonds shall be in substantially the following form:

NOTICE OF SALE
THE
CITY OF NEWARK, NEW JERSEY
\$1,200,000
PUBLIC PARK BONDS

Scaled proposals will be received by the undersigned at his office in the City Hall, Newark, New Jersey, until Tuesday, February 6, 1933, at 2 o'clock, P. M., when they will be publicly opened, for the purchase, at not less than par and accrued interest, of bonds of The City of Newark, New Jersey, of the following authorized issue, viz.: \$1,200,000 Public Park Bonds, of the denomination of \$1,000 each, dated February 15, 1933, maturing serially, \$20,000 of bonds on October 1st in each of the years 1934 to

1953, inclusive, \$25,000 of bonds on October 1st in each of the years 1954 to 1961, inclusive, and \$30,000 of bonds on October 1st in each of the years 1962 to 1981, inclusive. The bonds will be coupon bonds, registerable at the option of the holder as to principal alone or as to both principal and interest. Principal and interest will be payable in gold coin of the United States of the present standard of weight and fineness, at The National State Bank, in The City of Newark, New Jersey.

The bonds will bear interest at the rate of four and one-quarter per centum (4¼%) per annum. However, if the bids received do not permit the award of the bonds as 4¼% bonds, then the bonds shall bear interest at such higher rate, not exceeding five per centum (5%) as may be named by the successful bidder. The rate named must be a multiple of one-quarter of one per centum per annum, and must be the same for all of the bonds. In awarding the bonds, only the proposals naming the lowest rate named in any proposal will be considered.

The amount necessary to be obtained by the sale of said bonds (exclusive of the amount of any interest accrued upon the bonds) is \$1,200,000, and no more bonds will be sold than will produce the said amount (exclusive of accrued interest) and an additional sum of less than \$1,000. If less than the maximum authorized amount of the bonds is sold, the unsold bonds will be those last maturing. Unless all bids are rejected, the bonds will be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the amount necessary to be obtained, as above stated, and to take therefor the least amount of bonds, commencing with the first maturity, and if two or more bidders offer to take the same amount of bonds, then the bonds will be sold

to the bidder or bidders offering to pay therefor the highest additional price (such additional price being less than \$1,000). In addition to the price bid, the purchaser must pay accrued interest from the date of the bonds to the date of delivery. The right is reserved to reject all bids.

Bidders, in submitting their bids, must use the bidding forms which will be furnished by the undersigned upon request.

Proposals should be addressed to the Director of the Department of Revenue and Finance, City Hall, Newark, New Jersey, and enclosed in a sealed envelope marked on the outside "Proposal for Bonds," and must be accompanied by a certified check for two per centum (2%) of the face amount of the bonds bid for, drawn upon an incorporated bank or trust company to the order of the "Director of the Department of Revenue and Finance of The City of Newark," to secure the City against any loss resulting from the failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder or bidders will be furnished with the opinion of Messrs. Reed, Hoyt & Washburn, of New York City, that the bonds are valid and binding obligations of The City of Newark. The bonds will be prepared under the supervision of the Continental Bank and Trust Company, which will certify as to the genuineness of the signatures of the officials and the seal impressed on the bonds.

By order of the Board of Commissioners of The City of Newark.
Dated, January 18, 1933.

JOHN HOWE
Director of the Department of
Revenue and Finance of The
City of Newark.

Section 6. The Director of the Department of Revenue and Finance is hereby authorized to cause said bonds to be prepared, and to obtain the opinion of Messrs. Reed, Hoyt & Washburn, Attorneys, of New York City, as to the validity of the bonds, to be furnished to the purchaser or purchasers thereof, and the Mayor, Director of the Department of Revenue and Finance and the City Clerk are hereby authorized to execute said bonds, and the Director of the Department of Revenue and Finance is hereby authorized to deliver said bonds to the purchaser or purchasers thereof, upon receipt of the purchase price.

Resolution of Board of Commissioners of The City of Newark, Essex County, making application to the State Director of Emergency Relief for a Class "A" Special Grant of State Funds for Emergency Relief in accordance with Rules and Regulations Number 10.

WHEREAS, The City of Newark is unable to finance its entire program for emergency relief without State aid; and,

WHEREAS, State funds have been appropriated by the legislature to the State Director of Emergency Relief for the purpose of furnishing State aid to municipalities in such cases; and

WHEREAS, 12,000 or more families, comprising approximately 60,000 individuals, are at present receiving relief from the City of Newark and the need for emergency relief is constantly increasing; and,

WHEREAS, it is estimated that a minimum of \$310,000 will be required for relief in the City of Newark during the month of February;

Now, Therefore, Be It RESOLVED by the Board of Commissioners of the City of Newark, Essex County, that the sum of \$75,000 which is the maximum amount which said City is able to contribute, be and the same is hereby appropriated for emergency relief in the City of Newark for the month of February, 1933, which sum shall be expended during the month of February upon which expenditure State aid hereinafter requested shall be predicated; and the proper corporate officers of the City of Newark are hereby directed and authorized to issue temporary loan bonds in the sum of \$75,000 for the purpose of temporarily financing emergency relief, an object

for which the City is authorized to issue bonds by the aforesaid act; and

Be It Further RESOLVED that each of the temporary loan bonds authorized by this resolution amounting in the aggregate to \$75,000 shall state in general terms the purpose for which it is issued, shall be dated as of the date of issue, shall mature not exceeding six months after date, shall bear such rate of interest not exceeding 6% per annum and be issued in such denomination and be executed in such manner as the Director of the Department of Revenue and Finance may determine, and the Mayor, Director of the Department of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute, in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916; and,

Be It Further RESOLVED, that the Director of the Department of Revenue and Finance be and he is hereby authorized and directed to sell said temporary loan bonds at not less than par, either all at one time or from time to time; and

Be It Further RESOLVED that in accordance with Rules and Regulations No. 10 of the Emergency Relief Administrator, Meyer C. Ellenstein, Director of the Department of Public Works of the City of Newark be and he is hereby authorized and directed to make application in behalf of the City of Newark to the State Director for financial aid by way of a Class "A" Special Grant for funds in an amount which in his judgment shall be considered necessary to enable the City of Newark to meet the relief needs for the month of February; and

Be It Further RESOLVED that five

certified copies hereof shall be forwarded to the Essex County Director of Emergency Relief with the request for approval.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

WHEREAS, The City of Newark adopted a program for dependency relief as authorized by Chapter 394 of the Laws of 1931, of the State of New Jersey; and

WHEREAS, in pursuance thereof the City appropriated \$75,000 for the month of December, 1932, for this purpose, as its contribution toward the financing of said program on condition that the State would appropriate \$150,000 for the same purpose; and,

WHEREAS, the above appropriations were based upon an estimated expenditure for the carrying out of said program for the month of December, 1932, of \$225,000; and,

WHEREAS, the City has been compelled to expend for said program the sum of \$263,834.29 under the supervision of the State Director of Emergency Relief, which sum is \$38,834.29 in excess of the amount originally estimated as requisite for said work; and,

WHEREAS, it is the opinion of this Board that the State should appropriate sufficient money to cover the \$38,834.29—expended in excess of the amount estimated;

Now, Therefore, Be It RESOLVED by the Board of Commissioners of the City of Newark that Meyer C. Ellenstein, Director of the Department of Public Works, be and he is hereby authorized to make application to the State Director of Emergency Relief for an appropriation by the State of \$38,834.29—to be paid to the City of Newark to cover the additional expenditure for the carrying out of the Poor Relief Program for the month of December, 1932.

Board of Adjustment
City Hall

Newark, N. J., January 17, 1933.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

64 Prince Street, The Gloria Company; poultry market;

247 Market Street, Mary E. Turnbull; construction of entrance to public garage;

113 Washington Street, N. J. Toilet & Towel Supply Company, entrance to automobile parking station; for one year;

277 Sixteenth Avenue, Morris Anzis, retail ice depot; for one year;

49-51 Warren Street, Helen M. Byron (Amy Kenny, owner); automobile parking station for ten cars for one year.

The Board of Adjustment,
R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner, and further action postponed to February 1, 1933.

Mayor Congleton offered the following resolution:

BE IT RESOLVED by the Board of Commissioners of The City of Newark that an agreement dated January 18, 1933, between The City of Newark and George F. Hewson Company, concerning payment of commissions on rental of property at southwest corner of Haynes Avenue and Route No. 25, to Joseph McClemons, upon terms and conditions as in said agreement more particularly set forth, a copy of which agreement is annexed hereto, be and the same is hereby ratified and confirmed; and the proper corporate officers of the City of Newark are hereby authorized and directed to execute said agreement, on behalf of the City, on the adoption of this resolution; and

BE IT FURTHER RESOLVED that the sum of \$1,455 be and the same is hereby appropriated to George F. Hewson Company (a corporation), as commissions aforesaid, said sum to be paid in accordance with the terms of said agreement, upon proper receipt therefor, approved as to form by the Law Department.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

The following resolution was received and read:

WHEREAS, on Tuesday, November 8, frauds were perpetrated in counting and reporting election returns from the local, State and National election held on that date, which has put nationally a blot on the name of the City of Newark; and

WHEREAS, subsequently a number of registry books and voting records were mutilated and stolen from the County Court House of the County of Essex in Newark, and ballot boxes broken into and original ballots stolen from the City Hall of the City of Newark on the nights of November 15th and 16th, 1933; and

WHEREAS, a trial has been conducted by the County authorities resulting in the acquittal of all nine defendants who had been indicted and were being tried on the charge of conspiracy;

THEREFORE, we, representative clergy of the City of Newark and chosen delegates from The New Jersey Citizens' League, respectfully present the following questions to the Commissioners of the City of Newark, to whom as a body, the citizens of Newark are looking for action:

(1) What steps have the Commissioners of the City of Newark taken as a body, to uncover the recent frauds and to guarantee the sanctity of the ballot for the future?

(2) What orders have been issued to the police of Newark relative to the tracking down of the guilty persons; and what results have been so far attained?

(3) In the light of the present situation, what do the Commissioners of the City of Newark, individually and collectively propose to the citizens of Newark as the next step in meeting this emergency?

We further quote and reiterate the question propounded by the Newark Evening News on Saturday, January 14, 1933, in its leading editorial:

"Are the authorities going to let it be said that crooks can enter the City Hall while the police guard it and steal ballots that are evidential of crooked voting?"

Ordered filed.

Mayor Congleton: Is there any person who desires to address the Commission on any matter?

Mr. Seymour Klein, 24 Commerce Street.

I make application to re-open and re-hear an application for a permit for a gasoline station at 333 Elizabeth Avenue.

Commissioner Gillen: I move that we reopen and rehear this application on February 1, 1933, on condition that applicant notify all parties who would be entitled to notice before Board of Adjustment.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mr. Meyer Zemel, 826 South 13th Street.

Mr. Mayor and Commissioners: January 15th statistics were published showing that over fifty per cent. of the mortgages and mortgage bonds on real estate in the United States were in default and I guess Newark isn't above or below the average.

Mayor Congleton: We have no bonds in default, Mr. Zemel.

Mr. Zemel: I am talking on real estate, bonds and mortgages, and I guess that goes pretty much for the taxes, too. Commissioner Gillen could make some cuts more than his budget shows. I know that Commissioner Howe could, and I guess all the rest of the Commissioners could.

Commissioner Howe: I know that he could not. There isn't one extra man in my department. And we are all, the five of us doing just all we can to reduce the budget down to the lowest possible figure.

Mr. Zemel: You just made four appointments, two in the Tax Board.

Commissioner Howe: They had to be appointed according to law.

Rev. G. E. Dawkins, 195 Elwood Avenue.

Mr. Mayor and members of the Commission: I am acting as spokesman for a small delegation here this morning appointed by two groups and I am asking the privilege of reading the following resolution:

(Reads resolution No. 9889).

Mr. Henry Green, 230 Goldsmith Avenue:

At the large attended Socialist Party meeting, a committee brought in a message to you, Mr. Mayor.

Mayor Congleton: Mr. Green, will you permit me to interrupt you a moment. I would like to say to the delegation, I assume that your resolutions or statements were prepared with consideration. I desire on my own behalf the same opportunity. You will hear from me.

Mr. Green: This committee brought in a report and it desired to have it before you. I will now introduce John

J. Crowley, Jr., who was delegated to read this to you.

Mr. John J. Crowley, 295 Seymour Avenue, read a statement which on motion of Commissioner Egan was expunged from the record, because it contained personal and acrimonious remarks about members of the Commission.

Commissioner Egan: I further move you that if Mr. Green and Mr. Crowley are not able to appear before this governing body and confine their remarks to matters of principle and policy and refrain from being personal, that they be refused the right to address the governing body of the City of Newark.

Commissioner Howe: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Now if you desire to address yourself to some subject matter we will be glad to hear from you.

Mr. Crowley: I didn't write up that article.

Mayor Congleton: You were reading it.

Mr. Crowley: I understand that, I am responsible for it, but the Socialist Party has come to the point now where they believe all these plans for relief are merely insulting the people.

Commissioner Gillen: That is not so at all. Dr. Ellenstein is making a good job of it. He is doing the very best that any human being can do under the circumstances. This Commis-

sion is a very busy Commission. We are particularly busy departments trying to reduce expenses and trying to figure out a budget, and we have lots of work and we can't afford to sit here for hours listening to a lot of blather-skite.

Mr. Green: Mr. Mayor and gentlemen of the Commission: I don't think that Commissioner Egan—

Commissioner Egan: I mean if you want to talk on the business or principle or policy which naturally will include the mentioning of names of men who are in public office, that is perfectly all right. But you must not go into the point where you will be acrimonious in your expression concerning the man who is doing the job even though he disagrees with you. We are always glad to receive you before the governing body insofar as I am concerned as one member of the Commission, but because of these tense times you are no exception of the rule. You are inclined to become the least bit excited in expressing your opinion concerning problems that are of vital interest to you. No one questions your sincerity; you are a whole hearted and unselfish citizen; but there does come a time when you go too far to bring your point more effectively.

Mr. Green: I didn't write the document and it didn't express what I would say to you.

Mr. William Umscheid, 281 North 5th Street:

Mr. Mayor and Commissioners of the City of Newark, Commissioner Egan says the taxpayers are assessed forty per cent higher than they should be. I will back him up that they are assessed 50 per cent. higher than they should be according to the times we have today. I wish you Commissioners would give salvation for the landlords.

Mr. Samuel Levine: I presume you all read about the barter exchanges in the middle western states; that the unemployed have organized there for the purpose of helping themselves. Now, why can't we organize a barter exchange which will help considerably.

Commissioner Egan: I have been studying very seriously the barter exchange. I have associated personally with me now a very able and substantial economist who will within the next week give me a report based upon his study, which will include a visit in the State of Illinois and the State of Ohio where the barter exchange is now in operation and based upon reports from the most renowned economists, worked satisfactorily. So I think if you will give us an opportunity so that I might have my study completed, I am going to submit it to the Commissioners for their consideration.

Mr. Levine: I thank you for that Mr. Egan, and I am very glad that you are considering it.

Commissioner Egan: I have devoted a great deal of time personally so far, and am very favorably impressed with it. I was very much pleased with the reported meeting of the great leaders of the colleges of the country at Princeton which was reported in the New York Times quite fully and when a great many outstanding leaders of education who have devoted time to the study of economics, supported with that reservation, it is something which I think every municipality should at least study very seriously and we can hope to relieve the distress at present. We will have it at the point where it can be discussed very intelligently, and I hope accepted under proper leadership in Newark with the result of at least relieving some of this serious distress that now exists.

Mayor Congleton: Does any one else desire to address the Commission?

Mr. Hugh McDonald, 11 Mt. Pleasant Avenue.

Mr. Mayor and Commissioners, I represent about 400 iron workers of the new local formed here and I come here in reference to the Waverly job. To our best knowledge I don't think that there is one man that lives in the City of Newark working on it.

Mayor Congleton: That is a state job, isn't it?

Mr. McDonald: Yes. We are all competent iron workers and we live in the city and we are entitled to work on it.

Mayor Congleton: You see, the State Highway, as I recall, attempted to do that in some cases and it was held that as long as it was a state job and the man was a resident of the state he met the terms of the state act. We will be very glad to do all we can to get the men on, but we have on control here over that work. All we can do is to use our best endeavors to have the State Highway director employ as many local men as possible.

Mr. McDolad: We can't find out is where these men come from.

Mayor Congleton: We will see what we can do.

Does any one else desire to address the Commission?

Commissioner Howe: I move that we adjourn.

stein, Gillen, Howe, Mayor Congleton.

AND WHEREAS, the improvement for which said Five Hundred Thousand Dollars (\$500,000.00) was issued was for Pavings now in the course of construction or have been completed

within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay said Five Hundred Thousand Dollars (\$500,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Five Hundred Thousand Dollars (\$500,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Five Hundred Thousand Dollars (\$500,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Five Hundred Thousand Dollars (\$500,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, that the

Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Zoning Enforcement Officer, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of John V. Martin (Leopold Meyer, owner) for the enlargement of an automobile parking station; premises 335-337 Washington Street; on condition that all signs, lighting fixtures and fences meet the approval of the Board;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Zoning Enforcement Officer, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. John V. Martin, 337 Washington Street:

Gentlemen, I am applying for the establishment of a parking station at 335-337 Washington Street, approximately 39 by 40.

Mayor Congleton: Do I understand that the building that was in front, that had been torn down, had been condemned by the Building Department?

Mr. Martin: Yes, sir.

Mr. David Litwin, 800 Broad Street:

Gentlemen of the Commission, this matter was heard by you three weeks ago and unanimously refused. This is an application to reconsider. My client has her all invested in this property conducting a rooming house and there is no need in Washington Street for any automobile parking stations. Mr. Martin is not the owner of the premises. Our investment should be considered.

Mayor Congleton: How long have you had a permit, Mr. Martin, for the use of a part of these premises?

Mr. Martin: Four years.

Mayor Congleton: This application now is to permit you to use the front part of the lot?

Mr. Martin: Yes, sir.

Commissioner Howe: Didn't you own that property?

Mr. Martin: Yes, sir, I was the original owner of the property and I had the original permit, which was with the understanding that I could demolish the building four years ago.

Commissioner Egan: I move that the matter be postponed for one week for inspection by the Commissioners.

Mayor Congleton: There seems to

be a controversy as to the windows, and so forth, so I think Commissioner Egan's motion is a good one.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Has any person any matter they desire to address the Commission on this morning?

Mr. William C. Schacke, 11 Warren Place:

Gentlemen, we are an organization of five hundred ironworkers, broke away from the old organization. There is a lot of our men today destitute, getting aid from the city, and there is a lot of work going on around here where some of these men could be put to work and thus reduce the tax burden on the taxpayers. Men from out of the state are provided with work on projects, and our own men have been forced to seek the aid of the city. One particular job is the American Bridge Company job over the Pennsylvania Railroad yards at Peddie Street.

Mayor Congleton: That same statement was made here last week and we said that we would endeavor to find out the facts and try and help your men as much as we could. I made that inquiry of the State Highway commission and they say they are quite alive to the statute which provides that only residents of New Jersey can be engaged on this work and that all of the ironworkers are residents of New Jersey. Mr. Lee, the man in charge of the bridge work, has made that statement.

Mr. Schacke: Men in our organization that have worked for the American Bridge Company for years and know that the majority of those men working on that particular job are not bonafide residents of New Jersey.

Mayor Congleton: Have you been to the State Highway Commission?

Mr. Schacke: I have.

Mayor Congleton: Have you given them your residence?

Mr. Schacke: To Colonel Blunt who has promised us his cooperation.

Mayor Congleton: You have to try and prove your case to the State Highway Commission. We will do everything we can to assist you. That we are doing. The State Highway Commission gave the information that these ironworkers are from Bayonne and that they bring them across by boat to the Federal Shipbuilding Yards, for various reasons which perhaps you can understand, but they gave me the assurance that they are all bona fide residents of New Jersey. Now, if you know that that is not so, I would suggest that you prepare your information that John Jones, who is one of the men working there, is a bona fide resident of some other place, and take it to the State Highway Commission. We will do whatever we can to assist you. The work is not under our jurisdiction. The only way in which we can help you is by persuasion, and we will try to do that.

Mr. Schacke: We have a job at the Pennsylvania Station, the Pennsylvania Railroad bridge. McClintock & Marshall have the job of putting the bridge over the Passaic River.

Mayor Congleton: When it was known that the McClintock-Marshall Company was to get that work, this City Commission had them in conference with us and tried to get them down at the Hay plant, which they said they could not do, but they gave me their assurance that Newark labor would be employed. There is no need of your coming to us with respect to the State Highway Commission job.

The place for you to go is to their office down in the Industrial Building, but if you will submit to me any information with reference to a job that the city has something to do with, I will do everything I can to get Newark labor work.

Mr. Henry Green, 280 Goldsmith Avenue:

Mr. Mayor and gentlemen of the Commission, I believe that we should buy coal and other commodities by the carloads and some method of distributing such to the people agreed upon.

Mayor Congleton: Has any other person anything that he desires to address the commission on?

Mr. Joseph Tozzi, 284 East Kinney Street:

Gentlemen, on behalf of 892 members of the Ironbound Landlords Civic Association of Newark, all taxpayers urge economizing on the interest and not to be making it heavy on the arrears taxes.

Mr. Joseph Schaedel, 151 North 14th Street, East Orange:

Honorable Commissioners, I come here to see if I could not get some action on my property over at Central Avenue and Lock Street. This has been in the Law Department now for two years, contracts have been signed, releases brought here, and still I am tied down and can't make any leases. I am just now taking what they offer me for these three places.

Mayor Congleton: Mr. Schaedel, in view of the conditions, I do not think that the city will widen Lock Street for a long time, and you can make any long-term leases or any other kind of leases, that you can make.

Mr. Theodore Grotta, 46 Farley Avenue:

Mr. Mayor and Commissioners, before the completion of that budget I want you to consider the taxpayers' interests. I think I made the appeal here once before that \$3,000 a year would be ample salary under these trying conditions for your commissioners.

Commissioner Gillen: I gave away over \$4,000 of my salary last year to charity. I would not have been obliged to do that unless I held this job.

Mayor Congleton: Does anyone else desire to address the commission?

Commissioner Gillen: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: The commission will adjourn for conference.

Commissioner Ellenstein offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Zoning Enforcing Officer, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of John V. Martin (Leopold Meyer, owner) for the enlargement of an automobile parking station; premises 335-337 Washington Street; on condition that all signs, lighting fixtures and fences meet the approval of the Board;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Zoning Enforcement Officer, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Is there anything new that you want to add?

Mr. David M. Litwin, 800 Broad Street: We are agreeable that Mr. Martin should park his cars immediately adjoining the blank wall of our property, but that he should be restricted from parking immediately adjacent to our windows.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Ellenstein, Gillen, Howe.

Naye: Commissioners Egan, Mayor Congleton.

The City Clerk presented the application of Paramount Realty Co., owner, for the construction of a gasoline station; premises 39-45 Belmont Avenue; on condition that lighting fixtures, signs and fences meet the approval of the Board; and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the application be laid over until February 15th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of The Gloria Company, owner, for the construction of a poultry market premises 34 Prince Street;

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard on this matter?

Mr. Harry A. Pine, 46 Mercer Street: I object on behalf of the owner of property at 65-67-69 Prince Street which is diagonally opposite this proposed chicken market, and to install another chicken market in addition to the one at 66 Prince Street will certainly do a great deal of harm to the people living there and no good to the merchants there.

Mr. Donald C. Fox, 117 South Grove Street, East Orange: Your Honors, I represent Samuel Taylor who conducts a combined market and dairy product store at 68 Prince Street. This man has an investment of \$35,000. At 62 Prince Street is a large restaurant which is operated by the Rheinfeld interests, and we object.

Mayor Congleton: Is there anyone else here in opposition?

Mr. Leon W. Kapp, 744 Broad Street: I am appearing for Philip Blank of 71-73 Prince Street. There is no justification for the granting of this permit.

Mr. Herman J. Harris, Lefcourt Building: Your Honors, I appear on behalf of the executors of the estate of Morris Rheinfeld, who are the owners of property at number 62 Prince Street. In the event this permit were granted, property in that neighborhood would deteriorate in value.

Mr. Louis R. Freund, 20 Branford Place: I represent the owners of 72, 82, 84 and 66 Prince Street. There is but the applicant in favor of his application, and the entire locality within the ordinance requirements opposed to the application.

Mayor Congleton: Is there anyone else in opposition?

Commissioner Ellenstein: I would suggest, Mr. Mayor, that we hear Dr. Craster.

Mayor Congleton: Why not hear from the others and see if we need Dr. Craster. If you start calling witnesses we will never get through.

Mr. Harkavy: I represent the applicant. This matter falls exactly in line with the exact purport of the ordinance which created your Board of Adjustment and gave them authority to revise your zoning ordinance. The application should be granted for this reason.

Mayor Congleton: Are the Commissioners ready for a vote? If so, all in favor of concurring in the recommendation of the Board of Adjustment will signify by saying aye, opposed no; the clerk will call the roll.

The roll being called, the resolution was declared lost by the following votes:

Nayes: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Mary E. Turnbull, owner, for the construction of entrance ramps to an existing public garage (no exit to be permitted), on condition that all signs erected meet the approval of the Board; premises 247 Market Street;

THEREFORE BE IT RESOLVED
By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: We will hear those in opposition first.

Mr. Samuel F. Dixon, 251 Market Street: Mr. Mayor, as president of the Baker Printing Company, I wish to protest against the action of the Adjustment Board in the matter of granting the application for a garage entrance at 247 Market Street.

Mr. Mylo Borden of the Borden Press: Mr. Mayor and Commissioners; we feel that this will depreciate the value of our property considerably.

Mr. Charles H. Stewart, 810 Broad Street: The Market Street Association asked Mr. Linnett, whom you all know very well, to present the matter for them from a real estate man's angle.

Mr. John Linnett, 29 Elizabeth Avenue: Mr. Mayor and Commissioners; there is no question that driveway going across the sidewalk at that point will break the continuity, and continuity destroys the usability of the property, and usability destroys the taxable value.

Mr. Charles Frankel, 13 Commerce Street: Your Honors, I can not see how it would be possible for an Adjustment Board to grant any such permit.

Mr. Harry B. Weiss, Lefcourt Building: I represent the Rosalie Realty Company, owners of 258 and part of

256. The type of business which supports that neighborhood, which pays the rent to the landlords so they can pay their taxes in that neighborhood is retail trade. This particular type of thing is designed to discourage pedestrian traffic.

Mr. O. T. Vogeler, 253 Market Street: I cannot see that business as a paying proposition.

Mayor Congleton: Is there anyone else in opposition?

Mr. Foster, 255 Market Street: We consider the granting of this permit would be a very dangerous hazard.

Mr. Fredrick J. Greenberg, 810 Broad Street: Gentlemen, my client took this property over in May of last year. The only reason we ask for this opening on Market Street is in order to get cars in and out of the garage. Another thing, it is not a parking space or parking garage.

Mayor Congleton: Does anyone else desire to speak for the application?

Mr. Nathan Bilder, 60 Park Place: When you take into consideration that the unanimous opinion of the merchants in that section is opposed to it, the Market Business Men's Association, all of the people who do business there, that it is particularly a retail neighborhood depending on transient trade, and the hazard concerned with placing a driveway there even though it is only to be used for westbound traffic, the greater interest of the greater number of taxpayers in that immediate vicinity opposed to this thing, in my opinion, should persuade this Board that the resolution should be rejected.

Mayor Congleton: Does anyone else desire to be heard?

Commissioner Gillen: I move the

application be laid over for one week for inspection and conference.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

The following communication was received and read:

New York, January 16, 1933.

To The Honorable Commissioners
of The City of Newark, N. J.

Dear Sirs:

In the matter of the application of the New Jersey Toilet and Supply Co. to permit an entrance to an existing automobile parking station over the premises at 113 Washington Street, numbered 7-33-G, and listed for public hearing on the Clerk's Calendar for January 17, 1933 may I request your honorable commission to deny the said application for the reasons advanced by myself in my previous statements and communications to your commission, with respect to this parking station.

Respectfully,
Michael Elliott,
147 West 16th Street,
New York, N. Y.

Owner of the premises located
at 56 New Street, Newark.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, an irreparable loss was suffered by the people of the State of New Jersey in the death of William Stryker Gummere, Chief Justice of the Supreme Court of the State of New Jersey, who departed this life in his 81st year, on Thursday, January 26, 1933; and

WHEREAS, Chief Justice Gummere's passing has caused the deepest sorrow throughout the membership of the American Bar, among whom he was recognized generally as possessing one of the outstanding legal minds of the country as well as one of the foremost figures of the American judiciary a member of the Supreme Court bench for more than thirty-seven years, and its Chief Justice for thirty-two years, a longer tenure than any other judge in the history of New Jersey, who exemplified the highest ideals of the judiciary, and was the author of numberless notable legal opinions and rulings which, by reason of the many enduring legal principles and precepts which they contained, were vital factors in the progressive advancement of the law, and consequently, the public good, both within and without his native State;

NOW, THEREFORE BE IT RESOLVED, that the Board of Commissioners of the City of Newark, acting on behalf of the people of this State, record this expression of their regret at the termination of a career devoted to the highest ideals of life and principles of conduct and the passing of a truly great public servant of sterling worth and enduring memory.

AND BE IT FURTHER RESOLVED, that a copy of these resolutions be sent to the members of the bereaved family.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Mr. Commissioners, I want to ask your indulgence for a few minutes. According to the morning paper, at a meeting held last night for the discussion of the budget of my department, one of the speakers made so many misstatements and delivered so many absolute falsehoods that I cannot but feel that it was done maliciously, and in justice to those associated with me in the Department of Public Affairs who may feel some hesitancy about answering the same, I believe it is my duty to take notice thereof. The first statement was to the effect that Mr. Costello, the Chief Engineer, was to receive two salaries in 1933. This statement I have heretofore denied, but notwithstanding that the public records in the form of return checks with the proper endorsement thereon will substantiate my denial, the same statement is again made. If the gentleman who made this statement and who flourished a copy of my tentative budget, which I sent to his group, had stated the full facts he would have told his audience that at the top of the page from which he was reading the caption indicated it to be a tentative budget for maintenance of the Bureau of Sewers. The Chief Engineer referred to is one William Miller, who is Chief Engineer at the sewage pumping station, and has been in the employ of the city since July 1, 1899. This title was given him by the Civil Service Commission. Mr. Costello is the Chief Engineer of the Department of Public Affairs.

Another matter mentioned was that in 1918 the ashes and garbage were collected under private contract at a total cost to the city of \$426,301. If it was intended to show a figure comparable to the \$1,200,000 included in the budget for street cleaning, garbage and ash removal, the speaker

should have used the figure \$808,500 as the street cleaning, garbage and refuse removal are all covered in the same budget because of the interlocking of the two classes of work. And the cost of street cleaning in 1932 was \$580,000 and refuse collections \$780,000, according to the figures set up by Price, Waterhouse and Company, auditors, who have audited the city's accounts for many years. It was not in 1919 that the city decided to collect and dispose of its own ashes and garbage, but in September, 1916, and then because the contractor who had the contract defaulted. The first budget in which I participated in 1929 carried an appropriation for street cleaning and garbage removal of \$1,760,000; the amount now fixed for 1933 is \$1,200,000, a reduction of \$560,000, and this amount can be further reduced if the people are content with fewer collections of garbage and refuse and are willing to carry to the curb their ashes, garbage and refuse material. Again it is pointed out that while we have 108 horses maintained by the Bureau of Street Cleaning there are 67 drivers, 10 stablemen, and 10 horseshoers. If the speaker wanted to be fair and give his audience a true picture he would have told them that these men are paid only for the time they work, and that rather than discharge the men entirely I have staggered them and they are working only on part time.

Another glaring mistatement is to the effect that while my budget showed a net reduction in that part which goes to make up the tax budget of \$438,543 that the salary reduction alone in my department totalled \$546,051. This is a deliberate falsehood if it was intended to apply to the department over which I preside.

The total saving by salary cuts for the six months period it was in effect last year in my department amounts to \$74,075. The total saving in the

five departments under the control of the City Commission for the six months in which the reduction was in effect last year amounted to only \$309,687. As my budget now stands, the total saving in operating expenses for the year 1933 amount to \$911,972; \$473,435, however is not reflected in the department where money is raised by taxation.

Another and more serious question is the one asked--what happened to the salary reductions in the Department of Public Affairs for 1932? I want to state as emphatically as possible that every single employee that came within the terms of the ordinance passed early in July, received the cut therein specified and that the moneys thus deducted from the salaries were by that ordinance specifically appropriated to the surplus revenue to be used to reduce the amount to be raised by taxation in 1933 tax budget. I am sure that no one would think of accusing Mr. Andrew K. Brady, the City Auditor, after forty years of service, and with whom I have worked for over twenty-six years, of having permitted any employee to escape the reduction provided for in the ordinance, or that he would have permitted the moneys to be used in any other manner than that specified in the ordinance. This is not a slap at me but at Mr. Brady and the financial officers, and also the Civil Service Commissioners who check every single payroll before payments are made. No part of the salary reduction was used by my department either for items authorized or unauthorized. I am unable to understand what was meant by the speaker's statement that the Mayor's budget carried \$9,380 for insurance and that \$4,560 was listed as for jitney operators. Of course, the City pays large premiums for compensation insurance under statutes passed by Legislature, but I do not know what relation that bears to jitney op-

erators. The jitney operators mentioned in the budget are the men who check and inspect the jitneys operated in the city in the interest of the riders, and the records in the department will show that they are performing a very efficient and necessary service in the interest of the riding public.

Much ado is made about the launch. The launch was not operated in 1932 and the compensation which the captain received was for other work which he performed, and the reason that no salary is carried for him in 1933 budget is because I have had him transferred with the consent of the State Civil Service Commission to the performance of other duties, as it is not the intention to place the launch in operation this year. There was not \$150 spent for gasoline for the launch last year, but the budget clearly shows that the sum was \$8. The \$250 set up for the launch in the 1933 budget represents rent for the storage of the launch at the Elco Works.

I welcome any criticism of my budget, but feel that it should be based upon facts. A copy of my budget was sent to the representatives of the group meeting last night on January 4, 1933, and up to the present time neither he or anyone representing his group has asked for one word or information or explanation of a single item contained in that budget. I have always been glad to meet any group of citizens who in good faith were seeking information, and I have not departed from that policy. I am not concerned for myself, but men who have labored long years and faithfully for the city against whom these slanders are aimed are entitled to have the head of their department state the true facts, and I do so.

I would like to ask publicly: Mr. Brady, is there any single employee in my department coming under the

terms of the ordinance passed last July that did not have the reduction or deduction made from his salary that was there provided for?

Mr. Brady: Not one.

Mayor Congleton: Has any part of that money that was appropriated to surplus revenue created by the reductions in salaries, been used for any other purpose than the purpose stated in the ordinance?

Mr. Brady: Not one penny.

Mayor Congleton: All right, gentlemen. Thank you for your patience.

Commissioner Gillen: I would like, Mr. Mayor, to correct another misstatement that has been made by a member of that association. It relates to the Purchasing Bureau. I think he stated—at least, he was reported as stating in the newspapers that if the five purchasing departments of the five departments of the city government were put under one head that the sum of \$600,000 could be saved. Well, evidently he has no knowledge at all of what we are doing down here, because the five purchasing departments have been consolidated and put under one head, and have been that way for a long period of time. Commissioner Howe says there was not one dollar of additional salaries expended in the creation of the central purchasing bureau.

I have another matter, Mr. Mayor, I would like to bring before the commission and I would like the clerk to read this resolution:

WHEREAS: The City of Newark has had at least two offers to lease that part of Port Newark formerly occupied by the Submarine Boat Corporation and the adjoining parcel, which was formerly occupied by the U. S. Quartermasters Department and

which has been leased by the War Department to the Mercur Company, and

WHEREAS the Quartermasters Base consisting of 135 acres was purchased from the City of Newark by the Federal Government during the World War and against the wishes and desires of the Governing body and the citizens of Newark who strove to have a lease made with the National Government instead of a sale because the policy was established from the beginning prohibiting the sale of any of the water front lands at Port Newark, and,

WHEREAS the Governing body of Newark was so pronounced in its opposition to selling the water front that it had a law enacted by the State Legislature prohibiting the sale of Port Newark water front lands, and

WHEREAS, The Federal authorities insisted against Newark's wishes on a purchase instead of a lease and the people of Newark wishing to co-operate fully with the Federal Government in all war activities agreed to a sale, and

WHEREAS when the war was over and the Federal Government had no further use for this parcel, the City of Newark wishing to repossess it, in consonance with its policy of "no sale," attempted to negotiate on several occasions a purchase of the land back from the Federal Government on a reasonably favorable basis similar to that of the sale of Hog Island by the Federal authorities to Philadelphia,

AND, The Federal authorities failed to co-operate with the City and eventually made a lease with the Mercur Company for the Quartermasters Base at \$1 a year which lease was renewed, extended, modified and changed many times since its commencement in 1929,

AND the said Mercur lease has brought no revenue to the Government and has been generally condemned because it gave the Lessees an opportunity to store sugar and other commodities at rental so low that many of the large warehouse operators in the Metropolitan district who were paying substantial rents were almost forced out of business by this unfair and unjust competition created by the unwise acts of the War Department in letting the Port Newark property at \$1 a year, and

WHEREAS it is now proposed by Congress to investigate the Mercur lease throughly with a view to its termination, and

WHEREAS, it is alleged that certain subleases have been made by the Mercur Company which may be invalidated by the findings of Congress to the end that the City of Newark would face no obstacles in the making of an advantageous lease with one or the other of the applicants for the Submarine Boat parcel, and the Quartermaster's Base combined, now

THEREFORE BE IT RESOLVED, that the City Commission of Newark hereby respectfully request and urge, together with other interested parties, a hearing by the Military Affairs Committee on the Mercur Lease at the earliest possible date because the City is unable to proceed in its negotiations with its prospective tenants until the status of the Mercur lease is established.

Commissioner Gillen: I move the adoption of that resolution, Mr. Mayor.

Commissioner Egan: This resolution is in substance taking formal action on what we are already attempting to do, isn't it, Commissioner?

Commissioner Gillen: We have already been in touch with the government and the hearing was supposed to be held, but there seems to be no rush about it in Washington, and this is merely to urge an early date for the hearing which we agreed to attend.

Mayor Congleton: The chairman of the sub-committee that was appointed said before he went into the hearing he wanted to go into the files of the War Department and make himself familiar with the facts, and then he would fix the date.

Commissioner Egan: I am very glad to vote aye on this resolution in the hope of having the representatives in Congress be diligent in their duties in so far as the City of Newark is concerned. In the first instance, the War Department, in my opinion, had no right as a federal unit of government to execute in the name of the federal authorities such a lease as apparently exists between the government and the Mercur Corporation; they had no right to make any such move without giving the city of Newark its day in court; and from present indications it would seem almost impossible to get any action at the hands of this lame duck Congress that is now in session. I believe if Newark in concentrated fashion insists upon quick action perhaps the City of Newark and the taxpayers of this municipality will be given the early relief which they are entitled to, particularly in face of the fact that this city in the days of the war in this very room was unusually magnanimous in its spirit of cooperation with the federal authorities in every matter having to do with proper procedure in so far as this nation's position was concerned in the world war. I seems utterly un-

fair to me that any federal representative would be so remiss in his duty or in their duties, as the records seem to indicate insofar as the Port of Newark is concerned, and I am very happy to vote aye, and hope that the result of this resolution will bring to the attention of our representatives in Washington the real need of this city being given its justice, and that is all we ask.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Gillen: I would also like to call the attention of the Commissioners to a bill that has been introduced known as Senate bill 84, by Senator Young of Morris. It was introduced last year and was defeated. It would provide that farmers pay some sort of a small fee to the State for some purpose or other and that no municipality can charge them for a license fee, any municipality in which a farmers market exists. We went on record last year opposing that bill. Since that time we passed an ordinance licensing farmers who are doing business in the City of Newark and also speculators, and we charge them a license fee. That, however, is being litigated in the courts by the farmers. This bill, of course, would prevent us from exercising the power to charge farmers or speculators a license fee for doing business in the City of Newark. And I would move we go on record as disapproving this bill, and communicate our wishes to our representatives in the Legislature.

Commissioner Ellenstein: I would suggest, Mr. Mayor, that before going on record, as far as I am concerned I would like to see the bill and make an examination and study of it.

Commissioner Egan: I second Commissioner Gillen's motion, Mr. Mayor, and I am heartily in favor of our being opposed to this bill in principle for the reason that home rule seems to be almost extinct in New Jersey because of the attitude of our Legislature in usurping all that goes to constitute the functions of government locally. Right now, in Trenton, there will be public hearings on bills having to do with mandatory legislation, which is a great mass of legislation placed upon the statute books of this state over a long period of years, which, without any voice, so far as Newark is concerned as a unit of State government, is required to pay, no matter what the charge may be, and it is reflected in the tax bill of the individual taxpayer. I do not believe that the Legislature should attempt to further handicap local government insofar as governmental functions are concerned under municipal auspices; and I am very happy to second the motion of Commissioner Gillen that we oppose this legislation.

Commissioner Ellenstein: I might say, Mr. Mayor, that I am entirely in accord with Commissioner Egan; but, however, it is my understanding that this Commission takes those matters up in legislative conference, and I do not recall the attention of this Commission being called to that bill, and that was my purpose in making the suggestion. The principle, of course, is entirely in accord with my views.

Mayor Congleton: Any further remarks?

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

Commissioner Ellenstein not voting.

Commissioner Egan: Mr. Mayor, I would like to bring formally before the Commission this morning a matter I think is of paramount importance to Newark. We all recognize the great difficulty in borrowing money today to maintain government; we all appreciate the fact that the most important thing now is to care for our needy citizens. Newark has done this job conscientiously at a great cost, which in a large measure is again reflected in the tax bill of the citizens of our city. At the present time in the tentative budget we have an item of \$900,000 which is chargeable to the taxpayers of Newark for poor relief. That is an increase of \$650,000 over the appropriation in the budget last year. In 1932 there was expended under the auspices of the City Commission the sum of \$2,400,000 for direct poor relief, and that does not include the amount of money that was paid out for so-called work relief. The State of New York, under the leadership of Governor Lehman, I notice in the paper this morning, has succeeded in having granted to that State a loan in the sum of some \$6,000,000. We have found our experience to indicate that it is almost impossible to sell bonds representing money expended for poor relief. It seems to be regarded by the banking fraternity as an unattractive issue of short-term bonds. We recognize that we are receiving a great deal of help from the State in so far as our poor is concerned. That help is coming now from money that was appropriated by a referendum last election setting aside \$20,000,000 to be used for that purpose in all sections of this state. Many municipalities under the plan in operation are receiving a larger proportion of state aid than is Newark, and the reason Newark, as I understand it, is not receiving more than it does now receive as the state contribution is because of our enviable credit position. I believe

that those in charge in Washington can still retain our credit position and give Newark, through the State, money to be used for the care of our poor. I would like to make a motion that this Commission make an intense study of the situation from the State's standpoint so that Newark, at least, as one municipality, can urge the State authorities to seek loans from the federal authorities to maintain our poor.

(Loud applause.)

Commissioner Gillen: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

REPORTS OF CITY OFFICERS

The following Reports of City Officers were received and ordered filed:

Overseer of the Poor for November, 1932.

Overseer of the Poor for December, 1932.

Mayor Congleton: Does any person have any matter he desires to take up with the commission this morning?

Mr. O. Henry Grois: Mr. Mayor and Honorable members of the Board of Commissioners: I am going to oppose strenuously the contemplated slashing of salaries. I am going to cite some of the reasons and some of the things why Newark has not prospered.

Commissioner Gillen: Do you know any city that has prospered during the panic?

Mr. Grois: I am not going into de-

bate with you over facts. Men in public life come down, as did Mayor Congleton and Commissioner Egan, from big paying positions and take smaller salaried positions. Of course, if any man wants to work for less that is his own business.

Commissioner Egan: Henry, will you let me give you a thought? In the Department of Public Safety the average reduction or deduction in salary that was effective last July was five per cent. Because of lack of activity in my budget there is a reduction of twenty-five per cent. or a stagger system for the Building Department, Electrical Department and the Mechanical Department of the Department of Public Safety, which represents a reduction in income to those particular employees of at least thirty per cent. I reduced my salary voluntarily thirty-three and one-third per cent. in order to be consistent as the Director of the Department because my salary was higher and I did not think it would be fair for me, as the director of the department, to reduce the salary or wages of the men and women under me thirty per cent. if I did not take at least that much by a cut myself, knowing full well that the position itself, the duties and the responsibilities, warrant a far larger salary than even \$7,500 a year. I just wanted to get your thought blended with my reason for doing what I did in so far as my department is concerned. The budget has not yet been passed, you know. We are very glad to get your thought on anything to do with the budget, because you know perfectly well you have to take into consideration all the elements that constitute the cost of government, the income as well as the outgo, when you prepare the budget. We have been in conference practically every day for a long while dealing with our budget problem, not only in the City of Newark under the auspices of the Commission but also with the problem of

the Board of Education, and cooperating with the Board of Freeholders, pointing out to them what we felt was necessary.

Commissioner Gillen: You will pardon me, Mr. Grois. I do not propose to vote to slash any salaries in the City of Newark nor have I done so so far.

We have already cut down four and a half million.

Mr. Henry Green, 280 Goldsmith Avenue:

Commissioner Howe and gentlemen of the commission: The City Hospital and Board of Health ought to be put on the same basis as the Board of Education and the school buildings. There are more than four hundred people in the poor house and eight hundred demanding admission.

Commissioner Ellenstein: Just a minute before you go. You made a number of statements that are not so. In the first place, you said there were four hundred people in the poor house and eight hundred demanding admission. Do you know of any single person who has applied to the Alms House and who is entitled to be received there—not eight hundred—I am asking you for one single person that has been denied admittance there.

Mr. Green: Why, some of them know better than to apply.

Commissioner Ellenstein: Do you know of one single person?

Mr. Green: Some of them know better than to apply.

Commissioner Ellenstein: What prompts you to say there are eight hundred waiting?

Mr. Green: The treatment given to

them in the municipal lodging house, put on the snow pile and robbed of their day's labor would keep anybody away.

Commissioner Ellenstein: Now you are avoiding the issue by talking about something else. You made the statement here that there are eight hundred people awaiting admittance to the Alms House. Tell me one single person. You made the statement there were thousands of poor children trying to get in the City Hospital. I defy you or anyone else to show me a single instance where any child or man or woman regardless of creed, race or color has been denied hospitalization in the City Hospital, and I will resign from this job immediately. I want to tell you this: You have been coming up here continuously and talking about different things from week to week. And I asked you as a gentleman to come into my office and consult with me and that I would prove to your entire satisfaction that I am doing everything possible in the interests of the people generally of this city and you have not done me the courtesy of coming in to my office. And I want to say this to you, that I feel and appreciate the value of a human life just as much as you do, and very much more. My past record as a private citizen will prove that. And I want to say to you that immediately upon my discovery of this unfortunate occurrence, at eight o'clock Monday morning I started a complete investigation from every possible angle. I haven't had time to complete it in detail, but I have made every possible provision so that nothing like that can possibly occur again. This child would undoubtedly not have lived, the autopsy revealed that distinctly. However, I am not offering that as an excuse. I feel very much worse than you do. I put a man on at City Hospital—you make a lot of the fact he only receives \$1,000 a year. On one hand

you argue the expense of government and on the other hand you question that a man should work for \$1,000. Where do you stand? In one instance you say the bars should be raised at City Hospital, to take everybody, poor and rich alike. Then on the other hand you say that there are thousands of children waiting to get in. Now, if the bars were raised so as to admit everybody, instead of that thousand we would have hundreds of thousands of people. And we are endeavoring to safeguard the interests of the poor. I want you to get this and get it right straight from me, that I have a whole lot more regard for human life than you have or ever will have. Anybody that cannot be accommodated at City Hospital, those patients are sent to other hospitals in the city for which the city is paying. Nobody had been denied hospitalization or medication ever since I have been in this office. You said there were thousands of children waiting to get in City Hospital.

Mr. Green: A child was in the hospital before. Today it is sick, it wants to get in there and it cannot get in there.

Commissioner Ellenstein: You bring him to me and I promise you that he will be in a hospital within a half hour.

Commissioner Howe: Does any other person desire to be heard?

Mr. O. T. Woods, 630 South 19th Street:

Mr. Chairman and members of the Commission: The Cooper-Hawes law making it illegal to transport prison-made articles from one state to an-

other after 1934. In the interim there are prison-made articles being brought into the State of New Jersey and plenty of them in the City of Newark, that is preventing followers of the shoe industry from working.

Mr. Louis Capolla, 82 Komorn Street:

Commissioners of the City of Newark: I am getting a check of \$4 a week. I have a little girl now that is sick. I cannot call no doctor for her. I haven't money to buy medicine for that child.

Commissioner Ellenstein: I might say to you, you come in to see me this afternoon and I will be glad to see you and try to help you.

Commissioner Howe: Does anyone else wish to speak?

Commissioner Gillen: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Board of Commissioners of
The City of Newark,
New Jersey.

Dear Sirs:

Pursuant to the resolution adopted by the Board of Commissioners on the 18th day of January, 1933, I caused

to be published the Notice of Sale of \$1,200,000 Public Park Bonds of The City of Newark, set forth in the resolution, in the Daily Bond Buyer, a financial paper published in New York City, and in the Newark Evening News, and I received sealed proposals at my office in the City Hall, pursuant to the notice, until Monday, February 6, 1933, at 2 o'clock, P. M., when they were publicly opened. The following list shows the bids received:

Name of Bidder	Amount of Bonds Bid For	Interest Rate Named by Bidder	Price Offered by Bidder
The Prudential Insurance Company of America.....	\$1,200,000	4½%	\$1,200,000

Pursuant to the authority granted by this resolution, I awarded the said \$1,200,000 Public Park Bonds to The Prudential Insurance Company of America, of Newark, New Jersey, who agreed to pay therefor the sum of \$1,200,000, together with interest from the date of the bonds to the date of delivery thereof, provided the bonds bear interest at the rate of four and three-quarters per centum (4¾%) per annum.

Respectfully submitted,
John Howe,
Director of the Department of
Revenue and Finance.

Ordered filed.

Commissioner Howe offered the following resolutions:

WHEREAS, the Director of the Department of Revenue and Finance has reported to the Board of Commissioners that he has received sealed proposals for the purchase of the \$1,200,000 Public Park Bonds, as authorized by the resolution adopted by the Board of Commissioners on the 18th day of January, 1933, and has accepted a proposal to purchase the said

\$1,200,000 Public Park Bonds, provided the bonds bear interest at the rate of four and three-quarters per centum (4¾%) per annum, submitted by The Prudential Insurance Company of America, who have offered to pay \$1,200,000 and accrued interest for said bonds; and the Board of Commissioners desires to ratify the award made by the Director of the Department of Revenue and Finance: NOW, THEREFORE,

BE IT RESOLVED, that the acceptance of said proposal by the Director of the Department of Revenue and Finance be and the same hereby is ratified and confirmed, and that said bonds shall bear interest at the rate of four and three-quarters per centum (4¾%) per annum, payable semi-annually on October 1, 1933, and on each April 1st and October 1st thereafter, until maturity.

Newark, N. J., February 7, 1933.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following application for a variation from the requirements of the Zoning Ordinance be allowed:

558-560 South Tenth Street; Kathryn Hart, owner; automobile parking station, for a period of one year.

The Board of Adjustment
R. B. Rankin,
Secretary.

Received, copy to be sent to each Commissioner, and further action postponed until February 21, 1933.

Reports of City Officers:

The following Reports of City Officers were received and ordered filed:

Department of Weights and Measures
for January, 1933.

Department of Buildings for January,
1933.

Acting Market Clerk, Newark Municipal Farmers' Market, for January, 1933.

Clerk of First District Court for January, 1933.

Clerk of Second District Court for January, 1933.

Clerk of Alms House for January, 1933.

City Clerk (2), for January, 1933.

Ellsworth R. Noble, Clerk, 1st Criminal Court, for January, 1933.

Ellsworth R. Noble, Clerk, 1st Criminal Court, for January, 1933, Part Traffic.

Robert J. Beckley, Deputy Clerk, 2nd Criminal Court, Part 1, for January, 1933.

Thomas F. Guthrie, Clerk, 2nd Criminal Court, Part 2, for January, 1933.

Arthur J. Connelly, 3rd Criminal Court, Part 1, for January, 1933.

Arthur J. Connelly, Clerk, 3rd Criminal

inal Court, Part 2, for January, 1933.

Elizabeth S. Lewis, Clerk, Family Court, for January, 1933.

City Treasurer for January, 1933.

Comptroller for January, 1933.

Mayor Congleton: Does anyone desire to be heard?

Mr. Herman Blank, 1172 Raymond Boulevard: Mr. Mayor and gentlemen of the Commission, I represent Mr. Louis Robbins of 324 Clinton Place who wishes to re-open his request for a permit to operate two portable gasoline tanks.

Commissioner Ellenstein: I move it be re-opened.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Now, the matter will come up three weeks from today and you will have to give notice to the surrounding owners as required for the hearing before the Board of Adjustment. (Laid over to March 1, 1933.)

Mrs. Kinney: That 49 Warren Street, did it pass?

Mayor Congleton: It was laid over for one week.

Mrs. Kinney: Couldn't it be passed today? If I don't have that going I can't get my taxes paid.

Commissioner Gillen: Do you live there?

Mrs. Kinney: I don't live there, I live in South Orange.

Mayor Congleton: The Commissioners want to inspect the neighborhood. There is very serious objection to granting that permit from people who have spent large sums of money building permanent garages right next door to your vacant lot. Does anyone else have any matter he desires to take up with the Commission.

Mr. C. H. McCauley, 14 Burnett Street: Newark Post No. 10 of The American Legion, have delegated me to communicate this resolution to you.

Mayor Congleton: You may read it or you may do what you please.

The following resolution was then read.

WHEREAS, Newark Post No. 10, American Legion, sustained and confirmed in its opinion by Roger W. Babson, the most practical and practising economist in this country today, his opinions during the post-war years having been more often right than those of anyone else in his profession, feels that is it economically unsound to cut the salaries of necessary and not superfluous city employees, such as school teachers, librarians, doctors and nurses in the hospitals and clinics, policemen and firemen, janitors, etc., since such cut means a curtailment of badly needed purchasing power among the stores and merchants of our city,

AND WHEREAS, The City Commission, seemingly unaware of the fine field for economy in the proposed budgets offered by the abolishment of boards and committees which have sprung into being as fast as places were needed for members of somebody's political machine, and can only echo, in psitticine fashion, the popular but dangerous cry, "cut wages,"

THEREFORE, WE, the members of this Post, in our regular monthly meeting assembled, ask to be placed on record as opposing any pay cuts for the faithful employees of the city whose positions are indispensable, especially since such action is an economic sophistry, at least until such time as those who hold sinecures under the city government, although they already have professions, businesses and jobs of their own from which they draw their primary income, are discharged as "surplus and unnecessary."

Newark Post No. 10, American Legion,
Charles Duerr, Commander.
Malcolm W. Leonard, Adjutant.

Ordered filed.

The following report of the Acting City Treasurer was received and read:

stein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Does anyone else have any matter he desires to address the Commission on?

The roll being called, the resolution was declared adopted by the following votes:

Mr. Meyer Zemel, 826 South 13th Street, made a plea for a further tax reduction than 28 cents per hundred.

Yeas: Commissioners Egan, Ellen-

Mayor Congleton: Does anyone else desire to be heard?

Mr. Howard E. McBride, 11 Raymond Boulevard: I would like to apply for a rehearing of the case of Joseph Schillizzi to construct a poultry and chicken market at 133-137 Halstead Street.

Mayor Congleton: Do I hear a motion? I hear no motion to re-open.

Mr. Henry Green, 280 Goldsmith Avenue: Mr. Mayor and gentlemen of the Commission, I still suggest that food be bought in wholesale and larger quantities, carloads, and so that it could get around to more people.

Mayor Congleton: Mr. Green, I am willing to sit here just as long as anyone if you will confine yourself to dealing with our situation and to some constructive ideas as to what you think we can do to help it. We have heard that week after week and we do not agree with you.

Mr. Green: Commissioner Egan, I wanted to ask you, shouldn't the city buy some paint and give some employment to some unemployed painters?

Commissioner Egan: Mr. Green, in the last fifteen months we have engaged on a part time basis at the union scale of wages over eight thousand skilled mechanics putting the fire houses and police stations in first class repair.

Mayor Congleton: Does anyone else desire to address the commission?

Mr. Alex Riccardi, 24 Seventh Avenue: Commissioners, I receive from

the City of Newark relief. The fellow for the gas range company went over to the house and took my coal stove away.

Commissioner Ellenstein: Have you got a gas stove now? If you will come to my office I will see you after the meeting.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Frank Pelligrino, 80 Bloomfield Avenue: It has been said that there are certain units, groups and powers behind the scenes of government which dominate the thought and the acts of all government.

Mayor Congleton: I say there are no groups or units controlling my action.

Mayor Congleton: Is there anyone else who desires to address the meeting?

(No response).

Commissioner Gillen moved that regular meeting of February 22nd (Washington's Birthday) be held on Tuesday, February 21, 1933.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Gillen: I move we adjourn.

Resolution of the Board of Commissioners of the City of Newark, Essex County, Making Application to the State Director of Emergency Relief for a Class "A" Special Grant of State Funds for Emergency Relief in Accordance with Rules and Regulations Number 10.

WHEREAS, The City of Newark is unable to finance its entire program for emergency relief without State aid, and

WHEREAS, State funds have been appropriated by the Legislature to the State Director of Emergency Relief for the purpose of furnishing state aid to municipalities in such cases; and,

WHEREAS, 12,000 or more families, comprising approximately 60,000 individuals, are at present receiving relief from the city and the need for emergency relief is constantly increasing; and,

WHEREAS, it is estimated that a minimum of \$375,000 will be required for relief in the City of Newark during the month of February;

NOW, THEREFORE, BE IT RESOLVED By the Board of Commissioners of The City of Newark, Essex County, that the sum of \$75,000, which is the maximum amount which said City is able to contribute be and the same is hereby appropriated for emergency relief in the City of Newark for the month of March, 1933, which sum shall be expended during the month of March upon which expenditure State aid hereinafter requested shall be predicated; and the proper corporate officers of the City of Newark are hereby directed and authorized to issue temporary loan bonds in the sum of \$75,000 for the purpose of temporarily financing emergency relief, an object for which the City is authorized to issue bonds by the aforesaid act; and,

BE IT FURTHER RESOLVED, That each of the temporary loan bonds authorized by this resolution amounting in the aggregate to \$75,000 shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after date, shall bear such rate of interest not exceeding 6% per annum, and be issued in such denominations and be executed in such manner as the

Director of the Department of Revenue and Finance may determine, and the Mayor, Director of the Department of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute, in the name of the City, the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916; and,

BE IT FURTHER RESOLVED, That the Director of the Department of Revenue and Finance be and he is hereby authorized and directed to sell said temporary loan bonds at not less than par, either all at one time or from time to time; and,

BE IT FURTHER RESOLVED, That in accordance with the rules and regulations No. 10 of the Emergency Relief Administration, Meyer C. Ellenstein, Director of the Department of Public Works of the City of Newark, be and he is hereby authorized and directed to make application, in behalf of the City of Newark, to the State Director for financial aid by way of a Class "A" Special Grant for funds in an amount which in his judgment shall be considered necessary to enable the City of Newark to meet the relief needs for the month of March; and,

BE IT FURTHER RESOLVED, That five certified copies hereof shall be forwarded to the Essex County Director of Emergency Relief with the request for approval.

Yeas: Commissioners, Egan, Ellenstein, Gillen, Mayor Congleton.

WHEREAS, The City of Newark adopted a program for dependency relief as authorized by Chapter 394 of the Laws of 1931, of the State of New Jersey; and,

WHEREAS, in pursuance thereof the City appropriated \$75,000 for the month of January, 1933, for this purpose, as its contribution toward the financing of said program on condition that the State would appropriate \$150,000 for the same purpose; and,

WHEREAS, the above appropriations were based upon an estimated expenditure for the carrying out of said program for the month of January, 1933, of \$225,000; and,

WHEREAS, the City has been compelled to expend for said program the sum of \$295,237.41 under the supervision of the State Director of Emergency Relief, which sum is \$70,237.41 in excess of the amount originally estimated as requisite for said work; and,

WHEREAS, it is the opinion of this Board that the State should appropriate sufficient money to cover the \$70,237.41 expended in excess of the amount estimated;

NOW, THEREFORE, BE IT RESOLVED By the Board of Commissioners of The City of Newark that Meyer C. Ellenstein, Director of the Department of Public Works, be and he is hereby authorized to make application to the State Director of Emergency Relief for an appropriation by the State of \$70,237.41, to be paid to the City of Newark to cover the additional expenditure for the carrying out of the Poor Relief Program for the month of January, 1933.

Board of Education
Green Street

Newark, N. J., February 14, 1933.

Board of Commissioners of
The City of Newark.

Gentlemen:

At the meeting of the Board of School Estimate held on Tuesday afternoon, February 14, 1933, it was decided to respectfully recommend to the Board of Commissioners of the City of Newark that the sum of six million dollars (\$6,000,000) be appropriated to the Board of Education for the current expenses of the schools for the school year beginning July 1, 1933, and ending June 30, 1934, as set forth in the attached certificate.

Yours truly,
Alfred E. Krick, Secretary,
February 14, 1933.

RESOLVED, that the Board of School Estimate does hereby respectfully recommend to the Board of Commissioners of the City of Newark that the sum of six million dollars (\$6,000,000) be appropriated to the Board of Education for the current expenses of the schools for the school year beginning July 1, 1933, and ending June 30, 1934, and that five thousand dollars (\$5,000) of the above amount be specifically appropriated for manual training purposes.

Ordered filed,

The following petition was received
and read:

To the Commissioners of
The City of Newark or
To whom it may concern:

We, the undersigned, retail merchants in business along Fifteenth Avenue, Sixteenth Avenue, Seventeenth Avenue, and in the vicinity thereof, do hereby strenuously object to the opening of a proposed public market in the various lines of retail business which certain persons, firms or corporations are contemplating at or in the vicinity of No. 302 Sixteenth Avenue, Newark, New Jersey, on the grounds that such a market, by their unscrupulous and cut-throat competition, would decrease the income of our respective businesses, an dcause serious injury and loss to us, whereby we would be unable to meet our obligations and pay our rents.

Due to the above facts and due to the fact that our business enterprise would greatly depreciate in value and income, we greatly object to the granting of any permit, license or permission by any Commissioner of the City of Newark or any other person in authority, to any person, firm or corporation for the opening of a public market as above stated in the vicinity of the above mentioned neighborhood.

Signed by 146 citizens.

Ordered filed.

Commissioner Gillen offered the following resolutions:

RESOLVED, that the sum of One Million, Four Hundred Twenty-five Thousand, One Hundred Ninety-six Dollars and Ninety Cents (\$1,425,196.90) be and the same is hereby appropriated to persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance as follows:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Mayor Congleton: Does any person have any matter he desires to take up with the commission?

Mr. Meyer Zemel, 826 South 13th Street:

Mr. Mayor and Commissioners, I am in favor of helping the poor people of Newark.

Mr. Raymond Lemassena, 810 Broad Street:

Mr. Mayor, over a year ago Director Murray ordered some work done by me. I can complete the work that Director Murray ordered done, but can't go ahead with it.

Commissioner Ellenstein: I will see you immediately after the meeting.

Mayor Congleton: Does anyone else have any matter to bring before the Commission?

Mr. Samuel M. Goodman, 1060 Broad Street:

Mr. Mayor and Commissioners, in behalf of the landlords and the retail merchants in the vicinity of Sixteenth Avenue and Fifteenth Avenue and the streets that parallel or are alongside of said street we are protesting against a market at 302 Sixteenth Avenue.

Now, this market is, I think, of your knowledge—I don't believe I have to go into detail—will be on a similar basis as that of the Bear Market of Elizabeth.

Commissioner Egan: This is the first I heard of it. I will have it checked out in the building department to see if there is any application.

Commissioner Gillen: The City Commission has already foreseen this, and last week took up the matter in conference and referred the whole subject to the Law Department to determine if there was any legal method or law by which we could prevent the opening of such markets in the city of Newark. We have told the Law Department to use every legal means and method within our reach to prevent the opening of any such markets in Newark. I think they are most destructive and ruinous to fair competition, and I think the City Commission feels that every effort should be made to keep them out of the city. So we are in entire sympathy with your proposal and we are waiting for the Law Department to advise us what powers we have in the matter. Apropos of that, I would offer a motion now that the Law Department immediately prepare an ordinance to license all businesses in the city of Newark at a nominal fee. That would give us some power over each business.

Commissioner Egan: You do not mean all businesses

Commissioner Gillen: Yes, sir, all merchandising business. This is of the essence, and these fellows may come in while we are apparently powerless to keep them out; and I think steps should be taken at once to keep them out. The city of Atlantic City, I understand, licenses all business; no business can be opened without a permit of some character. Being in the same state as Atlantic City I think we ought to have the same power, and I think a general ordinance to license all merchandising businesses, not for the purpose of getting a large revenue, but merely for the regulation of business, with a nominal fee of one dollar, would be a step in the right direction.

Mayor Congleton: All in favor of the motion will say aye.

Commissioner Egan: I would rather refrain from voting on that motion for the time being. It is a very broad motion.

Commissioner Ellenstein: I think it could well go to the Law Department and then submit it to the commission in a body, and then a decision made on it. I cannot see any harm in passing the motion, and I am in favor of it.

Mayor Congleton: The motion is to refer the question to the Law Department for preparing an ordinance.

Commissioner Egan: If you will make it for the purpose of study I will vote aye on it.

Commissioner Gillen: All right, I will amend the motion to that extent.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Commissioner Gillen: I would move also, Mr. Mayor, that the matter be referred to Dr. Ellenstein's Department to investigate as to the sanitary conditions of the building, and so forth.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Mr. Hugh V. Reilly, Secretary of State Federation of Labor: Mr. Mayor and members of the Commission, I represent the American Federation of Labor which has consistently taken a

stand in opposition to that sales tax form of taxation. I suggest that you consider this matter and refrain from going into the matter too hastily.

Mr. O. Henry Grois: Mr. Mayor and Commissioners. Organized labor has always been opposed to any sales tax of any kind because we do not want to have the working man or woman carry a greater burden in taxation than they do at the present time.

Mr. Henry Green, 280 Goldsmith Avenue: I have been trying to have you establish a municipal lodging house in this city. I came here more than once and fought for it, but the late Commissioner of the Welfare Department said Newark will never have a municipal lodging house.

Mr. Charles Becker, 114 Market Street: Mr. Mayor and Commissioners, I owe the City of Newark \$26,000 in taxes, and by June if I fail to raise half of 1931 I am through. You are talking of increased taxation. You cannot increase your taxes any longer. You have reached the top.

Mr. W. Umscheid, 281 North Fifth Street: Mr. Mayor and Commissioners, property has dropped over fifty cents on the dollar. Property is being redeemed for less than fifty cents on the dollar. Your building and loans, your mortgagees are foreclosing and taking them back, and they don't want them.

Mayor Congleton: Just for your information, with respect to the 1931 taxes there was levied \$34,000,000 and there is less than \$5,000,000 of it unpaid.

Mr. Harry Petchesky, 93 Girard Place: Mr. Commissioners, I have been a property owner for thirty-two years and never was in arrears of taxes before. This year I paid on some of it the first six months and I cannot pay the other.

Mayor Congleton: Does anyone else desire to address the Commission?

(No response).

Commissioner Egan: I move that we adjourn to meet on next Tuesday, February 21, 1933, at eleven o'clock in the morning, due to the fact that Wednesday being Washington's Birthday is a legal holiday.

Commissioner Ellenstein: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: The City Commission will now listen to any person who desires to discuss any matter of city business. Each person as they arise to speak will give their name and address and announce the subject they are to speak to. They will then be required to speak to that subject. We do not object to any fair criticism but we will not sit here and listen to a lot of matters that are beyond our control. We shall also demand that speakers shall not indulge in personalities. With that understanding we will proceed now to listen to anyone who desires to address the commission along the lines outlined.

Mr. Joseph Zemel, 611 High Street: Mr. Mayor and gentlemen of the Commission, within the next few days the

budget for 1933 will be up for final adoption. It is in the neighborhood of \$30,000,000, and I am here today to protest any such budget. I ask you to cut that budget to the ability of the taxpayers of Newark to pay.

Mayor Congleton: Does anyone else desire to speak to the commission?

Mr. Samuel M. Goodman, 1060 Broad Street: I wish to address the commission in reference to the opening of a market at 302 Sixteenth Avenue, Newark. Since I saw you gentlemen last Wednesday, this market has continued to prepare itself for its grand opening.

Commissioner Egan: May I say to you, Counsellor, I received a letter today from Mr. Bigelow. They have made application for permits concerning electrical equipment. The Electrical Bureau requires approval from the Building Division which has not been granted to date. It is the opinion of the Department that under the present laws and ordinances we have no way to stop the project. The Law Department has not given any written opinion yet, has it, Mr. Boettner?

Mr. Boettner: Not yet.

Commissioner Egan: The matter is going to be considered again this afternoon in conference by the commission. We have held it up so far.

Mr. Goodman: I feel you should have legislation where a penalty or a heavy tax laid for the purpose of permitting or prohibiting such enterprises to carry on in this city. And I understand there was such an ordinance passed in Plainfield.

Commissioner Gillen: The Board instructed the Law Department to draw such an ordinance. It has not been drawn yet, but I have been told when we adjourn we will recess to this af-

ternoon and see if we can get such an ordinance.

Mr. Mayor, I move you when we adjourn this session that we recess to this afternoon at two-thirty.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Does any other person desire to address the Commission?

Mr. Meyer Zemel, 826 South Eighteenth Street: When I was before you either in June or July the City was advertising real estate and property for sale under the arrears of taxes, I was assured by Director Howe that the City has never taken over and deprived an owner of his property while he was in arrears in taxes.

Commissioner Howe: We have not taken anybody's home. Do you know anybody's home we have taken?

Mr. Zemel: I did not say that; I haven't put that that way.

Mayor Congleton: The Commission has taken no action on it.

Commissioner Howe: We haven't any list to submit of properties that we have taken over.

Mr. Zemel: Then I take it that you are not going to proceed any further with this.

Commissioner Howe: Not if we can avoid it.

Commissioner Gillen: From all the indications that we can see now it looks as though we are really at the turn of the road, that this probably

will be the last very bad year that we will have. The indications point that way. This being the last will be the worst, of course. The people are probably less able to pay today than they were a year ago, and I think—some cities have done it, it is just a suggestion on my part—it might be well not to hold any delinquent tax sale this year. Personally, I would feel, if the Director of Revenue and Finance thought that way, I would support a motion to that effect, if he can do it. Some other cities have done it, that we would not hold any delinquent tax sale this year and depend upon the future and on the prospects that appear before us now for being better able to handle the subject next year.

Mr. Zemel: It is not the future tax sales I am referring to, I am referring to the tax sale that has already taken place in June or July when the city of Newark has acquired, I believe, about 1600 pieces of property.

Mayor Congleton: Mr. Zemel, the mere fact the city has become a purchaser at a tax sale does not give the city at that point the right to take possession of the property. There is further action that has to be taken before we are entitled to enter into possession. What I meant when I spoke first was that the Commission has taken no action with respect to taxes that are in arrears. There was a bill introduced in the Legislature last night growing out of a conference of municipal officials, which, if it passes, will permit the people who are in arrears to pay in installments over five years; and no property, if that statute becomes a law, will be sold if a person each year pays twenty per cent. of the taxes in arrears.

Commissioner Egan: Mr. Zemel, that brings us to the point that is recognized as a very serious problem in every American city as indicated

clearly by a conference of Mayors of American cities in Washington last Friday when this Committee took formal action in the form of resolutions prepared by a resolutions committee of which the Mayor of the City of Newark was a member, urging Congress to change the law governing the Reconstruction Finance Corporation. That Committee, including your representatives of Newark, conferred with the Banking Committee of the United States Senate last Saturday morning in the Senate Building and urged upon that Committee the recognition of these resolutions to the effect that the Reconstruction Finance Corporation grant loans to municipalities covering tax warrants, as they call the paper in the West and far West, which we recognize as tax revenue bonds, taking the position that the Reconstruction Finance Corporation should support and assist municipalities in straightened circumstances financially. And as Mayor Curley of Boston, stated, supported by the same sentiment expressed by Mayor Murphy of Detroit and further supported by the attitude of Mayor Hoan of Milwaukee, that the Reconstruction Finance Corporation was created by Congress to relieve conditions, particularly in so far as private businesses were concerned, and states and territories in so far as financial relief for the maintenance of our poor. And they urged the further inclusion in the Reconstruction Finance organization of these tax revenue bonds, taking the position that the collateral was a first lien on the land of the country, and therefore a better security than the supporting collateral in their hands now presented by banking institutions, financial institutions, utility companies, and railroad companies. The committee that we appeared before, as you know, is known as the lame duck group of Senators, and their term will expire in a very few days. Much discussion took place, but I am of the opinion that the

mayors of the American municipalities favorably impressed this important committee, and I feel confident that Congress will revamp the law having to do with the Reconstruction Finance Corporation, whereby money will be advanced to municipalities covering these tax revenue bonds. And after all, the legislation that was recommended by the League of Municipalities and presented to the Legislature last night is just anticipating the day when we will have to seek financial assistance beyond our financial channels in this particular community. We have been successful in Newark in borrowing large sums of money on a temporary basis. We know that that money in the first instance was loaned to us in the form of tax anticipation money, and later on tax revenue money, and we still find ourselves with millions of dollars of taxes in arrears uncollected; and if conditions do continue as they have existed in the last two years the time perhaps is not too far distant when the banking institutions will not be able to float that paper; and, to quote Mayor Hoan, if the American cities should default, then the United States of America is in bad condition, and it was incumbent upon Congress, the Federal government, to come to the assistance of the municipalities that find themselves in difficult straits at the present time. So I think, Mr. Zemel, from what seems to be existent in the way of activity in Trenton and in Washington, and the full realization of the officials of American municipalities, every effort is being made to visualize the difficulties which we might perhaps have confronting us, and sufficient vision is existent to give us relief through Federal channels before it is too late.

Mr. Zemel: Director Egan, Mr. Mayor and Director Gillen, your efforts in behalf of the City of Newark are greatly appreciated by all the people of Newark, citizens, taxpayers,

and tenants. And I take it from your talk this morning that this matter will be ignored.

Mayor Congleton: There is one further thing we might state at this time also: We have been very mindful of the financial situation and of the difficulty that people have in paying taxes, and we have been working for a long time to make this 1933 tax burden as light as possible. And I am glad to state that last night we were present and saw passed the bill which changes the fiscal school year. We felt in these times it was poor business to be raising money to run the schools for the first six months of 1934 in this particular budget that we are now making up, and that is the reason for our conference this afternoon, we expect to give very close thought and study as to how now to deal with the school budget for the six months of 1933. Now, of course, next year, you must bear in mind, you will raise a full year for your schools, and that will of necessity mean an increase in the rate for schools; but it has been thought that we at this time are at the low ebb of this economic depression and that any relief that could be given in this year 1933 should be given, and that is what we have been working for and aiming at. We are going to be criticized in this school proposition and be accused of having done it for political purposes. I anticipate that criticism. But I want to say that that is not the motive back of this move it was an honest effort in this year of all years to make the tax burden as light as possible.

Mr. Zemel: Mr. Mayor and those that took part down in Trenton in behalf of the citizens of Newark, your efforts are appreciated, I assure you; and I absolutely assure you that there won't be any criticism coming from anyone who thoroughly understands the situation. I thank you.

Mayor Congleton: Does anyone else desire to address the meeting?

Mr. Raymond LeMassena, 810 Broad Street: Mr. Mayor, your relief committee has been requested to try to open the factory on Beach Street, owned by Mr. Bechtold from South Orange, which would employ eight hundred people.

At this time a recess was taken to two-thirty P. M.

The Board reconvened at 2:30 P. M.

Mayor Congleton: The meeting will reconvene. The Clerk will call the roll.

Present: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: The Clerk has an ordinance.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to license and regulate persons, partnerships, firms or corporations, in the sale of meats, groceries and provisions, dry goods and merchandise, and goods and chattels of every kind, in the City of Newark.

The Board of Commissioners of the City of Newark Do Ordaain:

1. It shall be unlawful for any person, persons, partnership, firm or corporation, to engage in the sale of meats, groceries and provisions, dry goods and merchandise, and goods and chattels of every kind, in the City of

Newark, without first having obtained from the Board of Commissioners of The City of Newark a license so to do, and having first paid a fee of One Dollar (\$1.00).

2. Any person, persons, partnership, firm or corporation, now engaged in the sale of meats, groceries and provisions, dry goods and merchandise, and goods and chattels of every kind, in the City of Newark, shall have six (6) months from the passage of this ordinance to obtain a permit.

3. In the event of change of ownership of any of the aforesaid businesses, the new owner shall, before engaging in said business, obtain from the Board of Commissioners of The City of Newark a permit and pay a license fee as heretofore set forth.

4. In the event of a material change or enlargement of the business, the owner shall obtain from the Board of Commissioners of The City of Newark a new permit and pay the license fee therefor.

5. This ordinance is for the purpose of regulation, and shall in no way affect the fees as now provided in other ordinances of The City of Newark, but shall be in addition thereto.

6. Any person, persons, partnership, or firm, violating this ordinance shall, upon conviction thereof, pay a fine not exceeding One Hundred Dollars (\$100.00) for the first offense, and not exceeding Fifty Dollars (\$50.00) per day for each succeeding day that said violation continues, and upon default of said fine shall be committed to the County Jail for a term of not exceeding ninety (90) days, and any corporation violating this ordinance shall pay a fine not exceeding One Hundred Dollars (\$100.00) for the first offense, and not exceeding Fifty Dollars (\$50.00) per day for

each succeeding day that said violation continues, same to be recovered in an action of debt.

7. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Gillen moved that March 8, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Egan: Now, Mr. Mayor, I move you that we recess again until Thursday morning at ten-thirty.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Newark, N. J., February 23, 1933.

The Board reconvened at 10:30 A. M.

The clerk then read the ordinance as follows:

An ordinance respecting the salaries or compensations of officers and employes of and persons holding an office or position under the Govern-

ment of the City of Newark, New Jersey, during the year 1933.

The Board of Commissioners of The City of Newark, Do Ordain:

1. That from the salary or compensation paid to any officer or employe of or person holding an office or position under the government of The City of Newark, beginning with the 1st day of March, 1933, there shall be deducted the following sums, any ordinance or resolution of the City to the contrary notwithstanding, to wit:

One per centum where the salary or compensation does not exceed \$1,200 per annum.

Two per centum where the salary or compensation exceeds \$1,200 and does not exceed \$1,500 per annum.

Three per centum where the salary or compensation exceeds \$1,500 and does not exceed \$2,000 per annum.

Five per centum where the salary or compensation exceeds \$2,000 and does not exceed \$2,499 per annum.

Six per centum where the salary or compensation exceeds \$2,499 and does not exceed \$2,599 per annum.

Eight per centum where the salary or compensation exceeds \$2,599 and does not exceed \$3,000 per annum.

Nine per centum where the salary or compensation exceeds \$3,000 and does not exceed \$3,500 per annum.

Ten per centum where the salary or compensation exceeds \$3,500 and does not exceed \$4,000 per annum.

Twelve per centum where the salary or compensation exceeds \$4,000 and does not exceed \$4,500 per annum.

Fourteen per centum where the sal-

ary or compensation exceeds \$4,500 and does not exceed \$5,000 per annum.

Sixteen per centum where the salary or compensation exceeds \$5,000 and does not exceed \$6,000 per annum.

Eighteen per centum where the salary or compensation exceeds \$6,000 and does not exceed \$10,000 per annum.

Twenty per centum where the salary or compensation exceeds \$10,000 per annum.

2. If any officer or employe of or person holding an office or position under the government of the City shall receive two or more salaries or compensations from said city, such salaries or compensations shall be added together and the total thereof shall be considered and treated as one sum, and the deduction herein authorized shall be made from such total sum as constituting the salary or compensation received by such officer or employe.

3. Notwithstanding the adoption of this ordinance, the amount to be deducted from the salary or compensation of any officer or employe of, or person holding office or position under the government of the City, by reason of membership in any retirement or pension fund, shall be from the total salary or compensation under the government of the City, without regard to the amount deducted from such salary or compensation pursuant to the provisions of this ordinance, and upon the death or retirement of a member of any such retirement or pension fund such member or his or her beneficiaries shall receive the same benefits as if this ordinance had not been adopted and deductions from the salary or compensation had not been made.

4. Nothing in this ordinance con-

tained shall be construed to affect or impair the rights of any person in any retirement or pension fund or under any Civil Service Law or tenure of office statute.

5. This ordinance shall take effect March 1, 1933, and shall become operative December 31, 1933.

6. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

Commissioner Howe offered the following resolution:

WHEREAS, Tax Revenue Bonds of The City of Newark of the aggregate face amount of \$1,770,000, heretofore issued in anticipation of the receipts of delinquent tax revenues of said City for the fiscal year 1931, mature on the 1st day of March, 1933, and the Board of Commissioners desires to provide for the renewal of said Tax Revenue Bonds:

NOW, THEREFORE, BE IT RESOLVED, By the Board of Commissioners of The City of Newark, that the sum of \$1,770,000 shall be borrowed by said City, pursuant to Chapter 192 of the Laws of 1917 of New Jersey, as amended, in anticipation of the receipt of delinquent tax revenues of said City for the fiscal year 1931, which delinquent tax revenues now amount to \$4,775,174.86, and that for that purpose there shall be issued Tax Revenue Bonds of said City of the face amount of \$1,770,000, dated March 1, 1933, payable September 1, 1933, bearing interest at the rate of six per centum (6%) per annum, payable September 1, 1933, bearing interest at the rate of six per centum (6%) per annum, payable at maturity.

FURTHER RESOLVED, That the sale of \$850,000 of said bonds to the Fidelity Union Trust Company, and \$100,000 of said bonds to the West Side Trust Company, and \$100,000 of said bonds to the Federal Trust Company, and \$100,000 of said bonds to J. S. Rippel & Company, and \$100,000 of said bonds to the Merchants & Newark Trust Company, and \$300,000 of said bonds to The National Newark & Essex Banking Company, and \$200,000 of said bonds to The National State Bank, at par and accrued interest, heretofore made by the Director of the Department of Revenue and Finance, be and they hereby are approved and confirmed.

FURTHER RESOLVED, That the Mayor, Director of the Department of Revenue and Finance, City Auditor, and City Clerk, be and they hereby are authorized to issue said bonds in such form and denominations as they may adopt, in conformity with law, and to recite therein that all requirements and conditions of law have been complied with in the issuance of said bonds, and that said bonds are within every debt and other

limit prescribed by the Constitution or statutes of New Jersey.

FURTHER RESOLVED, That this resolution shall be additional authority for the issuance of the \$1,770,000 Tax Revenue Bonds authorized to be issued by resolutions adopted by the Board of Commissioners on the 24th day of February, 1933.

The Board of Commissioners of the City of Newark, N. J.

P. J. O'TOOLE, JR.
City Clerk.

Newark, N. J., March 8, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M.

Present: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

The minutes of meeting of March 1st were read and approved.

Mayor Congleton: This is the time that has heretofore been fixed for a public hearing upon the city budget. We are ready to proceed now with that hearing. At eleven o'clock we will suspend the hearing to transact the regular weekly business, and immediately upon the conclusion of that business will again resume the hearing on the budget. We will ask those that speak to give their names, and if they represent an organization the

name of that organization, or if they are appearing for themselves. We are ready to proceed.

The following resolution was received and read:

WHEREAS, The Newark Taxpayers Association has been making an examination of the Budgets submitted to it by the Commissioners of the City of Newark; and

WHEREAS, many extravagances have been brought to light;

BE IT RESOLVED, That Austin J. Waldron, Chairman of the Investigating Committee of this Association, be instructed to appear before the Newark City Commissioners at their public meeting to be held Wednesday, March 8, 1933, and in behalf of this Association demand that the following changes and budget reductions be made:

DEPARTMENT OF PARKS AND PUBLIC PROPERTY:

1. Abolish the Depart. of Weights and Measures and let the work be done by the County Dept. of Weights and Measures, thus saving\$ 35,093.40
 2. Abolish Smoke Abatement Bureau. The police to report of smoke violations. Saving 8,495.60
 3. Drop Temporary help appropriation of 5,000.00
Distribute work among 89 employees of that bureau.
 4. Reduce the appropriation for operating the Shade Tree Division from \$179,940.50 to \$75,000, thus saving 104,940.50
 5. Reduce grade of stationery from best to good, saving..... 12,190.00
- \$165,719.50

DEPARTMENT OF REVENUE AND FINANCE:

1. Abolish the commission for assessment of local improvements. The work to be done by the Board of Assessment and Revision of Taxes, effecting a saving of\$ 41,620.00
2. The work of seven surveyors be absorbed by the Bureau of Surveys in the Dept. of Public Affairs, saving..... 17,461.60

3. Four Addressographers be reduced to the regular wage scale,
saving 3,096.00
- \$ 62,177.60

DEPARTMENT OF PUBLIC AFFAIRS:

1. Reduce the average cost of garbage and ash collection from
\$2.14 per person to \$1.64. Private contractors have offered to
do it at this price and render the same service, saving.....\$239,000.76
2. Reduce the grade of stationery to good, saving..... 5,102.50
3. Abolish the sidewalk department under the Bureau of Streets
and save 5,736.00
The police should report the condition of sidewalks.
4. We recommend that no further development be done in Port
Newark during 1933. Therefore the Port Newark Development
Engineering Bureau should be abolished, saving..... 32,487.72

DEPARTMENT OF PUBLIC SAFETY:

1. Since Building is at a standstill, we recommend that the Build-
ing Dept. and Electrical Bureau be reduced to a skeleton struct-
ure, saving approximately\$100,000.00

NON-DEPARTMENTAL WORK:

1. The Zoning Board be abolished, saving\$ 7,500.00
2. The appropriation for band concerts be abolished, saving..... 7,000.00
3. That there be one purchasing agent to do the purchasing for all
departments, affecting a saving of approximately..... 600,000.00
(An expert purchasing man has offered to establish this Bureau
on a business basis without cost to the city.)

Total\$ 614,500.00

Grand Total\$1,224,724.08

and taxpayers protesting against fur-
ther salary cuts for city employees.

Ordered filed).

Meeting duly assembled this 21st
day of February, 1933.

Ordered filed.

City Clerk O'Toole announced that
he had received approximately 360
telegrams and 130 letters from citizens

Mr. Meyer Zemel, 826 South 13th
Street, appeared and urged that the
budget be cut to measure up to the
ability of the taxpayer and rentpayer
to enable them to carry the cost, stat-
ing no one should receive a higher
compensation in the city employ than
that of the Mayor, citing high sal-

aries paid in the Board of Education and other departments in the city government and the cost of operating the Public Libraries and opposed salary cuts to any employee receiving less than \$5,000 a year.

Mayor Congleton: Mr. Zemel, you spoke about the library appropriation. The Library Trustees have given a great deal of time to it. We have nine branch libraries. If these buildings that we built at the urgent request of the communities where they are located are closed, it will throw a lot of people out of work, it will prevent a lot of people who are taking their idle time to improve themselves from having that opportunity. Their budget this year has been cut to \$475,000, which is \$110,000 less than it was last year and they think on that amount of money they can keep the main library and all the branches functioning.

Mr. Austin J. Waldron, 33 Berkeley Avenue, appeared and presented a resolution adopted by the Newark Taxpayers' Association recommending specific reductions in each department, and stated he felt there were certain jobs that may be abolished and that if waste in some of the departments could be eliminated it would not be necessary to cut the salaries of police and firemen and school teachers.

Mayor Congleton: Mr. Waldron, would you mind an interruption for just a few minutes for the other things that are scheduled? If it interferes with you I will be very glad to hold it up.

Mr. Waldron: No, sir, your Honor. I would be glad to oblige.

The Board then suspended hearing on the budget and took up its regular order of business.

The City Clerk presented the following ordinance "An ordinance to license and regulate persons, partnerships, firms or corporations, in the sale of meats, groceries and provisions, dry goods and merchandise, and goods and chattels of every kind, in the City of Newark," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance? This is the ordinance licensing merchants, intended to prevent, if we can, the establishment of any places like they have down on Frelinghuysen Avenue as you go into Elizabeth.

Mr. Herbert J. Hammoch, 17 Academy Street: As long as you say that is the object of the ordinance, all I want to know is satisfied.

Mayor Congleton: That is the object of the ordinance. That is done at the request of the Merchants Association, retail dealers.

No one else appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance to license and regulate persons, partnerships, firms or corporations, in the sale of meats, groceries and provisions, dry goods and merchandise, and goods and chattels of every kind, in the City of Newark.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Section 7 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Egan moved that the title of "An ordinance to license and regulate persons, partnerships, firms or corporations, in the sale of meats, groceries and provisions, dry goods and merchandise, and goods and chattels of every kind, in the City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to license and regulate persons, partnerships, firms or corporations, in the sale of meats, groceries and provisions, dry goods and merchandise, and goods and chattels of every kind, in the City of Newark.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellen-

stein, Gillen, Howe, Mayor Conglton.

The City Clerk presented An ordinance respecting the salaries or compensation of officers and employees of and persons holding an office or position under the Government of the City of Newark, New Jersey, during the year 1933, and stated that today was the time fixed for hearing on the same.

Commissioner Howe moved that the ordinance be laid over to March 10th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Conglton.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to prohibit the purchase of clearing house certificates or evidences of claims for less than their face value.

WHEREAS, The President of the United States has issued a proclamation declaring that a national emergency exists; and,

WHEREAS, in pursuance thereof he has authorized and empowered the Secretary of the Treasury to permit banking institutions to issue clearing house certificates or other evidences of claims against the assets of such institutions under the supervision and control of the Treasury Department; and,

WHEREAS, such certificates, when issued, will be a medium of exchange equal in value to that of the present currency; and,

WHEREAS, in order to protect the property and well being of the citizens of Newark it is necessary that these certificates circulate at par;

THEREFORE, The Board of Commissioners of the City of Newark Do Ordain:

1. That no person, firm or corporation shall purchase or otherwise acquire any such clearing house certificates or evidences of claims for less than their face value.

2. Any person, firm or corporation violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine in any sum not exceeding \$200 for each offense or be imprisoned in the county jail for a period not exceeding 90 days, or both.

3. All ordinances and parts of ordinances, inconsistent with the provisions hereof be and the same are hereby repealed.

4. This ordinance shall take effect immediately upon final passage and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Conglton.

Commissioner Egan moved that March 29, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mr. Herman Blank, Lefcourt Building: Mr. Mayor and gentlemen of the Commission, I was here last week on the application of Louis Robbins for the sale of gasoline from portable tanks at 324 Clinton Place, but through some misunderstanding the correct vote was not taken. At this time I want to again ask that the Board of Commissioners concur in the recommendation of the Board of Adjustment in granting a permit to Mr. Robbins to operate two portable gasoline tanks.

Commissioner Egan moved that the vote on March 1st by which the application was rejected be reconsidered.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Howe.

Naye: Commissioners Gillen and Mayor Congleton.

Commissioner Ellenstein offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Zoning Enforcement Officer, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Louis Robbins (Max Cohen, owner) for the sale of gasoline from two portable tanks;

premises 324 Clinton Place; for the period of one year;

THEREFORE BE IT RESOLVED

By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Zoning Enforcement Officer, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Andrew Minichiello, 165 Littleton Avenue, owner of the property appeared and urged that the permit be granted.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Baine Cohen, Inc., for the construction of a gasoline station; premises 980-988 Bergen Street; for a period of five years, on condition that fences, lighting fixtures and signs meet the requirements of the Board of Adjustment, and greasing pits be ten feet from rear and side lines of the property;

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjust-

ment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Jacob Lubetkin, 60 Park Place: Mr. Mayor and Commissioners, the applicants who own this property have owned it for about six years. It is assessed for about \$30,000. And they also own the adjoining property.

Mayor Congleton: Between what streets is this?

Mr. Lubetkin: This is between Scheerer and Shepard. They own the corner of Scheerer and the corner of Shepard. The permit was granted for a period of five years. There is no immediate use to which this land can be put at the present time. Stores up there are renting at \$40. The erection of stores would not only be unprofitable to the owner but it would also be detrimental to the owners of the other properties who have a great many vacancies and a good deal of difficulty in renting their stores. There has been no objection from the neighborhood except the owners of two adjoining properties on the side streets, and we have satisfied them by moving the structures ten feet from the line. We have also agreed not to make any opening on Shepard Avenue. The owners are going to operate this station themselves, and I think it is an equitable case, and the permit should be granted under the circumstances.

Commissioner Egan moved that the application be laid over until March 15th for inspection.

The roll being called, the motion was declared adopted by the following votes:

The following communication was received and read:

Board of Adjustment
City Hall

Newark, N. J., March 7, 1933.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

297-335 Carnegie Avenue (State

Highway No. 25), Jack R. Eisler, owner; gasoline station for a period of eight years;

991-993 Eighteenth Avenue, Carl

Dacas, owner; lettering, storage and sale of monumental stones, for a period of one year;

345 Badger Avenue, Frank & Arthur Lindeman, owners; gasoline station, for a period of eight years;

865-869 Clinton Avenue, Mary W. Taylor, owner; gasoline station, for a period of eight years, station not to be operated between midnight and 5:00 A. M.

The Board of Adjustment,
R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner and further action postponed for two weeks.

Mayor Congleton offered the following resolution:

WHEREAS, an ordinance was passed by the Board of Commissioners of the City of Newark on July 13, 1932, providing for the opening of

Raymond Boulevard from Broad Street to Warren and Wickliffe Streets; and

WHEREAS, Acts HR8980 and HR-8981, have been passed by the Congress of the United States, which Acts provide for the sale to the City of Newark, New Jersey, of lands and interests therein, which will not be required for use as Post Office site; and

WHEREAS, an easement as described under HR8981 is now required for the construction of City Railway and Raymond Boulevard;

THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark, that the Director of the Department of Public Affairs be authorized and directed to make an offer in the sum of One hundred fifty thousand dollars (\$150,000.00) to the Secretary of the Treasury for the easement for the right-of-way for City Railway as described in the above mentioned bill HR8981, said sum to be deducted from the purchase price of lands described under HR-8980, at such time as these lands are acquired from the United States Government.

1. That from the salary or compensation paid to any officer or employe of or person holding an office or position under the government of The City of Newark, beginning March 1, 1933, there shall be deducted the following sums, any ordinance or resolution of The City to the contrary notwithstanding:

Two per centum where the annual salary or compensation exceeds \$1,000 and does not exceed \$1,100;

Newark, N. J., March 10, 1933.

An adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Ellenstein and Mayor Congleton.

Absent: Commissioners Egan, Gillen, Howe.

Mayor Congleton: I declare the

meeting adjourned until tomorrow morning, Saturday, March 11, 1933, at eleven o'clock, for want of a quorum.

A P P R O V E D :

JEROME T. CONGLETON
M. C. ELLENSTEIN

The Board of Commissioners of the
City of Newark, N. J.

P. J. O TOOLE, Jr.
City Clerk.

Newark, N. J., March 11, 1933.

An adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: The adjourned meeting will reconvene.

The City Clerk presented An ordinance respecting the salaries or compensation of officers and employes of and persons holding an office or position under the government of the City of Newark, New Jersey, during the year 1933, and stated that today was the time fixed for hearing on the same.

Commissioner Gillen: I move to strike out the ordaining clause.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

Not Voting: Commissioner Ellenstein.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance respecting the salaries or compensation of officers and employes of and persons holding an office or position under the government of the City of Newark, New Jersey, for 1933.

The Board of Commissioners of The City of Newark Do Ordain:

1. That from the salary or compensation paid to any officer or employe of or person holding an office or position under the government of The City of Newark, beginning March 1, 1933, there shall be deducted the following sums, any ordinance or resolution of The City to the contrary notwithstanding:

Two per centum where the annual salary or compensation exceeds \$1,000 and does not exceed \$1,100;

Three per centum where the annual salary or compensation exceeds \$1,100 and does not exceed \$1,500;

Five per centum where the annual salary or compensation exceeds \$1,500 and does not exceed \$1,800;

Six per centum where the annual salary or compensation exceeds \$1,800 and does not exceed \$2,100;

Seven per centum where the annual salary or compensation exceeds \$2,100 and does not exceed \$2,300;

Eight per centum where the annual salary or compensation exceeds \$2,300 and does not exceed \$2,500;

Nine per centum where the annual salary or compensation exceeds \$2,500 and does not exceed \$2,800;

Ten per centum where the annual salary or compensation exceeds \$2,800 and does not exceed \$3,200;

Eleven per centum where the annual salary or compensation exceeds \$3,200 and does not exceed \$3,700;

Twelve per centum where the annual salary or compensation exceeds \$3,700 and does not exceed \$4,000;

Thirteen per centum where the annual salary or compensation exceeds \$4,000 and does not exceed \$4,400;

Fifteen per centum where the annual salary or compensation exceeds \$4,400 and does not exceed \$5,000;

Seventeen per centum where the annual salary or compensation exceeds \$5,000 and does not exceed \$5,500;

Eighteen per centum where the annual salary or compensation exceeds \$5,500 and does not exceed \$6,000;

Nineteen per centum where the annual salary or compensation exceeds \$6,000 and does not exceed \$7,500;

Twenty per centum where the annual salary or compensation exceeds \$7,500 and does not exceed \$9,500;

Twenty-two per centum where the annual salary or compensation exceeds \$9,500 and does not exceed \$12,500;

Twenty-five per centum where the annual salary or compensation exceeds \$12,500.

2. If the amount to be deducted under this schedule causes an officer or employe to receive less than any one in the next lower group, then there shall be deducted from his salary or compensation the percentage of the next lower group.

3. During the period in which this ordinance shall be effective no salary or compensation of any officer or employe or person holding any office or position under the government of the City of Newark shall be increased.

4. If any officer or employe of or person holding an office or position under the government of the City shall receive two or more salaries or compensations from said city, such salaries or compensations shall be added together and the total thereof shall be considered and treated as one sum, and the deduction herein authorized shall be made from such total sum, as constituting the salary or compensation received by such officer or employe.

5. Notwithstanding the adoption of this ordinance the amount to be deducted from the salary or compensation of any officer or employe of, or person holding an office or position under the government of the City, by

reason of membership in any retirement or pension fund, shall be from the total salary or compensation under the government of the City, without regard to the amount deducted from such salary or compensation pursuant to the provisions of this ordinance, and upon the death or retirement of a member of any such retirement or pension fund such member or his or her beneficiaries shall receive the same benefits as if this ordinance had not been adopted and deductions from the salary or compensation had not been made.

6. Nothing in this ordinance contained shall be construed to affect or impair the rights of any person in any retirement or pension fund or under any Civil Service Law or tenure of office statute.

7. This ordinance shall take effect March 1, 1933, and shall become operative December 31, 1933.

8. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

Not Voting: Commissioner Ellenstein.

Commissioner Howe moved that March 29, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

Not Voting: Commissioner Ellenstein.

Mayor Congleton: The public hearing on this ordinance will take place two weeks from this coming Wednesday.

We will now proceed with the budget. On Wednesday last the City Commission sat and listened to everyone who desired to speak on the budget. And when everyone had spoken that desired to, the hearing was closed. Notwithstanding that, if there is anyone now who desires to speak that did not speak on Wednesday we will hear them. Anyone who spoke on Wednesday who desires to address the Commission with respect to new matter that they did not bring to our attention on Wednesday we will be glad to hear them. We will not, however, sit here and have personalities indulged in as we did Wednesday.

Commissioner Egan: Mr. Mayor, I move you that anyone who has already appeared before the Commission be confined to five minutes.

Commissioner Gillen: I second the motion.

Commissioner Ellenstein: I suggest that we make that ten minutes instead of five, as an amendment to that motion.

Mayor Congleton: All in favor of the amendment will signify by saying aye, opposed no; the clerk will call the roll.

Yeas: Commissioners Ellenstein and Howe.

Naye: Commissioners Egan, Gillen, Mayor Congleton.

Mayor Congleton: I declare the amendment lost. We have a motion before the Commission. The vote was on the amendment and the amendment was lost. We will now vote on the original motion to limit those who have heretofore spoken to five minutes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen and Howe.

Naye: Commissioner Ellenstein, Mayor Congleton.

Mr. Becker: I am going to read you laws whereby you cannot limit me, any taxpayer, in presenting our objections—

Mayor Congleton: I am quite familiar with that law, Mr. Becker, and you will also see, if you read that law, a date is fixed for public hearing, and at the close of that hearing the hearing is closed, and then the balance of the business is that of the five commissioners. That took place on Wednesday.

Mr. Becker: Now you are speaking on the budget and I am going to tell you that we all object to this budget because it is not in conformity with the law under the Act of 1917.

Commissioner Egan: Mr. Becker, you have already talked before this Commission for over two hours on this budget, and I think this Commission has some right to regulate these hearings and not subordinate its position to anyone who might assume an unreasonable attitude. Now, the motion prevailing before the Commission is that you are limited to five

minutes; and as one member of the City Commission I will insist on that motion being complied with to the letter; and if you don't like the decision of the Commission you have your right of appeal.

Mayor Congleton: Is there anyone else who desires to address the Commission?

Rev. Paul Knappek, Pastor of St. Casimir's Roman Catholic Church: Mr. Mayor and Commissioners, I would like to speak in favor of the police and firemen who are receiving a salary of \$2,500.

Mayor Congleton: Father, the ordinance reducing the salaries will come up for public hearing two weeks from this coming Wednesday. If you desire to speak now and not then we will hear you.

Father Knappek: Those men have families and expenses are high. I think we would do them harm to cut down their salaries.

Mr. Harry D. Hammond, 128 Pine Grove Terrace: Am I to understand I will not be heard on the budget two weeks from today?

Mayor Congleton: On the salaries you will, of course. That will be the order of business two weeks from this coming Wednesday. The ordinance which has simply been given a first reading today, when it comes up for public hearing two weeks from Wednesday you will be heard. The other ordinance that was pending has been discarded.

Mr. Hammond: Then I understand that any protest on the part of myself against any salary reductions or deductions for public employees will be heard?

Mayor Congleton: Absolutely.

Mr. Valentine B. Kane, 356 Seventh Avenue: Mr. Mayor, I am appearing this morning as President of the Roseville Merchants and Civic Association. We think that we should have a chance to go into this budget with you and offer you suggestions how you could arrange this budget without cutting the police and firemen.

Mayor Congleton: Mr. Kane, Wednesday, which was the date fixed, we gave everybody an opportunity to be heard and we were prepared to sit here part of that evening.

Commissioner Egan: I think Mr. Kane's thought is good, Mr. Mayor, and I know whoever he represents will be properly represented, and that he speaks for this merchants association. Don't you think you can present the case fully, representing and speaking for that association?

Mr. Kane: Well, Director Egan, I am placed in such a position that I do not want to talk for my association.

Mr. Nathan Rubin, Firemen's Building: Mr. Mayor and City Commissioners, I represent a group of merchants doing business in the Fifth Ward, the Ironbound Section of Newark. We ask that the tax budget be cut to the bone, that municipal expenses be cut as far as possible. But we object to any salary reduction of any city employe unless that reduction is not only necessary but absolutely imperative.

Mr. A. B. Heffernan, Superintendent, Mt. Bethel Rescue Mission, 60 Lafayette Street: Honorable Mayor and Board of Commissioners, I am here to tell our Commissioners of a little silent work done in my organization by the city employees and to ask you not to deduct from them any portion of their pay. Last Thanksgiving

I had the city employees come to my rescue and they fed 456 men. Christmas they doubled that amount. 971 men fed there through the kind generosity of the city employees.

Mayor Congleton: Does anyone else desire to address the Commission on the budget?

Commissioner Gillen: I move that the hearing be closed on the budget.

Mayor Congleton: The motion is that further hearing on the budget be closed. All in favor will say aye, opposed no; the clerk will call the roll.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: I would like to say at this time before the clerk reads the resolutions, that under the law as it stands today, tomorrow is the last day upon which the budget can be adopted. There is legislation pending which if passed will accomplish what Mr. Kane suggested, an opening up of the budget for further consideration if further legislation on other matters goes through. We have been fathering that legislation and we are in hopes that it may be passed and that it will give further relief to the taxpayers this year.

With respect to any thought of further cuts in salaries, I think the position of a municipal official is very similar to that of President Roosevelt. And I think he summed the matter up most beautifully in his message to Congress yesterday when he said, "Such economies which can be made will, it is true, affect some of our citizens; but the failure to make them will affect all of our citizens. The very stability of our government it-

self is concerned, and when that is concerned the benefits of some must be subordinated to the needs of all. When a great danger threatens our basic security it is my duty to advise the Congress of the way to preserve it. In so doing I must be fair not only to the few but to the many. It is in this spirit that I appeal to you."

Mayor Congleton offered the following resolutions:

AMENDMENTS TO BUDGET:

Change Surplus Revenue Appropriated from Six Hundred Thousand Dollars (\$600,000.00) to Five Hundred Fifty Thousand Dollars (\$550,000.00);

Change Miscellaneous Revenue Appropriated from Three Million, Six Hundred Twenty-five Thousand, Four Hundred Fifty Dollars (3,625,450.00) to Five Million, One Hundred Fifty-one Thousand, Three Hundred Seven

Commissioner Egan: Mr. Mayor, so far as the budget figures are concerned for my department, I feel as you do, that this is a time, no matter how difficult the problem may be, that men in public office must follow the leadership of the President of the United States in order to reduce the cost of government as substantially as possible, having in mind particularly the welfare of the great mass of our people. A matter of public service is a matter of properly caring for the interests of the population of a community.

During the period of prosperity every type of public service has been developed to a high standard, perhaps to a point that might be looked upon as luxurious service, because during the days of prosperity public businesses seemed to be everybody's business, and the concluding definition of everybody's business is almost nobody's business.

The small property owner in this city, as in every other municipality in this country, is suffering severely because of this economic catastrophe. And I am not surprised on an occasion such as this to find a great mass of the citizens coming into the City Hall, disturbed in the nervous and mental system to the point where

it seems to manifest obsession. Everyone has suffered tremendously since 1929. And to find an individual or a group of individuals disturbed to the point where their conduct is likely to be looked upon as unreasonable is not surprising. These are trying days. But on the other side of the picture let me state to you good citizens here this morning that there must be—and I do not speak politically—but there must be, to maintain stability in this country, respect of government. And I speak of government impersonally. We men who happen to constitute the City Commission today are public servants. We are charged with doing a duty that is, to say the least, very difficult in times such as these. We are charged with responsibility not only having to do with the financial situation of our city, but we are charged with the most sacred obligation, the protection of life and property. And if you are going to properly maintain life and property you must maintain stability and you must maintain respect of government.

And I have found it necessary as the Director of Public Safety, the day before yesterday to take a definite position in so far as what I type the Red or the Communist is concerned. And I am going to speak frankly to you citizens this morning, I did that because I knew full well what the real problem in this country is today. I have been dealing confidentially and intimately and technically with the problem that is best exemplified by your voluntary expression this morn-

ute. There is a professional element in this country now who would love to incite a riot; there is a professional element in this country who would love to deal with the ignorance of the masses in order to create confusion in a time when this country is severely confused, having to do with the fundamental welfare of our people. And I do not care how many individuals nor do I care how many groups will dislike my official attitude.

But I want to say to you that I am going to stand staunchly under the leadership of this nation and maintain a dignity and respectability in this city, having in mind the welfare of all of our people. And as I said earlier in my talk, I sympathize with the individual who is upset today, who is inclined to be unreasonable to the point where he feels like shrieking impulsively. I do not blame you. But I ask you in the name of this nation to assume the attitude of the American soldier in the period of the war. The matter of money is totally incidental to the welfare of the young and old of our nation. What would we be, we men who govern this small city as a unit of government in this country, if we did not attempt to the fullest of our capacity to assume every ounce of our responsibility? I am not going to permit waves of hysteria, I cannot do it as Director of Public Safety and I will not do it.

Now, having to do with the financial side of this government: No man, a human being, wants to be responsible for reducing the cost of our government to a point where it affects the income of the individual who is occupied as a public employee; nobody wants to do that, no matter how callous, no matter how cynical he may be. But as the President of the United States indicated decisively yesterday in his public and official utterance, it is the protection of the

many as against the protection of the few.

Now, we have features of government in our present standard of service which are costing more money than the taxpayer can afford to pay today, and if we do not use every effort to reduce the cost of government it spells only one thing, ladies and gentlemen, and that is confiscation of private property by public organizations such as municipalities, counties, and states and the nation.

I have reduced my budget to the lowest point possible in order to maintain the kind of service that Newark must have today. Particularly in so far as the police and fire protection is concerned. I want you to know that ninety-five per cent. of the cost of operating the Department of Public Safety is represented in salaries and wages. Practically all of it goes to the payment of salaries of the members of the Police Department and the Fire Department, both organizations charged with maintaining social equilibrium and protecting life and property. But in order to go forth on this mission, feeling in my heart, my conscience and my mind that I am doing what I think is for the best interests of this entire municipality, I want my budget cut another \$100,000 and I will find ways to save that additional \$100,000 during the current year even though I have to reduce the standard of service.

And I want to say in passing that I admire his Honor, the Mayor: After he reduced his budget right down to the lowest point, to a point where individual employees have been made to suffer from the individual economic point of view, he has reduced his budget \$100,000 more. And I do not intend to vote for Commissioner Gillen's budget until it is reduced further, and I do not intend to vote for Commissioner Ellenstein's budget until it is

reduced further; and I intend, as a member of the Board of School Estimate, to vote for the elimination of the Art School entirely.

I intend to vote to cut down the cost of the school system beyond the matter of the Art School. My mind is still open in so far as other items of government are concerned and the cost of government. And I am going to deal with it, recognizing the fact that no matter how small the public service is reduced to the mass of our people there is going to be dissatisfaction manifested.

But these are new times. This is a new period. And above and beyond the important problems of finance, let me say to you, ladies and gentlemen here this morning, and your presence manifests your keen interests, as government is constituted support government to the fullest extent in order to maintain the substantial, dignified position of the United States of America as the greatest nation of the earth.

Commissioner Gillen: Mr. Mayor and gentlemen of the Commission, Commissioner Egan says he will not vote for my budget unless it is cut further. I may say that there was a very substantial cut made in my budget.

Some time ago when we met with the Citizens Advisory Committee composed in the greater part of bankers and insurance men and men who represent the big interests of the city, they demanded a cut in the city budget of fifteen per cent. I have cut my budget fifteen per cent. and complied with that severe request that was made by them.

Within the past ten days or two weeks, without any pressure at all, I reduced my budget \$16,000 before any pressure was brought to bear on my

budget, and that \$16,000 is a fairly substantial percentage, because my total budget is only six hundred and some odd thousand dollars as compared to the millions of dollars in the budget. The reduction that I voluntarily made in the last two weeks of \$16,000 compares very favorably with any reduction made by the Mayor's Department or Commissioner Egan's department.

Commissioner Egan: May I interrupt and say I did not know you had cut that item. That makes a different picture in so far as I am concerned, and I think you have done a very good job.

Commissioner Gillen: I have cut \$16,000 in the last two weeks. I have complied with all the demands made by the Advisory Committee to reduce my budget fifteen per cent., and I reduced it almost sixteen per cent.

Commissioner Ellenstein: Mr. Mayor and my colleagues in the Commission: In answer to what Commissioner Egan said, it is obvious to everybody that I have been in office but a few months, and during that period I have endeavored to do everything that it is humanly possible that a human being could be called upon to do: putting in long hours in an endeavor to go over the various departments under my control. It is apparent to anyone that with an increase of indigent families that we have in our city, increasing from 5,200 in the early part of last year to over 13,000 now, that a far greater burden is brought upon my particular department. With every indigent family we have the additional hospitalization and medication of that family and its members.

In the City Hospital, for example, where the normal capacity is five hundred patients, there are today more than 710. That is obvious to any-

body, to a school child, that it requires more food, more maintenance and more employees to take care of those indigent sick.

In the Board of Health we have an increase of from 210,000 treatments as compared to 440,000 treatments in the last twelve months. That requires more maintenance, more treatment and more labor.

Now, just taking those two items into consideration, without going into the question of the City Alms House where there is an increase now of 76 beds, and which is a percentage increase of 25 per cent. as compared to those who have been there in prior years, we obviously require more food supplies, more maintenance and more labor.

We have in addition at the City Home an increase of approximately 22 per cent., and it must be apparent to anybody that if anything the budget in this department should be increased and not decreased.

When I took this oath of office I in effect obligated myself to take care of the health, safety, welfare and morals of the citizens of this city, and health stands first and foremost above anything else. If you do not take care of the health of the indigent of our city, when things adjust themselves they won't have the physical capacity to carry on in this city, they won't have the physical ability to go to work when they have a job. And I am charged with taking care of the health of these people. And as a practical proposition, there isn't one of us in this room that would not sell the very shoes from his feet in order to restore the health of a dear one in his family.

I feel that I owe a like duty to every citizen of this city; and I have on my desk now a letter from Dr.

Craster wherein the appropriation as it stands now is increased over \$1,000 above what is allowed in this budget.

The Board of Health, the City Hospital and Alms House are all undermanned, and I know as a fact—and any citizen of this city can go near the Board of Health and observe the numbers of people that come there for treatment, and we owe that duty; and I as an individual am going to discharge that duty in that direction. And I say to the citizens of this city if I am elected as City Commissioner I will do everything possible in favor of economy and remove those positions and remove those extravagances, and it should not make a difference to the citizens of this city whether that is saved prior or during the next year, it is a saving to the taxpayer no matter how it occurs.

I have not had the opportunity to go into the details of all the departments, but I am pledged that I shall go into the details of that department if I am elected to the City Commission. If I am not, then it is your duty to see that the Commissioner who takes my place, whoever he may be, does practise those economies.

There are certain phases of the budget that I do not think are economical, and since my judgment is directed in that way, and I think they are directed, I will reserve that right to follow the dictates of my conscience and stand by what I think is right. And should I make any mistakes I can assure you that it will not be mistakes of the heart but mistakes of the head. And if I am incorrect I will be one of the very first to listen to that mistake and correct it at the very first opportunity.

Mayor Congleton: The clerk will call the roll on the resolution.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, The Board of Commissioners of the City of Newark at a meeting thereof held on February 24, 1933, did approve of its local budget for the fiscal year 1933, under the provisions of Chapter 192 of the Laws of 1917, and the acts amendatory thereto, and did designate Wednesday, March 8, 1933, at 10 A. M. and the Board Rooms in the City Hall as the time and place when and where all objections thereto might be presented by any taxpayer of said municipality, and did direct the City Clerk to publish said budget together with the notice of time and place of public hearing thereon, as provided for by said act, and also to forward a copy of said budget to the Commissioner of Municipal Accounts; and

WHEREAS, proof of publication of said budget and notice of hearing thereon has been filed, showing the publication thereof as required by law; and

WHEREAS, the Board of Commissioners did meet at the time and place so fixed for the hearing of objections and having given all persons desiring to be heard upon said budget an opportunity to state their objections, and having considered the same and the meeting having adjourned to the 10th day of March, 1933; and then adjourned to the 11th day of March, 1933;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the following budget, as amended, be and the same is hereby adopted as the local budget of the City of Newark for the fiscal year 1933.

Mayor Congleton: All in favor of the adoption of the resolution will signify by saying aye, opposed no; the clerk will call the roll.

The City Clerk: Commissioner Egan.

Commissioner Egan: Mr. Mayor, I vote with qualifications on the budget, recognizing the fact that Commissioner Gillen has further reduced his budget the item he indicated, and fully appreciating the fact that Dr. Ellenstein in the first instance has a very, if not the most important duty to perform officially, and recognizing his short time of service in the City Commission. I am sure that regardless of the items as they appear in the budget that the Doctor will give due diligence to certain features that we have discussed in executive session having to do with costs in his department in the hope of reducing those costs; and I speak particularly of three items: Item No. 1 having to do with the public baths. As I analyzed that budget, based upon the budget layout, plus the fact that I am familiar generally with the Baths Department after serving the city for the years that I have, I feel that the Baths Department is overmanned and that the program of activity goes beyond the program of welfare and into the program of pastime or luxury. But I am sure that the Doctor will deal with that particular budget and reduce the cost properly. There are too many employees in each bath house and there are activities beyond the activities having to do with the welfare of our community, as I see it, such as swimming classes coming from the schools and different organizations, et cetera.

The next item that I feel is worthy of further consideration in the reduction of costs, and I am sure if Dr. Ellenstein had sufficient time he would have dealt with it decisively,

is the matter of plumbing inspectors in the Health Department. The plumbing inspectors do a comparable service to my building inspectors and my electrical inspectors and I have staggered those employees, reducing them twenty-five per cent. The plumbing inspectors under the Director of Public Works do the same comparable work in the physical life of our city as do my building inspectors and electrical inspectors, and if they can be reduced twenty-five per cent. it is my opinion that the plumbing inspectors can likewise be reduced twenty-five per cent.

The group of inspectors generally in the Health Department, in so far as the number is concerned and the amount of work that they do is worthy of further consideration.

The next item that I know the Doctor will give serious consideration to is the mechanical forces in his department. We have in the respective departments mechanics who maintain the structures of the city. In my department my mechanical department has been staggered reducing their services twenty-five per cent. In those three departments I have saved an item of \$50,000. I believe that the repair activity of that department, in so far as the mechanics are concerned, can be reduced comparable to the reduction in my department.

The next item I wish to discuss, and I know the Doctor will give it serious consideration because I discussed it with him in executive session the day before yesterday, is the matter of the cost of supervising the Outdoor Poor. According to the figures I have received from the Auditor's Office the cost of supervising the distribution of food and other relief will cost the City of Newark this year approximately \$330,000. It seems to me like a tremendous cost, and I know the Doctor will give that

further serious consideration; and I am perfectly willing to suggest a plan whereby we can save at least \$150,000 this year on that item, for the reason that I will be very glad to have the members of the Police Department and Fire Department cooperate with the Doctor in his department and have the distribution of those cases so arranged and supervised by his Overseer of the Poor that I am sure the members of the Police and Fire Department could give him field reports comparable to the field reports that are now being given, thus saving the City of Newark approximately \$150,000.

With that record I vote aye on the budget as it is prepared.

The City Clerk: Commissioner Ellenstein.

Commissioner Ellenstein: Before voting on this budget I want to make this statement in reference to the \$330,000 that was alluded to by Commissioner Egan, that that is money that is expended in the main by the State Emergency Relief and not by the City of Newark. The City of Newark simply contributes \$75,000 a month. The balance of that money is expended by the State Emergency Relief headed by a State Director, a State Deputy Director, a County Director, a County Deputy Director, a Municipal Director, and then I am the Municipal Deputy Director, so that I am sixth in line. And the money expended for services to the indigent families of our city, the accounts are audited by the State Emergency Relief at least once a week, and every single expenditure is gone over very carefully by the men immediately above me and my superiors on that committee; and they find that we have an insufficient number of investigators, they find that the investigators who take care of between 150 and 160 families receive a little less

than \$20 a week for their services, and they put in long hours. And if anything, speaking of that department, the Department of Public Welfare, it is undermanned. That is admitted not only by the State Director and the County Director but by the Municipal Director. But there are insufficient funds in the State to hire any additional investigators to properly take care of the 13,000 indigent families in our city.

In so far as the other two departments are concerned, there may be some merit to that. In so far as the Bureau of Baths is concerned, I haven't had an opportunity to make a personal survey and I have got to rely upon the word of the executives of that department. But I have a right to assume that when this appropriation was passed in 1932, with the same personnel on this Commission, that there was nothing extravagant. There was no addition to the Bureau of Baths over that of 1932 and I know that there are very many more people that use the baths today than did during 1932. And if there are any opportunities for curtailment of expenses not only in baths, but in any other department, it will be my duty to go in there and practise economy; and as I stated before, it should not make any difference to the taxpayer whether you save the money in advance or afterwards, because it all inures to each taxpayer's immediate benefit. I vote aye.

The City Clerk: Commissioner Gillen.

Commissioner Gillen. Aye.

The City Clerk: Commissioner Howe.

Commissioner Howe: Aye.

The City Clerk: Mr. Mayor.

Mayor Congleton: Aye. I declare the budget adopted.

There is just one word I would like to say before we adjourn. We have heard and read in the newspapers recently a great deal about the tax rate in the City of Newark should be reduced to \$2.50. There has been a very strong protest against any reductions in salary. I just want to call the public's attention to the fact that the combined salaries in the Board of Education and the City and the library and the other civic activities where the funds are raised through your tax bill, aggregate approximately \$17,000,000. The City's debt service, which means retirement of bonds year by year as they fall due and a payment into the Sinking Fund for long term bonds, amounts to approximately \$7,000,000. The County's budget as made up will call for a contribution by the taxpayers of the City of Newark of something over \$2,500,000. Those three items alone aggregate \$26,500,000, and that does not include amounts that we under the law have to put in the tax budget and act as a collecting agency for the State, to wit: The mill tax for roads, the State school tax, and the soldier's bonus, all of which are state taxes but we are the collecting agency. But leaving those items out and just taking the three that I have mentioned, salaries, debt service and our contribution to the County, those three items alone will produce a tax rate of \$3. Before one penny has been appropriated for any materials or any other type of operating expenses in your Board of Education, in Dr. Ellenstein's Department; it provides for no funds for the sick or medical attention in the hospital, the Convalescent Hospital, the Alms House, the City Home or any of the other bureaus in the Welfare Department; it does not provide for any materials for use in Commissioner Gillen's Department; it does not provide for any fire hose or other ma-

terials that the Fire Department needs in the performance of its duty, or any amount for operating expenses in the Police Department; nor does it provide for any materials or operating expenses in my department in the cleaning of the streets, the removal of ashes and garbage; it does not provide for a foot of sewer pipe or water pipe in case of break and repair, nor does it provide for the underprivileged children that go to the city camp. I mention that to show you, and I think those figures must show you conclusively, that it is absolutely impossible at this time with a decrease in ratables especially, to produce anything like a \$2.50 tax rate.

Commissioner Ellenstein offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Harry A. Chapin (Elizabeth Glennon, owner), for the construction of a gasoline station; premises 468 Broadway; for the period of one year;

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Ellenstein moved that the application be laid over until March 15th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

The City Clerk presented the application of Ransley Motors, Inc. (Estate of Augusta Groel, and Thomas Garrigan, owners), for the outdoor sale of used automobiles; premises 790-792 South Orange Avenue; for the period of one year, on condition that all signs and lighting fixtures meet the approval of the Board, and that no sign be erected less than ten feet from the sidewalk line; and stated that today was the time fixed for hearing on the same.

Commissioner Ellenstein moved that the application be laid over until March 15th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Gillen moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Essex County Board of Elections
Watson Rodemann, Clerk
Newark, New Jersey

March 8, 1933.

To the Commissioners of the
City of Newark,
City Hall, Newark, N. J.

Gentlemen:

The County Board of Elections respectfully requests the use of all public buildings under your jurisdiction suitable for polling places for the ensuing primary election on May 16th and the general election on November 7th.

This request at the present time is made for the use of said buildings without cost to the county on behalf of the taxpayers and the unprecedented economic distress under which we are all laboring.

Trusting that you can see your way clear to allow these buildings to be used for this public purpose, we have the honor to remain,

Yours very truly,

Essex County Board of Elections.
(Signed) Watson Rodemann
Clerk.

Commissioner Egan: I move the communication be received and the County Board of Elections advised to designate the places desired, and the respective directors comply with the request of the County Board of Elections.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Mayor Congleton: Does any person have any matter that they desire to address the Commission on this morning?

Mr. Raymond LeMassena, 810 Broad Street: Your Honor, I have been ordered to do certain things by a Director of the City of Newark. I have performed my duty and I am ready to make a full report.

Mayor Congleton: If Commissioner Murray, to whom you refer, asked you to make some investigation and do something for him he was doing something and getting some information that he probably expected later to lay before the full Board of Commissioners. The Commission has not said they were going to buy any new cemetery, and so far as I know there is no thought of it. Speaking for myself individually, I will vote against any ordinance to purchase additional land for cemetery purposes for the city at this time.

Mr. Henry Green, 230 Goldsmith Avenue: Mr. Mayor and gentlemen of the Commission. Wouldn't it be fine if something would be done that the hoodlums of the City of Newark could be rounded up?

Mayor Congleton: Does anyone else desire to address the Commission?

Mr. Albert Hutloff, 84 Osborne Terrace, Irvington: Mr. Mayor and Mr. Commissioners, my purpose of appearing here this morning is for the reason of denying a statement in yesterday's News. I am a member of the Electrical Workers Union 52. The statement is that there has been collusion and price fixing in connection with the City Railway job. My name has been mentioned in the newspaper, and I want to deny any inferences along those lines. I came here in order to give that to the newspaper.

Commissioner Egan: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

A P P R O V E D :

JEROME T. CONGLETON

W. J. EGAN

CHARLES P. GILLEN

M. C. ELLENSTEIN

The Board of Commissioners of the
City of Newark, N. J.

P. J. O'TOOLE, JR.

City Clerk.

Newark, N. J., March 22, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Howe, Mayor Congleton.

Absent: Commissioners Ellenstein, Gillen.

The minutes of the meeting of March 15, 1933, were read and approved.

Mayor Congleton: I would like to state for the record that Commissioner Gillen is confined to his home by illness and Commissioner Ellenstein is out of town because of ill health.

The City Clerk presented An ordinance to prohibit the purchase of clearing house certificates or evidences of claims for less than their face value, and stated that today was the time fixed for hearing on the same.

Commissioner Egan moved that the ordinance be laid over to March 29, 1933.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Mayor Congleton.

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

WHEREAS, The Board of Commissioners of the City of Newark believe that a majority of those who labor in the diversified industrial oc-

cupations of the city are in favor of an hour's daylight saving, and that it is beneficial for mental improvement and physical recreation;

THEREFORE, the Board of Commissioners of the City of Newark do ordain:

1. That at 2 o'clock A. M., on the last Sunday in April, 1933, the standard time throughout the City of Newark shall be advanced one hour in all the departments of the municipality over which the Board of Commissioners have jurisdiction, except that where the time is fixed by any statute of this state, in which case the time shall be the standard time as fixed by such statute, and at 2 o'clock A. M., on the last Sunday in September in the year 1933, such time shall be retarded one hour.

2. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Mayor Congleton.

Commissioner Howe moved that April 5, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Resolution of the Board of Commissioners of The City of Newark, Essex County, making application to the State Director of Emergency Relief for a class "A" special grant of State funds for emergency relief in accordance with rules and regulations Number 10.

WHEREAS, The City of Newark is unable to finance its entire program for emergency relief without State aid; and

WHEREAS, State funds have been appropriated by the legislature to the State Director of Emergency Relief for the purpose of furnishing State aid to municipalities in such case; and

WHEREAS, upwards of 14,000 families, comprising 70,000 individuals, are at present receiving relief from the City and the need for emergency relief is constantly increasing; and

WHEREAS, it is estimated that a minimum of \$410,000 will be required for relief in the City of Newark during the month of April;

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark, that the sum of \$75,000, which is the maximum amount which said City is able to contribute, be and the same is hereby appropriated for emergency relief in the City of Newark for the month of April, 1933, which sum shall be expended during the month of April upon which expenditure State aid hereinafter requested shall be predicated; and the proper corporate officers of the City of Newark are hereby directed and authorized to issue temporary loan bonds in the sum of \$75,000 for the purpose of temporarily financing emergency relief, an object for which the City is authorized to issue bonds by the aforesaid act; and

BE IT FURTHER RESOLVED that each of the temporary loan bonds authorized by this resolution amounting in the aggregate to \$75,000 shall state in general terms the purpose for which it is issued, shall be dated as of the date of issue, shall mature not exceeding six months after date, shall bear such rate of interest not exceeding 6% per annum, and be issued in such denominations and be executed in such manner as the Director of the Department of Revenue and Finance may determine; and the Mayor, Director of the Department of Revenue and Finance, Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute, in the name of the City, the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916; and

BE IT FURTHER RESOLVED, that the Director of the Department of Revenue and Finance be and he is hereby authorized and directed to sell said temporary loan bonds at not less than par, either all at one time or from time to time; and

BE IT FURTHER RESOLVED, that in accordance with the rules and regulations No. 10 of the Emergency Relief Administration, Meyer C. Ellenstein, Director of the Department of Public Works of the City of Newark, be and he is hereby authorized and directed to make application, in behalf of the City of Newark, to the State Director for financial aid by way of a Class "A" Special Grant for funds in an amount which in his judgment shall be considered necessary to enable the City of Newark to meet the relief needs for the month of April; and

BE IT FURTHER RESOLVED that five certified copies hereof shall be forwarded to the Essex County Director of Emergency Relief with the request for approval.

Yeas: Commissioners Egan, Howe, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Frank and Arthur Lindeman, owners, for the construction of a gasoline station; premises 345 Badger Avenue; for a period of eight years, on condition that all signs and lighting fixtures meet the approval of the Board, and that plans be amended to eliminate the two most westerly pumps;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Are you for it or against it?

Mr. Barney Romanoff, 124 Hawthorne Avenue; Against it. We were here one year ago to protest against the erection of this gasoline station on Hawthorne and Badger Avenues. There are two gasoline stations within a radius of one block; one at Hawthorne and Jelliff Avenue and another on the corner of Hawthorne and Badger Avenues.

Mayor Congleton: All right, sir; we will consider it.

Mr. Joseph Susskind, 972 Broad Street:

I would like to appear in opposition to that application. I represent the owners of property at 136 Hawthorne Avenue, which is a fourteen-family apartment house at the southeast corner of Hawthorne and Jelliff Avenues a short distance from where this gas station is proposed. There are about five in the immediate neighborhood.

Mayor Congleton: All right sir. Is there anyone else here who desires to speak in opposition?

Commissioner Howe moved that the application be laid over to March 29, 1933.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Mayor Congleton.

of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

392-396 Market Street, Bernardino Carlesino, owner; gasoline station, for a period of eight years;

556-562 Frelinghuysen Avenue, Anthony Carracino, owner; gasoline station, for a period of eight years.

The Board of Adjustment,
R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner and further action postponed for two weeks.

**Joint Meeting Maintenance
City Hall**

Newark, N. J., March 16, 1933.

Gentlemen:

At a meeting of the Joint Meeting for maintenance, held March 16, 1933, the following resolution was passed:

RESOLVED, that the several municipalities do raise and pay to the Treasurer of the Joint Meeting the sum of \$8,250.00 which shall be assessed upon the Joint Municipalities in the proportion fixed by the contract between the several municipalities in accordance with Article X of Contract, dated June 1, 1923; and be it further

RESOLVED, that the Secretary be directed to notify the various municipalities of such assessment and the proportion to be paid by each; and be it further

RESOLVED, that the monies be paid to the Treasurer of the Joint Meeting within thirty days of the 16th day of March, 1933.

The portion of the assessment due from the City of Newark is the sum of \$1,133 20, being 13 76% of said \$8,250 00

This is the assessment for the 2nd quarter of 1933

Respectfully,
E. S. Rankin, Secretary.

Kindly make checks payable to S. H. Rollinson, Treasurer, and mail to the Secretary at the above address.

Referred to the Auditor.

Mayor Congleton: Does any person have any matter they desire to bring to the attention of the Commission at this time?

Commissioner Egan: Mr. Mayor, I offer a resolution and ask the clerk to read it.

WHEREAS, The Board of Commissioners of the City of Newark fully recognizing the right of the people of any nation to adopt such form of government for its internal affairs as they shall determine is best for the welfare of that Country and its people; nevertheless it is the belief of The Board of Commissioners of the City of Newark, arising from the protests of good and loyal citizens of the City of Newark, irrespective of class, creed or religion, that the offenses perpetrated on the Jewish citizens of Germany is in violation of the best precepts and teachings of our community and contrary to the tenets and beliefs of modern civilization;

THEREFORE BE IT RESOLVED that the Board of Commissioners of The City of Newark, acting on behalf of the citizens of this City, do extend to the Jewish people in Germany our deep sympathy and support in their hour of peril and we desire to join that great volume of protest which must and will flow from the people of the entire civilized world to the rulers of German people to end such persecution and to re-establish in the great German nation the precept

"Thou Shalt Love Thy Neighbor As Thyself."

AND BE IT FURTHER RESOLVED, that a copy of this resolution be transmitted to the proper authorities of the United States Government.

Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Howe, Mayor Congleton.

Commissioner Egan: I move we adjourn.

Commissioner Howe: I second it.

Mayor Congleton: Do you wish to be heard?

Mr. O. Henry Grois: Yes.

Mayor Congleton: We thought nobody wanted to speak.

Mr. Grois: I want to again bring to the attention of this Board of Commissioners the necessity of assisting the employees, or workmen and women of this city, and to reiterate my former stand against wage cuts. Next week there will be a hearing on that—

Mayor Congleton: That ordinance will be up for public hearing next Wednesday.

Mr. Grois: I have given you a remedy, the chain stores they should be placed on the same license basis as the saloons. That would help considerably.

Mayor Congleton: You know, Mr.

Grois, we cannot do that. You know we have had a bill introduced in the legislature and have done our utmost to get it through; and I read only in yesterday's paper where the bill has been sent by the committee to the morgue.

Mr. Thomas Smith, 44 James Street:

Mr. Mayor, I happen to be the relief director for my organization of carpenters. I was here one year ago about local labor on local jobs. On this Prudential building, I believe some other crafts are interested along with us, and we would like to see that your ordinance is enforced on that job. That is local labor for local men.

Mayor Congleton: May I tell you what has already taken place? I saw something in the paper the other day about some controversy about a foreman. I immediately took it up with the contractor that has that work, and I have his absolute assurance that aside from what he calls his keymen or skeleton organization, I think he said it might be eight or nine men on this vast job who have been with him for long periods of time, outside of that small skeleton organization, as he stated it, every single craftsman, ironworker, carpenter, mason and others, will be drawn from the residents of the City of Newark.

Mr. Smith: Mr. Mayor, about ten months ago we had a discussion about what work belonged to certain crafts on the station. At that time the dock-builders claimed that was their work and no other craft could do it. That condition does not exist today and there is no excuse for a dock builder being on that job at all. It is all carpenter work today. I believe if that was investigated again you might change your mind.

Mayor Congleton: I will be very glad

to go into it. I am anxious to see as many Newark men get work as possible. I have been following that job constantly, and from time to time I have discovered there were out-of-town ironworkers and others on that job; and I think it was the week before last we discovered they had gotten in some fifteen men that did not belong in Newark and they were ordered to discharge them that night and put Newarkers on, and they did so. We will do our utmost on it, and we have been doing it constantly. Everybody is going to be given an opportunity to be heard, and we shall insist upon the meeting being conducted in an orderly manner or we will ask those who cannot contain themselves to leave the room.

Mr. Henry Green, 280 Goldsmith Avenue:

Mr. Mayor and gentlemen of the Commission, on the unemployed situation for men, women and children, get to work with the Governor and county officials and arrange to get some money.

Mayor Congleton: We beat you to it, Mr. Green; we have done all that you have suggested we should do. Governor Moore has made application to the United States Government for a grant to the State of New Jersey.

Mr. Edward A. Dougherty, 176 Huntington Terrace:

Honorable Mayor and members of the Commission, in regard to the ironworkers in the City of Newark, there are five keymen on the Pennsylvania Station job, and everyone of them is from Hudson County. And when you said that you sent an order down to lay off every man that was not a resident of Newark and hire men that were residents of Newark, that is just what they done. The only thing was that they laid them men off and put

them right back again with a new address right in the City of Newark. I ask the Commission if something cannot be done, because when a man was fired from the City Railway job he was told that he had to be a resident of Newark, why, they became residents of Newark over night on that paysheet down there.

Mayor Congleton: That is not so. There may have been some cases of that kind, but we have ourselves gone out and checked up addresses that were given us as Newark addresses and we did find conditions as you state them.

Mr. Charles Becker, 114 Market Street:

Mr. Mayor and Commissioners, what you decided to do about the lease on the Lefcourt Plaza?

Mayor Congleton: There has been no decision arrived at, sir.

Mr. Becker: You are not going to take that up at this meeting?

Mayor Congleton: No, sir.

Mr. Becker: Now, Mr. Mayor, you said that the law governs your conduct and actions pertaining to chain store incorporation business activities in the City of Newark.

We have an assessment board. They have no right to give decision, it must come back to this body. The result is that the A. & P. on their own statement—

Commissioner Howe: Mr. Becker, they do not have to come back to this body for anything. The body that is over them is the County Board.

Mayor Congleton: Are there any other people who want to address the Commission?

Mr. Hugh McDonald, 11 Mt. Pleasant Avenue: Representing the Bridge-men, Ironworkers and Riggers Union:

Mr. Mayor, we have a building going in the Prudential—

Mayor Congleton: That was taken up and discussed before you came in.

Mr. McDonald: No, I was in, but there was such a commotion out there that we could not hear.

Mayor Congleton: I stated that I had read in the paper that there had been some trouble and that I took it up immediately with the contractor and he gave me his absolute assurance that aside from what he calls keymen and the term did not set well, but superintendent and foreman—Outside of those keymen he has given me his assurance that every single one of them will be Newarkers, he will pick his men himself.

Mr. McDonald: I just wanted to ask the Commission if he would be able to go to work and not be discriminated against because we do not pay dues into St. Louis or somebody else?

Mayor Congleton: He says he will take the men "off the curb" and not take them from the business delegate.

Mr. McDonald: That is our idea, hire the men from the street, and if he don't like them to fire them.

Mayor Congleton: He said he will employ his own men.

Mr. Edward Sims, 119 Peshine Avenue:

Your Honor, I came in this morning to protest against brutality toward our group, the colored people, from the policemen. They sent me in to see to it that we are not maltreated, mistreated, and pushed about.

Mr. Raymond Lemassa, 810 Broad Street:

Mr. Mayor and Commissioners; the fault in our taxation is underlying the law, there has not been a new tax act since 1876. I think the thing to do is to revise your taxing laws.

Commissioner Egan: I move we adjourn.

The Board of Commissioners of
The City of Newark, N. J.

P. J. O'TOOLE, JR.
City Clerk.

Newark, N. J., March 29, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Ellenstein, Mayor Congleton.

Absent: Commissioners Gillen and Howe.

The minutes of meeting of March 15th and 22nd were read and approved.

The following communication was received and read:

Citizens' Advisory Finance Committee
830 Broad Street
Newark, New Jersey

March 28, 1933.

Members of the City Commission,
Newark, N. J.

Gentlemen:

On March 24, 1933, our committee met with you at your request to discuss the critical financial situation now facing Newark. It appears that it is necessary to arrange the sale of \$3,000,000 Tax Anticipation Notes, in order that payrolls, debt service and general expenses of the city and schools may be met during April and May. It was arranged at our meeting at your request, that we endeavor to arrange this financing, if possible.

Newark banking institutions now have all the city's indebtedness that they can handle at the present time, making it necessary to borrow funds from other sources to meet present needs. The difficulties we find existing in procuring money is due to the fact that Newark, like other municipalities, is collecting only a portion

of its taxes each year but spending 100% of its appropriations. The difference must be borrowed on revenue and tax anticipation notes. With financial conditions throughout the country in an uncertain state, buyers of notes of all kinds have become dubious as to their ability to collect their principal and interest. For this reason the market for municipals has become very restricted. It is necessary for Newark to bring its expenditures as closely in line with its actual receipts from month to month in order to maintain any credit standing and to improve the city's cash position by the end of the year.

The sale of these short term notes has been arranged for, with the qualifications that the following financial changes be made:

1. Change the tax ordinance so that the tax levy is increased by \$1,000,000. We are advised that you have the right to increase any individual item 10% and the entire budget not exceeding 5%. This increase is not to be spent but is to be treated as surplus revenue and not to be used for expenses this year.
2. Increase water rates, effective immediately, on the basis of \$500,000 per annum.
3. Decrease expenses by \$2,000,000 per annum, to be put into effect immediately, such decrease to be from the budget as it now stands and to take no cognizance of the increased levy mentioned above; the savings in operation by this decrease to be definitely reserved and not to be spent this year.

In connection with the third item, we recommend that the operating reduction be made on a yearly basis, with departmental distribution as follows, and that 75% of these amounts be saved between now and December 31, 1933:

Department of Public Works	\$400,000.00
Department of Revenue and Finance	50,000.00
Department of Public Safety	325,000.00
Department of Public Affairs	175,000.00
Department of Parks and Property	175,000.00
Non-departmental:	
Technical School	\$15,000.00
Library	75,000.00
Museum	10,000.00
Other services	25,000.00
	<hr/>
	125,000.00
Schools	750,000.00
	<hr/>
	\$2,000,000.00

Although the school year ends on July 1st, the plan that we outlined is to conserve cash and to hold the City's floating debt in control, and for that reason the reduction in schools should be treated exactly as other reductions and should be made effective immediately.

With this financial plan definitely in operation, we have assurance that the sale of \$3,000,000 Tax Anticipation Notes can be made forthwith.

Yours very truly,
CITIZENS' ADVISORY FINANCE
COMMITTEE.

Commissioner Ellenstein offered the following resolution:

WHEREAS, The City of Newark is

unable to finance its program for emergency relief without State aid; and

WHEREAS, State funds have been appropriated by the Legislature to the State Director of Emergency Relief for the purpose of furnishing State aid to municipalities in such cases; and

WHEREAS, 14,815 families comprising individuals are at present receiving relief in the city and the need for emergency relief has constantly increased to the point where it is now advisable to request its complete financing from State funds;

NOW THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that in accordance with Rules and Regulations No. 10 of the Emergency Relief Administration, to all provisions of which the Board of Commissioners does hereby agree, that application be and hereby is made to the State Director of Emergency Relief for a Special "B" Grant of funds necessary to meet the relief needs for the month of April.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Mayor Congleton.

The City Clerk presented An ordinance relating to Taxes for the Year 1933, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Austin J. Waldron, 82 Berkeley Avenue, representing the Newark Taxpayers' Association, opposed any salary reductions below \$2,500 and urged the adoption of the recommendations of the Newark Taxpayers' Association in reducing the budget.

Mr. Meyer Zemel, 826 South 13th Street, appeared and urged further cuts in the budget.

Mr. O. Henry Grois, 704 South 14th Street, opposed any reduction in the salaries of employes receiving less than \$4,000 a year and urged the elimination of useless positions, cutting of salaries in the higher brackets and the reduction of operating expenses.

Mr. Charles Becker appeared and opposed the adoption of the budget in its present form and detailed a number of buildings in the City which he said were under assessed, stating if proper assessments were levied against these properties the budget could be greatly reduced.

(At this time a recess was taken until 2.30 P. M.)

March 29, 1933.

The Board reconvened at 2.30 P. M.

Present: Commissioners, Egan, Ellenstein, Mayor Congleton.

Absent: Commissioners Gillen and Howe.

Mayor Congleton: The meeting will reconvene.

Mr. Becker continued his recital of underassessed properties citing forty-three pieces which he stated were not properly assessed, and opposed any increase in the present water rates.

Mr. Henry Green, 280 Goldsmith Avenue, appeared and opposed any cuts in salaries of persons receiving \$900 a year or less.

Mr. William Umscheid, 281 North 6th Street, urged additional cuts in the budget.

Mr. Nat Frank, 1090 Broad Street, appeared and stated he had some concrete plans for reducing the budget. He was invited to meet with the Commission in conference in the Mayor's Office tomorrow at 10 A. M.

Mr. Irving E. Schwartz, 597 Parker Street, complained of assessments on various properties and on which he endeavored to obtain reductions without success.

Mr. James D. Kennedy, 17 Sunset Avenue, appeared and opposed salary reductions for police and firemen or school teachers.

Mayor Congleton: Is there anyone else who desires to speak to the tax ordinance?

(No response).

No one else appearing, Commis-

sioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Mayor Congleton.

Commissioner Egan: Mr. Mayor, I would like to offer an amendment to the ordinance.

This Commission last August requested a committee, in the first instance composed of the Sinking Fund Commissioners of the City of Newark, to serve as the nucleus of an advisory committee on finance. That committee organized composed of some twelve citizens, leaders of industry, commerce, and finance.

That committee since that time has been dealing intimately with the problems of this government going through periods of most unusual conditions; and as a result of their advice this government was able to maintain a substantial position by having arranged through this committee temporary loans through the banking institutions of this community and New York City.

Prior to our considering in executive session the budget or the cost of government in 1933, they gave us their opinion having to do with the curtailment of costs. Their advice was accepted by the governing body, and the cost of government as indicated in the tentative budget in the first instance reflected their recommendations. It was felt at that time that they would be able to finance Newark up to and including June 1, 1933. Then the bank holiday on the 4th of March, and a very, very unusual condition existed in this country which particularly affected financing municipal government. We find ourselves

today with some \$17,000,000 of taxes in arrears outstanding and uncollected. We found ourselves on the 15th day of March with no money available to pay the bills due creditors of the city and with no money available to pay the servants of the City of Newark.

Going back to March 1, we found ourselves in a difficult position to meet the payrolls of the entire city employees, including the school staffs. After the 15th of March we requested a conference with the advisory committee, a creature of this Commission, and they granted us that conference. Present at the conference representing the advisory committee was John R. Hardin, president of the Mutual Benefit Life Insurance, the chairman; Horace Corbin, vice-president of the Fidelity Union Trust Company; Harry Bacheller, president of the Fidelity Union Trust Company; Christian W. Feigenspan, president of the Federal Trust Company; Franklin Conklin, Jr.; Chester I. Barnard, president of the New Jersey Bell Telephone Company; Percy Young, vice-president in charge of finance of the Public Service Corporation; Robert L. Ross, president of the Franklin Savings Institution; Charles L. Farrell, president of the National Newark and Essex Banking Institution; Charles Roh, president of the Murphy Varnish Company. Using the words of the spokesman of this committee on that occasion, last Friday at one-thirty p. m., they gave as the opinion of the committee that the City of Newark was facing a catastrophe. They pointed out clearly and to any mind familiar with financing, logically that which has to be contended with in every American municipality today. They showed in the course of the discussion that the City of New York, which some ten days previously had granted to them \$40,000,000 on a temporary loan basis through the banks of New York, that

the banking institutions were unable to dispose of any of those securities and the banking institutions had in their portfolios that \$40,000,000 of paper. They pointed out, too, legislation that is catalogued in their minds as radical legislation in the nation and in many states in the nation, providing for legal moratoria in so far as the payment of taxes is concerned, and providing legal structural expediences to protect the municipal body as a result of insolvency or bankruptcy; the net result of which is a total lack of desire on the part of the investing public to purchase any municipal paper. They pointed out, too, that the bankers in New York City with whom we are required to deal, are already under obligation in the form of a pledge that they will finance the City of New York to the extent of some \$160,000,000 financing of a temporary nature. The banking institutions in New York City have taken the position that because of this radical legislation pending in the nation and in the states, they are unable to dispose of municipal bonds; that in the City of New York, from a banking standpoint, they will be compelled to conserve their liquid position financially in order to keep their word with the City of New York. Incidentally, they also stated that the attitude of the bankers of New York was to the effect that they were going to demand another drastic cut in the cost of government in the City of New York. They pointed out that in this city the banking institutions have now some eighteen or nineteen millions of dollars in the form of temporary bonds, represented almost entirely in tax anticipation and tax revenue bonds.

They brought clearly to the attention of your governing body that while we have outstanding and in arrears uncollected over \$17,000,000 now, based upon economic conditions

the outlook for the collection of taxes in 1933 is far worse than it was in 1932. They said, using an expression that is quite understandable in business, that the cash position of Newark was in a very dangerous state: On the one hand we are unable to collect our taxes and on the other hand we are unable to borrow money on a temporary basis in anticipation of our taxes. Fundamentally, and beyond that particular picture, the investing public with whom the banking element deal, are no longer interested in buying public paper, no matter what the rate of interest may be. Mr. Rippel brought out that municipal paper was being offered last Friday to yield seven and one-quarter per cent., which from a financial standpoint is serious, to say the least.

They informed your governing body that they would deal with the matter instantly and diligently in the hope of painting a picture in the financial circles of New York that would place this city in a position to carry through along financial lines. Representatives of this committee spent Friday afternoon and Friday evening with the bankers of New York, and again all day Saturday and Saturday evening, and they worked Saturday night and Sunday dealing with this problem.

I know perhaps as well as any individual in this city that a picture such as is confronting your city today must be dealt with intelligently and without the remotest regard politically. I know, too, that in this great city of almost half a million residents, that a great percentage of the mass of our population is in destitute circumstances, as indicated vividly in the fact that we are taking care of over fourteen thousand families today who are unable to care for themselves. Today this Commission passed a resolution relieving the City of Newark of

the responsibility financially to care for our poor. No matter how small your group may be in a city such as is Newark, dealing with it charitably or fraternally or religiously, no service is so pleasing as the unselfish service. Newark is just as proud as a city as is any group of individuals; but today, citizens of Newark, we were required to relieve ourselves of the responsibility of feeding, clothing, keeping warm and sheltering over fourteen thousand families in our midst; relieved of the responsibility because we are no longer able to carry the load financially. We do not have the money.

The taxpayers who have contributed so courageously are now in a position where they no longer can contribute in the form of taxes so that Newark can do its just duty to its less fortunate citizens. So the State, effective April 1, assumes full responsibility of administering to the poor of our city, paying the entire bill; and the only reason for it, Mr. and Mrs. Newarker, is because your municipality does not have the ability to pay.

Conferring again with the representatives of this Committee on Monday, his Honor, the Mayor, and myself were told what was the tentative plan of the citizens advisory finance committee, and it proposed this recommendation, drastic economies immediately, reducing the cost of government now in the sum of \$2,000,000, increasing the water rates to the consumer of our potable water supply \$500,000, increasing the tax levy \$1,000,000, giving us immediately a better cash position to the extent of \$3,500,000.

I have related, as clearly as I could the history in thumbnail fashion, of what brings us to the condition we find ourselves in today. I have stated here

for the public record what Newark as a city is facing. I have pointed the picture of the responsibility of your City Commission. I am not blind to the fact that this is the eve of a political campaign which will result in the election of the five men who will govern the affairs of your city for a period of four years under the law. I am politically minded to the point that I fully realize that any disciplinary procedure on the part of the governing body will make the governing body a political target in many channels. Speaking for myself as one of this City Commission, my future in politics is totally inconsequential and entirely incidental in so far as I am concerned, as compared with the welfare of the City of Newark. (Applause.)

I say to the citizens of Newark today what I said to the Committee last Friday: Studying the problems as I have studied them our present condition is no surprise to me.

Realizing the fact that we have gone through what might be looked upon as the period of depression, through the period of panic, through the period of crisis, I concur in the expression of the Citizens Advisory Finance Committee when they say Newark is facing a catastrophe. And I say beyond that that I look upon it as a plain duty to deal with the problem of government, today as anybody should deal with the problems of government, no matter what the political consequences may be. Viewing the picture more intimately, I am just as human as the next fellow, and I hesitate, almost to the point of timidity, when it comes to assuming the responsibility of decision in so far as the economic life of the individual public employees is concerned. I do not like to feel that I am responsible as an individual for doing anything that would make it

more difficult for the individual public servant to thoroughly enjoy everything in the way of comfortable income and contented existence. But if I may say it, and I say it most respectfully, Newark has arrived at the point that the President of the United States indicated this nation has arrived at, it is a question now of taking care of the many rather than the few. In accepting the recommendations of this Committee I find myself, as Director of a particular department, in the position where I will have to reduce the cost of the operation of my department, according to these figures, in the sum of \$325,000. I also know that at the last minute, in so far as the budget was concerned, I arbitrarily reduced the budget \$100,000 for the Department of Public Safety, which gives me a reduction beyond my budget in the sum of \$425,000, which means that I will have to provide for rigid economies immediately in the Department of Public Safety in the sum of at least \$350,000. Other departments constituting this government, having to do with every element of public service, will be required to do likewise, including the school system.

I want to publicly say, and again in the face of mental attitudes on the part of some of our citizens who are worried today because of the distress that they have suffered as individuals, and no matter what might be said along derogatory lines of these gentlemen who have so graciously and unselfishly rendered services to their city, that I am proud of what these men have done for Newark, what they are doing, and what they are attempting to do. I am proud officially to express my gratitude to this group of twelve men who have assumed this burden and responsibility; and if you will, I think Newark as a city is very fortunate in having men, and I will mention the names for the record,

such as John R. Hardin, president of the Mutual Benefit Life Insurance Company; Edward Duffield, president of the Prudential Insurance Company; Chester I. Barnard, president of the New Jersey Bell Telephone Company; Christian W. Feigenspan, president of the Federal Trust Company; Henry Bacheller, president of the Fidelity Union Trust Company; Horace Corbin, vice-president of the Fidelity Union Trust Company; Franklin Conklin, Jr., one of our big manufacturers; Charles Roh, president of the Murphy Varnish Company; Robert L. Ross, president of the Franklin Savings Institution; Julius Rippel, the banker; Percy Young, vice-president of the Public Service Corporation in charge of finance; Charles L. Farrell, president of the National Newark and Essex Banking Company. These gentlemen constitute the Citizens Advisory Committee appointed by the City Commission of the City of Newark to advise with the governing body having to do with the financial situation of this city. And I want to particularly compliment Mr. Horace Corbin in the name of the City of Newark for the untiring effort he has manifested and for the most unusual grasp he has on a very, very complicated financial problem. I make this statement now so that it will be as clear as it is possible for me to express it for the consumption of the citizens and taxpayers of Newark. I make it fully recognizing the fact that it is imperative that we cannot do otherwise, and also fully recognizing the fact that from a political position it perhaps will reap a tremendous amount of acrimonious statements on the part of some of our citizens who perhaps do not comprehend it, others who are perhaps ambitious politically, others who are perhaps worried along psychological lines because of their own difficulties; but I do it, and I do it as a plain duty to my city in what I look

upon as the most serious emergency that this city has ever faced.

And I want to come back just a moment to the Department of Public Safety. These men have been courageous enough to assume the responsibility of recommending a reduction of \$350,000 for the Department of Public Safety. And they know, and I pointed out to them, so there would be no opportunity of overlooking it, the fact that the police and firemen are charged with protecting life and property and they as I know, and as I have indicated in the course of these discussions having to do with the budget, that approximately ninety-five per cent. of the cost of the Department of Public Safety is represented in salaries or wages of members of the Police and Fire Departments. My department facing the necessity of this reduction means one thing, a reduction in service in police and fire activity. I have no choice for the reason that I have no leeway other than public servants. I see no other way now except reducing the force and Fire Department in the City of Newark. I feel that it perhaps will be an additional responsibility to the men who will remain in the service, and perhaps very, very discouraging to the men who will be required to leave the service. I expect the men who stay in the service to give me the best that is in them based upon the responsibility that is theirs as public servants charged primarily with protecting life and property. I hope to work out a program whereby I will not cause too much damage to the men in the Department of Public Safety who will be let out of the service at least part time. Public duty and public responsibility places upon a man's shoulders problems that are so difficult of execution in times such as these that one hesitates when he tries to harmonize the reaction of the mind and heart. But when the City of Newark finds itself facing a catas-

trophe and we are compelled to do these things because of conditions beyond our control, I see no other choice.

And before I offer the following amendments to this Tax Ordinance I again ask in the name of the City of Newark, of all citizens that they too use their best efforts to understand the plight of this great city and to be fair in discussing these leading citizens and gentlemen who have so unselfishly and courageously assumed a position of leadership in advisory capacities. I ask the citizens to be fair.

Mr. Mayor, I offer the following amendments to the Tax Ordinance:

"Amend title of ordinance by striking out the words 'Nineteen Million, Four Hundred Eighteen Thousand, Three Hundred Ninety-eight Dollars and Twenty-one Cents (\$19,418,398.21)' and insert in place thereof the words 'Twenty Million, Four Hundred Eighteen Thousand, Three Hundred Ninety-eight Dollars and Twenty-one Cents (\$20,419,398.21).'"

"Amend Ordinance by adding under 'Amount to be raised by tax' the following:

Mayor Congleton: The amendments are before the Commission for discussion. I want to say that I concur in all that Commissioner Egan has said. These have been very trying times. To sum it up in just a sentence or two, we are confronted with the proposition of doing as a majority of the Commission have agreed to do or having City business absolutely collapse, and the employees and those that are looking to the City employees for the rendering of service will be without that service, and the City employees will be without any compensation. If the City should default, judging by history, it is a thing that it will take from twenty-five to thirty years to recover from; and as distasteful as it is, I believe that it is better for us all to forego further hardships, if you please, for a year, a year and a half or two years, than to have this burden hanging over us for twenty-five or thirty years. By that I mean if our credit is once destroyed you will

pay more for your money for a long period of years; and I only need to point to the City of Elizabeth, when it defaulted in 1878, I think it was, or 1876, and it was something over thirty years before they were able to recover from it. And for that reason I shall vote for the amendment.

Commissioner Ellenstein: I might say, Mr. Mayor and Commissioners that since returning to the city it has come to my attention that this Citizens Advisory Finance Committee has suggested that the Department of Public Works reduce its budget \$400,000. I might call attention to the fact that the budget of the Department of Public Works is \$2,398,000 for 1933 as compared with \$5,593,000 for the Department of Public Safety and an approximate amount for the Department of Public Affairs. Still, the Citizens Advisory Finance Committee has requested a reduction in the budget of the Department of Public Works of \$400,000 as compared to the Department of Public Safety of \$325,000, the Department of Public Affairs of \$175,000. To me it appears a rather arbitrary figure that this Committee should ask the Department of Public Works to reduce the budget \$400,000 without any suggestion as to how it is to be done.

I want to point out that in the present budget as now set up there is \$878,857 appropriated for the City Hospital; \$539,520 appropriated for the Board of Health, eighty to eighty-five per cent. of which is predicated and used for treatments in the clinic at the Bureau of Health; and \$92,609 for the Convalescent Hospital, making a grand total of \$1,510,986; which is sixty-five per cent of the entire budget of the Department of Public Works. And not stopping to compute \$250,000 which is now incorporated in the budget and was allocated to the use of the Outdoor Poor, and which

has already been almost entirely expended; and the \$29,750 which is an appropriation to the hospitals, and has been passed down, in so far as I am able to learn, for many years, and thus given to the different private or quasi-private hospitals in our city for the services they render to our indigent sick. These two items I consider almost mandatory in nature; and if they were left out of the entire budget of \$2,398,000 then the amount that is allocated to the City Hospital, Bureau of Health and Convalescent Hospital rises to seventy-six per cent. of the total budget. Now, I am entirely in accord with economy and I am the last person that wants this budget to default; but I cannot see how the committee expects the Department of Public Works to cut off \$400,000 from its budget as it is now presented unless we close the City Hospital or one of those other institutions.

And it should be brought to the attention of this Committee, and I make this as a public statement, that a fair barometer is the fact that in January, 1932, there were 5,200 indigent families in the City of Newark carried on the poor relief rolls and there is now 14,381 families, an increase of almost three hundred per cent. It is obvious to anyone that you cannot administer to the sick that require hospitalization and that require medication for the same sum when there is an increase of almost three hundred per cent. as is evidenced by that. Now, since this Citizens Advisory Finance Committee has not definitely stated how they expect the Department of Public Works to reduce the budget \$400,000, I therefore recommend and urge that a committee of citizens be appointed, consisting of a newspaper man, one banker, two professional men, one of the legal profession and one of the medical profession, one from industry and one from commerce, and that that committee

go through every department under the five commissioners in this form of government and let this committee come back and make recommendations disclosing where each department is overmanned, where a man is receiving more than he actually returns in compensation; and I say now I want to be placed on public record that I will follow every single recommendation made by that committee when it is presented to me; and I further urge this committee be appointed immediately and that it not be top-heavy with bankers but distributed throughout commerce, industry, the two professions, a newspaper man and a banker, and that this committee then report; and if and when it is found that the budget can be decreased, whether it be my department or any other department, to the amount as requested by this Citizens Advisory Finance Committee, I say this, that then at that time, if I understand finance as it is presented to me, with a reduction like that, the bond issue of the City will have been further enhanced, then that very same committee should go to those bankers who now hold \$19,000,000 of temporary bonds and ask for a reduction in the interest rate on that \$19,000,000 on the theory, and the practical theory, that the bonds are further enhanced in value.

Mayor Congelton: The motion before the Commission is the adoption of the amendments to the ordinance. All in favor will say aye, opposed no; the clerk will call the roll.

The roll being called, the amendments were redeclared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Mayor Congleton.

Mayor Congleton: The amendments are adopted.

The ordinance as amended was then read by the Clerk as follows:

AN ORDINANCE RELATING TO TAXES FOR THE YEAR 1933.

BE IT ORDAINED By the Board of Commissioners of the City of Newark, New Jersey, that there shall be

assessed, raised by taxation and collected for the fiscal year 1933, the sum of Twenty Million, Four Hundred Eighteen Thousand, Three Hundred Ninety-eight Dollars and Twenty-one Cents (\$20,418,398.21) for the purpose of meeting the appropriation set forth in the following statement of resources and appropriations for the fiscal year 1933:

Mayor Congleton: The ordinance is now before us as amended. All in favor of the adoption of the ordinance will say aye, opposed no; the clerk will call the roll.

The City Clerk: Commissioner Egan.

Commissioner Egan: Aye.

The City Clerk: Commissioner Ellenstein.

Commissioner Ellenstein: I vote for the ordinance as now is with this fur-

ther reservation or qualification, that I am opposed to the salary reductions as now set up and which comprises part of the budget, and upon which the tax ordinance has been predicated in the manner in which the salary reduction ordinance now appears. I am in favor of a reduction and standardization according to the present conditions in the upper brackets of salaries, and it is my belief that more economy can be obtained in that fashion than could be a general reduction; so I vote in favor of the ordinance with the qualification that I am opposed to salary reductions as now set

up in the salary reduction ordinance.

The City Clerk: Mr. Mayor.

Mayor Congleton: Aye. I declare the ordinance adopted.

The City Clerk presented An ordinance to prohibit the purchase of clearing house certificates or evidences of claims for less than their face value, and stated that today was the time fixed for hearing on the same.

Commissioner Egan: I move the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Mayor Congleton.

The City Clerk presented An ordinance respecting the salaries or compensation of officers and employees of and persons holding an office or position under the government of the City of Newark, New Jersey, for 1933, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton Does anyone desire to be heard further on this ordinance?

No one appearing, Commissioner Egan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioner Egan, Mayor Congleton.

Nays: Commissioner Ellenstein.

Commissioner Egan moved that the following ordinance be taken up on second reading:

An ordinance respecting the salaries or compensation of officers and employees of and persons holding an office or position under the government of the City of Newark, New Jersey, for 1933.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Mayor Congleton.

Nays: Commissioner Ellenstein.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Section 7 declared open to amendment.

Section 8 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Egan moved that the

ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Mayor Congleton.

Nays: Commissioner Ellenstein.

Commissioner Egan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Mayor Congleton.

Nays: Commissioner Ellenstein.

Commissioner Egan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Mayor Congleton.

Nays: Commissioner Ellenstein.

Commissioner Egan moved that the title of "An ordinance respecting the salaries or compensations of officers and employes of and persons holding an office or position under the government of the City of Newark, New Jersey, for 1933," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioner Egan, Mayor Congleton.

Nays: Commissioner Ellenstein.

The clerk then read the title of the ordinance as follows:

An ordinance respecting the salaries or compensation of officers and employes of and persons holding an office or position under the government of the City of Newark, New Jersey, for 1933.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes.

Yeas: Commissioners Egan, Mayor Congleton.

Commissioner Ellenstein: No. I am voting no to this ordinance. I am in favor of economies. I do not think this is economy. I think it is false economy. There ought to be a readjustment and standardization of wages and a survey made of the different departments, every department of the City government, and particularly in the upper brackets, and a great deal more could be accomplished in the way of economy; and where it is found there is overlapping, overmanning, adjustment could be made there, and in my opinion a great deal more economy could be obtained in that way than any other way, and I believe that it would be to the advantage of our municipal employees. I therefore vote no on the ordinance.

Mayor Congleton: I declare the ordinance adopted.

Commissioner Egan offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Zoning Enforcement Officer, an application for

a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Ransley Motors, Inc. (Estate of Augusta Groel, and Thomas Garrigan, owners) for the outdoor sale of used automobiles; premises 790-792 South Orange Avenue; for the period of one year, on condition that all signs and lighting fixtures meet the approval of the Board, and that no sign be erected less than ten feet from the sidewalk line;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Zoning Enforcement Officer, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Mary W. Taylor,

owner, for the construction of a gasoline station; premises 865-869 Clinton Avenue; for the period of eight years, on condition all signs, lighting fixtures and fences meet the approval of the Board, and that the station be closed between midnight and 6:00 A. M.;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Irving Segler, 164 Market Street:

This property is located on Clinton Avenue and Twentieth Street, I think it is the last lot in the City of Newark. The right-hand side going to Irvington directly opposite the Lehigh Valley Railroad coal yard. This property has been vacant for many, many years, nothing on it, and the only thing it could be used for is the operation of a gas station. There is no objection here to it. There were some objectors at the Board of Adjustment hearing and certain changes were made, Mr. Mayor, in the revised plans to meet the objections.

Mayor Congleton: So there would be no entrance on the side street.

Mr. Segler: Yes, and there was to be a fence put up and certain hours of operation to conform to the wishes of these two objectors.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Frank and Arthur Lindeman, owners, for the construction of a gasoline station; premises 345 Badger Avenue; for a period of eight years, on condition that all signs and lighting fixtures meet the approval of the Board, and that plans be amended to eliminate the two most westerly pumps;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Yeas: Commissioners Egan, Ellenstein, Mayor Congleton.

WHEREAS, the Board of Commissioners of The City of Newark, on December 14, 1932, authorized the execution of a certain agreement dated November 9, 1932, between The City of Newark and Great Lakes Coal and Coke Company, for the leasing of lands at Port Newark Terminal; and

WHEREAS, the provisions of said agreement relating to the renewal of said lease, and providing for the vacation of the premises leased upon one month's notice, in writing, are not agreeable to the tenant, and the City is willing to change the said lease to meet the tenant's requirements, in that respect; and

WHEREAS, the tenant is willing to sign the said lease if Paragraphs 12 and 13 are changed to read as follows:

"12: The Tenant shall have the right and privilege of renewing this lease upon the expiration of the term above set forth for periods of one year during the next four years, commencing November 9, 1933, providing notice in writing of such renewal intention is given the City by the Tenant three months prior to the date of expiration of the lease; providing the City has not received an offer to lease the tract of land formerly leased to the Submarine Boat Corporation, at Port Newark, in which latter event the said City of Newark agrees to provide a site in the Port area which, in its opinion, is similar to the premises herein leased, to be used for the same purposes and at the same rental and conditions that this site is leased."

"13: It is further understood and agreed that in the event the city should receive an offer to lease the tract formerly leased to Submarine Boat Corporation, at Port Newark, that in that event the tenant will vacate the premises hereby leased, upon 90 days' written notice to that effect served upon the tenant, provided the city furnishes another suitable area in the port district to enable the company to carry on its operations for the unexpired term of this lease; and the City agrees that in such an event it will, at its own cost and expense, remove to the new site all plant and equipment of the lessee, but in no event shall the cost of such removal exceed the sum of Two Thousand, Five Hundred Dollars (\$2,500.00)."

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark, that the Director of the Department of Public Affairs and the City Clerk are hereby authorized and directed to execute a lease on behalf of the city with Great Lakes Coal and Coke Company, similar in form in all respects to the lease approved by this Board on December 14, 1932, with the exception of paragraphs 12 and 13, which shall read as above set forth.

MINUTES OF MEETINGS OF THE Board of Commissioners

April, 1933

Newark, N. J., April 4, 1933.

A special meeting of the Board of Commissioners was held on the above date in the Mayor's Office at 11 A. M.

Present: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Absent: Commissioner Howe.

The City Clerk read the following communication as a call for the special meeting:

The City of Newark, N. J.
Office of the Mayor

April 3, 1933.

Dear Sir:

I hereby call a special meeting of the Board of Commissioners in the Mayor's Office, Tuesday, April 4, 1933, at eleven A. M., for the purpose of approving and confirming the sale at par and accrued interest of \$400,000 Tax Anticipation Bonds of the City of Newark, and taking action authorizing the Director of the Department of Parks and Public Property to offer for sale to the highest bidder for

cash, lands situated in the village of South Orange.

Very truly yours,
Jerome T. Congleton,
Mayor.

Mr. Peter J. O'Toole, Jr.,
City Clerk,
City Hall,
Newark, New Jersey.

Ordered filed.

Mayor Congleton offered the following resolution:

BE IT RESOLVED that the sale at par and accrued interest of \$400,000 Tax Anticipation Bonds of The City of Newark, New Jersey, dated March 31, 1933, bearing interest at the rate of six per centum (6%) per annum, payable at maturity and consisting of one \$150,000 bond payable April 9, 1933, and one \$250,000 bond payable June 30, 1933, to the Chase National Bank of New York and the Fidelity Union Trust Company of Newark, N. J., made by the Director of the Department of Revenue and Finance pursuant to the resolutions adopted

by the Board of Commissioners on the 29th day of March, 1933, providing for the issuance of \$3,000,000 Tax Anticipation Bonds to be issued in anticipation of the taxes levied or to be levied for the fiscal year 1933, be and the same hereby are approved and confirmed notwithstanding that said bonds do not mature as provided in said resolutions.

Jerome T. Congleton
W. J. Egan
Charles P. Gillen
M. C. Ellenstein

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Commissioner Gillen offered the following resolution:

WHEREAS, The City of Newark is the owner of property, described below, which lands are not needed for public use;

THEREFORE, BE IT RESOLVED, by the Board of Commissioners of The City of Newark that by virtue of Article XVIII, Chapter 152, P. L., 1917, of the State of New Jersey (as amended), said lands be sold at public sale to the highest bidder for cash, after public advertisement in a newspaper circulating in the municipality at least once a week for two weeks prior to such sale; and

BE IT FURTHER RESOLVED that the Director of the Department of Parks and Public Property be and he is hereby authorized to offer said lands for sale to the highest bidder, for cash, and to report said sale and the terms thereof to this Board for confirmation:

Said lands are situate in the Village

of South Orange, Essex County, New Jersey:

Being all that portion of the proposed extension of Eder Terrace lying northeast of the northerly line of Wilden Place and Mt. Vernon Place and being a part of the same premises conveyed by The City of Newark for road purposes by two certain deeds both dated April 6, 1923, one to the Township of Maplewood, recorded in Book V 75/297 and the other in Book D 74/156 of Deeds for Essex County, to the Village of South Orange, and in which lands The City of Newark is alleged to have some interest by way of reverter or otherwise.

Charles P. Gillen
John Howe
M. C. Ellenstein
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

On motion Commissioner Gillen was authorized to execute a lease for the fire house at Park Avenue and Sixth Street.

The following communications were received and read:

A communication from William Stalford, Receiver, making application to operate a general market at 69-71 Market Street, Newark, N. J., was referred to conference.

Chamber of Commerce of the
City of Newark, N. J.
March 29, 1933.

To the Honorable Board of
City Commissioners,
Newark, New Jersey.

Gentlemen:

Newspaper articles indicate that in response to an advertised offer for lease by Commissioner Charles P. Gillen, of the plot formerly known as the Farmers' Market Plaza, the Commissioners have received and are considering a proposal to lease the same and erect thereon a sports arena.

From the information that has been made available concerning the offer, it would appear that consummation of the lease as proposed for a sports arena would make it extremely doubtful as to whether or not the stipulated rental and taxes could be earned, as well as throwing upon an already overburdened market, a group of stores for which there is no immediate need.

In comparison with the assessment on adjoining and similar properties, it would appear that the rental both for the full term and for the early portions of it, is inadequate. The propriety of making any long-term lease during the business depression may be seriously questioned.

The Executive Committee, acting for the Board of Directors of the Chamber of Commerce, therefore, urges that this matter be held in abeyance until such time as the Commission is able to make public the entire details of the proposition, including the names of the promoters or lessees, their financial standing, what guaranties will be given, and all other information necessary for a full and clear understanding of the proposed disposal of any of the City's rights in this property.

Very truly yours,
E. W. Wollmuth,
Executive Vice President.

Ordered filed.

A communication from Congressman Edward A. Kenny regarding the matter of the Mercur Corporation's lease of the U. S. Army Base at Port Newark, N. J., was referred to conference.

Director Egan reported that in the matter of the cut rate store at 696 Broadway Assistant Corporation Counsel Groel rendered an opinion that the above stated business was being conducted illegally, and that the Director of Public Safety had the power to prevent its operation until it was regularly licensed as provided for by the city ordinances.

J. A. Ward, accompanied by Mr. Groel, License Inspectors Roehm and Jessup, Chief McRell and Lieutenant White, Captain Meehan and officers and men from his command, arrested the manager for the corporation, and closed the place.

The manager was taken to the 8th Precinct and held in \$500 bail.

The police detail is being maintained to prevent operation.

George Roehm, License Inspector, made complaint under new merchant ordinance and retail stores' ordinance.

Judge Howe granted adjournment for one week at the request of counsel for the defendant.

Commissioner Gillen moved that the action of Commissioner Egan be ratified and confirmed.

Upon a call of the roll the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Commissioner Gillen: I move that we adjourn.

The roll being called, the motion
was declared adopted by the follow-
ing votes:

Yeas: Commissioners Egan, Ellen-
stein, Gillen, Mayor Congleton.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Mayor Congleton offered the following resolutions:

WHEREAS, The City of Newark is the residuary legatee under the will of Alice W. Hayes, deceased, and has received from said estate moneys and securities of the approximate value of \$900,000; and

WHEREAS, in 1929 a settlement of said estate was effected by Alfred F. Skinner, Trustee under the will, whereby all funds and securities of said estate (except a mortgage for \$12,000, which was retained by him in order that the income therefrom would be available to pay an annuity provided for in said will, in the sum of \$500, to Mary Howell Jones), were turned over to the City; which said mortgage is now in default, the substituted trustees having commenced foreclosure proceedings thereon to liquidate said asset; and

WHEREAS, since the commencement of said proceedings a demand has been made upon the trustees and upon the City, as residuary legatee, by attorneys representing the annuitant, for the payment of the said sum to her; and

WHEREAS, it appears that the annuitant is in need of the money due her from said estate, being dependent upon said funds for her support; and it further appearing that there is a legal obligation on the City to refund to said estate the annuity to be paid under said will;

THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that the sum of five hundred dollars (\$500) be and the same is hereby appropriated to Daniel B. Smith, Substituted Trustees of the Estate of Alice W. Hayes, as a refund to said estate, without prejudice to any rights that the City may have to obtain any moneys due from said estate in the future and to require an account, should such be deemed necessary.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

WHEREAS, The City of Newark adopted a program for dependency relief as authorized by Chapter 394 of the Laws of 1931 of the State of New Jersey; and

WHEREAS, in pursuance thereof the City appropriated \$75,000 for the month of February, 1933, for this purpose, as its contribution toward the financing of said program, on condition that the State would appropriate additional funds for the same purpose; and

WHEREAS, the above appropriation was based upon an estimated expenditure for the carrying out of said program for the month of February, 1933, of \$225,000—\$75,000 of which sum was to be contributed by the City; and

WHEREAS, the City has been compelled to expend \$72,886.77 more than the \$75,000 appropriated for said work; and

WHEREAS, it is the opinion of this Board that the State should appropriate sufficient money to cover the \$72,886.77 expended in excess of the amount estimated;

THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that Meyer C. Ellenstein, Director of the Department of Public Works, be and he is hereby authorized to make application to the State Director of Emergency Relief for an appropriation by the State to The City of Newark of \$72,886.77 to be paid to The City of Newark to cover the additional expenditure for the carrying out of the Poor Relief Program for the month of February, 1933.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

The City Clerk presented the application of the Tom Tuller Company for a license to operate a business engaged in the sale of groceries, meat and merchandise at 694-696 Broadway, Newark, New Jersey, and offering to pay the license fee fixed under the ordinance.

Commissioner Egan: Mr. Mayor and Commissioners, this matter was called to the attention of the Director of Public Safety on Monday to the effect that this store opened on Saturday, April 1, 1933, in violation of an ordinance existent in the City of Newark which requires that places of business such as this be licensed. It is what is regarded as the Big Bear type of store. I conferred with Mr. Groel, Assistant Corporation Counsel, and Mr. Joseph A. Ward, Acting License Commissioner, and issued orders that based upon the ordinance, and provided the Law Department felt it

was the proper procedure from a legal standpoint, the place of business was to be closed forthwith and proprietor placed under arrest. This was done. I now report the matter to the Commission for the reason that this particular ordinance does not delegate the power to any particular director. I most respectfully submit this report to the governing body of the City of Newark and ask for their concurrence in my action.

Commissioner Gillen: I move, Mr. Mayor, that the action of the Director of Public Safety be concurred in.

Mayor Congleton: All in favor of the motion will signify by saying aye, opposed no; the clerk will call the roll.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Mr. Nathan Geller, Lefcourt Building:

Gentlemen, I appear in behalf of the Tom Tuller Grocery Company, a corporation organized under the laws of the State of New Jersey. The officers of that corporation were informed by counsel that in view of the fact that they had proceeded prior to the time of the passage of this ordinance that they did not come within the purview of the ordinance.

Mayor Congleton: What do you mean by that, they had filed a certificate of incorporation?

Mr. Geller: Yes.

Mayor Congleton: And they had not opened their store?

Mr Geller: Had not opened their

store, although they were preparing and installing fixtures.

Mayor Congleton: I do not agree with you on the decisions of our own court with respect to zoning cases. I refer to the Ridgewood case. You have heard the application, gentlemen. What is your pleasure?

Commissioner Gillen: I move the matter be referred to conference.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Mayor Congleton: Does any person have any matter they desire to take up with the Commission?

Mr. Edward A. Dougherty, 176 Huntington Terrace:

Mr. Mayor and Commissioners, two weeks ago I was here about work in Newark. There are four jobs here and the City of Newark spending about \$23,000,000 on three of them, namely, City Railway, Pennsylvania station and Prudential Insurance apartments. There have been eleven foremen on the four jobs and not one of them from Newark.

Mayor Congleton: I have notified the contractor to put off any people that he has that are not residents of Newark. I cannot do any more than I am doing. I am, as I told you before, doing everything that is humanly possible to give this work to Newarkers. I intend to continue to pursue that course.

Commissioner Egan: I put policemen on the jobs to protect the public. A representative of your group in the iron workers came to me and wanted to be sure that they could confer with

the men in charge of the job in making application for work, and I designated Deputy Chief Harris to accompany your men to the plant to interview the man in charge, and you men expressed what seemed to be very sincere appreciation for the cooperation.

Mr. Dougherty: That man that you declare is our representative don't represent us.

Commissioner Egan: I don't know anything about your internal affairs except the fact there are two factions in your union. But at the time this matter was brought to my attention a committee representing the group that you are a part of now was dealt with as I indicated a moment ago. Mr. Sherlock was one of the union group who pleaded to have the policemen taken away from there.

Commissioner Gillen: I move, Mr. Mayor, that the Engineering Department be instructed to investigate the number of employees that are employed on this work and their place of residence, and report back to a conference of the City Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Mayor Congleton: Does anyone else desire to address the Commission?

Mr. Charles Becker, 114 Market Street: We will take the Atlantic Gulf Refining, the Gulf Refining, the Continental Oil, Crew Levick. We are almost a half year in this year and never received assessments for 1933 and the books are closed.

Mayor Congleton: I may say to you that the tax books have been certified to the County Tax Board with respect

to assessments and this Board and our local tax board is without authority to change those figures. If you feel you are aggrieved by that assessment the place for you to go is the Essex County Tax Board. We have performed our duty for this year, and if you do not like what we have done the place for you to go is the next higher board that deals with taxation.

Mr. Valentine B. Kane, 356 Seventh Avenue:

Mr. Mayor and members of this Commission, may we find means whereby Director Egan may put back in the City the two hundred police and firemen? Mrs. Kane and I feel that it is not safe that our children should be called upon to direct traffic in Newark. These children will be assigned at the public schools at the crossings and they will direct the traffic of the children and the pedestrians and the vehicles going by.

Mayor Congleton: Does anyone else desire to address the Commission?

Mr. Geller: On that application I previously spoke on, I understand that one of the men connected with this firm also conducts a department in the market in Passaic. This man has been a resident of Newark for thirty years, been engaged in the same type of business for most of that time.

Commissioner Gillen: We will take it up in conference. I move we recess to two-thirty this afternoon to take up the beer bill in conference, and if we reach a decision we will return here this afternoon; if not, tomorrow morning.

W. J. EGAN
CHARLES P. GILLEN
M. C. ELLENSTEIN

The Board of Commissioners of
The City of Newark, N. J.

P. J. O'TOOLE, JR.
City Clerk.

Newark, N. J., April 6, 1933.

An adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date at the City Hall, Newark, N. J., on Thursday, April 6, 1933, at 11 A. M.

Present: Commissioners Ellenstein, Gillen, Mayor Congleton.

Absent: Commissioners Egan, Howe.

Mayor Congleton: This is an adjourned meeting. The clerk will read the resolution regulating the sale of beer.

WHEREAS, the Legislature of this State on April 5, 1933, passed an act entitled "An Act Concerning the manufacture, distribution and sale of certain beverages having an alcoholic content and providing for licenses, regulations and fees in connection therewith and penalties for violation thereof"; and

WHEREAS, under the provisions of said act it shall be lawful to manufacture, distribute and sell certain vinous liquors or fermented malt, including ale, beer, lager, porter and wine having an alcoholic content not greater than 3.2 per centum by weight (hereinafter in this resolution called beverages); and

WHEREAS, the governing body of any municipality in this state under the terms of said act may by resolution provide for the temporary licensing of any individual, partnership or corporation to distribute or sell beverages, as defined in section 1 of said act;

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark:

1. For the purpose of this resolution

the word "person" shall be construed to mean a person, individual, firm, partnership or corporation, voluntary association and the principal or agent thereof;

2. No person shall distribute, dispose of, sell or expose for sale any of the beverages referred to above within the City of Newark without first obtaining a license and paying the license fee hereinafter prescribed;

3. The Board of Commissioners of the City of Newark shall constitute the proper authority to issue such licenses;

4. For the purpose of this resolution there shall be three classes of licenses, depending upon the nature of the business pursued by the applicant:

(a) Distributor's Licenses—Where the beverages are sold and distributed from a truck or other conveyance by the barrel or fraction thereof or by the bottle in quantities of not less than one-half dozen bottles and not for immediate consumption the person so engaged shall pay a license fee of \$25 for each truck or other conveyance used in such business. This provision shall not apply to any distributor who shall obtain a license from the State Tax Commissioner as a distributor for the distribution or sale of said beverages in more than one municipality.

(b) Store Licenses—Where beverages are disposed of or sold by the bottle, barrel or fraction thereof in any store or business establishment and not for consumption on the premises the person so engaged shall pay a license fee of \$10 for each location or establishment in which such business is conducted.

(c) Consumer's Licenses—Where beverages are disposed of or sold for

immediate consumption on the premises the person so engaged shall pay a license fee of \$75 for each location or establishment in which such business is conducted.

(d) A person engaged in more than one class of the business outlined above shall obtain a license for each separate class of business in which he is engaged.

5. No license shall be issued to any person, partnership or corporation unless such person or the members of such partnership or officers and directors of said corporation are citizens of the United States and residents of the City of Newark for at least five years preceding the issuance of such license and are over the age of 21 years, nor to any one who has within the past ten years been convicted of crime involving moral turpitude, nor shall any license be issued to any regularly incorporated club or fraternal or military organization unless the same be incorporated or organized for more than one year last past and the members whereof pay regular annual dues, nor shall any license be granted to any public officers chargeable with the granting of licenses under this act or the administration or enforcement of the provisions hereof nor shall any public officer be interested either directly or indirectly in such license.

6. All licenses issued under the provisions of this resolution shall be subject to the following regulations and restrictions:

(a) The licensee shall comply with all the provisions of the act pursuant to which this resolution is adopted.

(b) No beverage shall be sold to any person under the age of 21 years unless accompanied by his or her parent, nor to any person under 18 years of age;

(c) No males under the age of 21 years nor any females shall be employed as servers of the beverages;

(d) No pool tables, games or amusements or mechanical devices shall be permitted (except musical instruments), where beverages are served.

6. Licensees holding a consumer's license shall have a restaurant license if food is served for a compensation with the beverage.

7. Licensees holding a distributor's license shall not sell in quantities of less than six bottles or its equivalent nor shall such licensees permit the consumption of the beverages in or about the premises of the distributor.

8. Store licenses and consumer's licenses shall be displayed in a prominent place in such establishment and distributor's licenses shall be affixed to the truck or conveyance so licensed.

9. No alcoholic beverages shall be dispensed from any bar as defined in the act aforesaid.

10. No licenses issued under the provisions hereof shall be transferable from person to person nor shall said licenses be transferred from any other place or truck or conveyance than that designated in the license.

11. All applications for licenses hereunder shall be in writing upon forms to be supplied by the City Clerk.

12. The licenses applied for in this resolution may be obtained immediately upon the passage hereof and the delivery of beverages licensed hereunder may commence at any time after midnight April 6, 1933, and the sale after 7 A. M. on April 7, 1933.

13. All licenses issued under the

provisions hereof shall be considered temporary licenses and shall become inoperative at midnight May 25, 1933.

14. The Board of Commissioners may revoke any license granted hereunder for any violation of the provisions of the act under which this resolution is adopted or the violation of any of the provisions of this resolution.

15. Any person who shall violate any of the provisions of the act pursuant to which this resolution is adopted or any of the provisions of this resolution shall, upon conviction thereof, pay a fine of not more than \$200 or may be imprisoned in the county jail for a period not exceeding 90 days, or both.

Jerome T. Congleton
Charles P. Gillen
M. C. Ellenstein

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Ellenstein, Gillen, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, in order to carry out as expeditiously as possible the provisions of an act of the Legislature of the State of New Jersey, passed on April 5, 1933, entitled "An Act Concerning the manufacture, distribution and sale of certain beverages having an alcoholic content and providing for licenses, regulations and fees in connection therewith and penalties for violation thereof," as well as a resolution to be adopted by the City of Newark based upon the provisions of said act to be adopted simultaneously herewith, it is necessary that an expenditure of approximately \$1,000 be made for the print-

ing of forms and licenses for the carrying into effect of such legislation;

THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that an exigency exists which will not permit of advertising for bids for the furnishing of said printed forms, stationery, etc., in time to carry out the provisions of said act and the resolution aforesaid; and

BE IT FURTHER RESOLVED, that the City Clerk be and he is hereby authorized to purchase stationery and incur printing charges not in excess of \$1,000 for the doing of the Work aforesaid, by virtue of Section 1, Article XI, Chapter 132, P. L. 1917, (as amended).

Jerome T. Congleton
M. C. Ellenstein
Charles P. Gillen

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Ellenstein, Gillen, Mayor Congleton.

Mayor Congleton: The Commission will now recess for the purpose of going over the applications that have been filed and we will reconvene as early in the afternoon as we can. Any of those who are applicants and who are interested in getting their application granted as promptly as possible, it may be advisable for them to be here in case any member of the Commission may want to ask some questions. We are going to go into session immediately and we will act upon all of the applications just as expeditiously as possible. But in fairness I want to say that it is going to be absolutely impossible, as I see it, to pass on all of the applications that have already been filed this afternoon.

We will now recess until three o'clock. In the mean time the Commission will go into conference on the applications.

Commissioner Gillen: I move we recess to three o'clock this afternoon.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Ellenstein, Gillen, Mayor Congleton.

Newark, N. J., April 6, 1933.

The meeting reconvened at 4:45 P. M.

Present: Commissioners Ellenstein, Gillen, Mayor Congleton.

Absent: Commissioners Egan, Howe.

Mayor Congleton: The City Clerk will read off the names and the places where we have granted licenses. The fact that any one's name may not be read does not mean that the application has been denied; but we have gone just as fast as we could and we want to get rid of these so that the clerical force can start making out the licenses; and we will keep on it and will announce more the earliest we can tomorrow. The City Clerk will proceed with the reading and we will then confirm it.

Mayor Congleton: Those are the only ones that will be announced this afternoon. We are going back and keep at it and announce additional ones as early as we can. The receipt that you get for your cash is not a license. You may get in trouble if you don't get a license and display it, so you had better come back with your receipt and pick up your license.

A voice: How about those that did not get their license and sell beer tomorrow?

Mayor Congleton: You will get in trouble. We did not get authority to do this until yesterday and we have worked as hard as we could, and we are going at it again tomorrow.

A voice: Ten, eleven o'clock?

Mayor Congleton: Oh, no, not as early as that. You can see how many we got through this afternoon, and we will expedite it as much as we can. Just a moment and we will have the official vote on the granting of the licenses that have been called off. All those in favor of granting the licenses to the persons whose names have been read out or the places read out will vote aye as the clerk calls the roll, those opposed no.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Ellenstein,

Gillen, Mayor Congleton.

Mayor Congleton: We will now adjourn until twelve o'clock tomorrow noon when we will try to announce others.

(At this time the meeting was adjourned to Friday, April 7, 1933, at twelve o'clock noon).

Mayor Congleton: All in favor of granting the applications to the persons and for the places mentioned for the type of license for which application has been made will signify by saying aye, opposed no; the clerk will call the roll.

Commissioner Egan: Before we vote on these applications, Mr. Mayor, should the investigation that is now under way indicate that the applicant has a criminal record, do we have to have them come before the Commission to show cause why the license

should not be revoked, or can we issue licenses with qualifications?

Mayor Congleton: The statute provides that any license can be revoked for cause. First of all, if the information given on the application is not correct, and it would not be correct if your investigation through the police should show the person had been convicted of a crime and they had not disclosed it, and that would be a sufficient cause and would be a fraud perpetrated upon the Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners, Egan, Ellenstein, Gillen, Mayor Congleton.

Mayor Congleton: The applications are granted. Now, the reading of this long list does not mean that the Commission has completed this work and that others that have not yet been called off have been denied. It does not mean that. It means we will still keep at it and pass on them just as quickly as we can, but it is quite a task. All of those to whom licenses have been granted will get their licenses from the City Clerk, but there is a lot of paper work in getting them out. I suggest, Mr. City Clerk, it is

now after three o'clock, they won't be ready until five, will they?

The City Clerk: Certainly not.

Mayor Congleton: So you may as well go home or get lunch and come back after five o'clock because there is a lot of paper work to be done on making up the licenses.

Commissioner Gillen: I move we adjourn to Monday morning at eleven o'clock.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners, Egan, Ellenstein, Gillen, Mayor Congleton.

(Adjourned to Monday, April 10, 1933, at eleven o'clock.)

Mayor Congleton: All in favor of granting the applications to the persons and for the places mentioned for the type of license for which application has been made will signify by saying aye, opposed no; the clerk will call the roll.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Ellenstein, A P P R O V E D :

Gillen, Mayor Congleton.

Commissioner Gillen: I now move that we adjourn to Wednesday, April 12, 1933, at 11 o'clock.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Ellenstein, Gillen, Mayor Congleton.

JEROME T. CONGLETON

CHARLES P. GILLEN

M. C. ELLENSTEIN

The Board of Commissioners of
The City of Newark, N. J.

P. J. O'TOOLE, JR.
City Clerk.

Newark, N. J., April 12, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Egan, Gillen, Mayor Congleton.

Absent: Commissioners Ellenstein and Howe.

The minutes of meeting of April 5th, 6th, 7th, 10th and 11th were read and approved.

Commissioner Egan introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance relating to, and providing for the licensing and regulating of certain kinds of sales of merchandise, defining offenses and providing penalties for the violation thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. No person, or persons, firm or firms, or corporation, shall advertise, represent or hold out that any sale of goods, wares and merchandise is an insurance salvage, bankruptcy, bankrupt stock, mortgage, insolvent,

assignee's, executor's administrator's, receiver's, trustee's, removal, reorganization, going out of business, selling out, and/or a quitting business at any particular location sale, and/or a sale of goods, wares and merchandise damaged by fire, smoke, water or otherwise, and/or a sale of the goods, wares and merchandise of a former owner thereof, whether in the seller's own name or that of the former owner, at any location other than the seller's bona fide retail establishment where he has been in business for a period of at least six (6) months prior thereto, in the City of Newark, and it shall be unlawful for any person, persons, firm or firms, or corporation, in any of the advertising in connection with any sale to use the word "bankrupt" "bankrupt stock," "United States District Court," "assignee," "receiver," or "trustee," without first filing with the Director of the Department of Public Safety the inventory hereinafter provided for and obtaining from him a license so to do, to be known as a "Closing Out Sale License," provided, however, that nothing in this ordinance shall be deemed to apply to Sheriffs, Constables and other public or court officers, or to any other person or persons acting under the direction of any court of record, selling goods, wares and merchandise in the course of their official duties. The fee for such license shall be and the same is hereby fixed as follows:

For a period not exceeding 10 days.....	\$100.00
For a period not exceeding 20 days.....	200.00
For a period not exceeding 30 days.....	300.00

provided that only one such license shall be issued to any one such person, persons, firm, firms or corporation within a 12-month period, and no such license shall be issued for more than 30 days.

Section 2. The inventory required

by the next preceding section shall contain a complete and accurate list of the stock of goods, wares and merchandise to be sold at any sale for which a license is hereby required, together with the cost price thereof, which inventory or list shall be signed by the person, persons, firm, firms, or

corporation, seeking the license, or by a resident agent thereunto authorized, and by affidavit at the foot thereof, he or such agent shall swear or affirm that the information therein given is full and true, and known by him or such agent to be so.

It shall be unlawful to sell, offer or expose for sale at any such sale, or to list on such inventory, any goods, wares or merchandise which are not the regular stock of the store or other place, the business of which is to be closed out by such sale, or to make any replenishments or additions to such stock for the purpose of such sale, or during the time thereof, or to fail, neglect or refuse to keep accurate records of the articles or things sold, from which records the Director of the Department of Public Safety may ascertain the kind and quantity or number sold.

Section 3. The Director of the Department of Public Safety may, in his discretion, verify the details of an inventory filed for the purpose of obtaining a "Closing Out Sale License," or he may make a check and verify the items of merchandise sold during the sale, and it shall be unlawful for any person, persons, firm, firms or corporation to whom a "Closing Out Sale License" has been issued to fail or refuse to give the Director of the Department of Public Safety, or any person designated by him for that purpose all the facts connected with the stock on hand or the proper information of goods sold, or any other information that he may require in order to make a thorough investigation of all phases connected with the sale.

Section 4. The license fees imposed hereunder shall be paid to the City Clerk.

Section 5. The license to be issued under the provisions of this ordinance

shall not authorize any person, firm or corporation except the designated licensee, to engage in business under such license. Said license shall not be transferable from the person, firm or corporation to whom issued to any other person, firm, or corporation, excepting upon the transferee complying with all the provisions of this ordinance in relation to original application and license, and shall then only be transferable in case the original license fee has been paid. Approval of the transfer may be given by the Director of the Department of Public Safety, and upon payment of a transfer fee to the City of Newark in the sum of 10% of the fee for the original license.

Section 6. The license referred to herein shall be on display at all times at the place designated in the application for such license.

Section 7. A license may be revoked by the Director of the Department of Public Safety for the violation of the terms of the license or falsification in applying for the license, or when, in the opinion of the Director of the Department of Public Safety the business so licensed is conducted in a manner contrary to law or to public morals or to the public health or to the safety of the life or limb of the public. Before a license is revoked the licensee shall be accorded a hearing before the Director of the Department of Public Safety upon at least two days' notice, in writing. The decision of the Director of the Department of Public Safety shall be final as to revocation.

Section 8. A license may be suspended for not more than two weeks by the Director of the Department of Public Safety upon probable cause being shown that the license should be revoked.

Section 9. The Director of the Department of Public Safety shall hold

such hearings and make such investigations as he may deem necessary in carrying out the provisions of this ordinance in relation to suspension or revocation of licenses.

Section 10. Nothing in this ordinance contained shall be construed to relieve any person, firm or corporation from complying with the provisions of any ordinance of the City of Newark relating to the manufacture, sale, distribution or handling of food, food products or merchandise.

Section 11. This ordinance is enacted for the purpose of raising revenue and for the regulation and control of certain kinds of sales of merchandise.

Section 12. If, for any reason, any section, or provision of this ordinance shall be questioned in any court and shall be held to be unconstitutional or invalid, the same shall not be held to affect other sections or provisions of this ordinance.

Section 13. Any person or persons, firm or firms, violating any of the provisions of this ordinance, shall, upon conviction thereof, be punished by a fine in any sum not exceeding \$200.00, or in default thereof may be imprisoned in the County Jail for a period not exceeding 90 days; any corporation violating any of the provisions of this ordinance shall, upon conviction thereof, pay a fine of not more than \$200.00, which may be recovered in an action of debt.

Section 14. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Section 15. This ordinance shall take effect immediately upon final passage and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Commissioner Egan moved that April 26, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered on final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Mayor Congleton.

Commissioner Egan offered the following resolutions:

RESOLVED: That the sum of Two Million, Nine Hundred Seventeen Thousand, Five Hundred Thirty Dollars and Forty-one Cents (\$2,917,530.41) be and the same is hereby appropriated to persons named on the annexed certified lists, being the bills and claims of the Department of Revenue and Finance as follows:

died on Friday, March 24, 1933; and

WHEREAS: Mr. Manning possess-
ed rare qualities of character which
brought to him the genuine respect and
high regard of the many thousands of
his fellow citizens who knew him, as
well as extraordinary talent for his
chosen profession of the law which he
expended diligently and untiringly in
the service of his native City for
many years, serving in high offices
with admirable distinction and honor
which made him an invaluable public
official; and;

WHEREAS: By his sincerity in all
things, his high standards of personal
integrity and probity, and his intense
sense of loyalty, Mr. Manning attract-
ed to himself a wide circle of devoted
friends from all walks of life who are
bowled with profound grief at his
passing;

THEREFORE, BE IT RESOLVED:

The Board of Commissioners of the

P. J. OTOOLE, JR
City Clerk

Newark, N. J., April 13, 1933.

An adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 2:30 P. M.

Present: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton offered the following resolutions:

WHEREAS, The Board of Commissioners of the City of Newark adopted its Budget for municipal purposes for the year 1933 on the 11th day of March, 1933, in the sum of \$16,418,398.21, and

WHEREAS on the twenty-ninth day of March, 1933, it levied through its Tax Ordinance the appropriation for municipal purposes above referred to, together with an appropriation in the sum of \$3,000,000 for the support of the Public Schools as fixed by the Board of School Estimates, and

WHEREAS, in order to meet the present financial conditions it is deemed advisable by the Board of Commissioners of the City of Newark to reduce the amounts heretofore appropriated for the support of the City Government and the Public School System for the calendar year 1933 by \$2,000,000 per annum,

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that there be and hereby is deducted from the Budget for municipal expenses and the appropriation for the support of the schools the sum of \$1,500,000, and the same be and hereby is appropriated to Surplus Revenue to be used in reduction of the amount to be raised by taxation for the calendar year 1934, said sum of \$1,500,000 to be appor-

tioned between the various activities supported through said appropriations as hereafter determined by action of the Board of Commissioners.

Mayor Congleton: All in favor of the adoption of the resolution just read will signify by saying aye, opposed no; the Clerk will call the roll.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein.

Commissioner Gillen: Mr. Mayor, it seems that this is the only way in which the city can meet its present financial crisis. The payrolls are due and there is no money with which to meet them, and the bond buyers in New York have laid this down as an absolute necessary thing for the City Commission to do, otherwise, the money cannot be raised by the city to meet these pressing obligations. I have had different ideas about trying to finance ourselves, but in the face of a situation of this character I must submit. The people are waiting for their money; the city owes money for months now for goods that have been purchased, and the city employees are waiting for their pay; and inasmuch as this is the only thing that can be done at the present time to meet a situation of that character I will vote aye on the resolution. But at this time I would suggest to the City Commission that we go into the matter of having bonds, baby bonds and other kind of bonds, issued and sold over the counter. The bankers today in conference seemed to think that that would be a very good thing for us to

do; if there is any way in which we can raise money outside of the methods we have been using they are perfectly willing, and I believe happy to have us do it. And I think that after this meeting the Commissioners ought to consider the question of having these bonds printed and sold over the counter in the City of Newark to help us in future financing of the city.

Yeas: Commissioners Howe and Mayor Congleton.

Mayor Congleton: I declare the resolution adopted.

BE IT RESOLVED, That the sale, at par and accrued interest of \$1,750,000.00 Tax Anticipation Bonds of the City of Newark, dated April 14, 1933, bearing interest at the rate of six per centum (6%) per annum, payable at maturity and consisting of one (1) One Million (\$1,000,000.00) Dollar Bond payable July 1, 1933, and one (1) Seven Hundred Fifty Thousand (\$750,000.00) Dollar Bond payable July 1, 1933, to the Guaranty Trust Company of New York and to the Chase National Bank of New York, made by the Director of the Department of Revenue and Finance, pursuant to a resolution adopted by the Board of Commissioners on the 29th day of March, 1933, providing for the issuing of \$3,000,000.00 Tax Anticipation Bonds to be issued in anticipation of taxes levied or to be levied for the fiscal year of 1933, be and the same is hereby approved and confirmed.

Resolution Authorizing and Approving the Temporary Assignment of

BE IT RESOLVED, By the Board of Commissioners of the City of Newark, New Jersey;

WHEREAS, present economic conditions, particularly present-day unemployment, have created an emergency in the relief of the poor and needy of the City, requiring the assignment of certain employees of the Welfare Department temporarily to the State Emergency Relief Administration.

NOW, THEREFORE, The Board of Commissioners does hereby authorize and approve the temporary assignment to the State Emergency Relief Administration of such employees of the Welfare Department as shall be designated by the Director of Public Works, with the consent of the Municipal Director for the City of Newark of the State Emergency Relief Administration. Such assignment shall be subject to revocation at any time by the Director of Public Works and to renunciation at any time by the said Municipal Director. The salaries of such assigned employees during the period of such assignment are to be paid out of funds of the State Emergency Relief Administration; but such employees shall continue as city employees, without prejudice to their service, rank or title as such, without prejudice to their status under an act entitled, "An Act regulating the em-

ployment, tenure and discharge of certain officers and employees of this State, and of the various counties and municipalities thereof, and providing for a Civil Service Commission, and defining its powers and duties," and the various amendments thereof and supplements thereto, and likewise without prejudice to their pension status and rights subject, however, to payment by said employees, into any pension fund of whatever amount would have been deductible and payable into said fund from their salaries as city employees.

To The Commissioners of the
City of Newark.

Mayor Congleton offered the following resolution:

WHEREAS, In accordance with the law and by authority of the Board of Commissioners of the City of Newark, New Jersey, the Board of Purchases publicly solicited, received and opened bids for the furnishing and delivering of Horseshoe Pads.

RESOLVED: By the Board of Commissioners of the City of Newark that the contract for the furnishing and delivering of said horseshoe pads to the City of Newark, be and the same hereby is awarded as follows, being the lowest formal bidder in response to public advertisement for sealed proposals, the amount of its bid being as follows, and the Director of the Department of Public Affairs and the City Clerk of the City of Newark are hereby authorized and directed to execute on the part of the City of Newark, proper contract for the furnishing and delivering of said Horseshoe Pads.

We, the people residing in the locality of Joseph Street, Esther Street

and Albert Avenue do submit to you a protest in the form of this undersigned petition against the erection and operation of a Chicken Market at the corner of Joseph Street and Albert Avenue.

We are informed that an application for the erection and operation of a Chicken Market at the said address has been submitted to you for approval.

We wish that this signed petition

of nearly all the residents in the neighboring locality signed in protest against the aforementioned project be given your utmost consideration.

Thanking you in advance for your past kindness and consideration, we remain,

The Citizens of the Island Section.
(Signed by Joseph McKeon
and 60 others).

Commissioner Egan moved that the communication be referred to Commissioner Ellenstein.

Commissioner Egan: Mr. Mayor, that petition was submitted to me, and I have had it presented to the Commission formally. I understand this application will be in the heavy industrial zone, which makes it come before Dr. Ellenstein through the Health Department. I move you that the petition be received and referred to Dr. Ellenstein and that it be the attitude of the Commission that this permit be not granted.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Commissioner Egan offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Patsy Tremarco
(George Caponegro, owner) for the

construction of a gasoline station; premises 312 Walnut Street; on condition that signs, lighting fixtures and fences meet the approval of the Board;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Egan moved that the application be laid over until April 26th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

A communication dated March 6, 1933, from J. Lichtman & Son Realty Co., 341 Frelinghuysen Avenue, protesting against the application for a gasoline station at 392-396 Market Street was received and read and on Motion ordered filed.

The City Clerk presented the application of Bernardino Carlesimo, owner, for the construction of a gasoline station; premises 392-396 Market Street; for a period of eight years, on condition that all signs, lighting fixtures and fences meet the approval of the Board; and stated that today was the time fixed for hearing on the same.

Mayor Congleton: Does anyone desire to speak on this application?

Mr. Max J. Mareiniss, 24 Branford Place. I appear in behalf of nine

property owners objecting. This man has a curb service and wants to erect a drive-in which will depreciate their property value.

Commissioner Egan: I move the matter be laid over for one week so the Commissioners can inspect the premises.

April 18, 1933.

Honorable Peter J. O'Toole, Jr.
City Clerk, City Hall, Newark, N. J.

At a regular meeting of Labor's
Non-Partisan Political Body of Essex
County, New Jersey, held Sunday,
April 14th, at the Newark Labor
Lyceum, a resolution was passed by
unanimous consent of the delegates
assembled, requesting the City Com-
missioners of the City of Newark to
exert their influence in an effort to
have Blue Laws "Vice and Immorality
Act" and the Sunday sale of 3.2 beer
placed upon primary ballot to be
voted upon in the primary election as
a matter of local option and home
rule.

Trusting to receive your favorable
response and thanking the City Com-
missioners for its cooperation in the
past, I am,

Yours very truly,
Charles Nobbe,
Secretary.

Mayor Congleton: All the Commis-
sioners have been in favor of it with-
out a referendum.

On motion the communication was
referred to Conference.

A communication dated April 13,
1933, from Mr. Nat Frank, relative to
solution of the present and impending
financial difficulties of Newark, was
received, read and on motion ordered
referred to Conference.

A communication dated March 27,
1933, from Mr. Morris H. Klein, 128
Market Street, enclosing a protest
signed by 90% of property owners
who are produce merchants located on
Miller and Wright Streets, protesting

the use of Farmer's Plaza by speculators selling inferior produce, was received, read and on motion ordered referred to Commissioner Gillen.

Raymond LeMassena
810 Broad Street
Newark, N. J.

April 4, 1933.

Dr. Meyer C. Ellenstein,
Director of Public Works,

Dear Director:

Herewith you will find the original proposition for Camp Newark, at Neptune City, N. J., which was arranged by me for Director Murray, in exchange for the ocean front property, at West End, N. J.

The West End property adjoins the United States Life Saving Station at West End, and was selected by Director Murray after a careful inspection of Ocean front properties that were for sale or exchange from Beach Haven to Long Branch, N. J. The owners of this ocean front property were told by Director Murray after negotiations had been carried on for some time that their property was suitable for the Newark Boys' Camp and he would take the property.

The owners of the property then had the proper action taken by the West End Town authorities permitting this property to be used for Camp purposes, and passed a resolution for that purpose.

The question of paying cash or exchanging the old Camp Newark property at Neptune City now owned by the City of Newark, was left for the Director to decide, and the Director finally said he thought the exchange would be best for the City of Newark. He said that he knew of no better way to dispose of the old camp prop-

erty than to use it in part payment for the new. The old camp property cost the City of Newark, at the time of its purchase, \$6,000.

In order that these two sales ordered by Director Murray, may be closed promptly, you are requested to give them the prompt attention promised me by you, in order that I may be paid for my services at once, and the property owners satisfied that their long wait was only caused by Director Murray's sickness and death.

The records handed you at the Commissioners' meeting were taken from Director Murray's own files in his office at the Lefcourt Building, Newark, N. J.

For myself permit me to say that my expenses amounted to considerable money during the time the negotiations were under way, and now that money is badly needed for myself and family.

Hoping that it will be unnecessary for me to say anything more regarding my personal affairs to you or the other Commissioners of the City of Newark, as all business men in my line have carried heavy responsibilities for so long that they are at their wits' end to keep business going under present conditions.

The situation is serious with me and yet could be easily overcome, would you and the other commissioners of the City of Newark, do their part in closing these two sales at once, or else by paying me for my services without further delay and then taking the properties as soon thereafter as possible.

Respectfully yours,
Raymond LeMessena.

Commissioner Gillen: I move this matter be referred to Dr. Ellenstein.

Commissioner Ellenstein The matter has been referred to me, and I think the matter ought to be referred to the Legal Department. If Mr. Le-Messena has a claim we ought to have the opinion of the Legal Department. I would move that the matter be referred to the Legal Department for opinion as to whether or not Mr. Le-Messena has a claim.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

North Roseville Taxpayers Association, Inc.
Newark, N. J.

April 12, 1933.

Director William J. Egan,
Department of Public Safety,
Newark, New Jersey.

Dear Sir:

At the last meeting of this association, held April 7, 1933, it was unanimously resolved that the following communication be sent to the Commissioners of the City of Newark:
Honorable Sirs:

We would kindly call your attention to a condition in this section of Newark; perhaps, not dissimilar to many other sections of this city.

We house a great number of the unemployed, who are from six months to over one year in arrears, in payment of their rent. In many cases, the houses are completely tenanted by these unemployed and not enough rent is collected to even pay for the water rent.

We have housed these unemployed, up to the present time, not only at

the risk of losing our property but, in many cases, have been compelled to deprive our families and ourselves, of the very necessities of life because, most of us are also unemployed. The only reason we are called landlords is because we hold deeds to parcels of property.

We must either receive some immediate relief from this unjust load, or be compelled to dispossess all these tenants at once.

Unless you may have a better plan, we would suggest that in addition to the two days work required from these unemployed for their grocery checks, a few days work be given them on projects that sooner or later must be done, and can now be done at a very low cost. This additional work need not be paid in cash but, in script payable for rent and acceptable for taxes.

Respectfully yours,
Vincent Albano, Secretary.

North Roseville Taxpayers Protective Ass'n, Inc.
Residence: 639 No. 8th Street.

P. S.—A copy of this letter has been mailed to Chief Clerk Swain and to each Director.

Commissioner Egan: I think that will have to be referred to Franklin Conklin under the circumstances, won't it?

Mayor Congleton: Yes.

Commissioner Egan: I will make that motion so that we can dispose of it.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellen-

stein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: The Commission will now hear anyone who has any matter to discuss with us that is pending before us or that we have jurisdiction over.

Mr. Philip Eisen, 2 Schuyler Avenue: Mr. Mayor and Commissioners, the Zoning Board on December 7, 1932, rejected a permit for a gasoline station at Irvington Avenue and Putnam Street. I ask you to reopen this, as the majority of residents in that locality are in favor of this station.

Commissioner Egan: I make a motion that the matter be reopened.

Commissioner Ellenstein: I will second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: The hearing will be held May 3, 1933.

Mr. John Murray, Lefcourt Building: Mr. Mayor and Commissioners, I would like to request a rehearing on the 134 Halsey Street chicken market application which was made some time ago.

Mayor Congleton: Do I hear any motion? I hear no motion, Mr. Murray, to reopen.

Mr. Murray: All right.

Mr. Thomas J. Halloran, 24 Brantford Place: Mr. Mayor and members of the Commission, I represent fourteen ironworkers who were yesterday dismissed from the city job. Why were these men dismissed?

Mayor Congleton: Because they were non-residents. If it is proven to me that my information is not correct I will endeavor to correct any injustices that I may have done.

Mr. Henry Green, 280 Goldsmith Avenue: Mr. Mayor and gentlemen of the Commission, I propose that you take action to reduce the price of gas, electric and telephone rates.

Commissioner Gillen: I move you, Mr. Mayor, that this matter be referred to the Lighting Bureau for a report on the rates.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Does anyone else desire to address the Commission?

Mr. Raymond LeMessena, 810 Broad Street: Mr. Mayor, as a Welfare Worker, I feel that more work for the unemployed should be provided for.

Mayor Congleton: Mr. Franklin Conklin's Committee has a special committee carrying on a campaign along such lines. They have even used billboards trying to urge the public to do just what you are asking, and they are carrying on an intensive campaign. If you have any suggestions that you think will help them in their work you ought to consult that Committee.

Mr. Ray Hatfield, 324 Morris Avenue: Honorable Mayor and Commissioners, I wish to acquaint you with some of the facts that exist today in the building work. Take the job of the Prudential housing project going on now. Nine ironworkers there and six of whom are out-of-town resi-

dents I am unable to go to work there.

Mayor Congleton: I am in thorough sympathy and accord with everything that you have said about the work going to resident people. I have constantly been at that matter ever since these jobs started, and wherever I could get proof I have ordered people laid off. You probably just a few minutes ago heard of the people who had given Newark addresses that we believe are not bona fide addresses, and fourteen men were ordered laid off last night, including the foreman; and now you see them here this morning with counsel insisting that they are bona fide residents. And I would be glad to have you meet with me at three-thirty this afternoon and if you have information that these people are not bona fide residents, I welcome any information that I can get.

Commissioner Gillen: I move it be referred to the Engineering Department.

Mayor Congleton: I just wanted to say for the Engineering Department, Commissioner Gillen, you will recall two weeks ago a motion was made to that effect, and we have been at it constantly since. Now, with respect to the Prudential job, I had a list of the employes from the contractor only just a few days ago, with their addresses. At that time there were two ironworkers that were non-residents: one was the Superintendent, who I understand had been with the company that has this contract for years, and which they call one of their key men that goes from job to job with them. I found there were twenty-one carpenters that do not actually live in the City of Newark. The contractor came back to me with the statement, however, that all of these men are union men and he has employed them from the business agents, and that the jurisdiction of the carpenters union

extends not only through Newark, but Orange and West Orange and the neighboring locality, and every man that was on the job, according to the records given to us, lives within the jurisdiction of this local. The contractor says he would be very glad to take Newark people if the business agent will give them to him, but he does not want a strike. He says this, "there are Newark people working outside. If I say to outsiders who are members of this local, 'You cannot work in Newark,' why, then your Newark men that are working in Orange and West Orange will be thrown off." So I have been doing my very utmost to try and protect Newark labor, and it is a very difficult proposition. Here comes this controversy within the union.

Commissioner Gillen: With respect to the postoffice, the City has no jurisdiction over the construction of the postoffice; but Representative Lehlbach had a great deal to do with this postoffice matter, and I would move that that complaint about the employees engaged on the construction of the postoffice be referred by this Commission to Congressman Lehlbach to investigate and to do what he can to remedy the situation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mr. O. Henry Grois, 704 South 14th Street: Gentlemen, how about closing the saloons on Sunday?

Mayor Congleton: Make your drive on Trenton now because they are preparing their new bill for May 25th.

Commissioner Gillen: I think the provision in the act prohibiting the sale of this non-intoxicating beer—it

has been declared non-intoxicating by Congress—is a remnant of the old hypocrisy that put prohibition over on this country; and I feel it is very injurious to New Jersey and very unfair to the residents of the State. We have three hundred miles of coast line in New Jersey dotted by hundreds of summer resorts to which are attracted countless thousands of people from outside the state. They come into New Jersey and spend their money here and spend their summers here and New Jersey benefits by that. Now, if you have a proviso in the law which prohibits the sale or drinking of a glass of beer on Sunday, that may result in keeping thousands and thousands of people away from New Jersey and turning away vast sums of money that might be spent in the State. And I believe as you do that Sunday is the day of the working people; in fact, everybody, rich and poor, it is practically the only day they have a chance to take their families out. And if you dine out or lunch out and want a glass of beer with your meals, and if this is non-intoxicating, why shouldn't it be just as reasonable to drink it and sell it on Sunday as it would be on Monday or Tuesday? If it is not sold in New Jersey people will go to New York from New Jersey and spend their money over there. I therefore move you that this City Commission go on record and memorialize the Legislature that we favor eliminating that prohibition against the Sunday sale of beer from the law.

Commissioner Ellenstein: I second the motion.

Mayor Congleton: I go along with the principle of the motion; but the so-called tavern or what we used to call the saloon, I am in favor of those places being kept closed until say two o'clock.

Commissioner Gillen: That is a matter of local option.

Mayor Congleton: Yes. But on the general proposition I am with it, but with the reservation that I am opposed to the so-called what we used to call the saloon, I am opposed to their being open before two o'clock. I think in all restaurants where food is sold anyone who wants a drink should have it.

All in favor of the motion will signify by saying aye; opposed no; the clerk will call the roll.

The City Clerk: Commissioner Egan.

Commissioner Egan: My first thought when the matter was being considered by the State Commission was that it would be inadvisable to have the places open on Sunday. But in further discussion of it in the State and locally, it is my opinion that the principle of closing all day Sunday is not right. I believe in view of the fact that 3.2 beer is recognized by Congress as non-intoxicating that it should be available for sale on Sunday after church hours. In principle I am in favor of the motion made by Commissioner Gillen and vote aye.

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mr. Grois: I would like to have the cooperation of the Commission in protesting against the Bar Association holding its banquets outside the State.

Commissioner Gillen: The City Commission would encourage the thought that all organizations of a local character patronize home industries and hold their functions and banquets here, and I move we sympathize with the thought.

Commissioner Ellenstein: I will second that.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mr. William Herda Smith, 790 Broad Street: Mr. Mayor and gentlemen, this is an application for a rehearing in the matter of an application for a gasoline permit on the southeast corner of Sanford Avenue and Mt. Vernon Avenue.

Commissioner Ellenstein: I move it be reopened for rehearing.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: The matter will be placed on the calendar for two weeks from today and you will be required to give the same notice to the property owners that is required under the rules of the Board of Adjustment.

Mr. Walter Woodruff, 109 Pine Grove Terrace: I would like to ask why I was removed from the Pennsylvania job?

Mayor Congleton: When were you removed, last night?

Mr. Woodruff: I worked there, yes, sir. Last night.

Mayor Congleton: On the assumption that you are anon-resident of Newark. Did the counsel that spoke this morning represent you?

Mr. Woodruff: Yes, sir.

Mayor Congleton: Well, I have an appointment with him for three-thirty this afternoon when the whole thing is to be taken up.

Commissioner Gillen: I move we recess until Friday afternoon at two-thirty.

The roll being called, the motion was declared adopted by the following votes:

Newark, N J., April 26, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date at the City Hall, Newark, N. J., at 11 A. M.

Present: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

The minutes of the meeting of April 19, 1933, were read and approved.

The city Clerk presented An ordinance relating to, and providing for the licensing and regulating of certain kinds of sales of merchandise, defining offenses and providing penalties for the violation thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any one desire to be heard on this ordinance?

Mr. Ogden H. Bowers, 790 Broad Street: This ordinance will do no harm to anyone.

Mr. William L. Greenbaum, 164 Market Street: Mr. Mayor and gentlemen, I represent Mr. Samuel Lerman. We are in favor of this ordinance.

Commissioner Gillen: I move it be laid over one week and the matter taken up in conference.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

A communication dated April 24, 1933, from Congressman Frederick R. Lehlbach in respect to discrimination in work on post office building, was received, read and on motion ordered filed.

The City Clerk presented the application of Bernardino Carlesimo, owner, for the construction of a gasoline station; premises 392-396 Market Street; for a period of eight years, on condition that all signs, lighting fixtures and fences meet the approval of the Board.

Mayor Congleton: Is there anyone here to speak in opposition.

Mr. Barney Larkey, 24 Branford Place: Mr. Mayor and Commissioners, I represent Frank J. Minch the adjacent property owner. He does light factory work there and claims that it would decrease the value of his property as well as other property in that neighborhood.

Mayor Congleton: Is there anyone else in opposition?

Mrs. Mary Bennett, 382 Market Street: I am a property owner there

paying taxes for nineteen years. Why should we have this gas station?

Mr. Carmine Pelosi, 13 Union Street: I object to this gasoline because we got enough gasoline tanks on Union Street.

Mayor Congleton: Is there anyone else in opposition?

Mr. Archangelo Parenti, 15 Union Street: We have been living in the street for the last thirty years and we cannot see any reason why the gas station should go up there in back of our property.

Mayor Congleton: Is there anyone here to speak in favor of the application?

Mr. Bernardino Carlesimo, 392-396 Market Street: For twenty-three years there have been tanks there.

Commissioner Howe: Mr. Mayor, I was not here last week and I ask this be laid over for two weeks for the purpose of inspection.

Commissioner Gillen moved that the application be laid over to May 10th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Anthony Carracino, owner, for the construction of a gasoline station; premises 556-562 Frelinghuysen Avenue; for a period of fifteen years, on condition that all signs, lighting fixtures and fences meet the approval of the Board;

Therefore Be It RESOLVED by the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Egan presented the application of Patsy Tremarco (George Caponegro, owner) for the construction of a gasoline station; premises 312 Walnut Street; on condition that signs, lighting fixtures and fences meet the approval of the Board.

Commissioner Howe moved that the application be laid over until May 10, 1933.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

A communication from the Board of Trustees of the Holy Trinity Parish, dated March 12, 1933, protesting against the erection of a gasoline station, corner Walnut and Adams Street, by Patsy Tremarco, was received, read and on motion ordered filed.

Commissioner Ellenstein offered the following resolution:

WHEREAS, the City of Newark is unable to finance its program of emergency relief without state aid; and,

WHEREAS, State funds have been appropriated by the legislature to the State Director of Emergency Relief for the purpose of furnishing State aid to municipalities in such cases; and

WHEREAS, 15,849 families are at present receiving relief in the city and the need for emergency relief has constantly increased to the point where it is now advisable to request its complete financing from State funds;

Now, Therefore, Be It RESOLVED by the Board of Commissioners of the City of Newark that in accordance with Rules and Regulations No. 10 of the Emergency Relief Administration, to all provisions of which this Board does hereby agree, application be and hereby is made to the State Director of Emergency Relief for a Special Grant of funds necessary to meet the relief needs for the month of May, 1933.

Commissioner Gillen offered the following resolution:

Be it RESOLVED by the Board of Commissioners of the City of Newark, that Charles P. Gillen, Director of the Department of Parks and Public Property be and he is hereby authorized to enter into negotiations with a corporation of the State of New Jersey, known as Red Tower, Inc., for the leasing of premises owned by the City of Newark, on the southwest corner of Washington Street and Raymond Boulevard, being approximately fifteen (15) feet on Washington Street and running to a depth of forty (40) feet on Raymond Boulevard, to be used for the purpose of erecting a modern one (1) story restaurant building for the term of ten (10) years, and subject to the following conditions and covenants:

The corporation is to pay to the City, the sum of Nine Hundred Dollars (\$900) per year, plus the taxes on improvements, for the first five (5) years, and the sum of One Thousand, Two Hundred Dollars (\$1,200.) per year, plus the taxes on improvements, for the second five (5) years; said rent to be paid in equal monthly installments on the first of each and every month, in advance.

The City is to have the right, at the expiration of five (5) years, to terminate the lease upon ninety (90) days notice, in the event that it should obtain a purchaser for the fee simple interest of the said City in the property, upon the payment to the said lessee, of the sum of Two Thousand, Five Hundred Dollars (\$2,500), if the said option is exercised before the end of the sixth year, Two Thousand Dollars (\$2,000) if exercised before the end of the seventh year, Fifteen Hundred Dollars (\$1,500) if exercised be-

fore the end of the eighth year, and One Thousand Dollars (\$1,000) if exercised before the end of the ninth year.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Does any person have any matter he desires to discuss with the commission over which we have jurisdiction?

Mr. Henry Green: Mr. Mayor and gentlemen of the Commission, last week I spoke of the electric, gas and telephone rates being high.

Mayor Congleton: The Lighting Bureau is gathering data to be presented to the Board of Commissioners

Mr. Joseph Cohen, president, Parent-Teachers Association, Hawthorne School: Mayor and Commissioners, the recommendation to retire our most capable men and women in our educational department, who have reached the age of 62—we need our older people now more than ever before. Therefore, I ask the Mayor and Commissioners to do everything to assist the Board of Education to retain our principals, supervisors and teachers.

Mayor Congleton: Does anyone else desire to be heard?

Mr. W. B. MacLeod, 220 Plane Street: Mr. Commissioners, I represent the Waiters and Cooks Union, and some restaurants in the heart of Newark. The license ordinance provides that no license shall be issued to any person, partnership or corporation unless such person or member of such partnership or officers or directors are citizens of the United States and residents of the City of Newark for at least five years.

Commissioner Egan: The state law is three years. We made it five.

Mr. MacLeod: There are two competition concerns who do their cooking and buying in New York and they hire New York help. I don't think it is fair to these restaurant men in Newark who have been in business here for twenty-five years.

Commissioner Gillen: I am in hearty accord with that suggestion. I think we ought to live up the letter of the law in these license cases. We ought to look into it, and if we have granted licenses—I move the matter be taken up in conference and we will look into it.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Gillen: I move we adjourn to ten-thirty, Thursday morning, April 27, 1933.

Absent: Commissioners Egan, Ellenstein, Gillen, Mayor Congleton.

Commissioner Howe: Because of a lack of quorum I will recess the meeting to three o'clock this afternoon.

Newark, N. J., April 28, 1933.

The Board of Commissioners of the City of Newark, N. J., reconvened at the City Hall, Newark, on the above date at 3 P. M.

Present: Commissioners: Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: The meeting will reconvene.

Commissioner Howe offered the following resolution:

BE IT RESOLVED, That the sale, at par and accrued interest of \$1,000,000.00 Tax Anticipation Bonds of the City of Newark, dated April 28, 1933, bearing interest at the rate of six per centum (6%) per annum payable at maturity and consisting of one (1) One Million (\$1,000,000.00) Dollar Bond payable July 1, 1933, to the Prudential Insurance Company of America, made by the Director of the Department of Revenue and Finance, pursuant to a resolution adopted by the Board of Commissioners on the 29th day of March, 1933, providing for the issuing of \$3,000,000.00 Tax Anticipation Bonds to be issued in anticipation of taxes levied or to be levied

for the fiscal year of 1933, be and the same is hereby approved and confirmed.

Charles P. Gillen
W. J. Egan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioner Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: The Commission understands that there are people here who desire to address the Commission. If there are different groups we suggest that you designate a spokesman and we will hear you for a reasonable length of time. Is the Commission correctly informed?

Mr. Edward A. Dougherty, 176 Huntington Terrace: I am an ironworker, a member of local 11 and a citizen of Newark. I have been unable to obtain work for two years. I am married and have a wife and family dependent on me for support. I realize there are thousands of others in the same position as myself. Outsiders are given work that belongs to our own citizens. In 1930 on the City Railway work all the men on that job were from out of Newark. January, 1931, the same thing. June 1931, October of 1931, October 1932, February 1933 and March 1933. Director Gillen made a motion to investigate and bring back the report to your engineers.

Mayor Congleton: You do not want to give this group of men the impression that after the matter was discussed on these various days that nothing was done, do you? Men were discharged constantly, and you know it. Of course, I cannot check up every

day. But we checked up on that job, and on anything that was a city job or where the city had the authority we were constantly, from the beginning of that work, ordering people that were non-residents off the job. Now, I know from subsequent investigation that some of them came back and gave phoney addresses, and I took the trouble and pains to have those addresses investigated; and when we found they were phoney they went off. Now, I don't want you to give the impression to this group that on these various occasions when the matter was brought to the attention of the Commission nothing was done.

Mr. Ray Hatfield, 324 Morris Avenue: Honorable Mayor and Commissioners, I appeared before you a week ago Wednesday. My discussion was the Prudential job. I have been a member of the ironworkers for over twenty years in good standing. On the Prudential Housing project there are seven out-of-town men, one, including the foreman, known as the keyman. I ask your full support in the help of the many needy families and men in Newark.

Mayor Congleton: I certainly will have it investigated.

Mr. William L. Brown: 284 Broad Street: Honorable Mayor and Commissioners, about two and a half months ago I came to the City Hall and complained that the men down on this job are from Jersey City.

Mayor Congleton: Pardon me. Do you know if there are any ironworkers on the Pennsylvania job that are not Newark people?

Mr. Brown: There is a couple down there I have my doubts about.

Mayor Congleton: Because more than a week ago, after we had gotten the latest information that we could

get, we found people there that had Newark addresses but we did not believe they were bona fide residents of Newark and we ordered the contractor to lay them off. That we have some control over down at the Pennsylvania. We haven't that same control with the Prudential job.

Mayor Congleton: Is there anyone else who desires to speak? ?

Mr. Dougherty: Mr. Mayor, the only way this situation can be remedied is to fire those out-of-town foremen.

Mayor Congleton: Are there more than one?

Mr. Dougherty: They are all out-of-town foremen.

Commissioner Ellenstein: Mr. Mayor, I move you that this Commission request the contractor to furnish a list of the names and addresses of those men now on the Pennsylvania job or any other job under control of this Commission, and their addresses for the last year, and that that list be furnished weekly to this Commission.

Commissioner Gillen: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: I would like to say for the information of the men that those lists have been obtained from the contractor from time to time, and that is what we have acted upon, and that is why men have been laid off as often as they have been.

Commissioner Egan: Mr. Mayor, I offer a motion that it be the sense of

this Commission that the contractors on all work in Newark, including the Prudential, be requested in the name of the city to discharge all foremen or any key men who do not live in Newark.

Commissioner Gillen: I second the motion.

Mayor Congleton: All in favor of the motion will signify by saying aye, opposed no; the clerk will call the roll.

The City Clerk: Commissioner Egan.

Commissioner Egan: In making that motion, Mr. Mayor, and in voting in favor of it, I am convinced that we have a sufficient number of men in this city who are fully capable of handling any job that might be done in this city, and I do not believe that any contractor who is doing any work in this city, whether it be private or public, should be permitted, with the approval of this Commission, to bring anybody from outside of the city, even for the key jobs. I vote aye.

The City Clerk: Commissioner Ellenstein.

Commissioner Ellenstein: Aye.

The City Clerk: Commissioner Gillen.

Commissioner Gillen: I heartily approve of the sentiment expressed by Commissioner Egan and vote aye.

The City Clerk: Commissioner Howe.

Commissioner Howe: Aye.

The City Clerk: Mayor Congleton.

Mayor Congleton: Aye.

Mr. Brown: Mr. Ellenstein, included

in your motion was to investigate and send around to these addressees? My reason for asking that is they move pretty fast.

Commissioner Ellenstein: That list of the payroll will be available to you men. I don't know of any provision that is made for investigation, but you men can make your investigation and bring that evidence to the attention of the commission. My motion is that at all times, no matter who is paid on those projects, that their names and addresses be handed in here and their residence for at least one year.

Mr. Brown: If you will pardon me, Mr. Ellenstein, I don't think you go quite deep enough in it, because the payrolls coming up here would mean nothing about these men unless you have an investigator and let some of us familiar with the people in this locality check up with the investigator and find out who these men are, because they will shimmy that payroll, and I know they will.

Commissioner Gillen: I move that be investigated by the City Commission.

Mr. Carl Teske, 65 Merchant Street: How about meeting some of us after the Commission meeting here and give you the names and addresses and you can go to work on them Monday morning and get rid of them.

Commissioner Gillen: As I understand it, it is the sense of the Commission that any evidence like that as to non-residents, that action will be taken. And I believe it comes under your department Mr. Mayor.

Mayor Congleton: No, the Prudential does not come under my department. The building of those buildings is a private enterprise. If Dr. Ellenstein's motion has prevailed, we are

to ask the contractor to give us each week a list of the men working on the jobs with their residence. Now, with that, they will be available to anybody that wants to look at them.

Commissioner Gillen: I move that we ask a representative of the Prudential Insurance Company to come to the conference of the Board of Commissioners and discuss this subject at the earliest time we meet.

Commissioner Egan: I second that motion.

Upon a call of the roll the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mr. Hugh McDonald, 11 Mt. Pleasant Avenue: Mr. Mayor and Commissioners, I am the delegate of six hundred independent ironworkers belonging to the Bridgemen, Ironworkers and Riggers Union of Newark, and also the general agent of the Independent Building Trades Council of about fifteen hundred of the various crafts. When you Commissioners make any disposition of the welfare of the ironworkers that you also include there the independent man, because this organization is comprised of men who through discrimination and exorbitant dues had to drop their tickets in the old union, and form a union of their own. I can say truthfully of our six hundred men there is not one that is not a competent ironworker, and the various other crafts also.

Mr. James Byrne, 2 Orchard Street: This matter was brought up before our executive board a week ago last night, and we as a body were petitioned to appear, and to file a protest against the members discriminating against the various members of our

organization being knocked off in the City of Newark. According to our International Constitution it was impossible for us at any time to discriminate against any member of our organization working any place in the United States or county as long as he carries a good card.

Mr. Peter Roth, 15 Leo Place: Honorable Mayor and Commissioners: At last night's meeting of our executive board a committee of complainants that presented this petition about non-resident members of our organization, after we reported to them, felt that we were not competent to handle this case and they requested our chairman to take it out of our hands, and the executive board, and for him alone to take this up with the Mayor or to conclude this case.

Mayor Congleton: Let me ask you, do I understand from what you have said that the complainants were people that had been discharged from the Pennsylvania job who were not residents of Newark?

Mr. Roth: Several of them.

Mayor Congleton: And that that was what the delegation came down the other day to take up with me, to try and have those men reinstated?

Mr. Roth: Your answer to us, Mr. Mayor, that it would be beyond your powers to do otherwise that the laws you are governed by on this City work, we conveyed to them and it was not favorable. They then withdrew the same petition and the same resolution asking us to come before you men and ask you not to discriminate against our membership; that very same resolution they withdrew and took our powers in this matter away from the executive board and made our chairman all powerful to conclude this case for them.

Mayor Congleton: The point I wanted to get some further information on is this, that even in your own organization at your regular meeting there is not a unanimous opinion that Newark men should get Newark work, and the reason your committee was originally appointed, as I gathered from what you said, was to come to me or to the Commission complaining about having discharged men off of the Pennsylvania job who were not Newark residents. You said the complainants before you were some of the men who had been discharged from the Pennsylvania job and that they were non-residents of Newark. And they were complaining about that action, and based on this complaint, this resolution that you are now referring to was passed and the delegation did come to see me? Based on the complaint that people, non-residents of Newark had been discharged from the job and they thought they ought to go back? So there isn't any unanimity of opinion in your own organization on it? I want to make clear to this group exactly what I told you and Mr. Byrne who has spoken when you were in my office the other day and you had your president and several other members of the executive committee, together with your business agent: When the question was broached about these men were members of the local and that your local had jurisdiction over territory broader than just the City of Newark. I think you will bear me out when I say that I told that committee that it did not make any difference,—and I say this in no arrogant sort of way, but respectfully,—that when it came to work that was paid for by the taxpayers of Newark which was city work, that I would have to disregard

what your constitution or your local regulations said; that the City Commissioners were unanimous in the belief that when city work was being done and paid for by the taxpayers that the bona fide residents of Newark were first entitled to that work.

Mr. Fred W. Dunn, 25 Astor Street: Mr. Mayor and gentlemen of the Commission, Mr. Ellenstein's motion to have all residents investigated, and see that they lived in an address a year back is all right in a way, but we have lots of members on local 11 that had no work, had families, could not pay their rent, and been forced to move.

Mayor Congleton: Does anyone else desire to be heard?

Commissioner Gillen moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

MINUTES OF MEETINGS OF THE Board of Commissioners

May, 1933

Newark, N. J., May 2, 1933.

A Special meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Mayor's Office, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present Commissioners Egan, Gillen, Howe, Mayor Congleton.

Absent: Commissioner Ellenstein.

The clerk read the following call for the meeting:

The City of Newark
New Jersey
Office of the Mayor

May 1, 1933.

Dear Sir:

I hereby call a special meeting of the Board of Commissioners in the Mayor's Office, Tuesday, May 2, 1933, at 11 o'clock A. M., for the purpose of authorizing the renewal of \$500,000 Temporary Loan Bonds on account of Street Openings.

Very truly yours,
(Signed) Jerome T. Congleton,
Mayor.

Mr. Peter J. O'Toole, Jr.,
City Clerk, City Hall,
Newark, New Jersey.

Ordered filed.

Commissioner Howe offered the following resolution:

Resolution Authorizing the Renewal of \$500,000.00 Temporary Loan Bonds on Account of Street Openings.

WHEREAS, The City of Newark on November 2, 1932, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Five Hundred Thousand Dollars (\$500,000.00) for money borrowed in anticipation of the receipt of money expended for Street Openings, said Temporary Loan Bonds being numbered 2823—2824—2825—2826 and 2827 and dated, November 2, 1932, and payable May 2, 1933;

AND WHEREAS, the improvement for which said Five Hundred Thousand Dollars (\$500,000.00) was issued was for Street Openings now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City

is without funds to pay said Five Hundred Thousand Dollars (\$500,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Five Hundred Thousand Dollars (\$500,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Five Hundred Thousand Dollars (\$500,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Five Hundred Thousand Dollars (\$500,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds author-

ized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

Mayor Congleton: This is a rehear-
ing. We first will hear those in op-
position.

Mr. Sidney W. Fuerth, 99 Woodside
Avenue, Maplewood: Mr. Chairman
and gentlemen of the Board of Com-
missioners, the time allotted since
notice of this reopening of the case

has been insufficient for us to prepare our answer in supplement to the previous answer. We most respectfully request a postponement.

Mayor Congleton: For how long, one week?

Mr. Fuerth: Whatever it may please your Honor.

Mayor Congleton: You have heard the application, gentlemen, for a postponement for one week. What is your pleasure?

Commissioner Gillen: I move the request be granted.

Commissioner Howe: I second it.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mr. Philip Eisen, 2 Schuyler Avenue: Mr. Mayor, there was sufficient time, five days.

Mayor Congleton: Now, we have passed a motion, sir, and I would think that the property owners who are in opposition should have a reasonable time. This matter has been before the Board and your application denied on two occasions. It is not reasonable, it would seem to me, for the property owners to ask for a week's adjournment.

Mr. Eisen: I beg to differ with the gentleman who spoke that notices were not served. They were served.

Mayor Congleton: He did not say they were not served, he said, they had not had sufficient time to get their protests ready. He did not say notices had not been served.

Commissioner Egan offered the following resolution:

WHEREAS, on July 6, 1932, the Board of Commissioners, on the recommendation of the Board of Adjustment dated June 21, 1932, adopted a resolution approving the construction of a gasoline station; premises 203-205 Market Street; and

WHEREAS, the Board of Commissioners by resolution dated Feb. 1, 1933, granted an extension of time for the commencement of construction work on this permit, which extension expired April 6, 1933; and

WHEREAS, the owner, Patrick T. Corrigan, was unable to proceed with the work of construction within the allotted time; therefore be it

RESOLVED, By the Board of Commissioners of the City of Newark, that an extension of time be granted to the said Patrick T. Corrigan or his assigns from April 6, 1933, said extension to expire July 6, 1933.

The following petition was received and read:

To the Honorable
Mayor and Commissioners of
The City of Newark:

We, parents and tax payers of the City of Newark, petition you to retain in our Public School System, our Assistant Superintendent, Supervisors, Principals and Teachers, to be retired because they have attained the age of 62.

We all sympathize with our City Officials in their efforts for economy, and realize the necessity for economy in the administration of the affairs of our City. We also sympathize with the Board of Education in its efforts to reduce the school budget, but we question the wisdom of the measure adopted by the Board of Education to remove from our School System, at one time, our most capable and energetic educators.

This measure, if carried out, would indeed be most disastrous to our children, the future citizens of Newark.

That economy, drastic beyond anything we have been accustomed to think of, is imperative in the conduct of our civic affairs, we parents and tax payers do not question, but, why has a trustworthy, faithful and most capable group been selected to carry so large a share of the burden. It is indeed most unfair and unjust to all concerned. The responsibility should be shared by all alike, and no matter what the necessity may be, everyone in our educational system, must contribute, and not merely a chosen few. Is that to be their recompense for long, faithful and loyal service to one's children and community?

They take our place when the children leave the home. It is to them we entrust the lives of our children.

We feel that if this measure will be carried out a great injustice will be done to our educators. They, because of their age, experience and daily contact with our problems, are indeed our guide and help; our friend at all times. They have learned to cope with every conceivable type of child. Now, when their need is greatest, we force them to retire.

There are many other means of saving and reducing the school budget. We are fully aware of the grav-

ity of the crisis in the educational life of our entire community and therefore again appeal to our Mayor and Commissioner who are on our School Board of Estimate to make it possible that the recommendation to retire all educators over 62 years of age be rescinded.

Ordered filed.

The following petition was received and read:

May 1, 1933.

We, the undersigned, who are residents in the immediate vicinity of No. 783 Sanford Avenue, Newark, New Jersey, do hereby object to the erection of a gasoline station on premises No. 786 Sanford Avenue, Newark, N. J.

The following communication was received and read:

April 27, 1933.

Board of Commissioners,
City Hall,
Newark, N. J.

Gentlemen:

I am the owner of property at No. 343 Chapman Street, Newark, N. J., and have received notice for the erection of a gas station at No. 786-792 Sanford Avenue. My house is a one family house, and the grounds of this station immediately join my back yard.

I have no objection to this station, and the neighbors near me have no objection to this station. As a matter of fact, we are in favor of a gasoline station as this does not shut out our light and air.

I understand Sanford Avenue is in the business district, and stores and apartments would be more objectionable to me.

I request that you grant the permit

for this station so that I may have no further fear that there would be some objectionable business property built in the rear of my house.

Very truly yours,
James H. Brown.

Ordered filed.

Commissioner Gillen: Mr. Mayor, I do not have to remind you or the citizens how the property owners are worried today over their taxes. There was a law passed on April 11 which to become effective must be adopted by resolution of the City Commission. Property owners will be thus granted an opportunity to pay arrearages over a period of five years. Such installments shall be payable every month or quarter, with interest on the unpaid balances at the rate of seven per cent. per annum. During the period of the extension of time by the City Commission the lien of such arrears shall be suspended and the amount thereof shall not be considered due except as the same becomes payable in installments under the terms of the act. The municipality shall have no further right to enforce payment of arrears as long as such installment payments are made. This extension of time and suspension of lien of existing taxes in arrears shall not prevail until the first half of the 1933 tax thereof has been paid. The adoption of such a resolution by the governing body and the suspension of the lien of arrears will afford great relief to the property owners upon whom these tax arrears have been pressing down as a nightmare, not altogether because of the imminent danger of the sale of their properties, by the municipalities, but because of the fear which they have of foreclosure proceedings by holders of mortgages on their property by reason of non-payment of taxes, even though the interest on such mortgage encumbrances have been paid. The

mortgage encumbrance on the property under this measure is still maintained as a first lien upon the property because of the suspension of the lien of the taxes, and property owners need not fear that foreclosure suits will be brought against them by the mortgagees because of non-payment of their taxes. It will relieve thousands of property owners from anxiety and enable them to sleep at night, and bring to the municipality the prompt payment of the first half of 1933 taxes.

Now, as stated, the governing body, of course, must pass a resolution. It seems to me that these are extraordinary times, far beyond anything we have ever experienced before, and they are so unusual and the property owners are in such a distressful condition that I think the governing body of this city should do everything possible to help them out of their terrible dilemma. Every indication today seems to point to a recovery of business, and the trade reports all over the country show an upturn in all kinds of trade and business; and we are all hoping and longing for better times when people will have a little money to meet these payments of their back taxes. So in these circumstances it seems to me we should take action; and I would offer a motion to ask the Law Department to prepare a resolution to be presented at the meeting next week. In the meantime all the Commissioners will have had an opportunity to examine carefully into the matter—I think you are familiar with it anyhow—and decide what you want to do with it.

Commissioner Ellenstein: I second that motion.

Commissioner Gillen: It is amended so they have to pay the current taxes.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Does any person have any matter they desire to take up with the Commission this morning that we have some jurisdiction over?

Mr. Leonard Corey, Lucas Street, Hillside, New Jersey, business agent of the Carpenters of Essex County:

Mr. Mayor, men on the Miller job, last section of the City Railroad, are compelled to rebate or give back \$4.20 a day out of \$11.20. Four of the six carpenters have made affidavits asking you gentlemen to investigate this.

Commissioner Egan: Mr. Mayor, may I make a report on it so the other Commissioners outside of yourself and myself may be familiar with this matter so they will be able to deal with it intelligently this morning. On last Saturday Mr. Corey conferred with yourself and myself having to do with the I. Miller job on the canal, bringing to our attention the fact that I. Miller had apparently sub-contracted some of this work and was recognizing local labor conditions and paying the prevailing rate to all appearances. And after I conferred further with Mr. Corey and called in the Police Department to investigate the matter. And we are satisfied from our investigation, supported by affidavits by men who worked on the job, that this contractor has been conducting himself contemptibly in face of the fact that he entered into this contract with the city of Newark in good faith. It is our firm opinion, well supported, that he for the record paid the prevailing rate of wage, \$11.20, and then demanded that the throwback of \$4.20 be made effective. Investigating the actual return of this money on Monday, we are convinced that it was done and done very adroitly by the agents of I. Miller and Company.

Mr. Corey: Beg pardon, it is the subcontractor.

Commissioner Egan: We do not recognize the subcontractor; I Miller and Company has a contract with the City of Newark, and this subcontracting is just another feature of manipulation on the part of the contractor who wants to apparently keep himself clean on the surface and uses some organization to give himself a veneered covering. These men find it almost impossible to obtain employment today, and when they do find work, and this particular work is under the auspices of the city, it seems a pity and a shame that a contractor will take advantage of the man who is working for a living by compelling him to pay back tribute to the contractor as a bonus, if you will, for the work that is supplied to him through the contractor because of the city's activities at this time. I see Mr. Miller in the audience this morning. We have had him in the Police Department with the so-called subcontractor. I have affidavits here signed by four men who are members of the Carpenters Union and who maintain a proper position as skilled mechanics in recognizing their union rules, for the particular reason that the contractor agrees to recognize the rules of this territory when he accepted this contract; and it shows clearly that he wanted to be on record as recognizing the prevailing rates in face of the fact that he did pay \$11.20 a day, but then made the men who did get some work on the job pay back through his agent \$4.20, and pay it back in such a way that nobody would ever be actually caught receiving the money from the man who worked for a living. There is quite a bit of space up there, and we have sufficient evidence to prove conclusively to us that this practise is factual as well as very, very contemptible.

Mayor Congleton: I want to express

my thanks to Commissioner Egan for the very prompt and efficient help he has given me in getting the evidence in this case. The contract is very specific that the contractor shall pay the prevailing rate of wage and shall recognize the hours fixed by our statute as a day. In addition to breaching the contract in this respect, I also feel the I. Miller has breached the contract in subletting the work without first getting the consent of the city; and I want to assure you, Mr. Corey and the members of your union, that with this evidence before me I will take up the matter very promptly with the thought of taking the contract away from the Miller Company because of their deliberate breach of the contract.

Commissioner Egan: Mr. Mayor, I want to say to you that I believe your colleagues concur in your attitude, and if there is any possibility legally that this contract with I. Miller and Company will be cancelled. I believe they have breached the contract, and I believe in breaching the contract they showed bad faith with Newark, they showed bad faith with the men who have to earn a living; and in my opinion they are entitled to no decent consideration at the hands of the City of Newark. And I move you that your action in arranging to cancel this contract be concurred in by the other members of the Commission.

Commissioner Gillen: And that the Law Department be advised of the breach of the contract.

Mayor Congleton: You have heard the motion. Any remarks to it? If not, all in favor will signify by saying aye, opposed no; the clerk will call the roll.

The roll being called, the motion was declared adopted by the following votes:

Yeas. Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Is there anyone else who desires to bring anything to the attention of the Commission this morning?

Mrs. Joseph Cohn, President, Parent-Teachers Association, Hawthorne School:

Mayor Congleton and Commissioners; our Board of Education has decided to retire all principals, teachers, Dr. Jackson, assistant superintendent, and all our educators in the department. If there is to be any cut in our budget the entire educational system must be willing to share that responsibility, not a chosen few. We are setting an example to all around us. Suppose next week our other cities about us decide to do the same thing and retire hundreds of their people, what happens? We have a run on the bank, on the pension fund as we did on the bank.

Mayor Congleton: No, Mrs. Cohn, that has not been the experience at all. The Legislature makes appropriations to the Teachers Pension and Annuity Fund from year to year based upon actuarial figures furnished to them by real insurance people; and during the last few years the State has paid into that Teachers Pension and Annuity Fund something over \$16,000,000.

Mrs. Cohn: Mr. Mayor, I have a letter from our assistant Commissioner of Education of New Jersey, in which he writes to Mr. McElroy, dated April 12 for Mr. McElroy to use every possible influence. Do you know that if the Legislature should fail to make this appropriation to the Teachers Fund—

Mayor Congleton: If they should fail. They haven't in all the years

Mrs. Cohn (continuing).—as required by law, that the Board of Trustees would be unable to continue the payment of pensions to the teachers now retired.

Mayor Congleton: Well, we have to be guided a bit by the actions taken by boards and bodies over a long period of years. The State Legislature has appropriated year in and year out a sum fixed by people who presumably are qualified to act, to keep that Teachers Pension and Annuity Fund solvent and in a position to pay all of its obligations. Further than that, I have the assurance of Mr. William L. Morgan, a member of the law firm of Piney, Hardin and Skinner, who is one of the trustees of that pension fund, that the pension fund is able to take care of its obligations and they have no fear that the Legislature is not going to give into the fund some more of the taxpayers' money. And, of course, that is what that fund was created for. It cannot be used for any other purpose. And I haven't the least fear in my own mind about that fund not being kept in proper shape. The State Legislature passed the act under which the Board of Education is acting in giving them discretion as to the age that they shall retire teachers. It is optional with the Board of Education after a teacher becomes sixty-two years of age. Just the same as the army and navy fixes sixty-four and just the same as the State Legislature has fixed the age of, I think it is, sixty-four, for policemen and firemen.

Commissioner Egan: Sixty-five.

Mayor Congleton: I have sat as a member of the Pension Fund and been compelled to retire police officers that we're just as capable of performing police duty on that particular day as they had been for the last five or ten years and who were rendering excellent service. The theory back of it is not that the younger people of the

system should have something to look forward to in the way of promotion so that they might get some of these higher positions and have that used as a part of their average pay over a period of years so that when they retire they may be able to get a pension which will enable them to live on nicely.

Mrs. Cohn read petition from parents and tax payers protesting against such retirements.

Mayor Congleton: A representative of the school people called upon me, and if my recollection serves me correctly, told me of the sixty-some that this retirement affected, forty-some had already made applications to the pension fund for retirement, so that it was merely confirming what they themselves asked for.

Now, I would like to take this opportunity, in view of the public statements of Mrs. Cohn, to correct an impression that seems to be abroad that I had something to do with this action taken by the Board of Education. I want to state as emphatically as I can that my first knowledge of it was when I read it in the newspapers. Since it has been my privilege to appoint the members of the Board of Education I have not attempted in any way to influence their policies. I have appointed people that I had confidence in and whom I knew had a right viewpoint on the public school system, and have left it to them, together with the professional educators in the system, to conduct the work as they thought best.

And another correction that I would like to make that seems to be prevalent, there has been no desire or attempt on the part of the members of the City Commission that sit in the Board of School Estimate to in any way hamper or destroy our educational system. It is our opinion that

the money that was appropriated is ample. In prosperous time the cost of education went up just the same as every other cost. Proof of that is that for the school year 1918-1919 the cost of the school system in the City of Newark was a little over four millions of dollars, and the cost of the school system in the City of Newark for the year 1931-1932 was over twelve millions of dollars. And the school budget for 1930-1931 provided a million dollars more in salaries for the school teachers than the budget for 1928-1929. So I was, if I can, to correct the impression that the high cost of government that is so much talked about was due to expenditures in departments that came under the five City Commissioners. In prosperous days when we were going along just as the individual was going along, and giving to the public the service that they were demanding, we were not a bit stingy with the school system. The tax ordinance is passed and there is no possibility of the City increasing, under the law, the appropriation heretofore made for the support of the public schools.

This statute under which they have been acting is a statute that was prepared by the school people themselves and which they lobbied through. I do not mean lobbied in any offensive manner, but sponsored that, is perhaps a better word, sponsored it through the legislature.

Mr. Henry Green, 280 Goldsmith Avenue:

Mr. Mayor and gentlemen of the Commission, about the housing situation the latest figures from Washington show that 17,034,000 people are unemployed. If we made some arrangements to throw down the houses that are unfit for habitation and build modern, up-to-date houses for the people it would give employment to the building workers and painters.

Mr. Earl Eble, 488 Summer Avenue

Mr. Mayor and Commissioners, I simply want to endorse the remarks by Mrs. Cohn.

Mayor Congleton: Anyone else?

Mr. Aaron Burke, 385 Springfield Avenue:

Commissioners, I came seeking permission to have a tag day on the Scottsboro campaign.

Commissioner Egan: Mr. Mayor, this gentleman has been in touch with me. He wanted to have a tag day throughout the City of Newark on the Scottsboro situation. It has been the rule of the city that we do not have those tag days throughout the city.

Mayor Congleton: We are not inclined to grant any such permission. It is the policy of the City Commission not to permit tag days for matters of that kind. Now, you will have to go amongst your people if you want to raise funds to assist them in defense. That is the purpose of this. It will not be permitted in any section of the city. It is against the policy of the Commission. I want to be as courteous to you as I can, but I think that is quite clear. Your application for permission to have a tag day for the purpose that you are applying is denied.

Mr. Irving Gross, 68 Huntington Terrace:

Gentlemen, today in this chamber we are honoring the boys of our city. We are supposed to show these boys how our city is run. But what about the silence that you have taken with regards to the ballot affair. I wish to quote from a newspaper article, the Rev. Dr. Walter L. Whallon: "Not one of the commissioners and certainly the commission as a unit have not

shown the interest in this matter that our city has a right to expect from them."

Mayor Congleton: A proper answer to the young man who just spoke might be for him to ask Prosecutor Smith the reason for the silence on the part of the Commissioners. Personally, and I know I express the sentiments of all the other members of this commission when I say to you, and you may carry back to the people you represent, young man, that we are more interested in seeing the real culprits discovered and convicted than we are in seeking personal glorification by issuing statements for the front page of the newspapers. (Applause.)

Your statement so carefully prepared is correct with respect to the silence on the part of the Commissioners, but it is not correct when it states that this Commission and the individual members of it have taken no interest in the discovery of the people guilty of this dastardly crime and which is a blow at the fundamentals of our form of government. Immediately when this crime was discovered the members of the Commission immediately conferred; we did not blaze it before the public, we were interested, as I said before, in attempting to discover the people responsible for this crime. In that connection, I want to publicly say that I know of my own personal knowledge of the action and attitude assumed by Commissioner Egan when this crime was discovered. It was discovered just prior to the members of this Commission coming to a meeting on Wednesday morning, and Commissioner Egan did not wait until the meeting was over, but while we sat here he sent for the head of the Detective Bureau and had the person who had given him the information about the commission of this crime repeat it to him in that side room,

sir; and he did not stop there; he conferred with people—he did me the honor to confer with me, and stated that inasmuch as it was alleged that certain members of the Police Department were charged with being parties to this crime, and he being Director of the Department of Public Safety, would I undertake to make an investigation with respect to this crime. I refused for two reasons: first of all, I had no power of subpoena; and second, unless I were able to discover the real parties I would be charged with having whitewashed this entire affair. But out of that conference, let me tell you, grew the thought that Commissioner Egan, who was so anxious for a full, thorough and competent investigation to be made that he went to the late Chief Justice Gummere,—and this State has never had a more honorable judge, a man of great independence, a man whose character has never been attacked,—and asked him, because of the position he occupied, to either appoint a special prosecutor to investigate this case or to have the Attorney General of the State of New Jersey, who is of a different political faith, if you please, appoint a special attorney to conduct this investigation. The Chief Justice refused that request with the statement that it was a crime that came under the jurisdiction of the County Prosecutor and that he had confidence in the County Prosecutor; that he had his staff available for that purpose. And immediately, and I know from my own personal knowledge, Commissioner Egan conferred with the Prosecutor and this whole matter was gone into. And now let me say to you why our silence. Mr. Prosecutor requested because certain members of the Police Department were alleged to be parties to this crime that he be left in sole charge of the investigation and requested Commissioner Egan to place at his disposal, under Chief McRell, all of the facilities of

the Newark Police Department; and further, Prosecutor Smith, in the interests of justice, as he stated, requested that the members of this City Commission should not be issuing statements, but that all information to the press and the public should emanate from his office. That is the reason we have not opened our mouths. I am more interested in seeing the guilty persons brought to justice, just as interested as any citizen of this city or of these United States. But I believe that it is more important that we get the right people than it is to try and advertise ourselves on the front page of the newspapers.

My colleagues and I have been taking it on the chin because we have been doing that which we thought was in the interests of justice, and at the request of the man that was in charge of this investigation. And I would like to ask these people that have been criticizing the silence, what more could be done than is being done? We have the county criminal authorities, first under the guidance of that great justice, Chief Justice Gummere, and later Judge Flannagan, taking care of this case; the Prosecutor having his own staff and having Chief McRell, who has made his reports direct to the Prosecutor and not to his immediate superior; we have the Federal authorities investigating this case and they have returned indictments. I want to ask in all fairness, what good would resolutions passed do to bring the culprits to justice? And I want to say that if I am to be judged by reason of my silence when I have done it in the interests of justice at the request of the criminal authorities of this state and this nation, I am prepared to take the consequences.

I would like to add one further word, if you please, that some of these very men who have been criticizing this silence visited me in my

office shortly after this crime was committed, and I confidentially informed them of my attitude, so they have known it for weeks and months.

Mr. Frank J. Kosh, 63 Mott Street:

Gentlemen, I have been before you several times in reference to my case with the State Highway.

Mayor Congleton: We have told you time and time again that it was a matter between you and the State Highway, and that we have endeavored to the utmost. What do you think we can do that we have not done?

Mr. Kosh: I think the Commission should take action that the State should compensate me for my injuries.

Mayor Congleton: We have done that, sir, and the State does not comply with our request.

Commissioner Gillen: We have passed resolutions, and we have communicated with the State Highway Commission and expressed entire sympathy with your claim and requested that you be compensated. I am willing to make any further effort to help you. If you could suggest any effort I would go to Trenton myself to help you, because I have a great deal of sympathy for you and I think you ought to be compensated if there is any possible way to do it. But I do not know what more we can do.

Commissioner Egan: I move you, Mr. Mayor, that this matter be referred to the Governor of the State of New Jersey with a full record as we have it in the City Commission in the clerk's office, requesting the Governor that he assume the leadership in dealing with this matter, conferring with the Highway Commission when it does exist. As I understand it there is no Highway Commission in existence today.

It would seem that this young man has been made to suffer severely; he has lost his limb, he has lost his opportunity of making a living. And while there are probably technical legal points not to his advantage, still there is the moral obligation that the State undoubtedly should recognize; and I am sure if the Governor, the chief executive of this state, has the matter referred to him with the recommendation of the City of Newark that you be given humane treatment at the hands of the State Highway Commission, that you will get some action. I so move, Mr. Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Egan: I move that the City Clerk be instructed to present to the Governor a certified copy of this motion, with a complete record of the case as it has been discussed between the Commission and this young man for the last eighteen months.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mr. Raymond Lemassena, 810 Broad Street:

Mr. Mayor—

Mayor Congleton: Mr. Lemassena, have you been to the Law Department to confer with them?

Mr. Lemassena: I surely have.

Mayor Congleton: If the Law Department does not agree with you on

your legal proposition, then you have the courts open to you.

Miff Lemassena: I have done everything I was asked to do, and still it is stalling.

Mayor Congleton offered the following resolution:

RESOLVED, that the sum of Ninety-six Thousand, One Hundred Ninety-seven Dollars and Ninety-six Cents (\$96,97.96) be and the same hereby is appropriated to the persons named, as per certified list attached, being the amount of bills contracted and chargeable to the Department of Public Affairs as follows:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Mayor Congleton: We are fortunate today in having with us some of our younger citizens. It is a great pleasure, young men, to have you here. We hope that the proceedings may

have been interesting, even though perhaps not very instructive. It is a fine thing for you young men to be taking an interest in civic affairs at the early age that you are, because after all, the great fundamentals of this country upon which our form of government is based can only be protected and safeguarded if the young men and the young women come through early in life ready and willing to do their part. And we congratulate you on having won your elections to your respective positions, we congratulate you on that very much; and we want to say that we are deeply pleased to have you with us today.

I would like at this time to present the Junior Mayor of the City of Newark, James Thomas.

Junior Mayor Thomas: I wish to thank Mayor Congleton for his good humor. I consider it a great honor to be Junior Mayor, to hold the office of Junior Mayor, even though it be for just one day; and I am sure the other four junior commissioners also feel the same. I thank you.

Commissioner Egan: Mr. Mayor, may I have the privilege and honor of presenting the Junior Director of Public Safety in the person of Arthur Ritchings of 105 Alexander Street.

Junior Director Ritchings: I haven't much to say, but I would like you to know that it has been a novel experience in witnessing the efficient administration of the government by the five commissioners who are now incumbent. Thank you.

Commissioner Gillen: Mr. Mayor, I want to present the Junior Commissioner of Parks and Public Property. You notice I got the title right; very few people get the title of that department right. This young man is one of our coming citizens, and I sin-

cerely hope that he may keep up his interest in public life and that he may become a great man. I want to present Henry Schneider.

Junior Director Schneider: I am very glad to have had this opportunity and I am sure what I have witnessed this morning has been very interesting.

Commissioner Howe: I have the honor of presenting Saul Marion of Madison Avenue, the Junior Director of Revenue and Finance. This is a fine time in the history of the country to hold that high position.

Junior Director Marion: I am very proud to have been selected as the Junior Director of Revenue and Finance. I deem this a very important branch in the city government and I hope some day I might be commissioner in the City of Newark. I thank you.

Commissioner Ellenstein: Mr. Mayor, it is my pleasure to present the Junior Director of the Department of Public Works, Mr. Gilbert Levy, and he looks very promising to me.

Junior Director Levy: I want to thank Mr. Ellenstein for the nice introduction, and say that it is an experience I would not have wanted to miss.

Commissioner Egan: We have a conference with the Board of Business Agents of the Building Trades Council.

Commissioner Gillen: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

JEROME T. CONGLETON
W. J. EGAN
JOHN HOWE
CHARLES P. GILLEN
M. C. ELLENSTEIN

The Board of Commissioners of the
City of Newark, N. J.

P. J. O'TOOLE, JR.
City Clerk.

Newark, N. J., May 10, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the City Hall at 11 o'clock A. M.

Present: Commissioners Egan, Gillen, Howe, Mayor Congleton.

Absent: Commissioner Ellenstein.

The minutes of the meeting of May 3, 1933, were read and approved.

Commissioner Gillen offered the following resolutions:

WHEREAS, heretofore, Frank Grad, architect was authorized to prepare plans and specifications for the conversion of the fire house at Sanford Avenue and Palm Street into a police station, to be known as the Seventh Precinct; and

WHEREAS, after the preparation of said plans and specifications approximate bids were received for the construction of said building at a cost of \$75,000, on which the customary fees allowed the architect would amount to 10% thereof or \$7,500; and

WHEREAS, due to the present financial emergency the alteration and construction work was done under the supervision and with the aid of employes of the Department of Public Safety, thus obviating the necessity of supervision by the architect, which involved the sum of \$3,000; and

WHEREAS, in the interest of harmony and with a view to compromise said architect has agreed to accept the sum of \$2,500 in full settlement of his claim of \$4,500 against the City;

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that

it is the opinion of this board that a settlement of the claim aforesaid, in the sum of \$4,500, be and the same is hereby authorized as for the best interest of the city; and the sum of \$2,500 is hereby appropriated to Frank Grad, in full settlement and discharge of all claims against the City of Newark arising out of or incidental to the work aforesaid; said payment to be made upon the execution and delivery by said Grad to the City of a general release approved as to form by the Law Department.

Mr. James R. Giuliano, 744 Broad Street:

I represent the applicant. There are no objectors at all, your Honor and members of the board, and unanimous passage by the Adjustment Board. I feel that the application is a good one and will increase the value of the property there; and it is in a business section.

Mayor Congleton: Does anyone desire to be heard in opposition?

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Nuse Wagon & Auto Co., owner, for the alteration of a factory to a gasoline station by removing part of first floor; premises 90-92 Frelinghuysen Avenue; for a period of eight years, on condition that signs and lighting fixtures meet the approval of the Board;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of A & P Service Station (Saul Holding Co., owner) for the construction of a gasoline station; premises 695-697 Irvington Avenue, for a period of eight years, on condition that all signs, lighting devices and fences meet the approval of the Board;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Sidney W. Fuerth, 99 Woodside Road, Maplewood:

Mr. Chairman and gentlemen of the Board of Commissioners, the opposition to this application have requested us to speak first on the matter. We hope that we will be afforded ample

opportunity to reply to any new matters presented by the applicant.

Mayor Congleton: Pardon me a moment. This is an application for a re-opening. Where we have denied it. I think your point is well taken. We should hear the other side first and see what new evidence they have to submit. Who is here in favor of the application? Is anyone here to press the application?

Commissioner Gillen: I move the matter be denied.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Bernardino Carllesimo, owner, for the construction of a gasoline station; premises 392-396 Market Street; for a period of eight years, on conditions that all signs, lighting fixtures and fences meet the approval of the Board;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Congleton: Does anyone desire to be heard in opposition to this application?

Mr. Leonard Schneider, speaking for Barney Larkey, 24 Branford Place:

Mayor Congleton: We heard the opposition the other day and we postponed action for the purpose of inspection. We heard six different persons in opposition and we postponed action so that the members of the Commission could make an inspection. Now, if there isn't any new matter I do not see why we should not act on it.

Mr. Schneider: Well, we are in opposition to it, too, and Mr. Larkey is handling the case. I don't know anything about it.

Commissioner Egan: He has already made his objections.

Mayor Congleton: Is there anyone here in opposition who has any new matter to submit? I am prepared to vote on it myself.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Patsy Tremarco (George Caponegro, owner) for the construction of a gasoline station; premises 312 Walnut Street; on condition that signs, lighting fixtures and fences meet the approval of the Board;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

The City Clerk presented An ordinance relating to, and providing for the licensing and regulating of certain kinds of sales of merchandise, defining offenses and providing penalties for the violation thereof, and stated that today was the time fixed for hearing on the same.

Commissioner Egan: I move the ordaining clause be stricken out. As it is now construed there are some objections to it.

Mayor Congleton: Personally I am in favor of the principle of the ordinance, but I do think there should be some amendements; and inasmuch as we cannot amend it and pass it before next Tuesday the ordinance as a matter of law would die with the expiration of this term. So I think the matter might just as well go over and come up anew; that is the way it will have to be dealt with anyway if we amend it. Commissioner Egan's motion is that the ordaining clause be stricken out.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

The City Clerk presented the application of F. W. & J. C. Wilderouter, owners, for the construction of a gasoline station; premises 786-792 Sanford Avenue; on condition that all signs, lighting devices and fences meet the approval of the Board.

Mr. Kasen: May it please your honors, Mr Smith is again complet-

ing a case at the court-house as he was last week. Will your Honors hold that for him for a short while?

Mayor Congleton: The motion is that this matter be laid over at the request of counsel.

Commissioner Gillen: I move that the application be laid over to May 15, 1933.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Gillen, Howe, Mayor Congleton.

Mayor Congleton: Does any person have any matter they desire to take up with the Commission this morning?

Mr. Charles Becker, 164 Market Street:

Mr. Mayor and Commissioners, I am here pertaining to the \$1,500,000 that was reduced from the 1933 budget illegally on April 13, 1933.

Mayor Congleton: The court did not agree with you that it was done illegally. We have acted on it and as far as I am concerned the action stands.

Does anyone else have any matter to bring before the Commission?

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Commissioner Gillen offered the following resolutions:

WHEREAS, it is deemed for the best interest of the citizens of the City of Newark, that the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act relating to the collection of delinquent municipal taxes," approved April 11, 1933, be made available to the property owners of said city.

RESOLVED, That it is for the best interest of the citizens of the City of Newark that the provisions of the above entitled act be made available to the property owners of the City of Newark.

AND BE IT FURTHER RESOLVED, That all taxes, assessments and tax sale certificates held by the City of Newark, and other municipal liens in arrears on January 1, 1933, and not yet paid and satisfied, together with interest and penalties thereon, shall be totalled as of January 1, 1933, and the payment of such totalled sum shall be spread over a period of five years, and the same shall be payable in monthly (quarterly) installments, commencing August 1, 1933, with interest on the several unpaid balances at the rate of seven per centum per annum, payable monthly or quarterly.

In computing such total of arrears, any tax, assessment, or tax sale certificate held by the City of Newark or other municipal lien may be apportioned at the request of any party interested therein in the manner prescribed by said act.

During the period of the extension herein provided for the lien of such arrears shall be suspended, and the amounts thereof shall not be consid-

ered as due except as the same become payable in installments under the terms of said act.

The extension of time for payment and the suspension of the lien of existing arrears shall not be effective as to any parcel of property affected until the first of the 1933 taxes thereon has been paid, together with any assessments for local improvements or installments thereof, falling due after January 1, 1933, and before the date of the actual payment of said first half of the 1933 taxes.

The roll being called, the resolution
was declared adopted by the follow-
ing votes:

Yeas: Commissioners Egan, Ellen-

The City Clerk presented the ap-
plication of F. W. & J. C. Wilderotter,
owners, for the construction of a gaso-
line station; premises 786-792 San-
ford Avenue; on condition that all
signs, lighting devices and fences
meet the approval of the Board; and
stated that today was the time fixed
for hearing on the same.

Mayor Congleton: My recollection
is that it was laid over for a week;
and Mr. Harper and some others were
here opposing it. I do not think it
would be fair, whether it was formal-
ly put over to today or tomorrow. It
was adjourned twice, and I know Mr.
David Harper and two or three others
were here with him in opposition.
What do the minutes show?

City Clerk O'Toole: "Commissioner
Gillen: I move the application be
laid over to May 15th."

Mayor Congleton: It is up to the
Commission. Personally I shan't vote
for it, although I am in favor of it,
unless you can communicate with Mr.

Harper and he is not confused in his
mind.

Commissioner Ellenstein: I do not
see what it would avail if the new
Board has the power to rescind it, as
I understand it. It would not avail
anything to have it passed by this
Board if the new Board was not in
accord with it. What objection is
there to referring it to the new
Board?

Mayor Congleton: What is the de-
sire of the Commission? The minutes
show it was adjourned until today.

Commissioner Howe: I am ready to
vote for it.

Mayor Congleton: I was only won-
dering if the minutes are clear and
it says May 15th, I do not suppose a
little more criticism will do any harm.

Commissioner Egan: I voted against
it last time. I think I will vote for
it this time.

Commissioner Ellenstein: I think
Mr. Harper ought to be given an op-
portunity to present himself before
the Board. And it won't avail your
client a thing if the incoming Board
decides to rescind it they can, and be
within the law. I cannot vote for it
in view of that.

Mayor Congleton: All right, Mr.
Harper, we will hear you in opposi-
tion to this application.

Mr. David Harper: Well, Mr.
Mayor and gentlemen, I own the
apartment on the northwest corner of
Mt. Vernon Terrace and Sanford Ave-
nue. I have now in the apartment
seven vacancies all on account of two
garages, one on the southwest corner
directly opposite my building, and the
other on the northwest corner.

Commissioner Ellenstein: I move

you, Mr. Mayor, that action be deferred until the first Commission meeting after May 22nd to allow inspection of the locality.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

A communication dated May 7th from a group of six ironworkers denying that Thomas J. Sherlock represents 482 men in this local was received, read and on motion ordered referred to the incoming Commission.

A communication dated May 5th from the Citizens Relief Committee, calling attention to the fact that its funds are no longer sufficient to supply noon-day meals to men who have responded to the call to give service to the City in return for the public help received by their families, was received, read and on motion ordered referred to the incoming Commission.

A communication dated May 12th from The New York State Society of Certified Public Accountants, 30 Broad Street, New York, relative to Governmental accounting methods, was received, read and on action ordered referred to the incoming Commission.

The following communication was received and read:

North Jersey District Water
Supply Commission
24 Commerce Street
Newark, N. J.

May 8, 1933.

Peter J. O'Toole, Esq.,
City Clerk, City of Newark,
City Hall, Newark, N. J.

Dear Sir:

By action of the Commission, at its meeting of May 5, 1933, the writer was directed to forward to you the following documents:

- (1) Limits of Draft on Wanaque Reservoir by Contracting Municipalities.
- (2) Formula for the Division of Profits from the sale of Water to the City of Bayonne.
- (3) Report of Audit of Accounts for the Year ended December 31, 1932, by Messrs. Haskins & Sells.

The writer was further directed to advise you that the Commission feels that the formula relating to the limits of draft by the contracting municipalities is fair and equitable to them and that the division of the Bayonne profits has been worked out in accordance with the terms of the Bayonne contract.

The Commission has set Friday, June 9, 1933, at 11.00 A. M., as the time for a hearing to be held at its offices, 24 Commerce Street, Newark, N. J., at which time it desires to confer with the representatives of the contracting municipalities in relation to these matters.

Yours respectfully,

North Jersey District Water Supply Commission,

B. W. Moore, Jr.
Acting Secretary.

Ordered referred to the incoming Commission.

An Abstract of Ratables and Exemptions of Essex County for the year 1933 was received from Mr. R. W. Booth, County Treasurer, and on motion was ordered referred to the Director of Revenue and Finance.

A communication dated May 15th from the Citizens Committee of Two Hundred for Bicentennial Anniversary of the Birth of George Washington, with complete reports of its activities and statement of expenditures and returning the sum of \$141.95 was received, read and ordered filed, and the refund ordered turned over to the Director of Revenue and Finance.

Mayor Congleton: Is there any other business?

City Clerk O'Toole: Nothing further on the Clerk's desk.

Mayor Congleton: Does any citizen have any matter he desires to speak on?

(No response).

Commissioner Egan: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Egan, Ellenstein, Gillen, Howe, Mayor Congleton.

Newark, N. J., May 16, 1933.

An Organization meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 12:15 P. M., Standard Time, 1:15 P. M., Daylight Saving Time.

Present: Commissioners Duffy, Ellenstein, Franklin, Minisi, Parnell.

City Clerk O'Toole: I now call this meeting to order, it being the organization meeting of the Board of Commissioners of the City of Newark.

I have here a certificate of election for Meyer C. Ellenstein.

I have here a certificate of election for Michael P. Duffy

I have here a certificate of election for A. F. Minisi.

I have here a certificate of election for Pearce R. Franklin.

I have here a certificate of election for Reginald Parnell.

(Thereupon each of the Commissioners took his oath of office, which was administered by Hon. Daniel J. Brennan, Judge of the Court of Common Pleas of Essex County.)

City Clerk O'Toole: The next order of business is the selection of a temporary chairman.

Commissioner Duffy: I move you, Mr. City Clerk, that Commissioner Pearce R. Franklin act as temporary chairman.

Commissioner Ellenstein: I second the motion.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Duffy, Ellenstein, Minisi, Parnell.

Not Voting: Commissioner Franklin.

Commissioner Franklin: Now, ladies and gentlemen, we will have quiet, please, while Dr. Clee delivers a prayer.

(Prayer was then offered by Rev. Dr. Lester H. Clee, Pastor of Second Presbyterian Church.)

Commissioner Franklin: Miss Gialanella will now sing, and we will please have quiet.

(Miss Mafalda Gialanella sang the "Star Spangled Banner.")

Commissioner Franklin: The next order of business is the election of a City Clerk.

Commissioner Parnell offered the following resolution:

RESOLVED That Harry S. Reichenstein, be, and he is hereby appointed City Clerk of the City of Newark, for the term of four years; said appointment to take effect immediately, at the annual salary of \$7,500.00, to be paid semi-monthly, and to be subject to the deduction provided for in the ordinances of the City of Newark relating to salary deductions.

BE IT FURTHER RESOLVED That said Harry S. Reichenstein shall forthwith file a bond in the sum of \$25,000.00 for the faithful performance of the duties of his said office.

Reginald Parnell
Meyer C. Ellenstein
Pearce R. Franklin
Michael P. Duffy
A. F. Minisi

The roll being called, the resolution was declared adopted by the following votes:

Yes: Commissioners Duffy, Ellenstein, Franklin, Minisi, Parnell.

(City Clerk Harry S. Reichenstein was then sworn in by Corporation Counsel Frank A. Boettner.)

Commissioner Franklin: The next order of business is that important piece of business of the election of one of the Commissioners as Mayor of the City of Newark and to act as the presiding officer at the Commission meetings.

Commissioner Franklin offered the following resolution:

RESOLVED By the Board of Commissioners of the City of Newark that Commissioner Meyer C. Ellenstein be and he is hereby chosen to preside at all meetings of the Board of Commissioners of the City of Newark; and he is hereby designated the Mayor of the City of Newark.

Pearce R. Franklin
Michael P. Duffy
A. F. Minisi
Meyer C. Ellenstein
Reginald Parnell

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell.

Not Voting: Commissioner Ellenstein.

Commissioner Ellenstein was then sworn in as Mayor of the City of Newark and presiding officer at Commission meetings.

Commissioner Franklin: I appoint

Commissioners Parnell and Minisi to escort the Mayor-elect to his chair—if he can find one.

Mayor Ellenstein then assumed the Chair.

Mayor Ellenstein: Mindful of the solemn duties and obligations which are being reposed in me by the decision of my esteemed colleagues who have chosen me Mayor, I have gladly accepted the high honor with full determination to give to the City of Newark, in so far as it is within my power, a businesslike, frugal and constructively purposeful administration.

While I deeply appreciate the personal compliment of my colleagues and the genuine wholehearted support which I received at the hands of the electorate last Tuesday, I regard that vote of confidence as a mandate to carry out to the letter the program of economy and efficiency as set forth in the platform declarations of principles of the members of this Board during the campaign just closed.

Harmonious cooperation now assured on the part of the entire membership of the Commission is clearly indicative of an unselfish desire of all to lend a coordination to the City's best interest.

Charged with the responsibility of guiding the destiny of this metropolis in these troublous times and during the next four years, the watchword shall be true and strict economy with an earnest effort to materially lighten the taxpayers' burden and balance the budget, together with a substantial reduction of the City's debt.

Our attention is focused upon the fact that industries by the score have forsaken our city in the past eight or ten years due to a high tax and other insidious contributory causes.

With a realization that geographically with the advantages of the harbor of the Port of Newark, the airport and super-highways adjacent to the city, all of which are decided advantages for industry, and with the army of unemployed within the confines of our city, it is the determination of this Commission to do all possible for the attraction of industries to our city and thus thin the ranks of the army of unemployed.

We shall see to it that our respective tasks are performed in a conscientious impersonal and unselfish manner. We mean to and shall do our best. We respectfully invite the constructive suggestions and earnestly bespeak the helpful cooperation of the citizenry, business and civic interests, and the press of the city.

It is our hope that the good Lord will give us his blessing so that the completion of our term we will have a bigger, better and more prosperous City of Newark.

The next order of business is a resolution assigning the duties and powers to each Director. The Clerk will read the resolutions:

Commissioner Duffy offered the following resolution:

RESOLVED By the Board of Commissioners of the City of Newark that all of the executive, administrative, judicial and legislative authority and duties relating to the:

Bureau of Health,
Newark City Hospital,
Bureau of Outdoor Relief,

A. F. Minisi

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Mayor Ellenstein: At this point it is my pleasure to formally introduce to the citizenry, the Director of Public Works, Pearce R. Franklin.

Commissioner Franklin: It is especially gratifying to me to be afforded this opportunity to express my heartfelt thanks and sincerest appreciation to the electorate of this City for their vote of confidence in me. Never before has there been shown such wide-spread public interest and determination on the part of the man-on-the-street to have his say as to whom he wants to serve him as Commissioners of this great City during the next four years. That augers well for the success of the newly elected administration; provided, of course, that we demonstrate by our public acts that the confidence which the electorate has reposed in us has not been misplaced.

I harbor no misgivings on that score. With honesty of purpose, conscientious effort, team work and public spirited cooperation on the part of the citizenry, the task confronting us will be done as it should be done.

The most important problem confronting us today in local government is how can we cut our administrative costs and public spending to the irreducible minimum. Here in this City, as in every other City, there is the need for a real expenditure control over the municipal budget. A mere check on disbursements cannot accomplish this end in itself. We must have, to begin with, a central purchasing department or bureau under a single head, who is alone in power to make purchases for every branch of the City's service. We must run the City strictly on a cash basis.

I submitted my candidacy for City Commissioner to the voters of Newark because I felt that if elected I could help improve the administration of affairs in this city in this critical economic period. I also solicited support of my election on the basis that I would then be in a tactical position to offer a constructive and feasible program for wage adjustments of public employees, and to do everything in my power to see to it that the plan is acted upon.

I was desirous of being elected in order that I might vote for and endeavor to influence my colleagues on the Commission to adopt the policy of financing public improvements only on the pay-as-you-go plan; to apply other sound economic principles of modern business practise in the conduct of public government.

I also sought election because I wished to be in a position to vote for and use my influence to obtain a substantial reduction in the tax rate by readjustment in the various revenue sources, by re-allocation of our expenditures on a business-like basis, and by the redistribution of our departmental bureaus and offices with a view of eliminating duplication of services, and thus assure this city a return of one hundred cents on every dollar that it spends.

That in brief is the platform on which I stood before the election and which I shall adhere to meticulously now that the election is over. The vital questions affecting public welfare are problems involving honesty, efficiency, and economy in the administration of civic affairs. These are the fundamental principles of good government, Federal, State, and local.

In closing may I reiterate my acknowledgement of your splendid support with a deep sense of gratitude. I am not personally obligated, politically or otherwise, to anyone other than to the citizenry whom I mean to serve faithfully, conscientiously, and with every ounce of energy in me to help make Newark a cleaner and better and a greater city. That is my solemn pledge to you as your public servant.

Mayor Ellenstein: It is now my pleasure to introduce Commissioner Reginald Parnell, Director of Revenue and Finance.

Commissioner Parnell: My fellow citizens, as I stand here before you this morning I am not particularly filled with a sense of triumph or victory; but I am filled with a sense of tremendous responsibility to the people of this great City of Newark. And I realize that you are expecting certain things of me: You are expecting leadership from me, you are expecting integrity, you are expecting courage, you are expecting enthusiasm.

And yet I cannot stand here before you this morning without paying tribute to a great leader who has stood here before me, and I cannot help but bear in mind the fact that I am standing in this particular place today at this particular moment because one of your old, grand, intelligent, fine, cultured citizens has

brought me here; and I am referring to the late Thomas L. Raymond.

He it was who painted the picture; he it was who gave me the ideals of government; he it was who taught me the principles and the single principles upon which a man can hope to serve and go on to future destiny and opportunity. And so I want to pay tribute to him today who is lying a few miles away, lying across the river in a neighboring state a few feet below the surface, almost in touch with the stirring of the springtide, listening to the whispering of the wind. My friend is gone, but his name is written large in letters of gold that time will not efface nor unkind care cause to grow less dim. And I will endeavor to serve you in the spirit in which he served you: In a spirit of loving kindness and gentility. And from my mind and from my heart and from my embrace the vision of his face and his form will never, never die.

Now, then, you are not asking promises from me, you are asking deeds from me. I owe no political allegiance; I owe this office to no one today but to Thomas L. Raymond and my fellow citizens of this community. You fought, you upheld the standard, you rallied to the ranks; you recognized the bugle call and the clarion call to go on and storm the impossible and assault the impregnable; and you will expect from me the same leadership, and I will expect from you the same grand, magnificent support that you gave me up to this moment, and which, and which alone placed me in this position.

My fellow citizens, I promise to you, just as I took that solemn, sacred oath a moment or two ago, that I will give you all my enthusiasm, all my physique, and any intellectual ability that I may possess, to serve

you well, to serve you faithfully, to serve you without limit, to time or stint.

Mayor Ellenstein: I will now introduce Commissioner Michael P. Duffy, Director of Public Safety.

Commissioner Duffy: It is a real pleasure to join with my worthy colleagues and to add to their words of thanks an expression of my gratitude for the public support of my candidacy. During the campaign just ended I have espoused the cause of honest labor, and I shall continue to do so as a member of this body; and at the same time I shall try to truly represent all within our city. Some of the constructive policies which I have advocated and mean to adhere to call for a departmental survey of the city government to the end that an economical business administration may be effected; also the establishment of a real centralized purchase bureau. By that I mean one as outlined by me in the campaign, which would function as if it were run by a sound private business undertaking. These practical and sound policies briefly summarize my constructive recommendations outside of my own department. I shall do my part to crystalize them into action.

Now that the election is over let us get down to work. There is plenty to be done, and there is a real willingness on the part of the new Commission to do it. We shall live up to the letter and spirit of our pledges to the people of this city.

I welcome the opportunity to put to use my seven years of experience in the department assigned to me by my colleagues. This experience should be of real value in my efforts to bring about constructive changes in the department with which I am charged. I again want to thank my friends for all they have done for me. In return

I shall try to give to them and to our city an administration which will meet with unqualified and deserving approval.

Mayor Ellenstein: It is now my pleasure to introduce Commissioner Anthony F. Minisi, Director of the Department of Parks and Public Property.

Commissioner Minisi: I heartily concur in the note of kindly appreciation of the public support of our respective candidacies for the several posts on this Commission. Personally I should be very remiss were I not to express to my staunch supporters the deepest gratitude for their inestimable and unselfish labors in my behalf. I say that from the bottom of my heart.

The fruits of victory are sweet, but the glorious satisfaction of tried and true friendship is even sweeter.

I shall everlastingly cherish the unfailing response of my good friends when I needed them most.

I embarked on this campaign with a definite purpose in mind; not only to win, but to carry out my ideas of what I believed would bring about greater efficiency in the administration of the affairs of this city.

I outlined a specific program, and now that I am in a position to foster it, I can assure you that I will not deviate one iota from my projected course of action.

Briefly, the high points of that program were my advocacy of installment payment of taxes, postponement of new municipal projects until better times warranted same, opposition to wage slashing of policemen, firemen and teachers, to cut the tax rate, a general reassessment of real estate and the application of beer, wine li-

cense revenues, to the reduction of real estate taxes, and Newark jobs for Newark people.

I stand four-square on that campaign program. I pledge you my word of honor that I will leave no stone unturned to bring all or a substantial portion thereof to early fruition in the interests of the great common welfare of this city which we all love and should loyally, wholeheartedly and patriotically serve.

Mayor Ellenstein: The next order of business is a resolution appointing the Corporation Counsel. The Clerk will read the resolution.

Commissioner Minisi offered the following resolution:

RESOLVED, By the Board of Commissioners of the City of Newark, that Frank A. Boettner, be and he is hereby appointed Corporation Counsel of the City of Newark, for a term of four years, at the salary prescribed by ordinance, payable semi-monthly and the City Clerk be and he is hereby directed to place his name on the payroll; said salary to be subject to the deductions provided for in the ordinances of the City of Newark relating to salary deductions.

H. S. REICHENSTEIN,
City Clerk.

Newark, N J , May 23, 1933

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Mayor Ellenstein: I might announce that this being the first meeting since the organization of the new Commission that the Commissioners delayed in calling the meeting to order; but in the future it will be the policy to begin promptly at eleven o'clock.

The meeting will now come to order; the clerk will read the minutes of the previous meeting.

The minutes of the meeting of May 16, 1933, were read and approved.

Commissioner Parnell introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An Ordinance to establish a Law Department in The City of Newark," adopted January 27, 1921, and the ordinances amendatory thereof and supplementary thereto.

The Board of Commissioners of The City of Newark, Do Ordian:

Section 1. That Section 1 of an Ordinance entitled: "An Ordinance to establish a Law Department in The City of Newark," adopted January 27, 1921, and the ordinances amendatory thereof and supplementary

thereto, be and the same is hereby amended to read as follows:

"Section 1: There is hereby established in the City of Newark a Law Department, which shall consist of the Corporation Counsel, a private secretary to the Corporation Counsel, six assistant corporation counsels, two legal assistants and as many clerks and other employes as may be necessary for the proper and efficient conduct of the affairs of said Department."

Section 2. That Section 2 of said ordinance be and the same is hereby amended to read as follows:

"Section 2. The Corporation Counsel shall be appointed by the Board of Commissioners and the assistant corporation counsels and private secretary to the Corporation Counsel shall be appointed by the Corporation Counsel, with the consent and concurrence of the Board of Commissioners, and shall be removable at his pleasure. The legal assistants, clerks and other employees shall be appointed by the Corporation Counsel with the consent of the governing body, and shall be deemed to be within the purview of an act entitled 'An Act regulating the employment, tenure and discharge of certain officers and employes of this State and of the various counties and municipalities thereof, and providing for a Civil Service Commission, and defining its powers and duties,' approved April 10, 1908, and the acts supplementary thereto and amendatory thereof, and shall not be removed except as in said act provided."

Section 3. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Section 4. This ordinance shall take effect immediately upon final

passage and publication according to law.

WHEREAS, The Board of Education of The City of Newark has recently adopted a resolution retiring school employees over the age of 62 who are members of the Teachers' Annuity and Pension Fund, and

WHEREAS the present Commissioners have committed themselves to a policy of true economy without curtailment of necessary educational facilities and essential safeguard of public health, and

WHEREAS the elective retirement feature of the Teachers' Annuity and Pension Fund does not contemplate wholesale retirements below the compulsory retirement age of 70, and

WHEREAS the savings involved in the proposed forced retirements are largely offset by the voluntary retirement of employees both above and below 62 years of age, and

WHEREAS the effect on the Newark School System of the forced retirement of a large group of efficient

and tried employees is not justified by the net savings involved, voluntary retirements and replacements costs considered;

BE IT RESOLVED That the Commissioners of the City of Newark recommend that the Board of Education reconsider its resolution requiring the wholesale and arbitrary retirement of school employees members of the Teachers' Annuity and Pension Fund below the age of 70; and

BE IT FURTHER RESOLVED That the City Clerk transmit copies of this resolution to all members of the Newark Board of Education, and to its Secretary, forthwith, with further details.

The following communication was received and read:

**Board of Adjustment
City Hall**

Newark, N. J., May 16, 1933.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

375 South Sixth Street, Tony Cap-ezzera (Frank Bartfield, owner); construction of a retail ice depot; for a period of one year;

14 Brookdale Avenue, Ralph Petillo, owner; construction of a retail ice depot; for a period of two years;

392-394 South Orange Avenue,
Roof Coating Corporation of New Jersey (Monarch Holding Co., owner); construction of a shed for storage of roofing material and equipment; for a period of one year;

The Board of Adjustment,
R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner and further action postponed to June 6, 1933.

The City Clerk: That is all the resolutions.

Mayor Ellenstein: Is there any citizen who desires to address the Commission?

Mr. James S. Piggott, 10 Ardsley Place:

Mr. Mayor and gentlemen, I have been an architect for over twenty-five years and I supervised the construction of the power house at the City Hall. I want to take exception to an article in a newspaper of last Friday which is attributed to Mr. Bigelow, Superintendent of Buildings, wherein he says that guards are asked as the building cracks and power plant vibration injures wall of city structure, and that the damage is not due altogether to poor construction of the building but to peculiar soil conditions under the power house.

Mayor Ellenstein: Let me interrupt you, Mr. Piggott, and ask you if you have taken this up with Mr. Bigelow?

Mr. Piggott: No, I was not asked to.

Mayor Ellenstein: Well, don't you think more could be accomplished by taking it up directly with Mr. Bigelow first; and if you do not receive a satisfactory reply, then would be a good time for you to come before this Com-

mission. What I have in mind is this: If there is any citizen who desires to point anything out pertaining to a certain department, I would ask that they, in order to facilitate and expedite matters, take it up with the particular Commissioner under whose department it comes; and if a satisfactory answer is not given, then is the proper time for him to come before the entire board.

Mr. Piggott: Mr. Mayor, I was invited yesterday to a conference in Director Minisi's office where everyone in connection with the building was invited.

Mayor Ellenstein: I would suggest that you take that up directly with Commissioner Minisi, whose function that is, and I am sure he will go into the details with you.

Commissioner Minisi: Mr. Mayor, I do want one point clarified, however, in Mr. Piggott's mind. That meeting was not dominated by Mr. Bigelow nor anyone else. That meeting was called by me because a dangerous condition exists in that building and I am determined to find out who is responsible first. The condition must be remedied; it is a danger; it is dangerous to life and limb; and I had to have that area actually roped off the other day because the parapets of that building are in very, very bad shape. Mr. Bigelow came there invited by me, and he spoke only when he was questioned and asked for his opinion; and I cannot account for Mr. Piggott's statement to the effect that Mr. Bigelow dominated that meeting. We had very many able men in the building line: Runyon and Carey, Mr. Briscoe, Mr. Piggott and others; and I cannot understand the statement of Mr. Piggott to the effect that Mr. Bigelow dominated that meeting. I was presiding at that meeting and you, Mr. Piggott, were given every fair opportunity to present your position there.

Well, the matter has not been closed. You know in fairness to you and in fairness to others, it was at my suggestion that a committee be appointed to look into that matter. Nothing is going to be done until we determine the proper remedy; and the thing that will be done will be done with due regard to the interests of the people of this city.

Mr. Henry Green, 80 Goldsmith Avenue:

Mr. Mayor—

Mayor Ellenstein: Might I say to you, Mr. Green, that for the time being this Commission in the main being new and having a great many duties to perform, that it is the sense of this Commission that you try to confine yourself within five minutes for the time being; I mean over a period of a few weeks. We would be very glad to hear you at any time and extend every possible courtesy to you and to every other citizen who may wish to be heard.

Mr. Green: Mr. Mayor and gentlemen of the Commission, is our committee out of existence that you were chairman of?

Commissioner Minisi: You refer to the committee appointed by the late Director Murray. That committee went out of existence long ago and because we could not get the cooperation we should have received from the ones who appointed the committee.

Mr. Green: I would like you, Mr. Mayor and gentlemen of the Commission, that you immediately appoint or call for a conference, having the Board of Education present, and every other city board, for some planning, and let us make arrangements to buy a meal for the unemployed person who is out of work.

Mr. Edward A. Dougherty, Sr., 176 Huntington Terrace:

Mr. Mayor and Commissioners, last Friday night, May 19, I was elected by Local 11 of the Ironworkers Union to represent it before this Commission. Now, there was a motion made by our Honorable Mayor, and this Commission carried, the resolution passed, that all local work must be done by local labor. That is not being followed.

Mayor Ellenstein: Is there any other citizen who desires to be heard?

Mr. A. P. Fournier, 21 Court Street:

Mr. Mayor and gentlemen, Commissioners of the City of Newark: Mr. Mayor, you are the new captain of the boat who is going to take the passengers over and bring them back. You have a wonderful crew. Mr. Duffy represents the union men. We cannot find any better man for that position.

Mr. Parnell is one gentleman going to show you how to do things economically.

Commissioner Minisi, he is a man who when the troubles are many, he is the one who can do something for you.

Mr. Franklin's legal mind and legislative experience will help the city.

Mr. Charles Becker, 114 Market Street:

Mayor Ellenstein: I might say to you, Mr. Becker, before you begin, that as I said to Mr. Green, it is the sense of this Commission that in view of the fact that this is the first meeting since the organization meeting, that we would like you to try and confine yourself to five minutes in order to give the Commissioners an opportunity to take care of the many

details that it is necessary to take care of. We will appreciate it if you will do so. We want to extend every courtesy to you—

Mr. Becker: The taxpayers and citizens of the City of Newark have organized groups for reducing the tax rate. We need for next week \$6,088,-860, money required to pay our employees, pensions and other expenditures.

Commissioner Parnell: You are a million and a half short; it is \$8,500,000 we want. Becker, I am here a representative of the taxpayers of the City of Newark, and I am fully conversant with the needs of the taxpayers of this city, and they elected me and I am going to represent them and protect them.

You have criticized me for appointing Mr. John Linnett. I appointed Mr. John A. Linnett for the protection of the taxpayers of this city because I am not familiar with real estate and I am not familiar with finance, and because Mr. Linnett has been president of the Real Estate Board for two years and is a professor at Rutgers University; and he has been on the job from eight o'clock to one-thirty in the morning ever since we have been inducted into office. Now, I want to tell you further that you come here and you criticize us; you don't say anything about the fact that Mr. Minisi and Mr. Parnell have been on the job ever since we have been here. You only criticize; you do not point out the fact that I have abolished a chief clerk at \$4,500 a year; you do not point out the fact that I have refused to provide gold badges for the tax assessors and commissioners; you do not point out the fact that I have abolished the automobile in my department; you do not point out the fact that I am using my own car at my own expense; you do not point out the fact that this morning resolutions

went through saving a hundred thousand dollars to the taxpayers of Newark.

You come here and you make those blanket statements. You are not doing what is right, and you know you are not doing what is right.

You know that I have asked the Citizens Advisory Finance Committee to come into my department and survey every nook and cranny. You read the papers, apparently.

Did you know I have asked them to tell me if we are paying too large salaries to tell me so; if we have got overlapping bureaus to tell me about it. I have asked them so I can get away to a proper start. You come here this morning when we men have hardly got our knees under this desk, and you are full of criticism.

Mayor Ellenstein: You will have to confine yourself to those things that are before the Commission.

Mr. Max L. Werner, 120 Prince Street:

Mr. Mayor and gentlemen of the Commission: I congratulate you upon your election, and I believe with everybody that you performed your duty, especially Mr. Parnell, and I congratulate you to have a man like a deputy Mr. John A. Linnett, a man who knows his business about real estate; and every taxpayer should stick by him and give him help and he will reduce our taxes with the help of you.

Commissioner Duffy offered the following resolution:

WHEREAS, The City of Newark is still unable to finance its program for emergency relief; and

WHEREAS, State funds have been

appropriated by the legislature to the State Director of Emergency Relief for the purpose of furnishing State aid to municipalities in such cases; and

WHEREAS, 15,926 families are at present receiving relief in the City and the need for emergency relief is so urgent as to compel the City to request its complete financing from State funds;

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that in accordance with rules and regulations No. 10 of the Emergency Relief Administration, to all provisions of which this Board does hereby agree, application be and hereby is made to the State Director of Emergency Relief for a Special Grant of funds necessary to meet the relief needs for the month of June, 1933.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, The City of Newark adopted a program for dependency relief as authorized by Chapter 294 of the Laws of 1931 of the State of New Jersey; and

WHEREAS, in pursuance thereof the City appropriated \$75,000 for the month of March, 1933, for this purpose, as its contribution toward the financing of said program, on condition that the State would appropriate additional funds for the same purpose; and

WHEREAS, the above appropriation was based upon an estimated ex-

penditure for the carrying out of said program for the month of March, 1933, of \$375,000, \$75,000 of which sum was to be contributed by the City; and

WHEREAS, the City has been compelled to expend \$253,211.09 more than the \$75,000 appropriated for said work; and

WHEREAS, it is the opinion of this Board that the State should appropriate sufficient money to cover the \$253,211.09 expended in excess of the amount estimated;

THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that Pearce R. Franklin, Director of the Department of Public Works, be and he is hereby authorized to make an application to the State Director of Emergency Relief for an appropriation by the State to The City of Newark of \$253,211.09 to be paid to The City of Newark to cover the additional expenditure for the carrying out of the Poor Relief Program for the month of March, 1933.

Yeas: Commissioners Duffy, Frank-
lin, Minisi, Parnell, Mayor Ellenstein.

RESOLVED, by the Board of Com-
missioners of The City of Newark,
that Meyer C. Ellenstein, Director of
the Department of Public Affairs, be
and he is hereby authorized and em-
powered for and in the name of, and
on behalf of The City of Newark, to
execute and deliver to the Reconstruc-
tion Finance Corporation an applica-
tion for a loan in an amount not to
exceed Three and One-Half Million
Dollars (\$3,500,000), to mature on or
before the year Nineteen hundred
eighty-three, and to bear interest
at the rate of four and one-
half per cent. annually, to be made on
forms prescribed and approved by the
said Corporation.

M. C. Ellenstein
Pearce R. Franklin
Michael P. Duffy

The roll being called, the resolution
was declared adopted by the follow-
ing votes:

A communication from the Broad
Street Association requesting that
the number of newsstands should be
curtailed, that an ordinance should be
enacted limiting the width of signs,
that the ordinance prohibiting ped-
dling in this section should be vigor-
ously enforced, that the dirt and rub-
bish in doorways of vacant stores
should be removed, and that an ordi-
nance should be enacted preventing
so-called fake sales, was read and or-
dered referred to conference.

Mayor Ellenstein: Is there any citi-
zen who wishes to address the Com-
mission?

Mr. Ogden H. Bowers read into the
record the communication from the
Broad Street Association.

Mayor Ellenstein: Is there any
other citizen who desires to be heard?

Mr. William Notte, 744 Broad
Street:

An application by Joseph Cocuzza
for a gasoline station permit at 74
Lock Street was made in the latter
part of 1932 and passed by the Zoning

Board, but rejected by the Commissioners. I would like to have the matter reconsidered so that I can learn why it was rejected.

Commissioner Duffy: I move that the case be reopened.

Commissioner Parnell: I second that motion.

Mayor Ellenstein: Motion made and seconded that the application of Joseph Cocuzza be opened. All in favor will signify by saying aye, contrary no; the Clerk will call the roll.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Parnell, Mayor Ellenstein.

Commissioner Minisi not voting.

Mayor Ellenstein: You will appear here two weeks from yesterday, and in the meantime give your notices in the same manner that you do before the Zoning Board. It is necessary that you comply with the law in the same manner.

Dr. W. G. Hanrahan, Fulton Street:
Mr. Mayor, unjust criticism has been leveled at the Commission before the Commission has been in office two weeks. I would respectfully suggest that the people who criticize coordinate with you.

Mr. Henry Green, 280 Goldsmith Avenue:

Mr. Mayor and gentlemen of the Commission, I am again complaining about the gas, electric and telephone charges.

Mayor Ellenstein: The Commission is now engaged in a study of such rates as compared to other municipa-

palities in this part of this country with a similar population, and until the survey is made the Commission cannot make any recommendations.

Commissioner Parnell: Mr. Green, I am interested in what you are saying, because four months ago I was going around with candles in my house. They shut off my gas and electricity, and Tuesday was election day. The next day they called up and said it must have been a mistake,—I was elected then.

Mr. Green: I have asked that when some of the terms of the Board of Education expire a trades union woman, one with experience, education and intelligence, be appointed. They need daylight there.

Mayor Ellenstein: Is there any other person who desires to be heard?

Certified copy of a resolution adopted by the Taxpayers Protective League of Newark re: employment of non-residents by the City was ordered filed.

Mr. Charles Becker, 114 Market Street:

Mr. Mayor and Commissioners.

Mayor Ellenstein: Let me tell you, Mr. Becker, that at a conference it was the unanimous opinion of the Board of Commissioners that the policy be that not only you, but all speakers that appear before the Commission, take but five minutes, and if you have anything else to submit that you do so in writing, and it shall be given careful and proper consideration at the ensuing conference of the Board of Commissioners. The purpose of that is to expedite matters and permit this Board of Commissioners to do the necessary work that they are now endeavoring to do. So you will kindly adhere to that rule.

Mr. Becker: I object to that resolution that was passed by this Board charging a citizen fifty cents for a certified copy of a resolution.

Mayor Ellenstein: Is there any other citizen who desires to be heard?

Mr. Austin J. Waldron, 82 Berkley Avenue:

Mr. Mayor and Commissioners. I want the people and the citizens of Newark to know today that we have a new deal, and that the gentlemen that are sitting in our Commission to-

day are giving a new deal. The Mayor and all Commissioners have shown their efforts along the lines of economy. Gentlemen of the Commission, I want to thank you in behalf of the taxpayers and the Good Government Group of the City of Newark in the stand you have taken.

Commissioner Franklin: I move that the following applications which have been investigated by the Police Department be granted to the persons named and the addresses given therein, and for the type of licenses applied for:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, the Department of Public Works of the City of Newark, is desirous of formulating a scientifically sound and constructive program for the development of an efficient and economical administration of the public welfare and hospitalization activities of the Department, in conformance with the recognized high standards set by public or private institutions and agencies of like character, throughout the country; and

WHEREAS, the present critical

economic situation necessitates a functional reorganization of the administrative and institutional setup of the integral divisions of said Department of Public Works, in order to effectuate economies by elimination of wastage as a result of duplication of services, unessential work or unnecessary personnel, and to insure better co-ordination of services now being rendered by the various divisional units therein;

BE IT RESOLVED, that the Board of Commissioners of the City of Newark under date of June 6, 1933, do hereby authorize the creation in said Department of Public Works of a Division of Research, which Division shall gather, survey and interpret facts regarding the operation of the Department's public welfare and hospitalization program; shall unify and centralize the statistical work of the several units of said Department, which statistical work shall be examined, tabulated and analyzed there-

by; shall make special studies of specific welfare problems or studies of the administration of the hospital and other welfare institutions and agencies of said Department; shall furnish research data needed as a background to members of the staff for a better understanding of the problems that must be solved from day to day; shall furnish information on hospital work and co-ordinate welfare activities to the public in the form of periodic reports; shall develop a work program of social statistics which will become increasingly effective in giving counsel and advice on hospitalization and institutional matters along sound and scientific lines; and shall economize the administration of the Department without impairing its efficiency; and

BE IT FURTHER RESOLVED, that Lewis B. Blan shall be appointed Administrative Examiner of said Division of Research; and that the entire additional budgetary appropriation allotted to the Department of Public Works by the creation of said Division of Research shall consist solely and only of the salary compensation of Four Thousand, Five Hundred (\$4,500.00) Dollars, per annum, effective June 6, 1933, to be paid to the aforesaid appointee, as Administrative Examiner; and that all other attendant services, clerical, stenographic, filing and investigational, etc., for the proper conduct of the work of said Division shall be furnished without additional cost by the already available help on the staff of the Executive Division of the Department of Public Works, and by selected employees available from time to time for said work, and periodically assigned thereto, on the premises, by the institutional and divisional heads, respectively, as occasion for such clerical assistance or other helpful form of co-operation arises in connection with the proper conduct of said survey and periodic check and follow-up

of the intra-departmental work program and co-related activities by said Division of Research of the Department of Public Works.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of F. W. & J. C. Wilderotter, owners, for the construction of a gasoline station; premises 786-792 Sanford Avenue; on condition that all signs, lighting devices and fences meet the approval of the Board;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Does anyone wish to be heard on this application?

Mr. David Harper, 1 Clinton Street: Mr. Mayor and Commissioners, he wants to put a garage on the southeast corner of Mt. Vernon Terrace and Sanford Avenue. There is one on the northeast corner; there is one on the southwest corner.

Mayor Ellenstein: Is there anybody else who desires to be heard in opposition to this application?

Mr. William Herda Smith, Kinney Building: I represent the applicant. This is not to be used as a garage, but a gasoline station.

Mayor Ellenstein: Is there anything further?

Commissioner Minisi: I think a denial of this application would create the rankest sort of discrimination that that I have ever heard of. And I move at this time that the action of the Board of Adjustment be concurred in by this Commission.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The following resolution was presented:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Tony Capezzera

(Frank Bartfield, owner), for the construction of a retail ice depot; premises 375 South Sixth Street; for a period of one year;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Parnell: Mr. Mayor, in regard to this application for an ice depot on South Sixth Street, I may say I have received no report, I received nothing on which to exercise an opinion; and I move this matter be laid over for one week so we can go into it.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Ralph Petillo, owner, for the construction of a retail ice depot; premises 14 Brookdale Avenue, for a period of two years, on condition that the building be set back 12½ feet from the street line, that the entrance be from the rear of the building, and that all signs meet the approval of the Board;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Parnell: I move this application be laid over for one week for the same reason, Mr. Mayor.

Commissioner Minisi: I second the motion.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Roof Coating Corporation of New Jersey (Monarch Holding Co., owner), for the construction of a shed for the storage of roofing material and equipment; premises 392-394 South Orange Avenue; for a period of one year;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and

he is hereby directed to issue a permit for the application above set forth.

Commissioner Parnell: I move that be laid over for the same reason for one week.

Commissioner Minisi: I second the motion.

Reginald Parnell,
Director of Revenue and Finance.

Ordered filed.

Mayor Ellenstein: Is there any person who desires to address the Commission?

Mr. Samuel Koldorf, 398 Orange Street: I believe at the present time they are tearing half of the back of the Market away. I believe that thousands of people might make a living there.

Mayor Ellenstein: You want it used as a market instead of a garage?

Mr. Koldorf: That is what my appeal is.

Commissioner Minisi: Mr. Mayor, maybe I can satisfy the speaker by saying that building is in my department, and if it is at all possible to use it as a market, it is my opinion it should be used as a market. I think the speaker should give us an opportunity to look around and see what we can do with the merchants of this city. The speaker must also remember that that building is now under lease.

Commissioner Franklin: I move the recommendations of the speaker be received and be referred to the Department of Parks and Public Property for consideration.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Mr. Joseph S. Zemel, 289 Market Street: Mr. Mayor and Commissioners, I want to say a word on tax sales in this city, because of my interest in Newark real estate. This sale has been advertised for June 28th ought not to be held. Don't hold that sale. Put it off for a year or more.

Commissioner Parnell: Mr. Zemel,

I want you to know that I am with these people right to the last ditch. And when the fight starts, when I have my sea legs down there in the Department of Revenue and Finance and know what it is all about—I am trying to learn it just as fast as I can—then we are going to the bat and have a knockdown, drag-out fight for the taxpayers of the City of Newark, and make no mistake about it.

Mr. Henry Green, 280 Goldsmith Avenue: Mr. Mayor and gentlemen of the Commission, Counsellor Boettner, has quite a staff to assist him. I think you ought to take one of Mr. Boettner's men and put him into the Police Courts and another as a public defender for the poor.

Commissioner Parnell Now, Mr. Mayor, this question that Mr. Green has brought up about appointing a public defender, that seems to me to be a very fine suggestion. Would a resolution be in order to have the Corporation Counsel give us an opinion on that?

Mayor Ellenstein Suppose we refer it to conference.

Commissioner Parnell I do not see any reason why one of the members of the Law Department cannot be assigned to the courts to take care of these poor people. They have no one to represent them; and I think a good many men and a good many boys and girls go to jail because they haven't anyone to bring out their cases. I think that is a splendid suggestion Mr. Green made this morning.

Commissioner Minisi I move we take the suggestion of Director Parnell up in conference.

Commissioner Parnell: We will take it up at our next conference.

The roll being called, the motion

was declared adopted by the following votes

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Parnell: That means that the City Clerk will bring it before us at our next conference on Monday morning.

Mayor Ellenstein: Is there anybody else who desires to address the Commission?

Mr. Frank Cozzolino: I come here

because it has been brought to my attention that in the stone cutting industry the stone is quarried some place down south, and it is cut there. Have the stone brought here in the rough for all our construction work so that all would receive employment.

Commissioner Minisi: I move that the following applications which have been investigated by the Police Department be granted to the persons named and the addresses given therein, and for the type of licenses applied for:

The Board of Commissioners of
The City of Newark, N. J.

H. S. REICHENSTEIN,
City Clerk.

Newark, N. J., June 13, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor El-lenstein.

The minutes of meeting of June 6th were read and approved.

Commissioner Duffy introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$2,775,000 City Railway Construction Bonds of The City of Newark.

The Board of Commissioners of the City of Newark Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "City Railway Construction Bonds," and to be dated not later than January 1, 1934, are hereby authorized to be issued in the aggregate principal amount of \$2,775,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying the cost of constructing, on the property formerly constituting a part of the Morris Canal (heretofore acquired from the Morris Canal and Banking Company), and on any other property

acquired for use in connection therewith, an electric railway, with all necessary or convenient stations, connections, turnouts, switches, loops, structures, tunnels, entrances, exits, and appurtenances, either under ground, above or upon the surface of said property, and all other means and appliances necessary or proper to constitute the same a complete electric railway, the said railway to extend from the proposed new railroad station north of Market Street to the boundary line between the City of Newark and the Town of Belleville.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said improvements, the money herein authorized to be applied to the cost of such improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued have not yet been completed and are of the class described in Clause (U) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by law, is fifty years, beginning on the date of said bonds.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valua-

tion of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$733,424,201.00

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$49,548,639.84.

(f) The statements required by said Section 12 (showing said net debt, etc.), have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that June 27, 1933, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to repeal an ordinance entitled: "An ordinance creating a Bureau of Purchases and providing for the appointment of a Purchasing Board," adopted July 29, 1931.

The Board of Commissioners of The City of Newark, Do Ordain:

1. That an ordinance entitled "An Ordinance creating a Bureau of Purchases and providing for the appointment of a purchasing board," adopted July 29, 1931, be and the same is hereby repealed.

2. This ordinance shall take effect September 1, 1933.

3. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that June 27, 1933, at 10 A. M. Standard Time, 11 A. M. Board of Adjustment

Newark, N. J., June 7, 1933.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

42-46 Jones Street, Max Littman;
gasoline station; for a period of eight years.

37-39 Lombardy Place, Charles S. Wood; renewal of permit for an automobile parking station; renewed for one year.

1-7 Crawford Street, James Feeley (Louis Pennington, owner) automobile parking station; for a period of one year.

259-261 Park Avenue, Gold Seal Bedding Company (City of Newark, owner); manufacturers of bedding.

554-556 South Tenth Street, Kathryn Hart; renewal of permit for a retail ice depot; renewed for two years.

The Board of Adjustment,
R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner and further action postponed to June 27, 1933.

Commissioner Parnell: Under the instructions of the Civil Service Commission, I have appointed Mrs. Anna Hahn Hess, clerk in this department, at an annual salary of \$3,600.00 to take effect June 1, 1933.

At our last Commission meeting, June 6, 1933, the Commissioners appointed Lewis B. Blan Administrative Examiner of the Division of Research, Department of Public Works, at an annual salary of \$4,500. There is no position of administrative examiner. How can any person be appointed to a position which does not exist?

Commissioner Franklin: The position or the department or division in the Department of Research was created prior to the appointment of Dr. Blan. A budget set-up by this City can be re-allocated to the expiration of the budget or expenditure of that budget, for purposes that are deemed necessary by the Director of that Department, so that at the conclusion of the fiscal year when that budget will have been expended, moneys can be properly transferred from one division to the other.

Commissioner Parnell: I now propose to submit this resolution:

WHEREAS, Lewis B. Blan was, through resolution on the sixth day of June, 1933, appointed to the position of Administrative Examiner of the Division of Research of the Department of Public Works at an annual salary of \$4,500.00; and

WHEREAS, there is no such position as Administrative Examiner and no such division as Division of Research in the Department of Public Works; and

WHEREAS, the 1933 appropriation for the Department of Public Works makes no allowance or appropriation for such a position; and

WHEREAS, it has subsequently developed that Lewis B. Blan is in the employ of the State of New Jersey, and on the payroll of said State;

BE IT FURTHER RESOLVED, that the aforesaid resolution be herewith rescinded and the Auditor be directed to remove the name of the said Lewis B. Blan from the payroll of the City of Newark.

Done in Commission, this thirteenth day of June, A. D., 1933.

Reginald Parnell
A. F. Minisi

Mayor Ellenstein: I take it that the resolution is seconded.

Commissioner Minisi: I will second the resolution.

Mayor Ellenstein: All in favor of the resolution will signify by saying aye, contrary no; the Clerk will call the roll.

The City Clerk: Commissioner Duffy.

Commissioner Duffy: No.

The City Clerk: Commissioner Franklin.

Commissioner Franklin: No.

The City Clerk: Commissioner Minisi.

Commissioner Minisi: Aye.

The City Clerk: Commissioner Parnell.

Commissioner Parnell: Aye.

The City Clerk: Mr. Mayor.

Mayor Ellenstein: In explaining my vote, I want to say that I believe that every proposition that comes before this Commission should be carefully weighed and determined upon coolly and collectedly. I believe that, not only have the citizens and the voters of the City of Newark expressed a confidence in Commissioner Franklin, but, knowing him as I do, personally I have sufficient confidence in him and can rely upon his judgment; and I believe it is unfair to pre-judge any man before he is able to demonstrate the results of such an appointment. I disagree with Commissioner Parnell that the appointment has no full force and legal effect; because if that were so, why, it would decidedly harass and embarrass the functions of this Commission. For example, if I were to appoint a laborer in my department it would be necessary, first to introduce an ordinance to create that position; and then follow it by a resolution. I, in the past, disagreed with Commissioner Parnell's appointments on at least one occasion. When he assumed the responsibility for such appointments, why, then I went along with him on that resolution. When he found he made a mistake in the appointment he was ready and willing to correct it, as he did. And a like condition exists within the mind of Commissioner Franklin. If he finds that Dr. Blan is not giving a full service of \$4,500 to the City of Newark, I feel quite certain that he would be one of the very first to come before the City Commission and rescind his action. I therefore vote 'no' on the resolution.

Commissioner Parnell: Now, Mr. Mayor, I would just like to correct an impression that you have given these citizens here this morning. In the first place, this appointment is an entirely different matter from the appointment of a laborer. You know in your budget of the Department of Public Affairs you are allowed to appoint so many laborers; the budget calls for it; the appropriation was made up contemplating it; and you do not have to have an ordinance passed in order to appoint a laborer; and if you think you do, you are laboring under a strange hallucination and misapprehension.

I have a right to appoint so many clerks in my department. They were provided for in the budget and their salaries were fixed, but I haven't a right to create a new job or a new position without having an ordinance passed.

Now, as far as I making a mistake is concerned, if you knew what you evidently did know, if you had warned me and given me the information that you had, I would not have made the mistake. But you are closing the door after the horse is gone.

On the contrary, I am telling Director Franklin why I am opposed to it and giving him my reasons as briefly and as plainly as I know how.

Mayor Ellenstein: Is there any other business on the Clerk's desk?

Mr. Henry Green: I brought up the subject about the high rates, gas, electric and telephone, and I understand that you are making some investigation. I want to know whether there has been any action. Furthermore, I brought up the public defender question.

Commissioner Franklin: Mr. Green, that question of public defender was taken up at our conference yesterday and it was referred to Director Par-

nell to make a study of it, which he is going to do, and then he is going to make a report of his findings to the Commission at its conference, and it will probably embody all those things in which you are interested.

Mr. Edward A. Dougherty, Sr., 176 Huntington Terrace: Mr. Mayor and Commissioners, I am a member of Local 11 of the Ironworkers Union. For the last year and a half we have been fighting to get our own citizens to work in Newark, particularly on the Newark projects that is paid for by the City of Newark. About a week and a half ago I was put to work. We have in Newark a line of racketeers in the Building Trades Council. On the City Railway job we have not had five men on that job.

Mayor Ellenstein: Mr. Dougherty, have you the names of those men you say are not residents of Newark that are working on the City Railway? A week ago the carpenters had some sort of trouble like that and the contractor refused to hire a foreman because he had brought to light the fact that money had been rebated to a subcontractor. I insisted that the contractor rehire the foreman who was a local man, and he had to do that before he could proceed with the work. And I insisted, too, that the subcontractor be discharged.

Now, unless you give me some information how can I be of any assistance to you and the rest of the men who are residents of this city?

And I want to say this for the entire membership of this Commission: They are whole-heartedly in sympathy with you men. And that goes so far as Commissioner Minisi and Commissioner Franklin are concerned, too. We want to do everything possible to correct that condition. We realize that it does no good, not only to you men but to the welfare of the

citizens of the city generally to have any condition like that existing. You know that this Commission will not countenance anything like that. And we want to clean up as soon and as rapidly as we can. If you will give us the information you can rest assured your interests will not be disturbed in the least as far as it is humanly possible for this Commission to protect them.

Commissioner Parnell: Mr. Mayor, I see no reason why Director Duffy's department should not assign a man to act as checker wherever men are put on public jobs and their wages or salary is paid out of the taxpayers' money of the City of Newark. And we are definitely pledged that wherever possible the taxpayers' money will only go to pay Newark workers, Newark funds for Newark workers. Now, I think we could very easily have a man delegated to act as checker so no man can be put on a public job until we find out he is a bona fide resident of the City of Newark.

As far as I am concerned, if you will introduce a resolution,—or maybe it can be done without a resolution,—to have somebody delegated to check up on these men and that no man be allowed to go to work on any job that is going to be taken care of by public funds until we know that individual is a bona fide resident of the City of Newark.

Mr. Ray Hatfield, 324 Morris Avenue: Mr. Mayor and Commissioners, I am a resident of Newark and a local ironworker and am struggling to make a living for my family. About this Prudential job. I understand there are fifteen or sixteen men there that are out-of-town men.

Mayor Ellenstein: Mr. Hatfield, you know the Prudential job is a private project. I have written several let-

ters to the contractors and to the Prudential asking them and entreating them to employ Newark labor and bona fide residents of the City of Newark. But you know that the Commissioners of this municipality have no control over private enterprises. While we are in sympathy with you entirely, we are at a loss because of the lack of cooperation on the part of the contractors who are in control of the job. I know that every member of this Commission would go a long ways towards correcting those ills and those conditions that are unfair. We realize, too, that any man or any ironworker or any union laborer living in Newark who desires employment in other cities, he is blocked by the fact that he is a non-resident. And we are wholeheartedly in sympathy with you and want to help you, and we will endeavor further to bring it to their attention and do everything possible to assist you.

Mr. Joseph S. Zemel, 289 Market Street: Mr. Mayor, I find that the City Market ought to be reopened by the City of Newark as a market.

Commissioner Franklin: I move, Mr. Mayor, in view of the fact this is a matter within the province of Director Minisi's Department, that this recommendation be referred to Director Minisi.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The following communication was received and read:

To The Honorable,
The Board of Commissioners
of the City of Newark, N. J.

Your petitioners, the undersigned,

being taxpayers and property owners, or occupants of property in the vicinity of the Centre Market building on Mulberry and Commerce Streets, respectfully show that they have owned and occupied the said property for a great number of years; that when the said market building was used as a Centre Market, the effect thereof was very beneficial to the property and business of your petitioners; that such use of said building brought a great many people into the neighborhood, and was a distinct advantage.

That the City of Newark, over the protest of your petitioners leased out the said premises for various purposes, including garage use; and all of said uses have been very detrimental to the property of your petitioners.

Your petitioners are informed that no rent or revenue is now being received from the said building and that its present use is a source of disadvantage both to the city at large and to your petitioners.

Your petitioners therefore request that this honorable body take the necessary and proper steps to the end that said property may again be used for market purposes, and rented out to various individual residents of Newark, for individual market stands.

(Signed by eleven property owners).

Ordered referred to Director Minisi.

The following communication was received and read:

Department of Revenue and Finance
City Hall
Newark, N. J.

June 13, 1933.

Mr. H. Reichenstein,
City Clerk,
City Hall,
Newark, N. J.

Dear Sir:

Please take note that, acting under the express instructions of the Civil Service Commission, I have appointed Mrs. Anna Hahn Hess to the position of Clerk in this Department.

She has been assigned to the Assessment Bureau under the supervision of Mr. James J. Fitzsimmons at an annual salary of \$3,600.00.

Her employment is to take effect as of June 1, 1933.

Very truly yours,
Reginald Parnell,

Director of Revenue and Finance.

Ordered filed.

Mr. Hugh McDonald, 11 Mt. Pleasant Avenue: Mr. Mayor and Commissioners, we were successful in getting the job on the Clay Street bridge. Although I know it is a County job with County money, we got the job and worked there for two days. Local 45 walked in there and had us pulled off the job and substituted his men on the job.

Commissioner Franklin: Aside from the fact that we desire to be helpful, how have we any direct control of that?

Commissioner Minisi: How can we interfere except to say that half of the labor on that bridge should come to Essex County? We cannot quarrel about that. We can fight for the broad principle of Newark jobs belonging to Newark people and Essex County jobs belonging to Essex County people. But if they are giving half of the employment to Essex County what right have we to interfere?

Mr. John R. Keefe, Caldwell, N. J.:

I want to submit briefly a plan for Newark to wipe out its entire bonded debt of \$120,000,000 at no cost to the taxpayers.

Mayor Ellenstein: That is very interesting.

Mr. Keefe: I got \$300 in the Orange Bank and it is there yet. The plan is for Newark to own and operate a bank in which they would guarantee deposits, but they would make no loans whatever; they would not have any bad loans. What they would do with the deposits would be to buy and hold as securities the corporate stock and bonds of the City of Newark itself, and the City of New York, for instance. Those bonds today are selling at seventy-five cents on the dollar.

Commissioner Franklin: Under the authority of the city charter as it is now constituted, I doubt very much whether we are permitted to engage in the banking business. That would be the subject of legislation and constitutional amendment. That would be my off-hand thought.

Mayor Ellenstein: That is a fact, the City could not engage in the banking business.

Mrs. Lloyd Miller, 27 Mt. Vernon Place: This is in behalf of Route 54, Mt. Vernon Place. This is the third time this bus has been put on our street. We have signed two petitions and it is against our will that this bus should continue this route.

Mayor Ellenstein: Mrs. Miller, this matter has been called to my attention. I found on three different occasions in the last two and a half years there have been petitions filed; first, requesting the removal of the bus from Mt. Vernon Place; then requesting that it be put back; and changing the route three different times. I am endeavoring to make a

study of it to determine what the people on that street really want.

A resolution from the Taxpayers Protective League of Newark, adopted at its meeting June 1st requesting that every resolution involving the expenditure of money be read separately and distinctly, and not in bulk, was received, read and on motion ordered filed.

A resolution from the Taxpayers Protective League of Newark, adopted at its meeting June 1st requesting that the Board amend its resolution and allow a reasonable time for citizens to speak at regular weekly meetings, was received, read and on motion ordered filed.

A resolution from the Taxpayers Protective League of Newark, adopted at its meeting June 1st, opposing the proposed \$3,500,000 loan from the Reconstruction Finance Corporation, was received, read and on motion ordered filed.

Mr. Charles Becker, 114 Market Street: Mr. Mayor and Commissioners. In reference to this \$3,500,000 loan that you are requesting from the Reconstruction Finance, which we are opposed to, for this reason, to increase the bond indebtedness of \$120,000,000, I say that certain citizens of the City of Newark owe to the City of Newark \$3,600,000 worth of personal taxes.

Mr. Benjamin F. Biershint, 271 North Eleventh Street: Mr. Mayor, I ask that you cut the taxes down to \$2.62 in 1934.

Mr. Ausin J. Waldron, 82 Berkeley Avenue: Mr. Mayor and Commissioners. Properties in Newark advertised for sale can be redeemed for a little sum of five or ten dollars and taken out of the tax sale.

Mr. James D. Kennedy, 17 Sunset Avenue; Mr. Mayor and Commissioners. The Public Service is fixing to use some of the Newark property to make a bus terminal for their 54 line up at the Poor Farm. I would suggest that the City Commission rent this property if it is needed for the Public Service for a bus terminal.

The Board of Commissioners of
The City of Newark, N. J.

H. S. REICHENSTEIN,
City Clerk.

Newark, N. J., June 20, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of June 13th were read and approved.

The City Clerk presented An ordinance respecting the salaries or compensation of officers and employees of and persons holding an office or position under the government of the City of Newark, New Jersey, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any citizen who desires to be heard on this ordinance?

Mr. John H. Yauch, Jr., Lefcourt Building: Mr. Mayor and members of the Commission, I am attorney for the Newark Board of Works Pension Association, and ask to lay action over for one week. This ordinance does not take effect until July 1st, so that your program will not be delayed by granting our request.

Mayor Ellenstein: Those men affected have had the two weeks since the first reading of the ordinance when the title was taken, and now it is a pretty late day to come in at this time and ask for a further adjournment. However, since it does not affect the program in any way, I personally haven't any objection to deferring it for another week.

Commissioner Franklin: I move you, Mr. Mayor, that this matter be deferred for one week.

Commissioner Duffy: I second the motion.

Lindeman & Co.
Badger Avenue and Peddie Street
Newark, N. J.

June 20, 1933.

City Commissioners,
City Hall,
Newark, N. J.

Gentlemen:

I was granted a gasoline permit for

gasoline station on my property at Badger Avenue corner Hawthorne Avenue, and Peddie Street.

As the conditions in the gasoline industry have been so uncertain I have made no attempt to get a tenant and therefore ask you if you will kindly renew the permit.

Thanking you for this courtesy, I am,

Very truly yours,
Arthur C. Lindeman.

Ordered filed.

Commissioner Duffy offered the following resolution:

WHEREAS, On March 29, 1933, the Board of Commissioners on recommendation of the Board of Adjustment dated March 7, 1933, adopted a resolution approving the construction of a gasoline station on premises 345 Badger Avenue; and

WHEREAS, the owners, Frank and Arthur Lindeman, were unable to proceed with the work of construction within the allotted time, therefore be it

RESOLVED, By the Board of Commissioners of the City of Newark that an extension of three months' time be granted for the commencement of this work, said extension of time to expire September 29, 1933.

Department of Health

June 16, 1933.

Mr. H. S. Reichenstein, City Clerk,
City Hall, Newark, New Jersey.

Subject: Cemetery Permit.

Dear Sir:

I am returning herewith blue print and application for a permit by the New Montefiore Cemetery Company.

Application covers plot bordered by McClelland Avenue and running back 171.98 feet on Madison Avenue and 318.46 feet on Devlin Avenue.

We have thoroughly investigated this site and find that it is entirely satisfactory from a public health standpoint. The section is almost entirely composed of cemeteries and it is not a residential section.

Yours very truly,
Charles V. Craster,
M.D., D.P.H.,
Health Officer.

Commissioner Franklin: I move this matter be laid over to July 6th for public hearing.

The roll being called, the motion was declared adopted by the following votes:

The clerk then read the ordinance as follows:

An ordinance relating to, and providing for the licensing and regulating of certain kinds of sales of merchandise, defining offenses and providing penalties for the violation thereof.

The Board of Commissioners of the City of Newark Do Ordian:

Section 1. No person, persons, firm or firms or corporation, shall advertise, represent or hold out that any sale of goods, wares and merchandise is an insurance salvage, bankruptcy, bankrupt stock, mortgage, insolvent, assignee's, executor's, administrator's, receiver's trustees, removal, reorganization, going out of business, selling out, and/or a quitting business at any particular location sale, and/or a sale of goods, wares and merchandise damaged by fire, smoke, water or otherwise and/or a sale of the goods, wares and merchandise of a former owner thereof, whether in the seller's own name or that of the former owner, at any location other than the seller's bona fide retail establishment where he has been in business for a period of at least one (1) year prior thereto, in the City of Newark, and it shall be unlawful for any person, persons, firm or firms, or corporation, in any of the advertising in connection with any sale except at a sale conducted at the seller's bona fide retail establishment where he has been in business for a period of at least one (1) year, to use the words "bankrupt," "bankrupt stock," "United States District Court," "assignee," "receiver," or "trustee," without first filing with the Director of the Department of Public Safety the inventory hereinafter provided for and obtaining from him a license so to do, to be known as a "Closing Out Sale License," provided, however, that nothing in this ordinance shall be deemed to apply to Sheriff's, Constables and other public or court officers, or to any other person or persons acting under the di-

rection of any court of record, selling goods, wares and merchandise in the course of their official duties. The fee for such licenses shall be and the same is hereby fixed as follows:

For a period not exceeding 10 days \$100.

For a period not exceeding 20 days \$200.

For a period not exceeding 30 days \$300.

provided that only one such license shall be issued to any one such person, persons, firm, firms or corporation within a 12 month period, and no such license shall be issued for more than 30 days.

Section 2. The inventory required by the next preceding section shall contain a complete and accurate list of the stock of goods, wares and merchandise to be sold at any sale for which a license is hereby required, together with the cost price thereof, which inventory or list shall be signed by the person, persons, firm, firms, or corporation, seeking the license, or by a resident agent thereunto authorized, and by affidavit at the foot thereof, he or such agent shall swear or affirm that the information therein given is full and true, and known by him or such agent to be so.

It shall be unlawful to sell, offer or expose for sale at any such sale, or to list on such inventory, any goods, wares or merchandise which are not the regular stock of the store or other place, the business of which is to be closed out by such sale, or to make any replenishments or additions to such stock for the purposes of such sale, or during the time thereof, or to fail, neglect or refuse to keep accurate records of the articles or things sold, from which records the Director of the Department of Pub-

lic Safety may ascertain the kind and quantity or number sold.

Section 3. The Director of the Department of Public Safety may, in his discretion, verify the details of an inventory filed for the purpose of obtaining a "Closing Out Sale License," or he may make a check and verify the items of merchandise sold during the sale, and it shall be unlawful for any person, persons, firm, firms or corporation to whom a "Closing Out Sale License" has been issued to fail or refuse to give the Director of the Department of Public Safety, or any person designated by him for that purpose all the facts connected with the stock on hand or the proper information of goods sold, or any other information that he may require in order to make a thorough investigation of all phases connected with the sale.

Section 4. The license fees imposed hereunder shall be paid to the City Clerk.

Section 5. The license to be issued under the provisions of this ordinance shall not authorize any person, firm or corporation, except the designated licensee, to engage in business under such license. Said license shall not be transferrable from one person, firm or corporation to whom issued to any other person, firm, or corporation excepting upon the transferee complying with all the provisions of this ordinance in relation to original application and license, and shall then only be transferable in case the original license fee has been paid. Approval of the transfer may be given by the Director of the Department of Public Safety, and upon payment of a transfer fee to the City of Newark in the sum of 10% of the fee for the original license.

Section 6. The license referred to herein shall be on display at all times

at the place designated in the application for such license.

Section 7. A license may be revoked by the Director of the Department of Public Safety for the violation of the terms of the license or falsification in applying for the license, or when, in the opinion of the Director of the Department of Public Safety the business so licensed is conducted in a manner contrary to law or to public morals or to the public health or to the safety of the life or limb of the public. Before a license is revoked the licensee shall be accorded a hearing before the Director of the Department of Public Safety upon at least two days' notice, in writing. The decision of the Director of the Department of Public Safety shall be final as to revocation.

Section 8. A license may be suspended for not more than two weeks by the Director of the Department of Public Safety upon probable cause being shown that the license should be revoked.

Section 9. The Director of the Department of Public Safety shall hold such hearings and make such investigations as he may deem necessary in carrying out the provisions of this ordinance in relation to suspension or revocation of licenses.

The following communication was received and read:

Thomas E. Fitzsimmons
Counsellor at Law
1172 Raymond Boulevard
Newark New Jersey

June 23, 1933.

The Honorable Board of Commissioners of the City of Newark,
City Hall, Newark, N. J.

Gentlemen:

On behalf of the Roman Catholic Diocese of Newark I herewith make application for a permit to use the property on Grove Street indicated on the blueprint, survey and description herewith for cemetery purposes.

This property is now owned by Mr. Owen Lynch, who has contracted to sell the same to my client. The property in question is surrounded by the existing cemetery of the Holy Sepulchre owned by the Roman Catholic Diocese of Newark and I do not believe could be disposed of for any other purpose. There is no building on the premises, the same having been destroyed some time ago by fire and there only remains the charred remains which constitute an eye sore to the surrounding neighborhood.

My client would appreciate your early consideration of this request.

Very truly yours,
Thomas E. Fitzsimmons.

Premises in Newark, N. J.

Beginning at a point in the westerly line of Grove Street distant 101.49 feet northerly from the northerly line of Carlisle Street; thence running north $34^{\circ} 18', 48' 8''$ along the westerly line of Grove Street; thence north $88^{\circ} 16'$ west 125.34 feet; thence $524^{\circ} 29'$ west 40.00 feet and; thence $565^{\circ} 31'$ east 117.30 feet to the aforesaid line of Grove Street and the place of beginning.

Ordered referred to Commissioner Franklin.

The following communications were received and read:

June 16, 1933.

I hereby resign as Constable of Essex County to take effect at once.

WHEREAS, the purpose of the resolution was to promote economy and efficiency in the administration of the public welfare and hospitalization program of said Department of Public Works which was and is required by the present critical economic condition; and

WHEREAS, certain action was taken to review said resolution by

certiorari proceedings in an endeavor to declare the same illegal and invalid by reason of the creation of said Division by resolution rather than by ordinance; and

WHEREAS, by reason of the importance of the work required to be done by said division it is essential that delay be eliminated or minimized and to obviate any question of law in the creation of said Division an ordinance was introduced on June 27, 1933, creating the Division of Research in the Department of Public Works, defining, regulating and prescribing the functions and administration thereof; and

WHEREAS, the resolution above mentioned passed on June 6, 1933, shall be superseded and become unnecessary in the event of the adoption of said ordinance;

NOW, THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that the resolution above mentioned adopted June 6, 1933, be and the same is hereby ordered rescinded, such rescission to take effect on the Tuesday following the adoption and effective date of an ordinance introduced on June 27, 1933, entitled: "An Ordinance Creating the Division of Research in the Department of Public Works in the City of Newark and, Defining, Regulating and Prescribing the Functions and Administration Thereof."

Commissioner Parnell: I would like to see the resolution, Mr. Mayor. I have not seen it.

Mayor Ellenstein: All those resolutions were presented to you in conference.

(The City Clerk handed the resolution to Commissioner Parnell.)

Commissioner Parnell: Furthermore, this resolution is not a proper type of resolution. You don't need all these words and verbiage in here to rescind that resolution. You just say, "Be it resolved that a resolution passed on such and such a date is hereby rescinded."

Mayor Ellenstein: That is a matter for the Legal Department, and it is presented in this form.

Commissioner Parnell: Well, the Legal Department is using too much of the taxpayers' valuable time in drawing that stuff up.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Mayor Ellenstein.

Nays: Commissioners Minisi, Parnell.

The following communication was received and read:

The City of Newark
Legal Department
Newark, N. J., June 27, 1933.

To The Board of Commissioners
of The City of Newark,

Addressed.

Gentlemen:

By virtue of the authority of an act of the Legislature of the State of Jersey, entitled:

"An Act to establish a Law Department in cities of the first class in this State," approved April 5, 1920, and the supplements and amendments thereto,

and an ordinance entitled:

"An Ordinance to establish a Law Department in the City of Newark," as amended,

I, the undersigned, Corporation Counsel of The City of Newark, do, with the consent and concurrence of your Board, appoint Thomas M. Kane Assistant Corporation Counsel of The City of Newark, to take the place of James F. X. O'Brien, Assistant Corporation Counsel, who is resigning as of July 1, 1933; said appointment of Thomas M. Kane to take effect July 1, 1933, at the annual salary of Eight Thousand Dollars (\$8,000.00), subject to the deductions provided for in the ordinances of the City of Newark relating to salary deductions.

Yours respectfully,
Frank A. Boettner,
Corporation Counsel.

Ordered filed.

Commissioner Duffy offered the following resolution:

BE IT RESOLVED by the Board of Commissioners of The City of Newark, that the action of Frank A. Boettner, Corporation Counsel of The City of Newark, in appointing Thomas M. Kane, Assistant Corporation Counsel, at the annual salary of Eight Thousand Dollars (\$8,000.00), subject to the deductions provided for in the ordinances of the City of Newark relating to salary deductions, to take the place of James F. X. O'Brien, Assistant Corporation Counsel, who is resigning as of July 1, 1933, be and the same is hereby ratified and confirmed, said appointment of Thomas M. Kane to take effect as of July 1, 1933.

Michael P. Duffy
Pearce R. Franklin
M. C. Ellenstein

Commissioner Minisi: Now, Mr. Mayor, this comes out of a clear sky to me. I do not know anything about this and I am going to vote against this resolution. I think we should all vote against the resolution until we find out exactly what the Supreme Court is going to do or the Civil Service Commission is going to do in connection with the three legal assistants who are endeavoring to be reinstated in the Law Department.

Mayor Ellenstein: This has no bearing on the legal assistants and upon their legal status at all. This is the replacement of one of the assistant Corporation Counsel who is resigning.

Commissioner Minisi: The Law Department was established by us, and in the establishment of the department three legal assistants were dropped. Now these three legal assistants are endeavoring to be reinstated through the medium of the courts. And if the Law Department remains as we established it and the three legal assistants are reinstated, I think that the department is going to be completely overmanned. And for that reason I am voting against the resolution.

Commissioner Parnell: I would like to say further, Mr. Mayor, that this comes as a complete surprise to me. Now, we were in conference yesterday morning at eleven o'clock and we were in conference this morning at nine-thirty or a quarter of ten. And it seems to me that a proper respect for the other members of this Commission and a proper procedure, demands that we be advised of these appointments and that we should not come in here and be taken by surprise.

Now, when we were elected on May 9 to this City Commission, the citizens expected us to give a new deal to the City of Newark.

And it seems to me there is no one department in the City Hall at the present time that has called for more unfriendly criticism than the Law Department of the City of Newark. I think the Law Department of the City of Newark is a disgrace to the City of Newark.

I think that the Law Department of this City of Newark has failed to take care of the interests of the taxpayers of the City of Newark. And the best proof I want to give you of that fact is the fact that the Law Department of the City of Newark permitted the Ninth Precinct to be built upon land belonging to the Pennsylvania Railroad Corporation.

The Law Department as now constituted is going to cost the taxpayers of the City of Newark this year over \$70,000. And I want to remind you, sir, that Dean Frazer, Dean of the Mercer Beasley Law School, offered to come in and take the Law Department of the City of Newark, at the salary of \$9,000 which he received as City Counsel in 1917; and he offered to run the Law Department, including his own salary, at not over \$40,000 a year.

Now, then, you are seeking to place back upon the payroll a man who is a politician: Tom Kane. We all know who Tom Kane is. He was a supporter of William J. Egan; he is now in the office of John A. Matthews. And it seems to me that you and I and none of us can go to the citizens of Newark and explain to them the appointing of a purely political appointee to the Law Department at this time. This man has been in here as assistant Corporation Counsel for the last four years, growing fat upon the salary that he received. What do you suppose the citizens of Newark think who have brought up their boys to be lawyers? Don't you suppose they want a chance, too? Don't you

suppose there are plenty of high caliber lawyers in the City of Newark, men of ability, men of judgment, who would be willing to come in here and take that job? And I see no reason, in the first place, for the filling of any such position at this time; and much less do I see any reason for putting Tom Kane back in here in the City Hall when the citizens of Newark turned him out on May 9 last.

And I want to tell you further, and I want to place myself upon record with full knowledge of what I am saying, I have so little confidence in the Law Department of the City of Newark at the present time that I would not even ask for a legal opinion from it.

Mayor Ellenstein: I might say to you, Commissioner Parnell, in all fairness, that those who demand courtesy should extend it; and that you were the very first to inaugurate the system whereby any appointments, instead of going through by resolution—and while you may be within your rights legally—instead of going through in the regular form as heretofore and as the precedent established, you took advantage of the situation, if it might be called that, and presented your appointments by letter. And in every instance, every appointment that you made since the time you inaugurated that system, was a complete surprise to me, as it must have been to the other members of this Board. And you are responsible for inaugurating that system.

Commissioner Parnell: Within my own department, Mr. Mayor, I have a right to appoint men in my own department without consulting you or any other member of the Commission. But I want you to understand that an appointment in the Law Department is in my department as well as your department. On those matters I have a right to be consulted, and I am go-

ing to demand that right and see that I get it.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Mayor Ellenstein.

Nays: Commissioners Minisi, Parnell.

Six affidavits in the matter of the application of Max Littman for a gasoline station at 42-46 Jones Street were read and referred to conference.

The following petition was received and read:

To The Honorable Members of the Board of Adjustment of City of Newark:

We, the undersigned, property owners residing in the City of Newark, who own property in the vicinity of the proposed location of a gasoline station at No. 42-44-46 Jones Street, hereby humbly petition your Honorable Board to deny the application because we feel that the granting of the permit would be detrimental to the public safety of the citizens using the Jones Street thoroughfare; because it would decrease the value of property in the immediate vicinity which is very costly due to the heavy assessment; and because the same would be detrimental and change the character of the neighborhood.

Signed by five property owners.

Referred to conference.

Commissioner Franklin offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on ap-

peal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Max Littman, owner, for the construction of a gasoline station; premises 42-46 Jones Street, for a period of eight years, on condition that all signs, fences and lighting devices meet the approval of the Board;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Are there any objectors who desire to be heard?

Mr. Simon L. Fisch, Essex Building: Mr. Mayor and gentlemen of the Commission, I represent the Yankee Building and Loan Association, owner of premises at 43 Jones Street, and we object to the granting of this application on the ground that the property which we own is a valuable piece of property. We feel that the granting of this application and the erection of a gas station directly opposite our property, will seriously interfere with the value of that property and seriously interfere with the use of it.

Mr. Chester I. Robak, 58 Jones Street, representing Stella Robak, owner of 58 Jones Street, and Rose Solek, 60-62 Jones Street:

I am the occupant of Jones Street for the past twenty-some years. I have there an investment of approxi-

mately \$30,000. I plead with you that this application be denied.

Mr. William A. Schilling, 763 Broad Street:

Mr. Mayor, I represent the B. & D. Realty Company, which is the owner of 37-39 Jones Street. The application was twice denied by the Zoning Board and once denied by the City Commission.

Mayor Ellenstein: Does any other objector desire to be heard?

Mrs. Helen Piwonski, 32-34 Jones Street:

I am a widow and I am running an auto laundry right next door to where this man intends to put a gasoline station; and, of course, that would certainly hurt my business.

Mayor Ellenstein: Is there any other objector who desires to be heard?

Mr. H. Andrew Moore, 17 Academy Street:

These people are all here but they just desire to object. I have spoken to them. I represent Mr. Florco. I spoke to the rest of them and they desire to object by their appearance.

Mayor Ellenstein: Will you have their names recorded and just who each individual is, and the property affected.

(The following persons objecting to the application, filed their names and addresses:

Mrs. A. E. Wittington, 45 Beacon Street.

Mr. T. Florco, owner of 27, 31 and 32 Beacon Street, and representing Julia Florco, owner of 29 Beacon Street.

Rose Solek, owner of 60-62 Jones Street.

Peter Malewayko, owner of 15 Beacon Street.

Mrs. Benjamin DePalma, owner of 55, 57 and 59 Jones Street.

Anton Marshall, part owner of 45 Jones Street.

W. Christina, owner of 39 Beacon Street.

Anthony Szczytko, owner of 73 Jones Street.

Mr. J. S. Marshall, part owner of 45 Jones Street:

Mr. Mayor, I have a property in 45 Jones Street, and my tenants tell me already so soon as they see a gasoline station will be there half of them going to move.

Mayor Ellenstein: Are there any others who want to be heard or have their names recorded? All right, we will hear from the petitioner.

Mr. Simon Englander, 790 Broad Street:

Mr. Mayor and Commissioners, this property which this applicant owns cost \$71,000, and it is now empty and has always been so. Mr. Littman has an assessment against his property, vacant land, for which he is now liable to pay the sum of \$7,650. That is an improvement assessment.

Mayor Ellenstein: What about the Ukrainian Church? As I understand the City ordinance, if it is within two hundred feet of a library or church it cannot be granted, and the Ukrainian Church, I understand, objects. Don't you think their rights should be respected?

Commissioner Minisi: Is the church represented here?

Mayor Ellenstein: No; but I see from the report of the Zoning Board that the Ukrainian Presbyterian Church objects.

Commissioner Minisi: Mr. Mayor, various conflicting statements have been made that I think require checking up on our part. I move you, at this time, that the matter be laid over until an inspection is made by this Board, until the meeting of July 11.

Mayor Ellenstein: All in favor of the motion to adjourn the hearing to July 11 will signify by saying aye, contrary no; the Clerk will call the roll.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein,

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Zoning Enforcement Officer, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of James Feeley (Louis Pennington, owner) for an automobile parking station; premises 1-7 Crawford Street (425-427 Halsey Street); for a period of one year, on condition that a bumper fence be erected along street frontages;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjust-

ment be and the same are hereby approved, and the Zoning Enforcement Officer, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Are there any objectors that desire to be heard on this? There is a letter from the First Reformed Church. They have no objection.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Zoning Enforcement Officer, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Charles S. Wood, owner, for the renewal of a permit for an automobile parking station; premises 37-39 Lombardy Place (34 Atlantic Street); for a period of one year, on condition that a fence be erected on the Atlantic Street frontage, leaving a ten foot driveway, and that all signs erected meet the approval of the Board;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby ap-

proved, and the Zoning Enforcement Officer, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Zoning Enforcement Officer, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Gold Seal Bedding Company (City of Newark, owner) for the manufacture of bedding; premises 259-261 Park Avenue;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Zoning Enforcement Officer, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Is there anyone here who desires to object to this application?

Is there anyone appearing on behalf of the petitioner?

Commissioner Minisi: I know something about this. I suggest it be laid over. The lease was already prepared, but when I checked the lease it was unsatisfactory to me. There was no recapture clause in the lease, and I think the lease should be modified so as to permit us to step in and take that property in the event it is needed for some public improvement in the near future. The lease calls for a ten-year period.

I move it be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Zoning Enforcement Officer, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Kathryn Hart, owner, for the renewal of a permit for a retail ice depot; premises 554-562 South Tenth Street; renewed for a period of two years ending May 20, 1935;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Zoning Enforcement Officer, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

The following communication was received and read:

Board of Adjustment
City Hall

Newark, N. J., June 21, 1933.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

191-197 Bergen Street, Abe and Moe Jennis, owners; alteration of a public garage to provide for gasoline station;

234-286 Waverly Avenue, Jennie Winarsky, owner; automobile parking station; approved for No. 284-286 for one year;

22-26 Sussex Avenue, R. A. McDonough & Company (Paramount Realty Co., owner); enlargement of gasoline station by construction of additional buildings;

108-112 Academy Street, James F. Connorton, owner; automobile parking station; for one year;

192-194 Bloomfield Avenue, Solomon Raschal (Luigi Miele and Yale University, owners); 2 portable gasoline tanks for a period of one year, and one stationary pump for a period of five years;

424 South Sixth Street, Samuel Rosenberg (R. R. Schmidt, owner); automobile repair shop, and two portable gasoline tanks; for one year;

19 Cleveland Avenue, Michael & Peter Cenci, owners; 2-family dwelling;

580 South Tenth Street, Arthur Sachs (William Ascenbach, owner); renewal of permit for two portable gasoline tanks; for one year;

456 Lyons Avenue, Rubin Klass (Minahan Realty Co., owner); retail ice depot; for one year;

454 Chancellor Avenue, Michael Schurtz, owner; retail ice depot; for one year;

656 Broadway, Thomas F. Joyce (Elizabeth Reeves, owner) two portable gasoline tanks; for one year.

The Board of Adjustment,
R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner and further action postponed to July 11, 1933.

A communication from Eugene J. Kaplan relative to a permit for the construction of a retail ice depot at 456 Lyons Avenue was read and ordered filed.

Mr. Eugene J. Kaplan: I am the party that wrote that letter. I think there is no objection. There was no objection last Wednesday.

Mayor Ellenstein: Have we any of the facts? This is for a suspension of the rules.

Mr. Kaplan: My reason for asking a suspension of the rules is this: The application is for the construction of a retail ice depot, and if the matter is not disposed of before the first of the month we lose one whole month.

Commissioner Franklin: I move you, Mr. Mayor, that the rules be suspended.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Rubin Klass (Minahan Realty Co., owner) for the construction of a retail ice depot; premises 456 Lyons Avenue; for a period of one year;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Are there any objectors to this application that desire to be heard?

Commissioner Minisi: I move we concur in the action of the Zoning Board.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, on March 29, 1933, the Board of Commissioners on recommendation of the Board of Adjustment dated March 7, 1933, adopted a resolution approving the construction of a gasoline station; premises 865-869 Clinton Avenue; and

WHEREAS, the owner, Mary W. Taylor, was unable to proceed with the work of construction within the allotted time; therefore be it

RESOLVED, by the Board of Commissioners of the City of Newark, that an extension of time be granted to the said Mary W. Taylor or her assigns from June 29, 1933, said extension to expire September 29, 1933.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin: I move you, Mr. Mayor, that we now adjourn, to meet in conference on Thursday morning, July 6, 1933, at nine-thirty A. M.; and that the regular meeting next week be held on Thursday, July 6, 1933, at eleven A. M.

Mayor Ellenstein: Before putting the motion, I might announce the next meeting of the Commission will be on Thursday, July 6, at eleven o'clock, in the Council Chamber; and any citizen who desires to bring anything to the attention of the Commission will be heard in the Mayor's office at nine-thirty that same morning. All in favor of the motion to adjourn will signify by saying aye, opposed no; the Clerk will call the roll.

The roll being called, the motion was declared adopted by the following votes:

MINUTES OF MEETINGS Of The Board of Commissioners

July, 1933

Newark, N. J., July 6, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of June 27th were read and approved.

Commissioner Duffy introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An Ordinance regulating the installation and maintenance of water supply system or parts thereof and connections thereto, and providing penalties for the violation thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. No installation in any building

or elsewhere in the City of Newark of any water supply pipe or any other pipe, attachment, connection, tap, stop-cock, water closet or other fixture, intended or designed for connection with, nor any connection thereof with any water supply or water supply system or part thereof, and no alterations of or repairs or additions to or work on any such installation or connection, shall be made contrary to or in non-compliance with any of the provisions of any ordinance of the City of Newark or the rules or regulations of the Department of Public Affairs of the City of Newark, or by any person not licensed by the Bureau of Health of the Department of Public Works of the City of Newark to practise plumbing in the City of Newark and who shall not have registered such license in the Department of Public Affairs of the City of Newark in accordance with its rules, except as the employee of and under the supervision of a person so licensed and registered as above set forth, nor shall any person not so licensed and registered as above set forth, contract to make or undertake such installation, connection, alterations, repairs, additions or work; and no owner of any building or any other person, firm or corporation shall authorize, di-

rect or permit any such installation, connection, alterations, repairs, additions or work to be made in any manner contrary to such ordinances, rules or regulations, or by any person not licensed and registered as above set forth, except as the employee of and under the supervision of a person so licensed and registered as above. Any person contracting for, undertaking, making or doing, or authorizing, directing or permitting the making or doing of any such installation, connection, alterations, repairs, additions or work, contrary to any of the provisions hereof, or by any one other than a person licensed and registered, or as the employee of and under the supervision of a person licensed and registered, as above required, or who shall be guilty of non-compliance with or violation of any of the provisions hereof shall upon conviction thereof, be subject to a penalty of not more than \$100.00 or to imprisonment in the county jail, for a period not to exceed 15 days or both, for the first offense, and for each subsequent offense, shall be subject to a penalty not to exceed \$200.00 or to imprisonment in the county jail for a period not to exceed 30 days, or both. Any corporation contracting for, undertaking, making or doing or authorizing, directing or permitting the making or doing of any such installation, connection, alterations, repairs, additions or work contrary to any provisions hereof, or by any one other than a person licensed and registered or as the employee of and under the supervision of a person licensed and registered, as above required, or who shall be guilty of non-compliance with or violation of any of the provisions hereof shall, upon conviction thereof, be subject to a penalty of not more than \$100.00 to be recovered in an action in debt, for the first offense, and for each subsequent offense, to a penalty not to exceed \$200.00 to be recovered in an action in debt.

2. This ordinance shall take effect immediately upon final passage and publication according to law.

3. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that July 25, 1933, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

United Association of Journeymen
Plumbers and Steam Fitters

June 21, 1933.

Honorable Meyer C. Ellenstein,
Mayor, City of Newark, N. J.

My dear Mayor:

Beginning July 1, 1933, the stand-

ard rate of wages for Local No. 24 Journeymen Plumbers shall be Ten Dollars (\$10) per day, instead of twelve dollars.

A day's work shall consist of eight (8) hours. All time over the eight (8) hours shall be double time including legal holidays.

This reduction is voluntary on our part and we hope that this reduction will help to stimulate the building industry.

Yours very truly,
Joseph M. Byrne,
Business Agent,
Plumbers Local No. 24.

Pearce R. Franklin
Michael P. Duffy
A. F. Minisi

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Naye: Commissioner Parnell.

A protest, signed by twenty-two property owners, against the granting of a cemetery permit for the land at the corner of McClelland Street and Floral Avenue, was received, read and on motion ordered filed.

Isadore A. Sisselman read a statement in which he opposed the granting of a permit to the New Montefiore Cemetery Company for a cemetery on the easterly side of Devlin Avenue and the southerly side of McClelland Avenue.

Ordered filed.

Commissioner Franklin offered the following resolution:

BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the New Montefiore Cemetery Company be and it hereby is given full consent to use for cemetery purposes the lands now owned by it and more particularly described as follows, all of which property is located in the City of Newark, Essex County, New Jersey:

BEGINNING at the corner formed by the intersection of the easterly line of Devlin Avenue and the southerly line of McClelland Avenue; thence along Devlin Avenue south 1 degree 8 minutes east 318.46 feet; thence north 79 degrees 14 minutes east 5.79 feet; thence

south 53 degrees 57 minutes east 89.27 feet to the westerly line of Madison Avenue; thence along the same north 36 degrees 3 minutes east 267.10 feet to the southerly line of McClelland Avenue and thence along the same north 57 degrees 34 minutes west 286.98 feet to the point and place of BEGINNING.

This resolution shall take effect immediately.

Mayor Ellenstein: Are there any objectors who desire to be heard on this resolution?

Mr. Isadore A. Sisselman, 830 Broad Street:

Mr. Mayor and Commissioners, an opposing petition to the permit reads:

"We, the undersigned, do hereby protest against the granting of a cemetery permit for land at the corner of McClelland Avenue and Floral Avenue, Newark, N. J., for the following reasons:

"This application has been before previous City Commissioners many times and has always been denied because of the almost unanimous protest by all of the persons living in the neighborhood.

"There are too many cemeteries in Newark now. Cemeteries do not pay taxes.

"There are many homes adjoining the proposed cemetery plot.

"The granting of a permit reduces the ratables and taxes to the City."

Mayor Ellenstein: Is there any other objector who desires to be heard?

Mr. Henry Green: From a sanitary point of view, don't have any more cemeteries here if you can prevent it.

Mayor Ellenstein: Does any other objector desire to be heard?

Does anybody appear in behalf of the applicant?

Mr. Maurice Schapira, 17 Academy Street:

So far as the number of houses in that locality are concerned, there are just two, and they do not face the proposed cemetery plot; it is strictly a cemetery locality.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Mayor Ellenstein offered the following resolution:

BE IT RESOLVED, by the Board of Commissioners of The City of Newark, that a certain lease, dated July 1, 1933, between The City of Newark and The United States of America, a copy of which lease is attached hereto and made a part hereof, be and the same is hereby ratified and confirmed; and the Director of the Department of Public Affairs and the City Clerk are hereby authorized and directed to execute said lease, on behalf of the City, on adoption of this resolution.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Minisi offered the following resolution:

BE IT RESOLVED by the Board of Commissioners of the City of Newark that, for reasons of economy, the daily salary of all female cleaners employed in the City Hall, under the supervision of the Department of Parks and Public Property in the City of Newark, be and the same is hereby reduced to Three dollars and fifty-two cents (\$3.52) per diem, computed on the basis of forty-four cents (44c) per hour for eight (8) hours; said reduction in salary to take effect as of July 1, 1933, and to be subject to the deductions provided for in the ordinances of the City of Newark relating to salary deductions.

A. F. Minisi
Reginald Parnell

Mayor Ellenstein: All in favor of the resolution will signify by saying aye, contrary no; the Clerk will call the roll.

The City Clerk: Commissioner Duffy.

Commissioner Duffy: No.

The City Clerk: Commissioner Franklin.

Commissioner Franklin: I would like to ask Commissioner Minisi a few questions. Has the female force of cleaners been cut down in the City Hall?

Commissioner Minisi: Yes.

Commissioner Franklin: And those who are remaining are compelled to do the additional work?

Commissioner Minisi: The forces were overmanned. The work is now being done efficiently as well.

Commissioner Franklin: How does the rate of \$3.52 per diem compare with what was paid before?

Commissioner Minisi: The old rate, I think, was seventy-five cents an hour.

Commissioner Franklin: This is forty?

Commissioner Minisi: Forty-four. This is higher than that paid in any office building in the City of Newark.

Commissioner Franklin: The new rate?

Commissioner Minisi: The new rate is still higher.

Commissioner Franklin: You don't know what the rate is in the other buildings?

Commissioner Minisi: Well, I know in some buildings it is as low as thirty and thirty-two cents an hour.

Commissioner Franklin: I notice that this refers to female help. Is this directed just at the female help or is this going to be directed at the male help also?

Commissioner Minisi: It will be directed at all help. But the other help will come in another resolution.

Mr. Henry Green: Commissioner Minisi, what is the rate going to be, thirty-five cents an hour?

Commissioner Minisi: Forty-four. Eight hours.

Mayor Ellenstein: \$3.52 a day.

Commissioner Minisi: No, it is more

than that. Mr. Mayor, this resolution is in conformity with the recommendations made by the Citizens Advisory Finance Committee, except that I did not cut as deeply as they advised me to, and provided for a larger salary scale than that paid in any office building in the City of Newark; and whenever an advertisement is inserted in a paper asking for help in any of these office buildings there are ten people to every job available. They are glad to get it.

Mayor Ellenstein: All in favor of the resolution will signify by saying aye, contrary no; the Clerk will call the roll.

The City Clerk: Commissioner Duffy.

Commissioner Duffy: No.

The City Clerk: Commissioner Franklin.

Commissioner Franklin: No.

The City Clerk: Commissioner Minisi.

Commissioner Minisi: Aye.

The City Clerk: Commissioner Parnell.

Commissioner Parnell: Aye.

The City Clerk: Mr. Mayor.

Mayor Ellenstein: I believe in recording my vote, that is too radical a cut, in view of the fact that the force of workers of the Department of Parks and Public Property has been cut to such an extreme it will entail a greater hardship upon those left here; and for that reason I vote no.

Newark, N. J., July 6, 1933.

Board of Commissioners
of the City of Newark, N. J.

Gentlemen:

At the organization meeting of the Board of Education held on Saturday, July 1, 1933, the following resolution was adopted:

"RESOLVED, that Thomas J. D. Smith, President, and Frank Cozzoline, Vice President, be and they hereby are appointed as members of the Board of School Estimate, and that the Secretary be directed to notify the Board of Commissioners of the City of Newark of this action of the Board."

Very truly yours,
Alfred H. Krick,
Secretary.

Ordered filed.

Joseph L. Smith
Newark, N. J., June 23, 1933.

Hon. Meyer C. Ellenstein,
City Hall,
Newark, N. J.

My dear Mayor:

I respectfully beg to advise that I represent Gottfried Krueger Brewing Company, owners of premises 432-434 South Orange Avenue, Newark, N. J.

The Board of Adjustment, on November 15, 1932, approved our application for a gasoline station, but the City Commission, at its meeting on December 14, 1932, turned us down. The approval of the Board of Adjustment, of course, still stands, and this approval was granted after notice was served upon all of the owners of prop-

erty in any way affected, for public hearing before the Board of Adjustments.

I personally never appeared before the City Commission on this matter, and would now appreciate it if you would kindly advise me what date and hour of the Commission conference day I can appear before the City Commissioners.

Awaiting your advice, and with warm personal regards, believe me to be,

Sincerely yours,
Joseph L. Smith.

Commissioner Duffy: I move that this matter be re-opened and that the applicant be given a hearing on July 18, 1933, at our regular meeting, upon condition that he give the same notice to the adjoining property owners as required for a hearing before the Board of Adjustment.

The roll being called, the motion was declared adopted by the following votes:

City of Newark
Department of Health

Newark, N. J., June 28, 1933.

Hon. Pearce R. Franklin, Director,
Department of Public Works,
City Hall, City.

From Mr. Wm. H. Young, Asst.
Health Officer.

Subject: Holy Sepulchre Cemetery.

Dear Director:

Enclosed herewith please find application from Mr. Thos. E. Fitzsim-

mons, on behalf of the Roman Catholic Diocese of Newark for a permit to use the property on Grove Street indicated on the enclosed blue-print, survey and description for cemetery purposes.

After an investigation the above application has been approved by Mr. Brady, Chief of the Industrial Division and Inspector Ryan.

I am mailing you application and blue-print for your perusal and decision.

Yours very truly,
William H. Young,
Assistant Health Officer.

Commissioner Franklin: I move that this application for a cemetery be advertised in three papers and laid over to July 25 for final passage.

Mayor Ellenstein: Has it been referred to the Health Department.

Commissioner Franklin: Yes. It has been approved.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The City Clerk: That is all on the Clerk's desk.

Commissioner Parnell: I have a resolution I want to introduce.

WHEREAS, in November, 1932, certain ballots were stolen from City Hall while in the care and custody of the Board of Commissioners of the City of Newark; and

WHEREAS, a scandal thereby ensued which became and still is a blot upon the good name of the City of

Newark and upon the law enforcing agencies of the City of Newark and of the State of New Jersey; and

WHEREAS, the perpetrators of said crime have not been brought to justice; and

WHEREAS, the present members of the Board of Commissioners of the City of Newark did openly and frequently during the campaign deplore the perpetration of said crime and the failure to apprehend the guilty parties;

BE IT RESOLVED, that the Director of Public Safety make further investigation of the whole matter and that he subsequently call a conference of the Board of Commissioners, the Prosecutor of the Pleas of Essex County, The Attorney General and representatives of the United States Department of Justice, for the purpose of determining upon the means necessary and proper for the solution of this outrage upon the electoral franchise to the end that this stain be removed from the name of Newark and that a just retribution be meted out to the wrongdoers.

Mayor Ellenstein: All in favor of the resolution will signify by saying aye, contrary no; the Clerk will call the roll.

The City Clerk: Commissioner Duffy.

Commissioner Duffy: Mr. Mayor, in reference to the resolution I would say that the day that the new Commissioners were inducted into office I instructed the Chief of Police and the two Deputy Chiefs assigned to the

Eighth Precinct, to seek evidence or any citizen who will present evidence, to act upon it immediately. They so stand instructed. We welcome from the Board of Commissioners or the entire citizenry any evidence that they have. Record my vote aye.

The City Clerk: Commissioner Franklin.

Commissioner Franklin: Aye.

The City Clerk: Commissioner Minisi.

Commissioner Minisi: Aye.

The City Clerk: Commissioner Parnell.

Commissioner Parnell: Aye.

The City Clerk: Mr. Mayor.

Mayor Ellenstein: Aye.

**Board of Adjustment
City Hall**

Newark, N. J., July 5, 1933

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following application for a variation from the requirements of the Zoning Ordinance be allowed:

31 North 14th Street, Donato DiPierro & Michael Grieco (John Verrier, owner); retail ice depot for a period of one year.

The Board of Adjustment,
R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner, and further action postponed to July 18, 1933.

Mr. Michael E. Schuetz, 454 Chancellor Avenue:

Gentlemen, the Zoning Board passed my plans for an ice depot on Chancellor Avenue near Irvington line.

Mayor Ellenstein: There were not any objectors?

Mr. Schuetz: No, sir, none at all.

Commissioner Franklin: I move the rules be suspended and this matter be heard by this Commission at this time.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Michael Schuetz, owner; for the construction of a retail ice depot; premises 454 Chancellor Avenue; for a period of one year;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby ap-

proved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Is there anything
else on the Clerk's desk?

MEYER C. ELLENSTEIN
REGINALD PARNELL
MICHAEL P. DUFFY
PEARCE R. FRANQLIN
A. F. MINISI

The City Clerk: That is all on the
Clerk's desk, Mr. Mayor.

Commissioner Franklin: I move we
adjourn.

The Board of Commissioners of the
City of Newark, N. J.

The roll being called, the motion
was declared adopted by the follow-
ing votes:

H. S. REICHENSTEIN
City Clerk.

Yeas: Commissioners Duffy, Frank-
lin, Minisi, Parnell, Mayor Ellenstein.

Newark, N. J., July 11, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of July 6, 1933, were read and approved.

The City Clerk presented An ordinance creating the Division of Research in the Department of Public Works in the City of Newark and defining, regulating and prescribing the functions and administration thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who wants to be heard on this ordinance?

(No response).

No one appearing, Commissioner Franklin moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Mayor Ellenstein.

Naye: Commissioners Minisi, Parnell.

Commissioner Franklin moved that the ordinance be taken up on second reading.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Mayor Ellenstein.

Naye: Commissioners Minisi, Parnell.

Mayor Ellenstein: Read the ordinance in detail.

The Clerk then read the ordinance in full as follows:

An ordinance creating the Division of Research in the Department of Public Works in the City of Newark and defining, regulating and prescribing the functions and administration thereof.

The Board of Commissioners of the City of Newark Do Ordain:

1. There is hereby created in the Department of Public Works a Division of Research.

2. Said Division of Research shall be charged with the gathering, surveying and interpreting of all facts regarding the operation of the Department's public welfare and hospitalization program and the reorganization functionally of the administrative and institutional set-up of the integral divisions of the Department of Public Works; and the unification and centralization of the statistical work of the several units of said Department, which statistical work shall be examined, tabulated and analyzed; the making of special studies of specific welfare problems or studies of the administration of the hospital and other welfare institutions and agencies of said Department; the furnishing of research data needed as a background to members of the staff for a better understanding of the problems resolved from time to time; the coordinating of welfare activities; the furnishing of information

on hospital work to the public in the form of periodic reports; the development of a work program of social statistics to give counsel and advice on hospitalization and institutional matters along scientific lines and shall work to economize the administration of the Department without impairing its efficiency; and shall have full and complete charge of administrative research in the Department of Public Works;

3. Said Division of Research in the Department of Public Works shall be in charge of an Administrative Examiner, to be appointed by the Director of the Department of Public Works. There shall be assigned to such Administrative Examiner such clerical help and other assistants as the Director of the Department of Public Works shall from time to time deem necessary for the efficient and proper carrying out of the work above described.

4. The salary of the Administrative Examiner shall be \$4,500 per annum, effective upon his appointment.

5. This ordinance shall take effect immediately upon final passage and publication according to law.

Commissioner Parnell: This ordinance is appointing a Director of Research and giving Dr. Blan a job at \$4,000. That is all it says.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Mayor Ellenstein: I will entertain a motion now that the ordinance be adopted on second reading.

Commissioner Duffy moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Mayor Ellenstein.

Naye: Commissioners Minisi, Parnell.

An ordinance creating the Division of Research in the Department of Public Works in the City of Newark and defining, regulating and prescribing the functions and administration thereof.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Mayor Ellenstein.

Naye: Commissioners Minisi, Parnell.

Commissioner Parnell: I just want to say, Mr. Mayor, the ordinance is no good, and I am not going to recognize any payroll that is coming down from the Department of Public Works to get some money for Dr. Blan. That ordinance is not legal because it does not make any appropriation.

The City Clerk presented An ordinance relating to, and providing for

the licensing and regulating of certain kinds of sales of merchandise, defining offenses and providing penalties for the violation thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

The City Clerk presented An ordinance authorizing the issuance of \$75,000.00 City Railway Construction Bonds of the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Franklin moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Mayor Ellenstein.

Naye: Commissioners Minisi, Parnell.

Commissioner Franklin moved that

the following ordinance be taken up on second reading:

An ordinance authorizing the issuance of \$75,000.00 City Railway Construction Bonds of the City of Newark.

The Board of Commissioners of The City of Newark Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "City Railway Construction Bonds," and be dated not later than January 1, 1934, are hereby authorized to be issued in the aggregate principal amount of \$75,000.00 for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying the cost of constructing, on the property formerly constituting a part of the Morris Canal (heretofore acquired from the Morris Canal and Banking Company), and on any other property acquired for use in connection therewith, an electric railway, with all necessary or convenient stations, connections, turnouts, switches, loops, structures, tunnels, entrances, exits, and appurtenances either under ground, above or upon the surface of said property, and all other means and appliances necessary or proper to constitute the same a complete electric railway, the said railway to extend from the proposed new railroad station north of Market Street to the boundary line between The City of Newark and the Town of Belleville.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said improvements, the money herein authorized to be applied to the cost of such improvements shall be

applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

- (a) The improvements for which bonds are hereby authorized to be issued have not yet been completed and are of the class described in Clause (U) of Subsection (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.
- (b) The probable period of usefulness of said improvements, computed in the manner prescribed by law, is fifty years, beginning on the date of said bonds.
- (c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.
- (d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$733,424,201.00.
- (e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$49,548,639.84.
- (f) The statements required by said Section 12 (showing said net debt, etc.), have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall

take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

A Resolution Fixing the Form and Terms and Providing for Sale of \$2,850,000 City Railway Construction Bonds of the City of Newark, to be Issued Pursuant to Ordinances Herebefore Adopted.

BE IT RESOLVED, By the Board of Commissioners of The City of Newark, New Jersey, as follows:

Section 1. The \$2,775,000 City Railway Construction Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$2,775,000 City Railway Construction Bonds of The City of Newark," adopted by the Board of Commissioners of The City of Newark on the 27th day of June, 1933, shall be two thousand seven hundred seventy-five in number, numbered from 1 to 2,775, inclusive, of the denomination of \$1,000 each, shall be designated "Series A," and shall mature and be payable in annual installments, as follows, viz.: Forty-five bonds on August 1st in each of the years 1934 to 1953, inclusive, sixty bonds on August 1st in each of the years 1954 to 1968, inclusive, and sixty-five bonds on August 1st in each of the years 1969 to 1983, inclusive.

Section 2. The \$75,000 City Railway Construction Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$75,000 City Railway Construction Bonds of The City of Newark," adopted by the Board of Commissioners of The City of Newark on the 11th day of July, 1933, shall be seventy-five in number, numbered from 1 to 75, inclusive, of the denomination of \$1,000 each, shall be designated "Series B," and shall mature and be payable in annual installments, as follows, viz.: Two bonds on August 1st in each year of the years 1934 to 1958, inclusive, and one bond on August 1st in each of the years 1959 to 1983, inclusive.

Section 3. The said bonds shall be dated August 1, 1933, shall bear interest from their date at a rate to be

hereafter determined not exceeding five per centum (5%) per annum, payable semi-annually on February 1st and August 1st in each year until maturity, and shall be coupon bonds, registerable at the option of the holder as to principal alone or as to both principal and interest. They shall be signed by the Mayor, countersigned by the Director of the Department of Revenue and Finance, and the seal of The City of Newark shall be thereto affixed and attested by the City Clerk. The coupons to be attached to said bonds shall bear the fac-simile signature of the Director of the Department of Revenue and Finance. Both principal and interest of the bonds shall be payable at The National State Bank, in The City of Newark, in lawful money of the United States of America.

Section 4. The face of each of said bonds shall be in substantially the following form:

The City Clerk presented the application of Max Littman, owner for the construction of a gasoline station; premises 42-46 Jones Street; for a period of eight years, on condition that all signs, fences and lighting devices meet the approval of the Board; and stated that today was the time fixed for hearing on the same.

Commissioner Duffy: I move you, Mr. Mayor, that this matter be laid over one week in order that the Commissioners may look this situation over.

The roll being called, the motion was declared adopted by the following votes:

Commissioner Franklin offered the following resolutions:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Zoning Enforcement Officer, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Gold Seal Bedding Co., (City of Newark, owner) for the manufacture of bedding; premises 259-261 Park Avenue;

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Zoning Enforcement Officer, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

Mr. Frank Clancy, 293 North Sixth Street: We represent some forty-three property owners, some very close, and we have no objection if that was just a store, but a factory we consider would be a detriment to our property.

Mayor Ellenstein: Who are the property owners you represent?

Mr. Clancy: The petition contains about forty names.

Mayor Ellenstein: How many are within the prescribed two hundred feet?

Mr. Clancy: Well, there is a man runs a gasoline station. He has a couple of houses only about a hundred feet away. And this man is about 150 feet.

Mayor Ellenstein: What number is that?

Mr. Joseph Gialanella, 276 Park Avenue: 274 Park Avenue.

Mayor Ellenstein: That is more than two hundred feet away, isn't it? Park Avenue is one hundred feet wide and you are the sixth lot from the corner of Park Avenue and North Sixth Street.

Mr. Clancy: We are also talking as citizens. That as a factory is a detriment to the property around there of any kind.

Mayor Ellenstein: However, what we would like to know is your exact status. You can address the Com-

mission as a citizen of the City, but the Commission, in order to properly decide it and pass upon it, would like to know your exact status and the people you represent. How many within two hundred feet do you represent?

Mr. Clancy: Well, that I cannot say. I know all the people around there seem to be against it.

Mayor Ellenstein: So that you don't know of anybody that you are representing within the prescribed two hundred feet? We have a record here showing that there were twenty-five people notified at the time this matter came before the Zoning Board and no objectors appeared at that time.

Commissioner Minisi: This entire proposition was practically negotiated by the old Commission. These people were given to understand that they could practically move in and that there would be no opposition. I am informed they have gone in and they have made certain alterations; and I think we are in the same position here that we were with the lease we signed a week ago; that there is a certain moral obligation on the part of the new Commission, if it sees fit, to go along with the lease.

Mayor Ellenstein: I might say this to you, Mr. Clancy, to follow up what Commissioner Minisi said, that the lease has been practically executed by the last Commission and the City is committed to give a lease for the use for that purpose. Now, in so far as floss flying around the street is concerned, that would be something that would not be tolerated and provisions would have to be made by the mattress company, or whoever is going in there, so it would not injure the health of anybody in that locality. They would have to have proper equipment for that, because that would be brought to the attention of the Health Department and that would not be countenanced.

Mr. William Dubin, 850 Broad Street: At the time that the Zoning Board had this matter up for consideration we submitted twenty-seven names within the zoning vicinity and there were no objectors. It is not a manufacturing plant; it is going to be an assembling plant. They purchase this material and merely assemble it on the premises. The premises are in a very dilapidated condition.

Mr. Seymour J. Solomon, 31 Clinton Street: There is going to be no factory conducted there. The largest part will be conducted as a retail show room, and they are going to erect a beautiful front and make very extensive alterations.

Mrs. Trotta, 291 North Sixth Street: I signed against it.

Mayor Ellenstein: If it affects you at any time, Mr. Clancy or anybody in that vicinity, why, make your objections to the Bureau of Health and it will be taken care of.

Commissioner Minisi: I move we concur in the recommendation of the Board of Adjustment.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Naye: Commissioner Parnell.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Abe and Moe Jennis, owners, for the alteration of a public garage to provide for a gaso-

line station; premises 191-197 Bergen Street;

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Jennie Winarsky, owner, for an automobile parking station; premises 284-286 Waverly Avenue; for a period of one year, on condition that a temporary barrier be erected between 282 and 284 Waverly Avenue, and that all signs and fences meet the approval of the Board;

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby ap-

proved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Are there any objectors to this application?

Mr. David Stern, 461 South Seventeenth Street:

Mr. Mayor, I wish to object to the granting of this permit. One, the lot is so close to a school that they amended the application so as to take twenty-five feet off of that lot so that it would come within the zoning ordinance. Second, there is no immediate emergency for an open-air parking station there, there being ample garage space in the neighborhood. Third, it is a fire hazard, because at night time these parking lots in the outlying districts do not have any attendants. Four, that depreciation of value of surrounding properties in the district, is sufficient reason for turning down this permit. Five, that it tends to increase unemployment. Six, that this application for this particular lot has already been turned down by previous boards.

Commissioner Franklin: Do I understand an application for a public garage was made heretofore on this very plot?

Mr. Stern: It was made and turned down on March 5, 1925, and on June 17, 1926. The entire neighborhood is filled with old frame houses.

Commissioner Franklin: Aside from the fact there are one-family houses there, what is the apparent necessity for a public garage or parking station?

Mr. Stern: No necessity whatsoever. There are two garages there now.

Commissioner Franklin: The character of the neighborhood would not lend itself to having these people in these houses using this parking station for cars?

Mr. Stern: Absolutely no.

Mayor Ellenstein: Is there anyone else who desires to be heard either objecting or on behalf of the applicant?

Commissioner Minisi: Mr. Mayor, I move we reverse the action taken, rescind the action taken by the Board of Adjustment.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of R. A. McDonough & Co. (Paramount Realty Co., owner) for the enlargement of a gasoline station by construction of additional buildings for tire and greasing service; premises 22-26 Sussex Avenue;

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

The City Clerk: That is all on the Clerk's desk.

Mayor Ellenstein: There is nothing else on the Clerk's desk.

Commissioner Franklin: I move we adjourn.

Commissioner Minisi: Mr. Mayor, just before we adjourn—

Mr. Mayor, during the campaign which terminated successfully for the five present City Commissioners, all of us made certain pledges and promises to the people and to the taxpayers of this City. One of the very, very definite pledges which I made was that if I were elected I would do everything within my power to bring about the elimination of Mr. James W. Costello as a member of the official family of this City and as Chief Engineer of the City of Newark. Now, I appreciate the fact that Mr. Costello is an employee in your department, Mr. Mayor, and I also appreciate the fact that in the last administration and in previous administrations it was the custom for one City Commissioner to tell the others, "You mind your own business and I will mind mine; you run your department as you please and I will run mine as I please." And the papers of this City very, very aptly termed that situation as one where, "You scratch my back and I will scratch yours." We all know the results of that policy. The people of the City of Newark frowned upon that policy because things as they were run by the administration were not operated for the best interests and the welfare of the majority of the citizens and the taxpayers of our City.

The result was, in the last election the people visited their wrath upon the heads of four of the Commissioners. They were ousted. They were ousted for many, many reasons. One of the principal reasons was, as I saw it and as I gauged sentiment, was because the then administration had embarked upon a series of enterprises which were bringing disaster to the financial structure of this City, a series of enterprises which were lavish and extravagant and wasteful in the expenditure of millions of hard-earned dollars of the taxpayers' money.

The result is that, in a few years the bonded debt of the City of Newark arose to \$120,000.00. Upon that bonded debt we, as taxpayers, are compelled to pay approximately \$7,000,000 in interest every year. That money does not do the people of this City any good. We are compelled to raise approximately \$150,000 per week to pay interest alone,—\$20,000 a day interest and I did a little figuring, and I find that in order to make up this vast amount, approximately 47,000 small property owners are assessed in taxes \$150 every year to make up this one item of debt service or interest on our tremendous outstanding indebtedness.

Now, the last regime was removed from this City Hall because the people felt they were wasteful. I feel that James W. Costello, the Chief Engineer of this City, was part of that machine. He certainly did nothing to effectuate the economies which you have effectuated now, Mr. Mayor, in your department; he certainly did not give the then Mayor the advice that he is giving you now; he made no effort to bend his ear to the ground and endeavor to listen to the sentiment of the people and be guided by that sentiment and guided by the growing groans of the people who were being crushed under this terrific burden of taxation. And I say that Mr. Costello in July, 1933, is the same Mr.

Costello whom we condemned during campaign in March, April and May of this year.

I am going to refer to a few notes that I have made here. During the campaign it was developed that Mr. Costello was wasting the money of the people of this City. I refer particularly to a charge that was made against him that he was spending \$45 a day to hire a tractor when we had two City tractors laying idle in the City garages, and for some reason best known to himself Mr. Costello refused to use the City tractors. The charge was made against him that he compelled the purchase of a large quantity of inferior cinders, cinders which were used in the airport, and paid a greater price for those cinders than would have been paid to a bona fide business man upon the basis of fair competition.

I am referring to the same Mr. Costello who hired a pump for instance, and used the pump for a period of fourteen days and paid \$200 a day of the money paid into the City treasury by the taxpayers; \$2,800 for the use of a pump that was not worth that much.

I am referring to the same Mr. Costello who permitted the City of Newark to enter into a contract involving the construction of what we popularly call the City Railway, placing this City absolutely at the mercy of the Pennsylvania Railroad. We have spent millions of dollars in connection with this City Railway and we are going to spend more money before it is completed.

On that score, Mr. Mayor, I wish to state specifically I am not opposed to the completion of the City Railway. I am opposed, however, to completing this railway on money which we are borrowing and upon which we must pay interest, the principal sum of which will be added to the bonded

debt of the City, further increasing the tremendous load now being carried by the taxpayers. And if Mr. Costello had been on the job as Chief Engineer, the contracts should have been so phrased and so prepared so that when the City completed its end of the contract the tenant would then have been compelled to take over this railway and immediately begin payment upon the lease and contract which is now in existence. As it is now, we are at the mercy of the Pennsylvania Railroad. The Pennsylvania Railroad has refused to tell us when it intends to complete its part of the project; and we are told that the Pennsylvania Railroad is without funds at the present time and cannot give us any definite information as to the probable date of completion of its part of this project.

I am referring to the same Mr. Costello who permitted the insertion in our agreements of the most vicious clause that has ever yet been devised to bleed municipal, state and federal governments: The cost-plus clause. We have all had a great deal of experience, to our sorrow, when we found that after the war, because of the invention of this vicious clause which found its way into the federal contracts, the federal government was swindled out of hundreds of millions of dollars. And yet, despite the lesson that we should have learned from this situation, we find that all our contracts contain a cost-plus fifteen per cent. to be paid to the contractors.

There are many things I could say, Mr. Mayor; for instance, the Chief Engineer is in charge of all our engineering projects, and yet we find that under his supervision the Water Department in 1931 sustained a net deficit of \$822,000, and in 1932 \$630,000, a loss of \$1,452,000 in the short period of two years.

I am referring to the same Mr. Costello who was mentioned, Mr. Mayor,

by your present candidate for Freeholder, Mr. Austin J. Waldron. He made a speech—

Mayor Ellenstein: He is not my candidate.

Commissioner Minisi: The candidate of the Democratic Party. When I use the word "your" I do not mean you personally. I want to be fair. I will amplify that and say the candidate for the Democratic Party for the office of Freeholder. Now, the very fact that your party has seen fit to endorse Mr. Waldron speaks well for his position in this community, and it indicates to me that he is a solid, substantial citizen who knows what he is talking about, and that is why your party has selected this man—

Mayor Ellenstein: That is why he is a Democrat.

Commissioner Minisi (continuing): —to be one of its candidates. Yes, and I will say that is why he is a Democrat. And I remember very distinctly, Mr. Mayor, that Mr. Waldron made the following charge: That on Friday, November 25, 1932, a Hupmobile sedan bearing Pennsylvania license number 87186 for the year 1932, was in the City garage. The car was cleaned, polished, and two new tires were installed. A mechanic worked four hours repairing the clutch and four hours on the following day turning the motor. This work was charged to garage overhead. Mr. Waldron was informed at the time, and he made this public, that he discovered that the car was owned by Mr. Costello's brother who still lives in Pennsylvania.

This charge, Mr. Mayor, has never been refuted, to my knowledge.

I am referring to the same Mr. Costello who runs the Engineering Department, for instance, and we find in the Engineering Department an appro-

priatio of about \$1,200,000; and to supervise the expenditure of that money and the doing of the work contemplated because of that appropriation, Mr. Costello finds it necessary to spend \$269,000 for supervision; when, again referring to Mr. Waldron, whom I regard very highly as a contractor, and any other substantial contractor, will tell you and will tell me that no contractor who conducts his business in an efficient, businesslike way, ever figures the expenditure of more than five per cent. for supervision, five per cent. of the amount to be expended. Mr. Costello takes \$269,000 to supervise repairs costing \$1,200,000, when that supervision should not cost more than five per cent., or \$60,000; a complete waste of \$200,000 and more in that one item alone.

For these reasons, Mr. Mayor, and many others that I can give you—I am not going to prolong it any further—I move now, Mr. Mayor, at this time, that the Corporation Counsel be instructed to prepare an ordinance abolishing the office of Chief Engineer of the City of Newark.

Commissioner Parnell: Now, then, we gentlemen who are here today sitting as your Board of Commissioners, came in here pledged to certain things; and part of the new deal is that political promises must be kept.

And I propose, as Director Minisi proposes, to keep every promise that we made to the citizens of Newark. And he proposes not only to keep those promises in full, as I do, but we propose to do better than that by the City of Newark.

And I therefore concur in the resolution that Director Minisi has just made.

Mayor Ellenstein: I want to say in all fairness to myself, and Mr. Costello, too, knowing human beings as I

do, and with the experiences that I have in life, I know things generally are exaggerated. I do not know whether these charges heaped upon Mr. Costello in the past are true or not; I was not able to determine that. But I know ever since the very first day that I was inducted into this office as a result of the last election, Mr. Costello has given a return to the City of Newark for every single cent that he has collected; and his salary has been cut down from \$15,000 to \$6,000 a year. And I have been able to accomplish, due to the cooperation and the knowledge that Mr. Costello has at his command by virtue of the fact that he has spent fourteen years in the City Hall here, economies amounting to between \$350,000 and \$400,000. And I was only able to do that because of that knowledge that Mr. Costello brought to me which I could not have possibly been able to accomplish in a year and a half or two years were I to dispense with Mr. Costello's services.

I am only interested in a slight degree in what happened in the past. That is spilt milk. And being blessed with long arms I do not need anybody to scratch my back, I can scratch my own back.

So I say as long as Mr. Costello gives services to the City of Newark commensurate with the amount of money he receives, I will continue to retain him in that office. I am assuming the responsibility for Mr. Costello's actions.

And the terms of these contracts were first inaugurated under the late Mayor Raymond; and Mr. Costello cannot be charged with every covenant that now exists in the agreements.

I am concerned with what happens now; I am concerned with carrying out the pledges of economy which I made; and I have curtailed, abolished positions, cut down wages in the high-

er brackets, although it has been very distasteful to me to do so, because I want to accomplish those pledges I made before election. And I have not put a single man on, not even a laborer, in place of those that have been abolished.

Now, I am not controversial by nature, and I do not like arguments. But I want fairness and justice to be done. Contrast that to Mr. Minisi who placed his brother in a \$4,500 position, although he was employed in another department, in a position that had been abolished a year ago under Commissioner Gillen and there was no appropriation in the budget for that \$4 500. He placed a man by the name of Mr. Schuman, at a salary of \$2,600 in a position which had been abolished, executive clerk, for which position there was no appropriation in the budget this year.

He recently abolished the Smoke Abatement Bureau and then placed a man, who is a printer by trade and who is a political leader in the ward, in that department at \$2,200 a year.

I haven't done anything like that.

There is a total of almost \$10,000 of jobs, unnecessary, because there are men in the Board of Health who can well determine whether there are smoke nuisances, and these men could be assigned to that work. And Mr. Ross's job was unnecessary, as are the other two, and this is indicated clearly by virtue of the fact these positions had been vacant for a year and six months respectively.

On the contrary, Mr. Minisi abolished the position of charwomen and scrubwomen; and fifteen or eighteen scrubwomen could have lived on that \$10,000 a year; and every single one of these women represents the support of a family, because no woman seeks a job as a scrubwoman unless it is to support her dear ones.

I am pledged not to cut the salaries of those in the lower brackets, because it is my belief that a man who receives \$4,000 a year can much more easily accommodate himself to a \$2,500 salary than a woman who receives \$22 a week and who has to maintain and support a family.

We all have a right to live, And because a person is so unfortunate as to be born and raised in poor circumstances is no reason why they should be singled out, and one of our relatives placed in a position.

I am in favor of economy; and if Mr. Costello reaches the day that he does not give a \$6,000 service to the City of Newark, I will be the first one that will demand that resignation. And I think that my word can be relied upon, as has been indicated clearly in my every single action since the day I was inducted in office.

It is my hope to put the Water Department on a paying basis. I am not concerned so much with what transpired in the past; I am very much concerned with what happens now and in the future. And to that end,—and I might say, too, that under Section 5 of the Walsh Act, the Mayor of the City has a little broader powers than that of the other Commissioners, and it is part of his function and duty to go into the different departments. And after I have cleaned up and mopped up my department I expect to go into Commissioner Minisi's department, since he has raised the issue, and introduce a resolution to abolish those jobs that in my opinion are unnecessary.

So on the basis of pure economy I am opposed to the motion.

Commissioner Minisi: Mr. Mayor, I think that the remarks made by you warrant an answer upon my part. First of all, I appointed a secretary. I am entitled to a secretary just as

you are, and you have a secretary. You have a secretary receiving the same salary that my secretary receives, and I cannot see why you criticize the appointment of my secretary when you have done exactly the same thing. You found need for a secretary. What right has any Commissioner, then, to deny me the right of having a secretary who is doing a great deal of work from morning to night?

On the question of the appointment of Mr. Ross it is true I intended to abolish the Smoke Abatement Bureau. That bureau was costing the City \$7,000 when I took the department over. And I cut it down, and I intended to abolish it entirely. However, when the matter became public, violations were immediately noticed; and the last violation that was called to my attention came from the offices of the Newark Sunday Call which complained because of the violations of a building directly opposite its plant. And it was for that reason that I then felt it was advisable to appoint at least one man, receiving a salary of \$2,200 as against the total expenditure of \$7,000, which was spent under the old administration, a saving of \$4,800 in that one little department alone.

On the question of appointing the other man in my department; I have not appointed a single individual except to fill some office which was filled before I took the department over. Mr. Schuman's job was not created; he fills the place of a man who is now retired. And the others in my department are filling jobs which are absolutely essential.

And I will tell you, Mr. Mayor, that I will welcome you coming into my department and making an investigation, and I will consider any recommendations that you may have to make on the question of economy. I want to justify my position in making the motion that I did. I stated in the

beginning that it is true that Mr. Costello is in your department. But let us not forget that the citizens of the City do not differentiate when anything is done, they sum up the entire result of an administration. And the men in the City Hall are either credited with a good job or they are charged with neglect of duty. When the ballots were stolen last year in this City Hall, Mr. Mayor, the citizens did not discriminate; they did not realize that the building was in charge of one Commissioner; they did not analyze the situation and see that the ballots were being guarded by men of another Commissioner; but they felt that the City Hall, which is the sacred temple of the people where our government is run, was broken into, and they visited their wrath on the four Commissioners whom they felt were responsible. And that is why I say, Mr. Mayor, that we have a right to look into the other departments when we feel that it is necessary.

I made my pledge to the people that I would make every endeavor to have this position abolished, and I am living up to the pledge which I made.

Commissioner Franklin: Mr. Mayor, I do not hold a brief for Mr. Costello or anybody else in your department. I do not know of Mr. Costello's work at the present time or in the past. I have no official connection with him. I feel that it is an intrusion on my part to enter your department or any other department and place my opinion above your opinion when you have had personal contact with the men. He is doing a job for you, and if you are satisfied with his job I am willing to go along with you. During the campaign that we speak so much of, I made no particular reference, as has been quoted in the newspapers, with reference to Mr. Costello or anybody else connected with the City Hall. I made a constructive campaign and I am not in a position now to have to

go back on any campaign pledges with respect to Mr. Costello or anybody else. And for that reason I am opposed to this resolution.

Commissioner Duffy: Mr. Mayor, having had several conferences with you in your office on one Costello; having had the pleasure of signing several resolutions presented by you to this Commission saving approximately \$300,000; and I, too, in the campaign, made no reference to Mr. Costello or to any other candidate running for office, I feel you are rendering a great service to the citizenry as Mayor, and I propose to support you in this resolution.

Mayor Ellenstein: All in favor of the motion will signify by saying aye, contrary no; the Clerk will call the roll.

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell.

WHEREAS, The City of Newark on the date of December 14, 1932, entered into a lease with one James P. McClemens, for lands at Port Newark Terminal, and

WHEREAS, under provisions of Paragraph 4, sub-section A of said lease, tenant covenanted and agreed not to assign, let, sub-let or under-let the demised premises or any part thereof, without first obtaining the written consent of the City thereto, and

WHEREAS James P. McClemens, the said tenant, has assigned the aforesaid lease to the State Wide Company, Inc., a corporation of New Jersey, subject to the consent of the City of Newark; and

WHEREAS, the said assignee of said lease, State Wide Company, Inc., has sub-letted a portion of said premises to Haynes Avenue Superservice Station, Inc., a corporation of New Jersey, subject to the consent of the City of Newark, and,

WHEREAS, Haynes Avenue Superservice Station, Inc., has sub-let the same portion of said premises let to it by the State Wide Company, Inc., to the Sun Oil Company, a corporation of New Jersey, for the installation of oil dispensing equipment for the purpose of obtaining the fran-

chise for this location from the Sun Oil Company, subject to the consent of the City of Newark, and

WHEREAS, the Sun Oil Company desires the City of Newark to agree to the Sun Oil Company's owner's Waiver and Consent which is provided in the sub-letting from the Haynes Avenue Superservice Station, Inc., to the said Sun Oil Company, as follows:

"The undersigned, owner or owners, of the within described premises for and in consideration of One Dollar in hand paid by the Sun Oil Company, receipt of which is hereby acknowledged, hereby consent to the making of the within lease, and agree in the event of the failure of the lessee under my or our lease to pay the rent or perform any other condition therein reserved, I, or we, will give the Sun Oil Company fifteen (15) days' written notice of said default, and the right and privilege for and on behalf of said Lessee of paying the rent or performing said conditions in said lease reserved and of continuing in possession of said premises, in accordance with the terms and conditions of said lease, for the balance of the term or such part thereof as the Sun Oil Company may desire. If the undersigned fails or neglects to pay any taxes, assessments, interest on mortgages, or other sums which, if unpaid, may cause the sale of said leased premises and the termination or limitation of the rights of the Sun Oil Company in or to said premises, said Company shall have the right to pay such sums and deduct the amount so paid from any sums which may be due by Sun Oil Company to the undersigned for or by reason of the lease of the within described premises."

"And I, or we, further agree that the Sun Oil Company may install or erect, or cause to be installed or

erected on said premises gasoline and oil dispensing equipment, buildings, and other equipment, and that the same shall be considered as personalty and may at any time be removed from said premises by Sun Oil Company, and I, or we, hereby waive and release any and all right to hold or levy on same or any part thereof for rent or otherwise."

WHEREAS, all parties to the said lease as original lessee, assignee, sub-tenant or under-tenant, all agree to remain liable for the payment of rent under said lease, and to the performance of all the covenants therein contained, and

WHEREAS, James P. McClemens desires the consent of the City of Newark to the assignment of said lease made by it to State Wide Company, Inc., and

WHEREAS, State Wide Company, Inc., desires the consent of the City of Newark to the sub-letting of the portion of said premises to Haynes Avenue Superservice Station, Inc., and

WHEREAS, the Haynes Avenue Superservice Station, Inc., desires the consent of the City of Newark to the sub-letting of the said same premises to the Sun Oil Company, and,

WHEREAS, the Sun Oil Company desires the consent of the City of Newark to the said Owner's Waiver and Consent of the Sun Oil Company, as hereinabove particularly set forth.

THEREFORE, BE IT RESOLVED By the Board of Commissioners of the City of Newark, that the City of Newark hereby consents to the assignment of said lease from James P. McClemens to State Wide Company, Inc., a corporation of New Jersey, upon condition that the said James P. McClemens shall always remain liable for the payment of the rent reserved in said lease.

BE IT FURTHER RESOLVED By the Board of Commissioners of the City of Newark, that the City of Newark hereby consents to the sub-letting of a portion of said demised premises from State Wide Company, Inc., to Haynes Avenue Superservice Station, Inc., a corporation of New Jersey, and

BE IT FURTHER RESOLVED By the Board of Commissioners of the City of Newark, that the City of Newark hereby consents to the sub-letting of the same said portion of the said demised premises from Haynes Avenue Superservice Station, Inc., a corporation of New Jersey to Sun Oil Company, a corporation of New Jersey, and

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell.

The City Clerk presented the following application and stated that today was the time fixed for hearing on the same.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Max Littman, owner, for the construction of a gasoline station; premises 42-46 Jones Street, for a period of eight

years, on condition that all signs, fences and lighting devices meet the approval of the Board;

THEREFORE BE IT RESOLVED,
By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Parnell: This is an application by Mr. Max Littman to operate a gasoline station at 42 Jones Street. If any citizen has any suggestion or objection to offer to this recommendation of the Board of Adjustment, will you kindly come forward. We will hear from the objectors first.

Mr. Simon L. Fisch, Essex Building: Mr. Mayor and gentlemen of the Commission, I appeared on behalf of the Yankee Building and Loan Association which is the owner of property directly opposite the premises at which it is proposed to erect this gasoline station. That association feels that this will be a detriment to the property in that vicinity, and particularly to the property owned by the association. When this application was made originally it was rejected by the Board of Adjustment, and rejected a second time.

Commissioner Parnell: Are there any other objectors?

Mr. Simon Englander, Kinney Building: Mr. Mayor, the only purpose of this question today is to receive the report of the inspection and investigation of you Commissioners.

Commissioner Duffy: The signatures were authentic, as I reported to you yesterday.

Commissioner Parnell: You found, Director Duffy, that the signatures were all authentic?

Commissioner Duffy: Yes.

Commissioner Parnell: Is there anybody else who wishes to be heard on it?

Mr. William A. Schilling, 763 Broad Street: I have filed affidavits of these individuals, some of them who signed the petition filed by the applicant, to the effect that they signed that petition under fraud, namely, that the person delivering the notice said, "I need a receipt," and he got the person to sign a petition instead.

Commissioner Minisi: A receipt for what?

Mr. Schilling: A receipt for the notice. He claimed he had to have a receipt for the notice which was being served.

Commissioner Parnell: May I ask Director Duffy whether he took up that phase of it? Did you investigate that phase of it?

Commissioner Duffy: I did not. I did not see any affidavits.

Commissioner Minisi I move the action of the Zoning Board be concurred in, Mr. Mayor.

The Board of Commissioners of the
City of Newark, N. J.

H. S. REICHENSTEIN
City Clerk.

Newark, N. J., July 25, 1933

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Duffy, Franklin, Minisi, Parnell Mayor Ellenstein.

The minutes of meeting of July 18th were read and approved.

The City Clerk presented An ordinance regulating the installation and maintenance of water supply systems or parts thereof and connections thereto, and providing penalties for the violation thereof, and stated that today was the time fixed for hearing on the same.

Commissioner Franklin moved that the ordinance be laid over until September 12th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance creating the Department of Central Purchase in the City of Newark, providing for the personnel, maintenance, and administration thereof, and defining, regulating and prescribing the functions thereof.

The Board of Commissioners of the City of Newark Do Ordain:

1: There is hereby created in the

City of Newark a Department of Central Purchase.

2: Said Department of Central Purchase shall be a separate division of the City government, under the jurisdiction of the Board of Commissioners, and shall be in charge of and administered by a Director of Central Purchase, who shall be appointed by the Board of Commissioners, by resolution, at an annual salary to be fixed by resolution, not to exceed Six Thousand Dollars, payable semi-monthly, as other salaries are paid, and who shall hold said office at the will of the Board of Commissioners.

3. Said Director of Central Purchase shall prepare rules and regulations, to be approved by the Board of Commissioners, and said Director of Central Purchase is hereby charged with the duty of preparing forms, rules, and regulations, and when so approved by the Board of Commissioners they shall be binding upon the several departments and officers of the city government, relating to the preparation of estimates, and the requisitions of supplies, materials, equipment, and for items needed, and concerning all matters and policies pertaining to the purchase of said goods; and for the transaction of all business, of every kind and character, with the exception of materials for public works construction. Said forms, rules and regulations may be altered or repealed.

4: No requisition for supplies shall be honored by said Director of Central Purchase unless the same shall have been approved by the Director in charge of the Department from which said requisition emanates, or by such person as he shall designate for that purpose.

5: The Board of Commissioners shall provide said Director of Central Purchase with such clerical or other

assistance as may be necessary properly to conduct said Department.

6: All supplies, materials, equipment, and other items needed by the City and City Departments and officers, with the exception of materials for public works construction, shall be purchased or contracted for and all bids received through said Director of Central Purchase. The Board of Commissioners and every City Department and Office shall submit monthly, and at other times when necessary, to said Director of Central Purchase, estimates or requisitions for the amount and kinds of supplies, materials, equipment, and other items needed, with the exception of materials for public works construction, and the said Director of Central Purchase, after standardization of the necessary qualities and of specifications so far as possible therefor, shall purchase such supplies, materials, equipment and other items needed, with the exception of materials for public works construction, from the lowest responsible bidder, after due advertisement, as may be directed by the Board of Commissioners, and as required by law. The Board of Commissioners may by resolution fix the conditions under which the said Director of Central Purchase may, on account of an emergency or of a relatively small amount of any given purchase, purchase supplies, materials, equipment and other items needed, with the exception of materials for public works construction, without advertising for bids.

7: The Director of Central Purchase shall not pay for purchases made through said Department, but shall approve or refer recommendations regarding the same to the Board of Commissioners, to be passed upon by them and for eventual payment by the Department of Revenue and Finance.

8: The Director of Central Pur-

chase shall prepare and secure with the cooperation of the City Departments standardized requirements of qualities and of the specifications for supplies, materials, equipment and other items to be purchased or contracted for, with the exception of materials for public works construction, and establish and keep suitable, permanent records and forms for requisitions and orders for supplies, materials, equipment and other items to be purchased, with the exception of materials for public works construction, bids, reports and the like, so systematized as to constitute proper records and a reciprocal control of the said Department of Central Purchase and of the several City Departments of the operations of said Department of Central Purchase.

9: There is hereby created in the Department of Central Purchase the office of Deputy Director of Central Purchase, whose duties shall be to assist the Director of Central Purchase, and who shall act during the absence of the said Director of Central Purchase. Said Deputy Director of Central Purchase shall be appointed by resolution by the Board of Commissioners, at an annual salary to be fixed by resolution, not to exceed forty-five hundred dollars (\$4,500), payable semi-monthly as other salaries are paid, and shall hold said office at the will of the Board of Commissioners.

10: There is hereby created in the Department of Central Purchase the office of Inspector of Stores, who shall be appointed by resolution by the Board of Commissioners of the City of Newark at an annual salary to be fixed by resolution, not to exceed forty-five hundred (\$4,500) Dollars, payable semi-monthly, as other salaries are paid, and who shall hold said office at the will of the Board of Commissioners, whose duty it shall be to receive all supplies, materials, equipment and other items purchased

by the Department, make the proper check and inspection thereof, to ascertain if the said supplies, materials, equipment and other items purchased comply with the specifications, and shall make rules and regulations concerning the receiving of the various supplies, materials, equipment and other items purchased, and said rules and regulations to be approved by the Board of Commissioners of the City of Newark; said Inspector of Stores to be answerable and under the control and direction of the Board of Commissioners of the City of Newark.

11: The Board of Commissioners shall provide said Inspector of Stores with such clerical or other assistance as may be necessary properly to conduct the business of the office.

12: The Director of Central Purchase, the Deputy Director of Central Purchase, and the Inspector of Stores shall be required to give surety bonds in such amounts as may be required by the Board of Commissioners, the premiums therefore to be paid by The City of Newark.

13: Until December thirty-first, One Thousand, Nine Hundred and Thirty-Three, the salaries of the Director of Central Purchase shall be paid from the funds of the Department of Public Affairs; the salary of the Deputy Director of General Purchase shall be paid from the funds of the Department of Public Works, and the salary of Inspector of Stores shall be paid from the funds of the Department of Public Safety. After December thirty-first, one thousand, nine hundred and thirty-three, the salaries of the Director of Central Purchase, Deputy Director of Central Purchase and Inspector of Stores, and the salaries of the clerical and other assistants, as may be necessary properly to conduct the said department shall be provided for in the general budget.

14: The employees of the Department of Central Purchase shall be paid such salaries as shall be fixed by resolution of the Board of Commissioners.

15: The records of the Director of Central Purchase and of the Inspector of Stores shall at all times be open to inspection, and the Director of Central Purchase and the Inspector of Stores shall submit to the Board of Commissioners an annual report of the operation of each office, showing under proper headings and tabulations the kinds and quantities of goods purchased, and the results of work performed. It shall make such additional reports as and when directed by the Board of Commissioners.

16: The said Department shall prepare annually a budget as directed by the Board of Commissioners.

17: This ordinance shall take effect September 1, 1933.

18: All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Elhenstein.

Commissioner Duffy moved that August 8, 1933, at 10 A. M. Standard Time, 11 A. M. The bonds will bear interest at the rate of four and one-half per centum ($4\frac{1}{2}\%$) per annum, payable semi-annually on February 1st and August 1st.

Bidders, in submitting their bids, must use the bidding forms which will be furnished by the undersigned upon request.

The several amounts necessary to be raised by the sale of said two bond issues (exclusive of the amount of any interest accrued on the bonds), respectively, are the maximum authorized amounts of said issues, respectively, as stated above; and no more bonds of either issue will be sold than will produce the amount necessary to be raised by the sale of such issue (exclusive of accrued interest), and an additional sum of less than \$1,000 for such issue. If less than the maximum authorized amount of either issue is sold, the unsold bonds of that issue will be those last maturing. The bonds of each issue will, unless all bids therefor are rejected, be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the

amount necessary to be raised by the sale of such issue (exclusive of accrued interest) and to take therefor the least amount of bonds of such issue, commencing with the first maturity, and if two or more bidders offer to take the same amount of bonds of the same issue, then the bonds of that issue will be sold to the bidder or bidders offering to pay therefor the highest additional price (such additional price being less than \$1,000). In addition to the price bid, the purchaser must pay accrued interest from the date of the bonds to the date of delivery. The right is reserved to reject any or all bids.

Any bidder may condition his bid on the award to him of both of said issues, but in that case, if there is a more favorable bidder for either one of the issues for which he bids, his bid will be rejected.

Proposals should be addressed to the Director of the Department of Revenue and Finance, City Hall, Newark, New Jersey, and enclosed in a sealed envelope marked on the outside "Proposal for Bonds," and must be accompanied by a certified check for two per centum (2%) of the face amount of the bonds bid for, drawn upon an incorporated bank or trust company to the order of the "Director of the Department of Revenue and Finance of The City of Newark," to secure the City against any loss resulting from a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder or bidders will be furnished with the opinion of Messrs. Reed, Hoyt & Washburn, of New York City, that the bonds are valid and binding obligations of The City of Newark. The bonds will be prepared under the supervision of the Continental Bank and Trust Company, of New York City, which will certify to the genuineness of the sig-

natures of the officers and the seal impressed on the bonds.

By order of the Board of Commissioners of The City of Newark.

Dated, July , 1933.

H. S. REICHENSTEIN,
City Clerk.

Newark, N. J., July 28, 1933.

A Special meeting of the Board of Commissioners of the City of Newark, N. J., was called to order by Mayor Ellenstein in the Mayor's Office, City Hall, Newark, N. J., on the above date at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Absent: Commissioner Duffy.

The Clerk then read the call of the meeting as follows:

The City of Newark, N. J.
Office of the Mayor

July 27, 1933.

Mr. Harry S. Reichenstein,
City Clerk,
Newark, N. J.

Dear Sir:

I hereby call a special meeting of the Board of Commissioners in the Board of Commissioners' Chamber, Friday, July 28, 1933, at 10:00 A. M., for the purpose of acting on a resolution providing for the issuance of \$1,000,000.00 Tax Revenue Bonds.

Very truly yours,
Meyer C. Ellenstein,
Mayor.

Ordered filed.

Commissioner Parnell offered the following resolution:

BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the sum of \$1,000,000.00 shall be borrowed by said City pursuant to Chapter 192 of the Laws of 1917 of New Jersey, as amended, in anticipation of the receipt of delinquent tax revenues of said City for the fiscal year 1931, in addition to any

sums heretofore authorized to be borrowed in anticipation of the receipt of such delinquent tax revenues, and that said sum shall be borrowed by the issuance of tax revenue bonds of an aggregate face amount not exceeding said sum;

FURTHER RESOLVED, that each of said tax revenue bonds shall be dated as of the date of its issuance and shall be payable not later than one year after its date and shall bear interest at a rate not exceeding six per centum (6%) per annum, payable at maturity;

FURTHER RESOLVED, that the Mayor, Director of the Department of Revenue and Finance, Auditor of Accounts and City Clerk be and they hereby are authorized and directed to execute said bonds and to issue said bonds in such form as they may adopt, in conformity with law, and to recite therein that all requirements and conditions of law have been complied with in the issuance of said bonds and that said bonds are within every debt and other limit prescribed by the Constitution or statutes of New Jersey;

FURTHER RESOLVED, that the power to determine any matter with respect to said bonds not determined by this resolution and also the power to issue and sell said bonds is hereby delegated to the Director of the Department of Revenue and Finance who is hereby authorized to issue and sell said bonds in the manner and subject to the limitations prescribed by law;

FURTHER RESOLVED, that it be and hereby is determined that the amount of said tax revenues which are delinquent at the time this resolution is adopted is \$3,652,341.45;

FURTHER RESOLVED, that all sums borrowed pursuant to this resolution shall be used solely for the pur-

pose of making payments which may lawfully be made from said delinquent tax revenues, including the payment of any outstanding tax anticipation or tax revenue bonds issued in anticipation of the receipt of such tax revenues.

ing votes:

Yeas: Commissioners Franklin,
Minisi, Parnell, Mayor Ellenstein.

Newark, N. J., July 27, 1933.

Board of Commissioners,
City of Newark, N. J.

Gentlemen:

I have been informed that my name
is on the list as a Constable in the
City of Newark. I have never ac-
cepted the position and was never
sworn in nor filed a bond for 1933.

However, since my name is on your
list, I desire to have it withdrawn.

You may consider this as a resigna-
tion.

Very truly yours,
Benjamin L. Rich.

Commissioner Franklin: I move the
resignation be accepted.

The roll being called, the motion
was declared adopted by the follow-
ing votes:

Yeas: Commissioners Franklin,
Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin offered the
following resolution:

WHEREAS, The Board of Adjust-
ment has certified in writing to this
Board that it has approved, on appeal
from the refusal of the Superintend-
ent of Buildings, an application for
a variation from the requirements of
the Zoning Ordinance, and recom-
mends that the following structure or
use for which application was made
be allowed:

Application of Jennie Winarsky, owner, for an automobile parking station; premises 284-286 Waverly Avenue; approved for one year; on condition that a temporary barrier be erected between Nos. 282 and 284 Waverly Avenue, and that all signs and fences meet the approval of the Board;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. David Stern, of 461 South 12th Street, appeared representing The Garage Owners' Association, and opposed the granting of the application on the ground that it would create an undue fire risk that would depreciate the value of the surrounding property; that there are no fire extinguishers or sand pails there and even though there were there would be no one there to use them. The character of the buildings surrounding this parking station, with the exception of one building are frame dwellings of an old type; that it would be unfair competition to the 350 large garages in the City that have invested from \$50,000 to \$1,500,000, and that it would be detrimental to the National Recovery Act, the essence of which is to create employment and raise wages of garage workers. The insurance rates in the neighborhood would also be raised with the granting of this application. The White Owl Garage is two blocks from this property and the Frank Zahn garage 3½ blocks distant, with sufficient accommodations to furnish parking for the neighborhood.

Mr. Moses A. Bauer, 1060 Broad Street, representing twelve property owners within a distance of 200 to 300 feet of this property, also objected. He stated he had a petition opposing the application.

Mr. I. Edward Amada, 17 Academy Street, representing the applicant, stated that the Board of Adjustment, after a personal investigation and inspection, had unanimously favored granting of the application.

The representative of the Board of Education was satisfied that it was not within a radius of 200 feet of the school and withdrew his objection. He also stated that the applicant expected to realize some money particularly on Monday and Thursday nights when boxing and wrestling was going on in the Laurel Garden, and stated that the garages were too far distant from the Laurel Garden to accommodate the persons who attend the exhibitions and that he had a petition signed by the property owners favoring the application. Mr. Amada stated that the applicant would charge 15c a day for parking.

Mr. Louis Gressell, 292 Waverly Avenue, appeared and stated the applicant was a widow with a crippled boy and six children and her husband died six years ago, and that she was trying to use this property for a parking station so she would be able to get some income to pay her taxes.

Commissioner Minisi moved that the hearing be deferred until the meeting of August 15th so that a personal inspection of the property could be made.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Parnell offered the following resolution:

amounting to \$190.00, a total of 239.00 be cancelled.

Commissioner Minisi: I move we
 adjourn.

The Board of Commissioners of
 The City of Newark, N. J.

The roll being called, the motion
 was declared adopted by the follow-
 ing votes:

H. S. REICHENSTEIN
 City Clerk.

Newark, N. J., August 8, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M., Standard Time, 11 A. M., Daylight Saving Time.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of August 1st were read and approved.

Commissioner Duffy introduced the following ordinance for information.

An ordinance regulating the hours for the conduct of any business wherein furniture is sold.

Mayor Ellenstein: This ordinance is introduced for information and there will be a hearing on it next Tuesday.

Commissioner Duffy moved that the ordinance be taken up on first reading on August 15th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Not voting: Commissioner Parnell.

The City Clerk presented An ordinance creating the Department of Central Purchase in the City of Newark, providing for the personnel, maintenance, and administration thereof, and defining, regulating and prescribing the functions thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any citizen who would like to be heard on this ordinance?

Mr. Henry Green, 280 Goldsmith Avenue: Mr. Mayor, do I understand this ordinance will concentrate the buying of coal for the Board of Education and all of them?

Mayor Ellenstein: Not the Board of Education, unless we receive the consent of the Board of Education. That is a separate political body.

Mr. Green: I think that the coal of all the City departments ought to be bought together.

Mr. Edmund W. Wollmuth, Executive Vice President, Newark Chamber of Commerce, 24 Branford Place: Mr. Mayor and gentlemen of the Commission. As far back as 1916 it was advocated that the City establish a centralized purchasing bureau. An ordinance was voted down on July 1, 1931. You set up a three-headed organization. The ordinance is silent on the question of jurisdiction as to the deputy and the inspector of stores. I do not think the Commission can expect that a three-headed bureau will function effectively and economically. If this ordinance is revised to make it a single authority, a one-headed authority, without any tails attached to the kite that are going to weigh this man down so that he cannot operate with complete freedom, always, of course, under the strict supervision of the Commission as a whole, it would seem to me that much could be accomplished, but it could not do justice to itself or to the job if it is going to divide this work up. This inspector of stores

and this deputy should be men under the authority and direction of the head of the bureau.

Mayor Ellenstein: I might say, Mr. Wollmuth, that an impression is conveyed to me by the words of the ordinance contrary to your view. Paragraph two clearly states it shall be in charge and administered by a director of central purchase who shall be appointed by the Board of Commissioners. It is decidedly a single-headed purchasing bureau, and the inspector of stores and deputy are under the direct supervision of the director of purchases, and he is the one that will assume the entire responsibility. The intent of the ordinance is clear in the second paragraph. Assuming it deviates to some degree, do you think that justifies advertising again? Those things are expensive and the policy of the Commission has been on ordinances that are introduced where there may be some question of amending it, to have the ordinance introduced for information so as to save advertising twice. I think the Commission will use its best judgment in endeavoring to appoint such a man best qualified to determine the policies of central purchasing.

Something was said in the newspapers some time ago about \$325,000 being spent in New York City on purchases below \$25. Well, that is an insignificant sum as compared to amount New York City spends in purchases. They spend more than \$15,000,000. So that maybe the bulk of that \$325,000 may be for postage stamps.

Of course, the policy of the director of purchases will determine that. There are cases where it is necessary to make emergency purchases, such as hospital supplies and the like. So I think we can well leave that to the director of purchases, give him full sway, and see how the thing works out.

Is there any other citizen who desires to be heard on this ordinance?

(No response).

No one else appearing, Commissioner Duffy moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Nays: Commissioner Parnell.

Commissioner Parnell objected to the adoption of the ordinance on the ground that the intention of the ordinance was not clear.

Commissioner Duffy moved that the following ordinance be taken up on second reading:

An ordinance creating the Department of Central Purchase in the City of Newark, providing for the personnel, maintenance, and administration thereof, and defining, regulating and prescribing the functions thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Nays: Commissioner Parnell.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

Section 6 declared open to amendment.

Section 7 declared open to amendment.

Section 8 declared open to amendment.

Section 9 declared open to amendment.

Section 10 declared open to amendment.

Section 11 declared open to amendment.

Section 12 declared open to amendment.

Section 13 declared open to amendment.

Section 14 declared open to amendment.

Section 15 declared open to amendment.

Section 16 declared open to amendment.

Section 17 declared open to amendment.

Section 18 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Duffy moved that the

ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Naye: Commissioner Parnell.

Commissioner Duffy move that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Naye: Commissioner Parnell.

Commissioner Duffy moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Naye: Commissioner Parnell.

Commissioner Duffy moved that the title of "An ordinance creating the Department of Central Purchase in the City of Newark, providing for the personnel, maintenance, and administration thereof, and defining, regulating and prescribing the functions thereof," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Naye: Commissioner Parnell.

The clerk then read the title of the ordinance as follows:

An ordinance creating the Department of Central Purchase in the City of Newark, providing for the personnel, maintenance, and administration thereof, and defining, regulating and prescribing the functions thereof.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Naye: Commissioner Parnell.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance relating to and fixing the charges for water furnished by The City of Newark.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. Hereafter the charges for fire lines and for use from high pressure fire systems shall be as follows:

High Pressure System:

Existing metered general use connections from the High Pressure Fire System shall pay for water used at the rate of \$2.00 per 1000 cubic feet. In addition, each such connection taken directly from the street main shall pay the following annual service charge, based on size of tap at street main:

Meter Size	Annual Service Charge
1"	\$ 10.00
1½"	25.00
2"	50.00
3"	85.00
4"	100.00
6"	150.00

Existing metered general use connection taken as branches from the fire lines pay no service charge.

Connections from the High Pressure Fire System for fire use only may be metered or unmetered and shall pay the following annual service charge based on the size of tap at the main.

Size	Metered Connections	Unmetered Connections
2"	\$ 50	\$ 75
3"	85	100
4"	100	150
6"	150	250
8"	300	500

In addition to the above service charge there shall be a charge of \$25.00 per hydrant for each hydrant supplied through the High Pressure connection. In case of metered connections to the High Pressure Fire System there shall also be a charge of \$2.00 per 1000 cubic feet for any and all water passing through the meter other than for fire purposes.

Low Pressure System:

The annual charge for connections for fire use shall be as follows based on the size of tap at the main.

Size	Metered Connections	Unmetered Connections
2"	\$ 10	\$ 30
3"	15	40
4"	20	60
6"	25	100
8"	50	150
12"	100	300

In addition to the above service charge there shall be a charge of \$20.00 per hydrant for each hydrant supplied through the low pressure connections. Branch connections for general use from fire lines of the low pressure distribution system shall pay no additional service charge.

Section 2: The rates for all other services shall be increased by the addition of a fifteen per cent. (15%) surcharge based on the present rates.

Section 3: All ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Section 4: This ordinance shall take effect October 1, 1933.

Mayor Ellenstein: This is an ordinance that has been presented for information. Is there any citizen who desires to be heard on this ordinance? This relates to the increase of water rates.

Mr. Henry Green, 280 Goldsmith Avenue: Mr. Mayor and gentlemen of the Commission. You ought to throw this ordinance out.

Mr. Thomas Tucker, 50 Miller Street: Mr. Mayor, any increase on the property owners at this time would be a burden that could not be carried.

Mayor Ellenstein: Mr. Tucker, let me say this to you, that in the last year the Water Department had a deficit of \$650,000. Now, that had to go in the tax levy this year. Now, this is going to be a relief to you as the taxpayer, by virtue of the fact—what is the difference to you whether you pay it in taxes or whether you pay it in water bills? Now, the increase is only nominal. For instance, on a small one-family house there will be an increase of twenty-four cents

for three months, and a large one-family house there will be an increase of forty-five cents for three months. That is going to relieve you; next year there won't be any deficit in the tax levy, so your tax rate will be proportionately lower and the burden will be taken off real estate, which we are endeavoring to do. We all realize that real estate is carrying a tremendous burden, and, indirectly the tenants in the property assume that burden, because the man who owns the property must naturally get his income from some source.

In spite of this increase, our water rate is much lower than any other municipality in the State, and lower than any other city that has come to my attention, a city of this size, and even larger. So you see, not only have we reduced \$150,000 in personnel and maintenance without impairing the service, but we are giving relief to you and every other taxpayer by increasing it only a nominal sum.

Now, the Water Department should be on a self-sustaining basis. And when the time arises that we can put it back to the low rate that we enjoyed in the past and still balance it, we will be very happy to do so.

Mr. Tucker: I do not believe that your investigators had time to find the leakage in the Water Board.

Mayor Ellenstein: That has been combed carefully and it will be further combed. And as an example of that, previously the bills were sent out by the employees in the department, which entailed a delay of anywhere from thirty to forty-five days before the user received the bill. In the future the bills will be mailed two days after the meter is read, and that will save to the City between ten and twelve thousand dollars by that change. I know from my own experience that I find a bill in the ves-

tibule that has been delivered to my home is very often lost, whereas the mail comes to the attention of my wife or myself. And that not only will help the City in collecting its money much more rapidly, but will save the City between ten and twelve thousand dollars.

Mr. W. Umcheid, 281 North Fifth Street: Mr. Mayor and Commissioners of the City of Newark. We own the watersheds, and why should we pay a raise instead of reduction.

Mr. Albert H. Biertuempfel, 37 Komorn Street: Mr. Mayor and Commissioners. This Board is carrying a load for which it is not responsible on this water rate proposition. This raise should have been done years ago when Wanaque was advocated in addition to our Pequannock water supply. It is not this Board's fault that this increase is necessary.

Mayor Ellenstein: Is there any other citizen who would like to be heard?

Mr. Joseph Lousch, 774 Hunterdon Street: Mr. Mayor and Commissioners. Properties are fifty per cent overvalued. I got a six-family house, I got one tenant in there, he pays me \$23. I should pay taxes and interest on water.

Mayor Ellenstein: Let me tell you this, Mr. Lousch: You see, last year the Water Department lost \$650,000. Now, that had to go in the tax levy this year. You paid for that and so did every other taxpayer pay for it. If you take that \$650,000 out, that will reduce the taxes by seven points, don't you see that? Now, we have done everything we possibly could by reducing the personnel \$150,000 a year. That is almost two points in the tax rate in itself. And you are not going to be burdened, you are going to be helped by this increase. So is every

other taxpayer. You are paying for that \$650,000 in taxes this year. If we have another \$650,000 deficit in the Water Department this year you will have to pay it next year, do you see?

Mr. Alex Loeb, 807 South Eleventh Street: Gentlemen of the Commission. This is a poor time for to raise the water tax, which is an additional tax to the property owners.

Mayor Ellenstein: Is there any other citizen who desires to be heard?

Commissioner Duffy: I move the hearing be closed and the ordinance be adopted on first reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that August 22nd, 1933, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Newark, N. J., August 2, 1933.

The Board of Commissioners
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1923, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

1240-1242 Broad Street, Harry Bender (Tiverton Realty Co., owner); gasoline station, for a period of eight years;

114 Bank Street, Carlo Vernoni (A. Mazzalona, owner); automobile parking station, for a period of three months;

117-121 Hudson Street, Joseph E. Kassay (Adolph Navatier, owner); gasoline station and automobile re-

pair shop, for a period of two years, on condition that signs, fences and lighting fixtures meet the approval of the Board.

The Board of Adjustment
R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner and further action postponed to August 22, 1933.

Mr. Joseph E. Kassay, 9 Hartford Street:

I would like to ask the Commissioners for a suspension of the rules on a permit for a gasoline station at 117-121 Hudson Street. It has been approved by the Board at the last meeting.

Mayor Ellenstein: Was there any opposition before the Zoning Board?

Mr. Kassay: None at all.

Commissioner Franklin: I move the rules be suspended and that this matter come up for final hearing before this Board at this time.

Reginald Parnell,

Director of Revenue and Finance.

Mr. Henry Green: Mr. Mayor, at this time I would like you to hear the committee that has been waiting here.

Mayor Ellenstein: Well, you will have to get the consent of the Board of Commissioners to suspend the resolution that matters not coming up in the Council Chamber be heard in conference on Monday.

Commissioner Parnell: I make a motion, Mr. Mayor, that the rules be suspended.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Miss Esther Sechomel, 509 Avon Avenue:

Mr. Mayor and Board of Commissioners, I and the young people who accompany me were sent here as a delegation from the Young Circle League, the Workmen's Circle, the Thomas Payne Club, the Sons of Young Italy, the Socialist Party, the Young People's Socialist League, and various other student-workers groups throughout the city.

We come here in the interest of the

continuance of free education in the city of which we are justly proud. We have been proud of the advantages offered to our youth. But if you propose charging students wishing to attend Barringer Evening High School a tuition fee of \$20 a year, and those attending the Art School in the evening to be charged according to the number of nights they wish to enroll anywhere from \$10 to \$18, the young man or woman earning five or ten dollars a week could not possibly save \$20 in a year or even two years.

Mayor Ellenstein: Does that complete your committee, Mr. Green?

Mr. Green: Miss Sechomel spoke for the committee.

Commissioner Parnell: Mr. Green, let me say something to you: This is the first time that I knew the Socialist Party was supporting the capitalists. Now, the reason we are going to charge tuition for the School of Art is this, that we found that all these silk stocking people, all the social celebrities, were giving up two afternoons a week from their bridge parties, mind you, to go down and take free courses at the Fawcett School of Art at the expense of the taxpayers; and we thought if these ladies up in that vicinity, and the gentlemen in that vicinity, wanted to take art courses, that it might be a good idea for them to pay for it.

Now, instead of giving the impression that the membership who go up there to the night schools, either Barringer High School or Fawcett School of Art, are the poor, if you would go up there between the hours of seven thirty and ten o'clock and try to park your automobile you would not be able to park it within three blocks. Now, that does not look as if the children of the poor are going to attend this institution.

Furthermore, we found out that out of 2,400 students that go to the School of Art, over five hundred of them come from out of town, outside of the City of Newark, and only about three hundred of them are day students.

Now, we are not placing any burden on anybody that wants to get a good education. We bring the boys and girls all the way up through primary school, grammar school and high school. If you want to give your boy or girl a law course you have to pay for it; if you want to give them a business course you have to pay for it; if you want to give them a course that gives them a Bachelor of Arts degree at Dana College you have to pay for it. And I as a taxpayer of Newark think if the boys and girls are to have post-graduate courses in art, then they had better pay for them. But I think when you have brought these boys and girls all the way up through primary, grammar and high school without cost, and with police supervision, fire supervision, books, nurses, doctors, dentists and everything else, I think the taxpayers of the City of Newark have done very well by the youth in our midst and far in excess what the burdened property owners at this time can afford to pay. (Applause.)

Now, Mr. Green, you have come down here before this Commission, and you have some very good ideas, and I am very glad indeed to listen to them. But I want to tell you this, that just as long as from seven to ten thousand homes are being advertised for nonpayment of taxes every year, losing their homes representing years and years of effort, just so long as I sitting on this Commission am going to oppose making the taxpayer pay for a lot of frills and ruffles that don't in any degree make girls and boys better citizens of these United States of America.

A. F. MINISI

The Board of Commissioners of
The City of Newark, N. J.

H. S. REICHENSTEIN
City Clerk.

Newark, N. J., August 15, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. Standard time, 11 A. M. Daylight Saving Time.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of August 8th were read and approved.

Commissioner Duffy introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Second Avenue West from the Easterly line of Third Street Easterly 65 feet more or less to its terminus at the westerly line of the abandoned Morris Canal.

The Board of Commissioners of the City of Newark Do Ordain:

Section 1. That Second Avenue West from the easterly line of Third Street easterly 65 feet more or less to its terminus at the westerly line of the abandoned Morris Canal, as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1406-V, dated January 16, 1930, shall be vacated as a public street or highway. Under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled, "An Act Concerning

Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that August 29th, 1933, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The City Clerk presented An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark," adopted January 8, 1930, and stated that today was the time fixed for hearing on the same.

Commissioner Franklin: I move this matter be laid over for two weeks, August 29th.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy presented the following ordinance as a matter of information:

An ordinance regulating the hours for the conduct of any business wherein furniture is sold.

Mayor Ellenstein: This ordinance is presented for information to avoid the necessity of advertising twice should there be any amendment or change in the ordinance. If there is anybody who would like to be heard for or against the ordinance we will hear them now. I might suggest that the Clerk read the entire ordinance.

The Clerk then read the ordinance in full as follows:

An ordinance regulating the hours for the conduct of any business wherein furniture is sold.

The Board of Commissioners of the City of Newark Do Ordain:

1. No person, persons, firm or corporation shall on the first day of the week, commonly called Sunday, sell, dispose of or deliver, or cause or permit to be sold or delivered any furniture in any store or other place within the limits of the City of Newark.

2. It shall be unlawful for any person, persons, firm or corporation to keep open on the first day of the week, commonly called Sunday, any store or place wherein the business of selling furniture is conducted, within the limits of the City of Newark.

3. It shall be unlawful for any person, persons, firm or corporation to

keep open any store or place wherein the business of selling furniture is conducted within the limits of the City of Newark, after the hour of six o'clock in the afternoon on Tuesday, Wednesday, Thursday or Friday of any week, or after the hour of nine o'clock in the evening on Monday or Saturday of any week.

4. Any person, persons, firm or corporation violating any of the provisions of this ordinance shall, for the first offense pay a fine not exceeding the sum of Fifty Dollars, and for any subsequent offense, a fine not exceeding the sum of One Hundred Dollars.

5. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

6. This ordinance shall take effect immediately upon final reading and publication in accordance with law.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to the ordinance?

Mr. Joseph S. Zemel, 289 Market Street: Mr. Mayor and Commissioners, I oppose this ordinance. This first part provides that no furniture store shall remain open on Sunday. It is wrong for this Board to try to regulate or interfere with businesses.

Mr. Philip Sabel, 8 Clinton Street: Mr. Mayor and gentlemen of the Commission: I am against this proposed ordinance. The effect is to limit the number of store hours. This is against the spirit and the intention of the National Recovery Act.

Mr. David Bernstein, 161 Springfield Avenue: Gentlemen, I have been requested by certain of the furniture dealers to present opposition to this ordinance. I will read their names: Samuel Cantor, of the Cantor Fur-

niture Company; Hyman Stern, of the Grand Rapids Furniture Factory Company; Sam Liebowitz, of the Unity Furniture Factories Company; Sam Tannebaum, of the Tennen Furniture Company; Saul Lehds, of Lehds, Inc.; Harry Shapiro, of the Shapiro Furniture Company and Harry Stegman, of the Cooper Furniture Company.

It is contrary to the N. R. A. plans and theory, and we do not believe that the plan is practical and workable.

Mayor Ellenstein: Does any other person desire to be heard in opposition?

(No response).

Mayor Ellenstein: Does any person desire to be heard who is in favor of it?

Mr. Samuel Roessler, Lefcourt Building: I appear on behalf of the Furnituremen's Association of Newark. If the furniture men are in favor of this ordinance, that is a sufficient reason why the Commissioners should adopt the ordinance.

Mayor Ellenstein: Don't you think, Mr. Roessler, there is merit to the argument advanced that other retailers would be affected by virtue of those stores being closed, particularly so on such thoroughfares as Bloomfield Avenue, Clinton Avenue, Orange Street and Springfield Avenue; and that eventually other retailers would seek similar ordinances, and that would practically shut off businesses on those streets, particularly where a large percentage of the business done is done after six o'clock in those community stores?

Mr. Roessler: Well I think that furniture is purchased in the main by the housewife. A businessman does

not go out to buy furniture. He attends to his business affairs and he leaves the purchase of the household furniture to the wife, and that those purchases are usually made during working hours and not at late hours in the night.

Mayor Ellenstein: Well, we had a representative of the shoe repairers that came in at the conference yesterday, and he wanted a similar ordinance. You see, it would open the door to other retailers coming in in like manner. That would practically shut off business along those avenues and create a hardship on those retailers who are dependent to a large extent on business done after six o'clock.

Mr. Henry Green, 280 Goldsmith Avenue: Mr. Mayor and gentlemen of the Commission. I am not a furniture man, I am not in the furniture business. I am in favor of this ordinance. There is a similar ordinance on the books and you are establishing no precedent.

Mayor Ellenstein: Is there anybody else who desires to be heard in favor of this ordinance?

(No response).

Mayor Ellenstein: I might say that this ordinance was introduced for information. I will entertain a motion that it be referred back to conference for further consideration.

Commissioner Franklin: I so move you, Mr. Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin introduced

the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the licensing of transient or temporary retail or wholesale merchants, truckers, merchandise brokers or agents, firms or corporations desiring to engage in retail or wholesale business through use of open spaces in Municipal or private plazas for temporary use only, and the selling and delivering of goods, wares, merchandise or food products from the same, in the City of Newark, and for the sale of any goods, wares, merchandise or food products (farm provisions sold directly by producing farmers herewith excepted herefrom), fixing the amount of said license and the method of collecting the same and to provide for violation of this ordinance.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1: That hereafter every person, whether principal or agent, entering into or desiring to begin a transient or temporary retail or wholesale business through the use of open space in municipal or private plazas for temporary use only, and the selling and delivering of goods, wares, merchandise and food products from the same in the City of Newark (farm provisions sold directly by producing farmers excepted herefrom), must take out a license for the same from the Director of Parks and Public Property of the said City.

Section 2: The amount to be paid for such license shall be the sum of Fifty Dollars (\$50) per annum, or fractional part thereof to be paid to the Director of Parks and Public Property of said City.

Section 3: Said license shall be is-

sued for one year from January 1st of each year or fractional part thereof, and the applicant shall pay for the same, for the use of the City of Newark, the sum of fifty dollars (\$50) provided that before said license be granted application in writing shall be filed with the Director of the Department of Parks and Public Property, setting forth the intent to apply at a certain time at the office of the Director of Parks and Public Property, for the granting of a license as aforesaid and any citizen or citizens may file objections to the granting of such licenses, whereupon the said Director of Parks and Public Property shall hear said objections and determine whether said license shall be issued or refused.

Section 4: This ordinance is adopted for the purpose of raising revenue and the regulation of the police power vested in said City.

Section 5: The Director of Parks and Public Property may make any and all rules and regulations governing the use and rental of municipal plazas as shall be necessary for carrying out the intent of this ordinance.

Section 6: Any persons, firm, partnership or any officers of any corporations violating any of the provisions of this ordinance, shall upon conviction before any Police Magistrate pay a fine of not more than Two hundred dollars (\$200.00) or in default of payment of such fine, be imprisoned in jail for a period not exceeding thirty days.

Section 7. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Section 8. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that August 29th, 1933, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

BE IT RESOLVED By the Board of Commissioners of the City of Newark that the Director of the Department of Revenue and Finance be and he hereby is authorized to borrow on behalf of the City pursuant to Chapter 192 of the Laws of 1917 of New Jersey, as amended, in anticipation of the receipt of delinquent tax revenues of said City for the fiscal year 1931 not exceeding \$165,000.00 in addition to any sums heretofore authorized to be borrowed in anticipation of the receipt of such delinquent tax revenues,

and that said sum shall be borrowed either at one time or from time to time by the issuance of tax revenue bonds of an aggregate face amount not exceeding said sum.

FURTHER RESOLVED, That all moneys borrowed pursuant to this resolution shall be applied to the payment of outstanding tax revenue bonds of said City payable on August 17th, 18th and 20th, 1933, heretofore issued in anticipation of the receipt of said delinquent tax revenues.

FURTHER RESOLVED, That it be and hereby is determined that the amount of said tax revenues which are delinquent at the time this resolution is adopted is \$3,337,897.14.

FURTHER RESOLVED, That each of said bonds shall be dated as of the date of its issuance and shall be payable not later than one year after its date and shall bear interest at a rate not exceeding six per centum (6%) per annum, payable at maturity.

FURTHER RESOLVED, That the Mayor, Director of the Department of Revenue and Finance, Auditor of Accounts and City Clerk be and they hereby are authorized and directed to execute said bonds and to issue said bonds in such form as they may adopt, in conformity with law, and to recite therein that all requirements and conditions of law have been complied with in the issuance of said bonds and that said bonds are within every debt and other limit prescribed by the Constitution or statutes of New Jersey.

FURTHER RESOLVED, That the power to determine any matter with respect to said bonds not determined by this resolution and also the power to issue and sell said bonds is hereby delegated to the Director of the Department of Revenue and Finance

who is hereby authorized to issue and sell said Bonds in the manner and subject to the limitations prescribed by law.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin offered the following resolution:

WHEREAS, under the date of October 23, 1931, Lafayette Land Company, Margaret Fitzsimmons, Carlisle C. Cahill, administrator with the Will annexed of John Francis Cahill and as Administrator with the Will annexed of Florence E. Cahill, Carlisle C. Cahill and Petrowna Cahill, his wife, and Clare E. Trumble and William J. Trumble, her husband, entered into a contract with the City of Newark to convey to the said City of Newark certain lands and premises in the Port of Newark Zone which the above named parties or some of them own or in which they hold some interest; and

WHEREAS, it appears that the above named parties or some of them hold title to certain certificates of sale for unpaid taxes due the City of Newark and also hold title to certain mortgages, which certificates of sale and mortgages cover portions of the lands and premises herein described and said parties or some of them also own or hold certain evidences of title and documentary information concerning many of the titles in the lands hereinafter described; and

WHEREAS, the Board of Commissioners is advised by the Law Department that in addition to the City acquiring lands hereinafter described or any interest therein of the above named parties, it will be for the public interest that the City in addition to the acquisition of said lands or interest in the lands, shall also acquire and obtain title to the aforesaid certificates of tax sales, mortgages and title information:

THEREFORE, BE IT RESOLVED, by the Board of Commissioners of the City of Newark that the sum of (\$75,000) Seventy-five thousand dollars, be and the same is hereby appropriated to Lafayette Land Company, Margaret Fitzsimmons, Carlisle C. Cahill, Administrator with the Will annexed of John Francis Cahill and as Administrator with the Will annexed of Florence E. Cahill, Carlisle C. Cahill, and Petrowna Cahill, his wife, and Clare E. Trumble and William J. Trumble, her husband, being the purchase price of certain lands agreed to be sold by the above named parties to the City of Newark, which said lands are hereinafter described and also for the assignment and transfer to the City of all certificates of sale and mortgages held by the above parties or any of them covering the lands hereinafter described and for all the title information affecting any of the lands hereinafter described; and

WHEREAS, the Board of Commissioners is advised by the Law Department that it will be for the public interest that the said certificates of sale and mortgages should not merge in the fee;

THEREFORE, BE IT FURTHER RESOLVED, that in the acquisition by the City of said certificates of tax sale and mortgages, that the Board of Commissioners does hereby determine that it is for the public interest

that the title to said certificates of sale and mortgages shall not merge and, therefore, that the legal title be taken in the name of some person to be designated by the Director of the Department of Public Affairs. Said assignments of mortgages and assignments of the certificates of tax sale to be in proper form approved by the Law Department and the Corporation Counsel is further authorized to take such measures as will in his judgment protect the interests of the said City of Newark.

Before the payment of the foregoing appropriation to the above parties or to any of them, the said parties shall file with the Acting Auditor of Accounts a bargain and sale deed conveying the lands hereinafter described, free and clear of all encumbrances and shall also file with the said Acting Auditor of Accounts an assignment of all of the certificates of sale hereinafter enumerated which deed and assignment shall be approved as to form by the Law Department.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Minisi offered the following resolution:

WHEREAS, the New Jersey State Commission of the Blind has urged upon the Board of Commissioners of The City of Newark to grant to Michael Lacioppa, a blind citizen of The City of Newark, permission to erect a stand in the basement of the City Hall;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of The City of Newark, that permission is hereby granted to the said Michael Lacioppa, a blind citizen of the City

of Newark, to erect and maintain at his own cost and expense a stand in the basement of the City Hall, covering such area as the Director of the Department of Parks and Public Property may determine and designate and the said Michael Lacioppa shall have the privilege of using said stand for the sale of sandwiches, refreshments, newspapers, etc.; and,

BE IT FURTHER RESOLVED, That the Director of the Department of Parks and Public Property shall cover the stand occupied by the said Michael Lacioppa with liability insurance, protecting any person or property that may be injured or damaged, as a result of negligence in the operation of said stand. The premium for said policy shall be borne and paid out of the funds of the said Michael Lacioppa; and,

BE IT FURTHER RESOLVED, That this license to operate the stand by the said Michael Lacioppa shall terminate at the will of the Director of the Department of Parks and Public Property.

Mr. Henry Green: Are we going to have businesses established in the City Hall? Now that you are going to make this concession there will be another person in another line and say that he wants to open another stand.

Commissioner Minisi: This resolution came from the New Jersey Blind Men's Commission about two months ago. All the Commissioners were fearful that they might be establishing a precedent. We placed it back with the New Jersey Blind Men's Commission and asked them to make an investigation and show us if there

were any other public buildings in the state which permitted such a thing. And they gave us a report showing that the Court House in Hackensack has a stand of that kind; the State House in Trenton has a stand right at the front door; and the City Hall in Paterson, I think. The Jersey City Court House has a similar concession which was made to a blind man.

Mr. Leopold Wigler, 74 Prince Street: Mr. Mayor and Commissioners. I object. If he has permission the rest of the blind have the same rights, and I don't see why we should show him preference or anybody else.

Mayor Ellenstein: Is there anybody else who would like to be heard on this resolution? If not, the Clerk will call the roll.

(No response).

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi.

Commissioner Parnell: Before casting my vote on this question I want to say that it is one that touches me very deeply. I know we are all tender and sympathetic when human failings are concerned and we want to do everything we can to help them out.

Whenever we take a public building and establish in that building some business for profit, you make it that much harder for every other business man to maintain his business and to pay his taxes. And I am sorry, but I have to vote against this resolution.

The City Clerk: Mr. Mayor?

Mayor Ellenstein: Aye.

The following communication was received and read:

August 10, 1933.

Board of Commissioners,
Newark, City Hall.

Gentlemen:

I hand you herewith my resignation as a Constable same to take effect immediately.

Ernest L. Avayanos.

Witness:

Leon W. Kapp.

Commissioner Franklin: I move the resignation be accepted.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The City Clerk presented the application of Jennie Winarsky, owner, for an automobile parking station; premises 284-286 Waverly Avenue, approved for one year, on condition that a temporary barrier be erected between Nos. 282 and 284 Waverly Avenue, and that all signs and fences meet the approval of the Board; and stated that today was the time fixed for hearing on the same.

Mayor Ellenstein: It is my understanding that the applicant desires this to be held over for six months.

Commissioner Franklin: I so move you, Mr. Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Parnell: We have been taking matters up in conference Monday morning and limiting speakers to five minutes. I am inclined to think that we are curtailing the right of free speech. We are public servants and have no time of our own. Our time is paid for by the taxpayers. I am willing to sit all day long, if necessary, so that citizens can bring up any matter over which they may feel aggrieved. I am not so sure we should limit speakers to five minutes. I think a free and open discussion of all public business is the most desirable form of democratic government.

I move that any citizen may come to our public meetings Tuesday mornings and bring before us any matter in which he may be interested.

(The motion was not seconded).

Mayor Ellenstein: No one is limited in conference on Mondays to five minutes, and all matters are given full consideration.

Mr. William Miller, 496 Jeliff Avenue: Mr. Mayor, I appeal to you to tell me how I can pay my water bill and taxes.

Mayor Ellenstein: If you will please appear next Monday morning at ten o'clock in the Mayor's Office we will be glad to take the matter you mention up with you.

Commissioner Franklin moved that the following applications which have been investigated by the Police Department be granted to the persons named and the address given therein and for the type of license applied for:

(i) Denomination: \$1,000.

(j) Form: Bearer coupon Bonds, registerable as to principal or as to principal and interest. The Bonds shall be prepared in accordance with specifications to be furnished by R. F. C. The Borrower will submit samples or specimen bonds and coupons for approval by R. F. C. before the definite bonds are prepared.

3. **Amount of Bonds to be Purchased.** The Bonds shall be purchased in blocks as funds are needed for the Project, or the entire issue may be purchased at one time in the discretion of the Treasurer of R. F. C. R. F. C. shall be under no obligation to purchase Bonds beyond the amount necessary, in its judgment, for the completion of the Project. In case any of the Bonds are sold to purchasers other than R. F. C., the principal amount of Bonds which R. F. C. is obligated to purchase shall be correspondingly reduced.

4. **Approval of Contract.** Prior to the execution of this Contract, the Borrower will have adopted an ordinance or resolution setting forth this Contract in full, approving the same, and authorizing the execution and delivery thereof by the official or officials signing the Contract. The Borrower will promptly send to R. F. C. a certified copy of the ordinance or resolution and other proceedings incident to such authorization, including an executed counterpart of this contract.

5. **Bond Counsel.** The Borrower will retain, at its own expense, municipal bond counsel of recognized national standing, acceptable to R. F. C., to assist the Borrower in the preparation of the legal proceedings for the authorization and sale of the Bonds and to give the legal opinions referred to below.

6. **Preliminary Proceedings by Borrower.** The Borrower will promptly send to such bond counsel a copy of this Contract and two certified copies of the transcript of bond proceedings to date, and will obtain the advice of such bond counsel as to further proceedings necessary. The Borrower will then cause such bond counsel promptly to submit to R. F. C.:

- (a) One certified transcript of the bond proceedings of the Borrow-

er to date, approved by such bond counsel.

- (b) a draft of any further necessary proceedings, prepared in conjunction with such bond counsel and approved by them (including the form of Bond and Coupon), authorizing the issue of the Bonds, providing for their payment, and providing for the sale thereof as funds are needed for the Project;

- (c) a draft of an ordinance or resolution providing for the deposit with a trustee acceptable to R. F. C. of the unexpended balances referred to in paragraph 12 hereof and of all rentals received under the agreement dated January 9, 1929, (a copy of which is attached hereto, marked "Exhibit A") pursuant to a trust agreement, in form and substance satisfactory to R. F. C., to be entered into by the Borrower with such trustee to the effect that such trustee shall apply the funds so deposited to the following purposes in the following order of priority:

- (i) to the payment of interest on the Bonds as such interest becomes due.
- (ii) to the payment of the principal of the Bonds as they mature.
- (iii) to the creation and maintenance of a reserve equal to the next two interest payments due on the Bonds plus the principal amount of the Bonds maturing on the next serial maturity date, and
- (iv) to the purchase for the account of the Borrower, in so far as practicable, of outstanding Bonds at a price or

prices not exceeding the principal amount thereof and accrued interest; provided, however, that whenever the unexpended balance of such deposits shall equal the aggregate of the principal amount of all Bonds at the time outstanding plus six months' interest thereon, on further deposit of rentals need be made with the trustee as long as such equality is maintained; and

- (d) a draft of the proposed trust agreement referred to in preceding sub-division (c) of this paragraph.

The Borrower will also promptly submit to R. F. C. the latest data as to the expected cost of the Project, data as to when and how it is proposed to let contracts for the work, forms for advertisements for bids, an estimate as to the amounts of money that will be needed at the time of the first purchase of Bonds, and at intervals thereafter and any other data that may be requested by R. F. C.

7. Requisition for First Purchase.

If the papers listed in paragraph 6 above are satisfactory to R. F. C., the Borrower will then take the necessary further proceedings for authorizing the issue of all the Bonds, including the sale thereof, and will file with the Treasurer of R. F. C. a requisition requesting R. F. C. to purchase such amount of the Bonds, of the earliest maturities, as will provide sufficient construction funds for a reasonable period, specifying the principal amount, serial numbers and maturities of the Bonds and the date when it is desired to complete the sale (which shall not be less than 20 days after R. F. C.'s receipt of said requisition). Such requisition shall be accompanied by:

- (a) a certified transcript of all proceedings (other than proceedings of which certified transcripts have previously been delivered to R. F. C.) referred to in sub-divisions (a), (b) and (c) of paragraph 6 hereof, together with (i) an executed counterpart of the trust agreement referred to in paragraph 6 (d) hereof, and (ii) a no-litigation certificate signed by Borrower's Corporation Counsel, in his capacity as such.

- (b) two specimen Bonds with coupons attached;

- (c) two signed copies of a preliminary opinion of Bond Counsel in form satisfactory to R. F. C., to the effect that the Bonds, when executed, sold, delivered and paid for, will be valid and binding general obligations of the Borrower in accordance with the terms hereof, secured by the full faith and credit of the Borrower and payable from ad valorem taxes, which may be levied without limitation as to rate or amount on all the taxable real and personal property within the territorial limits of the Borrower;

- (d) two unsigned drafts of a final opinion of bond counsel, in the form which the Borrower proposed to deliver at the time of the purchase of this block of Bonds (such opinion to be in form satisfactory to R. F. C.) to the effect that the Bonds included in such block are valid and binding general obligations of the Borrower in accordance with the terms thereof, secured and payable as described in sub-paragraph (c) of this paragraph;

- (e) two signed counterparts of an opinion of bond counsel, in form satisfactory to R. F. C., to the effect that the agreement dated

January 9, 1929, a copy of which is attached hereto as "Exhibit A," has been duly authorized and executed by the parties thereto and constitutes a valid and binding agreement in accordance with its terms;

(f) two signed counterparts of an opinion of bond counsel, in form satisfactory to R. F. C., as to the validity of the ordinance or resolution referred to in paragraph 6 (c) hereof and as to the power of the Borrower validly to enter into the trust agreement therein referred to.

(g) two unsigned drafts of a certificate by the Borrower, showing the changes, if any, in the financial condition of the Borrower, other than such changes as are necessary and incidental to the ordinary and usual conduct of the Borrower's affairs, since the date of the most recent financial statement or certificate previously submitted to R. F. C. (specifically describing such statement or certificates), and declaring whether or not the financial condition of the Borrower is as favorable as at the date of said most recent financial statement or certificate;

(h) two unsigned drafts of the certificates referred to in paragraphs 8 (b) and (d) hereof; and

(i) a letter from each bank in which the Borrower proposes to deposit the proceeds of the sale of the bonds to the effect that such bank will accept and secure such deposit as provided in Section 11 hereof;

8. First Purchase. If such requisition and the papers accompanying same are satisfactory to R. F. C., upon reasonable notice to the Bor-

rower, and subject to the terms and conditions of this agreement, R. F. C. will arrange to purchase and pay for such block at the Federal Reserve Bank of New York against delivery by the Borrower to said bank of the Bonds (having all unmatured coupons attached) included in such block and the following papers in the form theretofore approved by R. F. C.

(a) two signed counterparts of a final opinion of bond counsel.

(b) two signed signature and no-litigation certificates;

(c) two signed counterparts of the certificate referred to in paragraph 7 (g) above; and

(d) two signed counterparts of a receipt showing delivery of such bonds and receipt of payment therefor;

such papers to be dated as of the date of delivery and payment.

Anything in this Contract to the contrary notwithstanding, R. F. C. shall be under no obligation to purchase such bonds if it shall not be satisfied that the Borrower will be able to construct the Project within the cost estimated at the time when this loan was approved by it; or, in the event that it appears to R. F. C. that the actual cost of construction will exceed such estimated cost, if R. F. C. shall not be satisfied that funds will be available to the Borrower (through additional borrowing or otherwise) to defray such excess cost.

9. Subsequent Requisitions and Purchases. From time to time after such purchase, but not more often than once a month, the Borrower will file requisitions with the Treasurer of R. F. C. requesting R. F. C. to purchase such additional blocks of Bonds, of the earliest maturities remaining

unsold, as in each case will provide construction funds for a reasonable period, specifying the principal amount, serial numbers and maturities of the Bonds included in the block and the date when it is desired to complete the sale thereof (which shall be at least 20 days after R. F. C.'s receipt of this requisition), and accompanied by:

- (a) a certificate accounting for the expenditures made from the proceeds of all blocks theretofore sold, in so far as such expenditures have not previously been so accounted for and showing, in such detail as R. F. C.'s engineers may request, the purpose for which the Borrower proposes to expend the proceeds of such block;
- (b) a statement by the bank in which the proceeds of prior purchases have been deposited showing the balance then remaining in such account; the collateral security therefor, and how such collateral is held;
- (c) documents corresponding to those described in paragraphs 7 (d) and (g) above; and
- (d) two signed no-litigation certificates of Borrower's Corporation Counsel in form previously approved by R. F. C.

If such papers are satisfactory to R. F. C., it will arrange to purchase and pay for such block, in the manner, and against delivery of the Bonds and of documents corresponding to those described in paragraph 8 hereof.

10. Conditions Precedent to R. F. C. Obligations. R. F. C. shall be under no obligation to purchase any of the Bonds:

- (a) **Compliance.** If the Borrower

shall not have complied, to the satisfaction of R. F. C., with all agreements and conditions contained or referred to in this Contract theretofore to be complied with by the Borrower and in the ordinances authorizing the issuance of the Bonds.

- (b) **Legal Matters.** If R. F. C. shall not be satisfied as to all legal matters and proceedings affecting the Bonds, security therefor or the Project.
- (c) **Representations.** If any representations made by the Borrower in this Contract shall be found by R. F. C. to be incorrect or incomplete in any material respect.
- (d) **Financial Condition.** If, in the judgment of R. F. C. the financial condition of the Borrower shall have unfavorably changed, to a material degree, from its condition as theretofore represented to R. F. C.

No waiver by R. F. C., express or implied, of any such condition shall constitute a waiver thereof as applied to any subsequent obligation of R. F. C. under this Contract.

11. Deposit of Proceeds. The Borrower will deposit the proceeds of every sale of the Bonds in a bank or banks which are members of the Federal Reserve System in a special account designated "City Railway Construction Account." The Borrower will cause each such special account to be continuously secured by the pledge of direct obligations of the United States Government having an aggregate market value at all times at least equal to the balance in such account.

12. Disbursements of Proceeds. The Borrower will expend the funds in such accounts only for such pur-

poses as shall have been previously specified in certificates accompanying its requisition to R. F. C. Any balances remaining in such accounts after the completion of the Project and the payment in full of the construction cost, or the making of adequate provision therefor, shall be deposited under the trust agreement referred to in paragraph 6 (c) hereof.

13. Construction of Project. The Borrower will complete the construction of the Project with all practicable dispatch, in an efficient and economical manner, at a reasonable cost, and in accordance with plans, specifications and construction contracts satisfactory to R. F. C., and in accordance with such engineering supervision and instruction as R. F. C. may require. Except with the prior written consent of R. F. C., no materials or equipment for the Project shall be purchased by the Borrower subject to any chattel mortgage or any conditional sale or title retention agreement.

14. Labor, Wages and Materials. All construction contracts shall provide as follows:

(a) **Convict Labor.** No convict labor shall be directly employed on the Project.

(b) **30-Hour Week.** Except in executive, administrative and supervisory positions, no individual directly employed on the Project shall be permitted to work more than thirty hours in any one week.

(c) **Labor Preferences.** In the employment of labor in connection with the Project, preference shall be given, where they are qualified, first, to ex-service men with dependents, and second, to persons who are either citizens of the United States or who have

filed declarations (which continue valid and in good standing) of intention to become such citizens.

(d) **Prevailing Rate of Wages.** The rate of wage for all laborers and mechanics directly employed on the Project shall not be less than the prevailing rate of wage in the same locality for work of the same or substantially similar character.

(e) **American Materials.** No machinery or materials shall be used or employed in connection with the Project except such as shall have been produced or manufactured in the United States or its territories.

The Borrower will enforce compliance with such provisions and will itself comply therewith.

15. Completion of Project. The Borrower will complete the Project within a reasonable period after the first purchase of Bonds hereunder. Upon such completion the Borrower will furnish R. F. C. a certificate by the Borrower's engineers as to such completion and as to the total cost of the Project, accompanied by such supporting data as R. F. C. may request.

16. Rates. In the event that the possession and operation of the City Railway by Public Service Coordinated Transport is terminated for any reason whatsoever, the Borrower will immediately take possession of and operate the City Railway and will fix and maintain rates and collect charges for the facilities afforded by the City Railway which will provide revenues sufficient at all times:

(a) to pay all the costs of operation, maintenance, repairs, betterment and depreciation of the City Railway; and

(b) to pay into the general funds of the Borrower an amount sufficient to pay the principal of and interest on the Bonds, as such interest and principal respectively become due;

and, in such event, the Borrower will maintain the City Railway in good condition and operate the same in an efficient manner.

17. **Accounts.** The Borrower will keep proper books of record and account (separate from all other records and accounts) in which complete and correct entries shall be made of all transactions relating to the City Railway.

18. **Inspection.** R. F. C. or any purchaser from R. F. C. of at least 15% in principal amount of the Bonds shall have the right at all reasonable times to inspect all records, accounts and data of the Borrower relating to the City Railway, and, in the event that the Borrower is in possession thereof, to inspect the same.

19. **Information.** During the construction of the Project the Borrower will furnish R. F. C. all such information and data as R. F. C.'s engineers may request as to the construction, cost and progress of the work. The Borrower will furnish to R. F. C. and/or to any purchaser from R. F. C. of at least 15% in principal amount of the bonds, such financial statements and other information and data relating to the Borrower and the City Railway as R. F. C. and/or any such purchaser from R. F. C. from time to time reasonably may request.

20. **Changes in Agreement.** The Borrower will not make any change, modification or alteration in any of the terms of the agreement dated January 9, 1929 (a copy of which is attached hereto marked "Exhibit A") nor waive any of its rights thereun-

der without securing the prior written consent of R. F. C. to each such change, modification, alteration or waiver. No such consent by R. F. C. shall be deemed to be a continuing consent unless so stated and shall be deemed to apply only to the particular matter and at the particular time for which it shall be given.

21. Representations and Warranties. The Borrower represents and warrants as follows:

(a) **Authorization.** All necessary authorizations from Federal, State, County, municipal and other authorities have been obtained for the construction and operation of the Project.

(b) **Litigation.** No litigation or other proceedings are now pending or threatened which might adversely affect the Bonds, the construction, operation or revenues of the Project, or the financial condition of the Borrower.

(c) **Financial Condition.** Since the date of the financial statement furnished to R. F. C. as a part of the loan application, there has been no change, except such changes as are necessary and incidental to the ordinary and usual conduct of the Borrower's affairs, in the character of the assets or the financial condition of the Borrower and the same are as favorable as at the date of said most recent financial statement.

(d) **Affirmation.** Every statement contained in this Contract, in the Borrower's loan Application, and any supplement thereto or amendment thereof, and in any other data submitted or to be submitted to R. F. C. by or on behalf of the Borrower is, or when so submitted will be, correct and

complete, and no relevant fact materially affecting the Bonds or the Project has been or will be omitted therefrom.

22. Indemnification. The Borrower will indemnify R. F. C. against any loss or liability incurred by reason of any inaccuracy or incompleteness in any representation contained herein. If R. F. C. shall sell any of the Bonds, and, thereafter, by reason of any such inaccuracy or incompleteness, R. F. C. shall repurchase any such Bonds (whether or not under a legal obligation so to do) R. F. C. shall be entitled (in addition to the above right of indemnification and any other right or remedy) to tender such Bonds or any part thereof to the Borrower and recover the price paid therefor by R. F. C.

23. Optional Repayment or Repurchase of Bonds. At any time within three years from the time of this Contract, the Borrower may repay, repurchase or cause to be sold to third parties all (but not less than all) of the Bonds then held by R. F. C., by paying or causing to be paid to R. F. C.

- (a) 100% of the principal amount of such Bonds;
- (b) plus unpaid interest thereon accrued at the coupon rate to the date of such payment.

At the time of such payment the Borrower will also pay to R. F. C. any outstanding expenses reimbursable in accordance with paragraph 27 hereof. All such rights shall terminate at the expiration of 10 days after written notice to the Borrower that R. F. C. contemplates or has commenced negotiations for the sale for its own account of any of the bonds to third parties. R. F. C. will, however, extend such rights for an additional 20 days in case prior to such

expiration it shall be satisfied that the Borrower is actively engaged in negotiations which reasonably may be expected to place the Borrower in a position to exercise such rights.

24. Use of R. F. C. Name. Without the prior written consent of R. F. C., the Borrower will not refer to this Contract or to any purchase by R. F. C. of the Bonds, as an inducement for the purchase of any securities (including Bonds repurchased from R. F. C.) of the Borrower, and will not permit any purchaser from it of any such securities to do so.

25. Interest Refund. In case of the exercise by the Borrower of the rights specified in paragraph 23 hereof, and in case R. F. C. shall be satisfied that not less than 75% of the sum paid to it pursuant thereto was obtained from the sale of the Bonds then held by R. F. C., or of other long-term general obligations of the Borrower with no greater security, on terms such that the yield to maturity of such Bonds or other obligations from the date of such sale, computed on the basis of the purchase price (exclusive of accrued interest) paid for such Bonds or other obligations, is less than $4\frac{1}{2}\%$ per annum, R. F. C. will refund to the Borrower a sum equal to the amount, if any, by which:

- (a) an amount equal to interest at $4\frac{1}{2}\%$ per annum on the aggregate purchase price (exclusive of accrued interest) paid by R. F. C. for all Bonds theretofore purchased by it, such interest to be computed for the period from the date of the respective purchase to the date of the above mentioned payment to R. F. C. (in the case of Bonds maturing prior to such payment,
- (b) to the date of payment thereof) exceeds

(b) an amount equal to interest, at a rate equal to the above-mentioned yield to maturity, on such aggregate purchase price for the above-mentioned period;

provided that no such refund shall be made which would reduce the current yield of such Bonds to R. F. C. during such period of a rate less than 4% per annum.

26. **Sale of Bonds by R. F. C.** The Borrower will take all such steps as R. F. C. reasonably may request to aid in the sale by R. F. C. of any or all of the Bonds, but no such sale shall be made in contravention of the Borrower's rights under paragraph 23 hereof. Upon request the Borrower will furnish to R. F. C. or to any purchaser from R. F. C. of 25% in aggregate principal amount of the Bonds, information for the preparation of a bond circular in such form as may then be in common use, signed by the appropriate official of the Borrower, containing such data as R. F. C. or such purchaser reasonably may request concerning the Borrower and the City Railway.

27. **Expenses.** The Borrower will pay all costs, charges and expenses incident to compliance with all terms and conditions of this Contract on its part to be complied with, including, without limiting the generality of the foregoing, the cost of preparing the Bonds and obtaining all legal opinions required herein to be furnished by the Borrower. The Borrower will also pay to R. F. C. or reimburse it for the reasonable cost of any investigations or inspections made by or in behalf of R. F. C. as permitted hereunder. If requested by R. F. C. in writing, the Borrower will also pay to R. F. C. or reimburse it for all traveling, telegraphic, telephone and similar expenses incurred by it after date of authorization of the loan in connection with the financing herein contemplated and the reasonable fees

and expenses of such special auditors and engineers as R. F. C. in its discretion may retain in connection therewith.

28. **Supplemental Instruments.** Upon request the Borrower will furnish such agreements and other instruments as R. F. C. may deem necessary or desirable in connection with the performance of the obligations of the Borrower under this Contract or on the Bonds.

29. **Miscellaneous.** This Contract is not for the benefit of any person or corporation other than the parties hereto but the same shall be binding upon and inure to the benefit of the parties hereto and their successors and assigns, and shall inure to the benefit of the holders from time to time of any of the Bonds, provided, however, that no rights of the Borrower hereunder shall be assignable except with the prior written consent of R. F. C. All obligations of the Borrower hereunder shall cease upon payment in full of all Bonds. This Contract is divisible and if, for any reason, any provision or provisions hereof shall be held to be invalid and of no force and effect, such invalidity shall not affect the validity of the remainder of this Contract. This Contract contains the entire agreement between the parties, and shall be governed by and construed in accordance with the laws of the District of Columbia.

IN WITNESS WHEREOF, The City of Newark, New Jersey, and Reconstruction Finance Corporation have respectively caused this Contract to be duly executed as of the day and year first above written.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell.

WHEREAS, The City of Newark is still unable to finance its program for emergency relief; and

WHEREAS, State funds have been appropriated by the legislature to the State Director of Emergency Relief for the purpose of furnishing State aid to municipalities in such cases; and

WHEREAS, 15,687 families are at present receiving relief in the City and the need for emergency relief is so urgent as to compel the City to request its complete financing from the State funds;

NOW, THEREFORE, BE IT RESOLVED By the Board of Commissioners of The City of Newark that in accordance with rules and regulations No. 10 of the Emergency Relief Administration, to all provisions of which this Board does hereby agree, application be and hereby is made to the State Director of Emergency Relief for a Special Grant of funds necessary to meet the relief needs for the month of September, 1933.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell.

Commissioner Franklin offered the following resolutions:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Harry Bender (Tiverton Realty Co., owner) for the construction of a gasoline station; premises 1240-1242 Broad Street, for a period of eight years, on condition that all signs meet the approval of the Board; and that the driveway be so constructed that cars entering from Broad St. will return to Broad St. and those entering from the Highway will return to the Highway;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Parnell: Does anyone wish to be heard on this application?

Mr. Joseph C. Braelow, 1060 Broad Street: Mr. Mayor and members of the Commission, I appear for an owner in the neighborhood of this property to object to the granting of this application.

Commissioner Minisi: Mr. Mayor, I think all these gasoline permit matters should be brought before the full Board and not before the Board of Commissioners when any of the Commissioners are not present.

Commissioner Parnell: Well, I am inclined to agree with you.

Commissioner Minisi: I move it be laid over for three weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Carlo Vernoni (A. Mezzalona, owner), for an automobile parking station; premises 114 Bank Street; for a period of three months;

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Minisi: I move that the application be laid over for three weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell.

The following communication was received and read:

Board of Adjustment
City Hall
Newark, New Jersey

August 16, 1933.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

526-536 Bloomfield Ave., Magna Investment Co., owner; addition to existing gasoline station;

407 Chancellor Avenue, Philip Eisen (Wolf Zimmerman, owner); two portable gasoline tanks, for a period of one year;

209-213 Norfolk Street, Hyman Namorowsky (Lerman & Namorowsky, owners); alteration of public garage for gasoline station;

999 Eighteenth Avenue, C. B. Kip Estates (Max Cohen, President) owners; construction of a gasoline station, approved for eight years.

The Board of Adjustment,
R. B. Rankin,
Secretary.

Commissioner Franklin: I move these matters be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell.

Mr. Elias A. Kanter, 1060 Broad Street: I am interested in 999 Eighteenth Avenue. I would like to have you gentlemen approve the recommendation of the Board of Adjustment. The application involves merely the relocation of a small office structure for a gasoline station.

Commissioner Parnell: Are there any objections to establishing a gasoline station at 999 Eighteenth Avenue?

Mr. Kanter: There was only one objection raised before the Zoning Board last week, and we understood we were to be here today at eleven o'clock if there was to be any further objection.

Commissioner Parnell: The Board of Adjustment, in its report says, "At the hearing of August 16th, Mr. Elias A. Kanter appeared as counsel for the applicant, and objections were entered by Mr. Philip Mandelbaum, counsel for the owner of the adjoining fifty-foot lot, and by Harry Pine representing Joseph E. Knebler, lessee of gasoline station at 1007 Eighteenth Avenue, and other owners and tenants of the neighborhood who signed a petition objecting to the proposed station. The main objections were due to the contention that the plot is too small to operate a gasoline station without danger to pedestrians."

Now, this Commission cannot cut off the rights of those objectors to appear before us and voice their objections; and they have not received any notification to be here this morning. So I have to be fair to everybody concerned in this application.

What is your wish, gentlemen?

Commissioner Minisi: The Clerk did

state to me that the objectors would have been here except for the information that they received that the matter would not be heard this morning. There is no question in my mind if this Board approves this application these objectors are going to appear before the conference next week and ask for an opportunity to be heard. And I agree with the Mayor, that I do not see how we can grant your request.

Commissioner Parnell: Now, it has been our usual custom to have a conference on Monday morning. But yesterday the conference did not come off as scheduled. At this conference we permitted any citizen to come and bring up any matter that he or she might wish to discuss with the Commissioners. Now, no conference having been held, if there is any lady or gentlemen who wishes to bring any matter before us we will be glad to hear it this morning.

Honorable Board of Commissioners
of Newark,
City Hall.

Gentlemen:

During the past week we have received eight letters from merchants and taxpayers in the neighborhood of City Hall requesting us to ask your reconsideration of the resolution passed at your last meeting granting a concession for a refreshment stand in the basement of the City Hall.

The enclosed copies of three of these letters cover the reasons

given by our correspondents for seeking a reversal of the stand taken by you last week. Below are the names and addresses of those presenting this request.

Our Executive Committee at its meeting on Friday, August 18th instructed our Executive Manager, Mr. Bowers, to appear before you to urge your careful consideration of this request. I know this will receive proper attention at your hands.

Very truly yours,

Good Sweet Shop, Inc., 907 Broad Street.

Arthur A. Beitman, 889 Broad Street.

Broad Smoke Shop, 899 Broad Street.

Frank Zaitaker, 24 Branford Place.

Since writing the above we have received another similar request from: W. W. Kolb, 845 Broad Street.

On motion the communication was ordered referred to conference.

The following protest was received and read:

To The Honorable Mayor and Commissioners of the City of Newark.

We, being duly qualified voters and

citizens of the City of Newark, County of Essex, and State of New Jersey, do hereby vehemently protest against the commercialization of the City Hall for purely political purposes. Reference is here made to the recent action of the Commissioners in passing a resolution permitting the maintenance of a refreshment stand in the basement of the City Hall.

(Signed by 91 protestors).

Ordered referred to conference.

Mr. Ogden H. Bowers, 790 Broad Street: Mr. Mayor and members of the Commission, I have been instructed by the Executive Committee of the Broad Street Association to ask you to reconsider the motion made last week regarding the stand in the basement of the City Hall. Merchants are paying high rent and they think it is unfair that this competition should be given them in the City Hall.

Commissioner Parnell: It will be referred to conference.

Mr. Leopold Wigler, 74 Prince Street: I went out myself and got this petition signed which has been read, and if these people think it is right to have the stand put in the City Hall of Newark they would not sign this petition against it.

Mr. Tuttle of the State Commission for the Blind stated that he was willing to go on record of doing what he can to cooperate with Mr. Wigler on a proposition on which he can earn a livelihood.

Commissioner Parnell: Is there anybody else who wishes to be heard?

Mr. Raymond Lemassena, 810 Broad Street: Gentlemen you brought out an ordinance for opening Second Avenue, continuing it through to the

end of the City limits. I cannot see how you can spend money when you don't know where it is coming from.

Mr. Alex Loeb, 807 Eleventh Street: Gentlemen, I come here to speak on the water tax.

Commissioner Parnell: That will have to come up two weeks from now, September 5th. It was put over at the request of the Chamber of Commerce and some of the factory owners, and because the Mayor, is not here today, and this is an ordinance which comes under his department.

Does any other citizen wish to be heard?

Mr. Thomas Smith, 421 South Eighteenth Street: Mr. Mayor and Commissioners. All winter at the Port we got work, but when the weather got dry we get one or two days a week and the rest of them are getting sixty or seventy hours, every one of them from Hudson County.

Commissioner Parnell: Of course, the whole City Commission is committed to this proposition that Newark jobs must go to Newark workers. The Bureau of Docks comes under the Mayor's Department. The Mayor has promised us all and he has promised other people in our presence, and I think he is working sincerely on the proposition, to confine our jobs to our own Newark residents. We do not mean these people who just come in and get a room and work here, we mean bona fide residents. And I don't want to put you out too much, but if you could come before the Commission next Monday morning when the Mayor will be here, in his own office, we will go into the proposition with you.

Mr. Edward A. Dougherty, 116 Shaw Avenue: Mr. Mayor and Commissioners, I have been complaining

about out-of-town men working on the Penn Railroad and the City Railway. I was put on that job in May as a foreman. There were fifteen of us on there, fifteen foremen. They were from all over the country and Canada. I was the only foreman from Newark. I was notified just four weeks ago last Wednesday night that the job was finished. They did not say I was not capable of doing the job; it is probably because I am from Newark or some other reason I don't know why. If any of you gentlemen would investigate that job down there you would find out.

Commissioner Parnell: All right, we will do that, Mr. Dougherty. Does any other citizen wish to be heard?

Mr. Louis Coppola, 82 Komorn Street: Mr. Mayor and Commissioners of the City of Newark. I am working for the Relief Department, City of Newark, and the State has control over that. I worked about two weeks, and the State is getting paid for that, and they are paying us with a city check. Now, with that city check we cannot get any cash, all we can do is buy groceries. I suggest that they give us cash money with which we could go out and pay our gas and electric bill.

Commissioner Parnell: Is there any other matter that any other citizen wishes to bring before the Commission?

Commissioner Minisi: Mr. Mayor, before we adjourn. Several very fine suggestions have been made at this meeting and I do not think we should let them pass by lightly; we should consider these matters in conference; and if we want any more details other than the information that we have already received, we should invite the citizens who have given us these suggestions, to our conferences, and get whatever details we need.

The last speaker, for instance, gave us a very fine thought. Gas and electric are just as important to the maintenance of life as food is.

Another thing is the contention which has been repeatedly made, not only before the Commissioners here, but before our conferences, that Newark jobs are being given to outsiders. And I think that should be investigated immediately. We can investigate it not only by going to the address that is given to us by some worker and have the landlord tell us that so and so is living there, but we will find out where these people voted last year and the year before that. That is the way to find out.

If some politician living outside of this city retains his political hold because of votes that he can control, let him register those votes in his own town and give them jobs there, and don't let these people vote in other cities and in other counties and in other states and then exert sufficient influence to get jobs in the City of Newark.

I know the Star-Eagle, for instance, took a very arbitrary stand in making reference to the various City Commissioners as to the particular stand which they took on this gas, electric and power fight. I think that they made probably an unfair reference to the Commissioners without asking them for information as to their stand. I now say that the fight which has been very valiantly waged by the Star-Eagle, and I respect that paper for the attempt it is making to protect the rights of the people,—the fight has now reached the point where the City should take an active interest in this matter. If other municipalities are able to give the citizens of their cities light, power and gas at a much lower rate than the Public Service is furnishing these three commodities, then the City of Newark should look

into the situation and ascertain whether we, as a municipality, can do the same thing. If we are going to do it, now is the time to do it when materials are low and when labor is still at a low ebb as far as cost is concerned, and when labor needs employment. Now is the time to undertake public improvements when our citizens are out of work and when this work can be done very, very economically, more economically than it can be done when we are riding the crest of the wave of prosperity when everything is high and when it will cost us probably twice as much. This should be looked into very seriously and thoroughly.

Commissioner Franklin: Mr. Mayor, at this time I want to enter my objection or protest to the procedure that you have adopted this morning of hearing matters other than ordinances and resolutions, particularly in the face of an existing resolution that all matters other than resolutions and ordinances shall be heard before the conference.

Commissioner Parnell: I would like to make myself clear, Director Franklin. The people cannot come before the conference if there is no conference. Now, I was the only Commissioner who appeared at the conference yesterday morning, and I made a motion that the conference be adjourned, and it was carried unanimously.

Commissioner Franklin: I arrived at the conference yesterday a little late.

Commissioner Parnell: Well, I did not feel that we could deny the citizens the right to be heard, and because there was no conference, I thought as we were not particularly

busy this morning that the citizens could have a chance.

Commissioner Duffy: I feel we should adhere to the rule laid down by the Commission. In reference to the conference yesterday, I attended the funeral of the mother of a very dear friend of mine. This is the first conference I was absent from.

Mr. James B. Kennedy, 17 Sunset Avenue; Mr. Mayor and Commissioners. One of the things to come up before the Commission today is water rates. Give us some consideration in your further deliberations; and if we have a proposition to bring before you and cannot get here Mondays, give us a chance to come on Tuesdays.

Mr. William Umscheid, 281 North 5th Street; appeared and protested barring Mr. Charles Becker from speaking before the Board meeting.

Commissioner Minisi: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

date of its issuance and shall be pay-
able not later than one year after
its date and shall bear interest at a
rate not exceeding six per centum
(6%) per annum, payable at matur-
ity.

FURTHER RESOLVED, That the
Mayor, Director of the Department
of Revenue and Finance, Auditor of
Accounts and City Clerk be and they
hereby are authorized and directed to
execute said bonds and to issue said
bonds in such form as they may
adopt, in conformity with law, and
to recite therein that all requirements
and conditions of law have been com-
plied with in the issuance of said
bonds and that said bonds are within
every debt and other limit prescribed
by the Constitution or statutes of
New Jersey.

FURTHER RESOLVED, That the
power to determine any matter with
respect to said bonds not determined
by this resolution and also the power

to issue and sell bonds is hereby delegated to the Director of the Department of Revenue and Finance who is hereby authorized to issue and sell said bonds in the manner and subject to the limitations prescribed by law.

Commissioner Duffy offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of C. B. Kip Estates (Max Cohen, President), owner, for the construction of a gasoline station; premises 999 Eighteenth Avenue, for a period of eight years, on condition that the building is erected so as to conform to the prevailing set back line of the dwellings on Brookdale Avenue, and that all signs, fences and lighting devices meet the approval of the Board;

THEREFORE BE IT RESOLVED By the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Does anyone desire to be heard on this application?

Mr. Elias A. Kantor, 1060 Broad Street, appeared for the applicant and stated that they have abided by every recommendation of the Zoning Board and that no objection had been made to the application.

Commissioner Duffy stated that Mr. Ritger of the Board of Adjustment had voted against it and that he would like to ascertain the reason for it.

Mayor Ellenstein stated that Commissioner Duffy felt too that there was a new fire house within 200 feet of this location and he wanted an opportunity to look into it and determine whether or not it would interfere in any way with the functions of the fire house.

Commissioner Duffy moved that the application be laid over for one week.

The Board of Commissioners of the
City of Newark, N. J.

H. S. REICHENSTEIN,
City Clerk.

Newark, N. J., September 12, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M. standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of September 5th were read and approved.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance prohibiting the conducting of any business, wherein tobacco, cigars, cigarettes, and confectioneries are sold at wholesale, on the first day of the week, commonly called Sunday.

The Board of Commissioners of the City of Newark Do Ordain:

1. No person or persons, firm or corporation, engaged in the business of selling at wholesale tobaccos, cigars, cigarettes or confectioneries, shall on the first day of the week, commonly called Sunday, sell, dispose of or deliver or cause or permit to be sold or delivered any tobaccos, cigars, cigarettes or confectioneries in any store or other place within the limits of the City of Newark.

2. It shall be unlawful for any person or persons, firm or corporation engaged in the business of selling at wholesale tobaccos, cigars, cigarettes

or confectioneries to keep open or permit to be kept open on the first day of the week, commonly called Sunday, any store or place wherein the business of selling tobaccos, cigars, cigarettes or confectioneries at wholesale is conducted within the limits of the City of Newark.

3. It shall be unlawful for any person or persons, firm or corporation engaged in the business of selling at wholesale tobaccos, cigars, cigarettes or confectioneries on the first day of the week, commonly called Sunday, to obstruct by a screen, non-transparent glass, shade, blind, door, shutter or merchandise or by any other means the clear interior view of every store or place wherein is conducted the sale of tobaccos, cigars, cigarettes or confectioneries at wholesale.

4. Any person or persons, firm or firms, violating any of the provisions of this ordinance, shall, upon conviction thereof, be punished by a fine in any sum not exceeding \$200.00 for each offense, or in default thereof may be imprisoned in the county jail for a period not exceeding thirty days.

5. Any corporation violating any of the provisions of this ordinance shall, upon conviction thereof, pay a fine of not more than \$200.00 for each offense, which may be recovered in an action of debt.

6. All ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

7. This ordinance shall take effect immediately upon final reading and publication in accordance with the law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that September 26th, 1933, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of parts of Elizabeth Avenue and Renner Avenue at the easterly corner of the intersection of said streets.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That parts of Elizabeth Avenue and Renner Avenue at the easterly corner of the intersection of said streets shall be vacated as public streets or highways, as follows:

Beginning at a point in the north-

westerly line of Elizabeth Avenue as the same is laid out northeasterly of Renner Avenue, said point being distant 160.01 feet southwesterly from the end of a curve in said northwesterly line; thence south 43° 54' west along said northwesterly line of Elizabeth Avenue 33.70 feet; thence curving to the right on a radius of 19.79 feet along the intersection of Elizabeth Avenue and Renner Avenue as laid out on Map of Property of Weequahic Land and Improvement Company revised 1909 by George H. Gardner, 45.26 feet; thence curving to the right on a radius of 339.47 feet along the easterly line of Renner Avenue 39.75 feet more or less to another line of the intersection of Elizabeth Avenue and Renner Avenue as laid out on a certain map of Weequahic Land and Improvement Company, surveyed 1904 by George H. Gardner; thence in a general easterly direction curving to the left on a radius of 34 feet more or less along the last mentioned intersection line 80.50 feet to the place of beginning.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as Map No. 1422-V, dated June 14, 1933. Under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that September 26th, 1933, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

J. Boxer, 784 South Eleventh Street; Mr. Joseph Celo, 411 North Fifth Street; Mr. Joseph Laush, 774 Hunterdon Street, spoke in opposition to the adoption of the ordinance, and Mr. Henry Green, 280 Goldsmith Avenue, spoke in favor of it.

Commissioner Parnell: Mr. Mayor, if there are no others in favor of this ordinance, I would like to move now that the ordaining Clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Mayor Ellenstein: For the benefit of those who may not understand, that defeats the ordinance.

The City Clerk presented An Ordinance to provide for the closing of any business wherein shoes, shoe find-

ings, shoe novelties, boots, rubbers, sneaks, canvas footware, hosiery are sold on the first day of the week commonly known as Sunday and preventing the conducting or carrying on of any business wherein shoes, shoe findings, shoe novelties, boots, rubbers, sneaks, canvas footware, hosiery are sold on the first day of the week commonly known as Sunday, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

Mr. John J. Hill, 169 Springfield Avenue, representing I. Hausman & Sons, Mr. Isadore Waxman, 350 Broad Street, Mr. Charles Zemel, 577 High Street, Mr. Morris Hyman, 155 Spruce Street, spoke against the adoption of the ordinance, and Mr. Nathan Rubin, 786 Broad Street, representing the Shoe Retail Association of New Jersey, and Sam Blafer, 585 Springfield Avenue, favored the ordinance.

Commissioner Franklin: Mr. Mayor, in view of the various suggestions that are made concerning this ordinance, and particularly in reference to the practise prevailing in the City of New York with which we are not familiar, I move this ordinance be deferred for two weeks and referred back for conference.

Mayor Ellenstein: That will give you an opportunity, Mr. Green. It will come up again and you will be here, won't you?

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The City Clerk presented An ordinance to provide for the closing on the first day of the week, commonly known as Sunday, of any business and store, commonly known as Grocery Store, wherein are sold articles of food, and preventing the conducting or carrying on of any such business on the first day of the week, commonly known as Sunday.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance? I will ask those who desire to speak either for or against the ordinance, if they possibly can, to confine themselves to five minutes, because there is considerable business that the Commission has to transact in addition to the ordinance. So if it is at all possible, please confine yourselves to five minutes.

Mr. Charles Zemel, 577 High Street; Mr. Samuel M. Goodman, 24 Branford Place; Mr. Abram I. Melrod, 17 Academy Street; Mr. Benjamin Newman, 35 Spring Street; Mr. H. Curry, 113 Wainwright Street; Mr. Jacob Herscovitz, 18 Orchard Street, opposed the adoption of the ordinance, while Simon Englander, 790 Broad Street; Mr. Leo Mayer, 356 Peshine Avenue, and Mr. Henry Green, 280 Goldsmith Avenue, favored its adoption.

Mayor Ellenstein: Is there anybody who desires to speak in favor of the ordinance?

Mr. Simon Englander, Mr. Leo Mayer and Mr. Henry Green spoke in favor of it.

Commissioner Franklin: I move the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The City Clerk presented An ordinance to provide for the closing on the first day of the week, commonly known as Sunday, of any store or place of business wherein furniture is sold, and preventing the conducting or carrying on of any such business on the first day of the week, commonly known as Sunday, and stated that today was the time fixed for hearing on the same.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin offered the following resolutions:

WHEREAS, the Board of Adjustment, has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of C. B. Kip Estates (Max Cohen, President), owner, for the construction of a gasoline station; premises 999 Eighteenth Avenue; for a period of eight years, on condition that the building is erected so as to conform to the prevailing set back line of the dwellings on Brookdale Avenue, and that all signs, fences and lighting devices meet the approval of the Board;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Does anybody desire to be heard in opposition to this application?

Mr. Harry A. Pine, 810 Broad Street:

I represent Samuel Bisguyer, the purchaser of the fifty feet of land immediately adjacent to the proposed twenty-five feet upon which this gasoline station is to be erected, if approved.

At the meeting of the Board of Adjustment I presented a petition signed by a large number of residents and property owners in the neighborhood, as well as by a number of business people, objecting to the granting of this permit. The Board of Adjustment seemed to take the position that the persons who were not the actual owners of property had no standing.

Commissioner Minisi: I move we concur in the action of the Zoning Board.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Carlo Vernoni (A. Mezzalone, owner) for an automobile parking station; premises 114 Bank Street; for a period of three months;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

WHEREAS, the Board of Adjust-

ment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Harry Bender (Tiverton Realty Co., owner) for the construction of a gasoline station; premises 1240-1242 Broad Street; for a period of eight years, on condition that all signs meet the approval of the Board, and that the driveways be so constructed that cars entering from Broad Street will return to Broad Street, and those entering from the Highway will return to the Highway;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

Mr. Joseph C. Braelow, 1060 Broad Street: I appear on behalf of Messrs. Seifert and Baime who are the owners of a thirty foot plot on Broad Street, Newark, adjoining the property in question on the south; and we are opposed to the concurrence by this Commission in the recommendation of the Zoning Board. Broad Street is one of our principal thoroughfares. The tax rate down in that section is high, and if this Commission continues approving gasoline station permits in that part of Broad Street how can

that property ever come up to the values at which those pieces are now assessed.

Mr. John J. Clancy Lefcourt Building:

I appear for the applicant. This property is located at 1240-1242 Broad Street near Poinier Street. On that block we own approximately 50 per cent.

Commissioner Parnell: I move this recommendation of the Board of Adjustment be rejected. I do not believe we ought to litter up Broad Street with a lot of gasoline stations. I think we ought to preserve the beauty of the street as far as possible. And where the needs of autoists are apparently satisfied at present, I do not think we should permit another gasoline station to go there. Therefore, I move the rejection of the application.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Newark, N. J., September 6, 1933.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for

variations from the requirements of the Zoning Ordinance be allowed:

422-424 Plane Street, William H. Watson (The Drew Co., owner); addition to existing automobile parking station; for one year.

24-36 Norfolk Street, P. J. Moylan (Thomas C. Walsh, Trustee, owner); renewal of a permit for an automobile parking station; for one year.

603-605 Sanford Avenue, Arthur J. Holle (Estate of Rudolph Heller, owner); a funeral home, for five years.

182 Newton Street, Gabriel Iannarone (Grace Iannarone, owner); an automobile repair shop and sale of gasoline from two portable tanks; sale of gasoline limited to one year.

The Board of Adjustment,
R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner and further action postponed to September 26, 1933.

The Board of Commissioners of
The City of Newark, N. J.

H. S. REICHENSTEIN
City Clerk.

Newark, N. J., September 19, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A. M., Standard Time, 11 A. M. Daylight Saving Time.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of September 12th were read and approved.

The City Clerk presented An Ordinance relating to and fixing the charges for water furnished by The City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Does any person desire to be heard on this ordinance?

Mr. Meyer Zemel, 826 South 13th Street: Mr. Mayor and Commissioners. At the present time the burden of property owners and real estate taxpayers of Newark is so heavy that they cannot pay the tax charges and the water rates.

Mayor Ellenstein: If the water rates were to remain the same you would have a like sum or similar sum in next year's tax levy, so that your tax rate would be increased. We realize, too, that your real estate is carrying a tremendous burden, and we are endeavoring to alleviate that and spread it equitably throughout the citizenry of the City. In order to accomplish that we must find other

sources of revenue. Director Parnell is endeavoring now to find other sources of revenue to relieve the tax burden placed upon real estate.

This increase is very nominal; it amounts to forty-six cents to the user of a small one-family house, and is maintained in like proportion.

The rate as contemplated with the increase is much lower than any other municipality in the State and much lower than any municipality in the country that obtains water in the same manner that the City of Newark does, by a process of filtration. There are some cities that draw water from a lake like the City of Chicago draws from Lake Michigan, it naturally can sell its water lower than we in Newark. But we have to draw it for miles and filter it before it reaches the consumer. However, the quality of water the City of Newark receives is better than almost every other city in the country. We believe that by increasing that rate nominally it is going to be a relief to the taxpayer and not put any undue burden on the individual user. Those in modest circumstances will only participate in a very small raise over the three months period.

In addition to that, after making a careful survey in the Water Department, we have cut down \$150,000 a year in maintenance and salaries without impairing the service. Now, it is not only a way of taxing the users or the citizens of Newark, but a conscientious effort has been made to curtail expenditures in the department.

Now, in increasing this it is going to bring relief to you and every taxpayer in the City of Newark. While

it may be true that it may not be in any substantial measure, however, it is going to distribute it and take some of the burden off the taxpayers.

In so far as the high and low water pressure is concerned, we have not stopped at that. There is a survey to be made with the engineers of the Department of Public Affairs in conjunction with engineers of the different commercial and industrial houses, to find an equitable rate in that direction; and as soon as the Water Department is placed on a self-sustaining basis the rate will then be changed downward as low as we can possibly give it to every individual citizen of the city.

Elizabeth is purchasing water at \$90 per million gallons. There isn't any way that we can abrogate that contract legally. I have written to the Mayor and Commissioners in Elizabeth and other municipalities. Of course, they refuse to abrogate the contract and pay \$110 per million gallons, which we feel is a fair and just rate. Now, that is the situation.

We are even considering, Mr. Zemel, the placing of a tax on those users who have wells. That is being taken under advisement. And so far as distributing is concerned, if you owned a factory site, and an industry leased that factory site they would be affected by this increase. That would help you, because instead of it appearing in the tax levy next year the lessee would pay a proportionate share of his increase. Don't you see how it would assist you?

Mayor Ellenstein: Is there any other citizen who desires to be heard?

Mr. Henry Green, 280 Goldsmith Avenue: I opposed this increase in water rates from the start on the basis that the people are taxed now

to the skin. The taxes are high; they cannot pay them now.

Mayor Ellenstein: Does any other person desire to be heard on this ordinance?

Mr. Walter Fortune, 14 Arch Street: Mr. Mayor and Commissioners, I am here to speak in behalf of the home owners of the City of Newark and to ask you to decrease the water rates, not to increase them.

Mayor Ellenstein: Does any other person desire to be heard on the ordinance?

(No response).

No one else appearing, Commissioner Minisi moved that the hearing be closed.

The Board of Commissioners of
The City of Newark, N. J.

H. S. REICHENSTEIN
City Clerk.

Newark, N. J., September 26, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of September 19th were read and approved.

The City Clerk presented An Ordinance prohibiting the conducting of any business, wherein tobaccos, cigars, cigarettes and confectioneries are sold at wholesale, on the first day of the week, commonly called Sunday, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

Mr. Joseph Zemel, 289 Market Street: Mr. Mayor and Commissioners, I oppose this ordinance as well as two other ordinances which are on today. I think the ordinances are similar in that they all provide for the closing of certain businesses on Sunday.

With the remarkable results that the Mayor has obtained in the last few days, I do not think we ought to go back to the middle of the Seventeenth or the Eighteenth Century with these blue laws again.

Mr. Morris Goldsmith, Lefcourt Building: I am here representing the

wholesale tobacco jobbers. They are all satisfied to close on Sundays. A good deal of benefit can be derived, and a good deal of time that they would not ordinarily have for some recreation. There would be no harm; the business would necessarily have to come some other day in the week.

Mr. Henry Green, 280 Goldsmith Avenue: Mr. Mayor and gentlemen of the Commission, I think that these stores ought to be closed on Sunday.

Mr. P. Epstein, 332 Fifteenth Avenue: Opposed the ordinance.

Mr. Harry Cassell, 185 Springfield Avenue: Commissioners, the profits are very small. You cannot help keeping open seven days. They work on a very small margin.

Mayor Ellenstein: Your business does not fluctuate to the degree they cannot anticipate what they are going to use the next day, so there won't be any great hardship on you or anyone else. Is there anyone else who desires to speak in opposition to the ordinance?

(No response).

No one else appearing, Commissioner Minisi moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Minisi moved that the following ordinance be taken up on second reading:

An ordinance prohibiting the conducting of any business, wherein tobaccos, cigars, cigarettes and confectioneries are sold at wholesale, on the first day of the week, commonly called Sunday.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The clerk then read the ordinance by sections:

An Ordinance authorizing the execution of a lease between The City of Newark and New Jersey Stock Exchange.

WHEREAS, a lease has been entered into between The City of Newark and New Jersey Stock Exchange; and,

WHEREAS, the terms of said lease are to be set forth and incorporated in a lease in writing between The City of Newark and New Jersey Stock Exchange, as of September 25, 1933;

NOW, THEREFORE, The Board of Commissioners of the City of Newark Do Ordain:

1. That a lease between The City of Newark and New Jersey Stock Exchange, dated September 25, 1933, of the steel and concrete building known as "Center Market," situated on Commerce Street, Newark, New Jersey, a copy of which lease is hereto attached and made part hereof, be and the same is hereby authorized; and Meyer C. Ellenstein, Mayor, and Anthony F. Minisi, Director of the Department of Parks and Public Property of the City of Newark, and the City Clerk

are hereby authorized and directed to execute said lease, on behalf of the City of Newark, on the adoption of this ordinance;

2. All ordinances and parts of ordinances inconsistent with the provisions hereof be and the same are hereby repealed.

3. This ordinance shall take effect immediately upon final passage and publication according to law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Minisi moved that October 10th, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Parnell: Mr. Mayor, before that goes into effect I would like to say this, that I have been pretty critical of some things that were done here in the Hall, particularly pertaining to the Law Department. Now, the information has just come to us, and the Mayor will no doubt tell you, that our Law Department has won a very important victory for the citizens of Newark this

morning and has obtained an order from the First District Court ordering the present tenants in possession of the Centre Market to give the City of Newark possession so the Stock Market can move in. And that removes the last obstacle in the way of what I believe is going to be a new era for the citizens of Newark. You and I do not need to have very much imagination to know that with thousands of people coming over here from New York there is going to be a tremendous real estate boom. People will come over here to locate, they will want homes, they will want flats, and so on.

And I know the Law Department has been working day and night for the last seventy-two hours; and I know some of them have not been in their beds. They went over to Jersey City and laid down the law to the Vice Chancellor over there so that he took back water; and whilst he did not reverse himself, he decided to let some other Vice Chancellor handle the matter. And the matter as you know, was brought to a successful termination yesterday in favor of the taxpayers of this city.

And I want to say, too, when this matter was broached originally I thought it was a dream, a nightmare. Director Minisi, however, did not think so, and he proceeded in it, and as a result of his efforts, which the Mayor nobly took up, cutting his Chicago trip short to come back here, and was in constant communication; in fact, he rushed back by air to see that the thing did go through; and I think all credit must be given to the Mayor and to Director Minisi and to the Law Department.

We must always be fair about these things; and when we think condemnation is due, then we must condemn. You must do that to us. But when

we think a good word is due, then I do not think we should hesitate to say that good word. This is a suggestion to you folks, by the way, too.

Mayor Ellenstein offered the following resolutions:

RESOLVED: That the sum of one Hundred and Eight Thousand, Nine Hundred Seventy-Eight Dollars and Sixty-Nine Cents (\$108,978.69) be and the same hereby is appropriated to the persons named, as per certified list attached, being the gross amount of bills contracted and chargeable to the Department of Public Affairs, as follows:

The following communication was received and read:

September 23, 1933.

Mr. Howard Froelick,
Stock Exchange,
Wall Street,
New York, N. Y.

My dear Mr. Froelick:

In pursuance to our telephone conversations today, by long distance telephone, this is to inform you and your Committee that I, on behalf of the City of Newark, will accept your proposal to lease to your Committee the steel and concrete building, known as the Centre Market, and situated on Commerce Street, Newark, New Jersey, for one year, beginning Monday, September 25th, 1933, for the annual rental of \$25,000.00, your group to make such repairs as you deem necessary for uses as a Stock Exchange at your own expense.

Further, you and your Committee shall have the option of renewal for four years additional at the expiration of the one year term at the following annual rental:

\$50,000 for first year of such rental; \$100,000.00 per annum for each of the subsequent three years to complete the said option of four years.

It is further agreed that the building is to be used as a Stock Exchange in co-relation with or as a subsidiary of the New York Stock Exchange. Said lease is not assignable or transferable without the consent of the City of Newark; you and your Committee to surrender the building at the completion of the term in the same physical condition it now presents.

I have previous to this writing discussed these terms with the majority of the City Commission of Newark,

and these terms are agreeable to them.

Very truly yours,
(Signed) Meyer C. Ellenstein,
Mayor of the City of Newark.

Ordered filed.

WHEREAS, bids were received on June 30th, 1932, by the Department of Public Affairs, for the construction of tracks for a portion of City Railway; and

WHEREAS, the contract has not been awarded within thirty days as stipulated in the Invitation and Information for Bidders;

BE IT RESOLVED, that bids received as aforesaid be and the same hereby are rejected; and

BE IT FURTHER RESOLVED, that the Director of the Department of Public Affairs be and he is hereby authorized and directed to readvertise for sealed proposals for the construction of tracks for a portion of City Railway, bids to be received at the office of said Director at such time and on such date as he shall in said advertisement designate.

Board of Adjustment
City Hall

Newark, N. J., September 20, 1933.

The Board of Commissioners
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for

variations from the requirements of the Zoning Ordinance be allowed:

185½-187 Pennsylvania Avenue, Charles H. Haggerty (Aaron Herbst, owner); gasoline station for a period of eight years, on condition that signs, and lighting devices meet the approval of the Board, and that a five-foot brick wall be erected on the north and east sides of the property.

48-58 William Street, Milton M. Unger & Arthur B. Jennings, receivers for Safety Service Institute; renewal of a permit for the sale of gasoline from stationary pumps for a period of two years.

The Board of Adjustment,
R. B. Rankin, Secretary.

Received, copy to be sent to each Commissioner and further action postponed to October 10, 1933.

Mr. William F. Nies, 9 Clinton Street:

Mr. Mayor, I would ask for a suspension of rules and that the application of Charles H. Haggerty for a gas station at 185½-187 Pennsylvania Avenue be heard today. I do not believe there are any objectors to it.

Mayor Ellenstein: I understand there was to be a suspension of the rules, and the matter to be heard one week from today. Of course, you will comply with the law so far as notifying those that are within the zoning area.

Mr. Nies: They have been notified already when we were before the Zoning Board.

Mayor Ellenstein: They won't be aware of the fact it is set forward one week. If you will give them at least three days' notice, and present an affidavit to that effect, I will entertain a motion the rules be sus-

pending and the matter be heard on next Tuesday.

Commissioner Franklin: I so move you, Mr. Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Mr. Niese: Then I will notify the objectors or all of them?

Mayor Ellenstein: Notify all within that zoning area of two hundred feet and give them at least three days' advance notice.

Mr. Nies: By personal service or by mail?

Mayor Ellenstein: It would be better to do it by personal service so the person making the service can make proper affidavit.

Commissioner Franklin offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Charles H. Haggerty (Aaron Herbst, owner) for the construction of a gasoline station; premises 185½-187 Pennsylvania Avenue; for a period of eight years, on condition that signs and lighting devices meet the approval of the Board, and that a 5-foot high brick wall be erected on the north and east sides of the property;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Commissioner Minisi: I move that this application be laid over to October 3, 1933.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Mr. William Taylor, 405 Washington Street:

Mr. Mayor, there was a job started here Monday. I went over Sunday morning and got hired to go to work on the market, and somebody sent a message from the City Hall not to hire anybody unless they were union men. Myself and quite a few of the fellows over here, about four or five hundred of us, we did belong to the unions in this town but we have no tickets and we are working for the City.

Mayor Ellenstein: Where are you working for the City?

Mr. Taylor: We are working for the City for our check, and we want to know why the reason why we could not go over on the job and go to work.

Mayor Ellenstein: No reason I know of. Who was it phoned over there?

Mr. Taylor: There was a message come from over here, the representative says they have to be union men.

Mayor Ellenstein: Who over here, do you know?

Mr. Taylor: Well, from Minisi's office.

Commissioner Minisi: No one issued any such orders. The job is a private job, Mr. Mayor, and the contractors are hiring their own men; and it is a union job. We did have some property that the City owned and it had to be removed from the building, but we made no discrimination. People were put on and they went to work.

Mr. Taylor: There are about five veterans from the Blue and Gray. I am one and we could not go to work.

Mayor Ellenstein: I know Commissioner Minisi is very much interested in veterans. He is a veteran himself, and it is not logical he would send word like that to prejudice a veteran. Do you know who the person is who told him not to engage anybody but union help? Of course, this is a private job, you understand, and it may be necessary for them to engage all union help or else they will go on strike. Of course, you understand that, having been a union man.

Commissioner Minisi: I did issue one order, and that was to distribute employment as much as possible and not to keep one man on for the duration of the job, but give everybody a chance to make a few dollars rather than to put a few men on and give them everything. That is the only order I issued.

Mayor Ellenstein: I am sure every member of this Commission is willing to help you and every other per-

son who is unemployed and we are doing everything possible. I don't know who your informant is, but there isn't anybody, directly or indirectly, in the City Hall, in any of the Commissioners' offices, that would issue any such orders.

WHEREAS, in and by said agreement dated the 26th day of June, 1933, said City is required to provide for the deposit with a trustee of the unexpended balances and the rentals described in the form of agreement hereinafter set forth for the purposes and in the manner set forth in said form of agreement; NOW, THEREFORE,

BE IT RESOLVED, that, for the purpose of performing the obligations assumed by said City in the agreement with said Reconstruction Finance Corporation dated the 26th day of June, 1933, said City shall, pursuant to the provisions of Chapter 378 of Laws of 1933 of New Jersey, enter into an agreement with The National State Bank of The City of Newark, a bank doing business in the City of Newark, and with said Public Service Co-Ordinated Transport in the following form:

"AGREEMENT, dated as of October 4th, 1933, among The City of Newark, a municipal corporation of the State of New Jersey, herein designated as the "City," and The National State Bank of The City of Newark, N. J., a bank doing business in the City of Newark, New Jersey, herein designated as the "Bank" and the Public Service Co-Ordinated

Transport, a corporation of said State.

WHEREAS, said City is about to issue bonds of said City of the aggregate face amount of Two Million eight hundred and fifty thousand dollars (\$2,850,000) pursuant to the provisions of Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, for the purpose of paying the cost of constructing, on property formerly constituting a part of the Morris Canal (heretofore acquired from the Morris Canal and Banking Company), and on any other property acquired for use in connection therewith, an electric railway, with all necessary or convenient stations, connections, turn-outs, switches, loops, structures, tunnels, entrances, exits and appurtenances, either under ground, above or upon the surface of said property, and all other means and appliances necessary or proper to constitute the same a complete electric railway, the said railway to extend from the proposed new railroad station north of Market Street to the boundary line between The City of Newark and the Town of Belleville, and said bonds are to be dated August 1, 1933, are to bear interest at the rate of four and one half per centum (4½%) per annum, payable semi-annually on February 1st and August 1st in each year until maturity and are to comprise (1) \$2,775,000 bonds, designated "City Railway Construction Bonds, Series "A," consisting of two thousand, seven hundred and seventy five bonds of the denomination of \$1,000 each, numbered from 1 to 2,775, inclusive, in the order of their maturity, and maturing forty five bonds on August 1st in each of the years 1934 to 1953, inclusive, sixty bonds on August 1st in each of the years 1954 to 1968, inclusive, and sixty five bonds on August 1st in each of the years 1969 to 1983,

inclusive, and (2) \$75,000 bonds designated "City Railway Construction Bonds, Series "B," consisting of seventy-five bonds of the denomination of \$1,000 each, numbered from 1 to 75, inclusive, in the order of their maturity, and maturing, two bonds on August 1st in each of the years 1934 to 1958, inclusive, and one bond on August 1st in each of the years 1959 to 1983, inclusive; and

WHEREAS, said electric railway, for the payment of the cost of which said bonds are authorized to be issued, is the "City Railway" mentioned and described in a certain contract, dated the 9th day of January, 1929 (a copy of which is annexed hereto and marked Exhibit "A"), between said City and the Public Service Co-Ordinated Transport, a corporation of the State of New Jersey, which agreement provides among other things that said Public Service Co-Ordinated Transport shall have the exclusive use of and operate the said City Railway for the carrying of passengers in connection with its system of street railways, or any extension thereof, for the term of fifty years, and also provides that said Public Service Co-Ordinated Transport shall and will during the term of said contract pay to said City for the use of and right to operate said city railway certain sums at times and in the manner specified in said contract; and

WHEREAS, the Reconstruction Finance Corporation has, by an agreement made with said City, dated the 26th day of June, 1933 (a copy of which is annexed hereto and marked Exhibit "B"), agreed to purchase said bonds subject to and upon the conditions set forth in said agreement, and said City desires to enter into this agreement with said Bank for the purpose of performing the obligations assumed by said City in said

agreement with said Reconstruction Finance Corporation.

NOW THEREFORE, it is hereby agreed by the parties hereto as follows:

1. Immediately after said City shall have completed said city railway and shall have either paid in full the construction cost thereof or made adequate provision therefor, said City shall deposit with said Bank the unexpended balance of the purchase price of said \$2,850,000 bonds paid to said City by said Reconstruction Finance Corporation pursuant to said agreement dated the 26th day of June, 1933.

2. Said City hereby authorizes said Public Service Co-Ordinated Transport to pay the said Bank as trustee under this agreement all sums which may hereafter become due and payable pursuant to said contract between said City and said Public Service Co-Ordinated Transport, dated the 9th day of January, 1929, and agrees that the payment of any such sums to said Bank shall constitute payment to said City, and said Public Service Co-Ordinated Transport agrees to pay to said Bank as trustee under this agreement, any and all sums which may become due and owing to said City under and pursuant to said contract. In the event of the failure of said Public Service Co-Ordinated Transport to perform its part of this agreement, said Bank shall be under no duty to enforce this agreement against said Public Service Co-Ordinated Transport, but such duty shall be that of the City, or the holders of the bonds.

3. All sums deposited with or paid to said Bank pursuant to this agreement shall be held by said Bank in trust for and shall be applied to the purposes set forth in paragraphs 4,

5 and 6 of this agreement, in the manner set forth in said paragraphs.

4. Said Bank shall apply any sums theretofore deposited with or paid to said Bank pursuant to this agreement and then on hand, to the amount necessary, to the payment of such interest on said bonds as the same shall become due and payable. For the purpose of making such payment said Bank may deposit the amount required for the payment of such interest or such part of said amount as it has then on hand, with the paying agent designated in said bonds not more than five days prior to the date when such interest is payable. Upon making such deposit with such paying agent, all responsibility of said Bank in connection with the moneys so deposited and/or with the payment of the installment of interest for which such deposit was made, shall cease and come to an end.

5. In the event that all interest on said bonds which shall have become due and payable has been paid, said Bank shall apply any moneys theretofore deposited with or paid to said Bank pursuant to this agreement and then on hand to the payment of the principal of said bonds as such principal becomes due and payable. For the purpose of making such payment said Bank may deposit the amount required for the payment of such principal or such part of said amount as it has then on hand, with the paying agent designated in said bonds not more than five days prior to the date when such principal is payable. Upon making such deposit with such paying agent, all responsibility of said Bank in connection with the moneys so deposited and/or with the payment of such principal for which such deposit was made, shall cease and come to an end.

6. Said Bank shall apply any sums

theretofore deposited with or paid to said Bank pursuant to this agreement and then on hand to the purchase pursuant to the provisions of this agreement of any of said bonds which may be outstanding at a price or prices not exceeding the principal amount of the bonds purchased and the accrued interest thereon, provided (1) that it shall then be possible to purchase any of said bonds in the manner hereinafter set forth in paragraph 7 of this agreement and (2) that all principal of and interest on said bonds which shall have become due and payable have been paid and (3) that either (a) the payment of the purchase price of said outstanding bonds will not reduce the aggregate of the sums theretofore deposited with or paid to said Bank pursuant to this agreement and then on hand to an amount which is less than the aggregate amount required to meet the next two interest payments due on said bonds and the principal amount of the bonds maturing on the next serial maturity date, or (b) the aggregate of the sums theretofore deposited with or paid to said Bank pursuant to this agreement and then on hand is equal to or in excess of the aggregate of the principal of all of said bonds then outstanding and the amount required for the next interest payment.

7. Whenever the funds on hand and available for the purchase of bonds within the limitations prescribed by paragraph 6 of this agreement shall amount to \$5,000, or more, said Bank shall promptly transmit to said Reconstruction Finance Corporation a written notice stating the amount then on hand and available for the purchase of said bonds. If said Reconstruction Finance Corporation shall advise said Bank in writing that it is then the holder of all said bonds which shall then be outstanding and unpaid, said Bank shall offer to purchase from said Reconstruction Fi-

Finance Corporation at the price of par and accrued interest such amount of bonds of the latest maturities as can be purchased with the funds then on hand and held by said Bank and available for that purpose. In the event that such offer is accepted, said funds shall, to the extent necessary, be applied to the purchase of said Bonds. In the event that said Reconstruction Finance Corporation shall advise said Bank in writing that it is not the holder of all of said bonds then outstanding, said Bank shall publish once a week for a period of three weeks in the Daily Bond Buyer, a financial publication published in the City of New York, or in some similar financial publication having a widespread national circulation, a notice inviting tenders of outstanding bonds of any maturities at a price or prices which shall not exceed par and accrued interest. If tenders of such bonds are received pursuant to such notice they shall be accepted by said Bank to the extent required to exhaust the funds then on hand and available for the purchase of said bonds. In accepting such tenders preference shall be given to tenders of bonds of the latest maturities and in accepting tenders of bonds of the same maturity preference shall be given to those which offer the most favorable prices. No notice inviting tenders shall, however, be published unless the funds available for the purchase of bonds amount to at least \$25,000, and it shall not be the duty of said Bank to publish a notice calling for tenders of bonds oftener than once in each period of six months.

8. Notwithstanding anything contained in paragraph 6 of this agreement, if all principal of and interest on said bonds which shall have become payable shall have been paid, said Bank shall, if requested in writing by the holder or holders of eighty per centum (80%) of the principal

amount of said bonds then outstanding, purchase outstanding bonds either from said Reconstruction Finance Corporation or from holders making tenders pursuant to published notice, in the manner and subject to limitations prescribed by paragraph 7 of this agreement, to the extent necessary to exhaust the funds then on hand and held by said Bank pursuant to this agreement. Said Bank shall not be required to recognize anyone as a holder of said bonds, unless and until the bonds claimed to be held are submitted to said Bank for inspection and title thereto established to its satisfaction.

9. Said City shall cause the paying agent designated in said bonds to file with said Bank at any time within two days after demand in writing shall have been served upon said paying agent a certificate stating the amount of the principal of and/or interest on said bonds which shall have become and shall then be due and payable and also whether or not there is then on deposit with said paying agent the moneys required to pay such principal and interest. Said Bank shall be entitled to rely upon such certificate in taking any action which said Bank is required to take by the terms of this agreement.

10. All bonds purchased by said Bank pursuant to this agreement, and the coupons attached to said bonds at the time of purchase, shall be cancelled and shall be delivered by said Bank to the City on its written application and no bonds shall be issued in lieu thereof.

11. Whenever any provision is made herein for the payment of moneys by said Bank at any time, whether in respect of the purchase of all or part of the bonds, the payment of principal of, or interest on the bonds, or otherwise, said Bank shall in no event be liable to any one be-

yond the amount of moneys deposited with or paid to it for such purpose.

12. Said Bank shall be under no duty to invest any moneys coming into its possession under this agreement and shall not be required to pay interest on such moneys.

13. Said Bank may resign and be discharged of its duties created by this agreement by executing an instrument, in writing, resigning such duties, specifying the date when such resignation shall take effect, and filing the same with the City at least thirty days (or such shorter time as may be accepted by the Board of Commissioners of said City as adequate) before such resignation is to take effect. Such resignation shall take effect on the date specified in such instrument, unless previously a successor to the duties of said Bank shall be appointed, in which event such resignation shall take effect immediately upon the appointment of such successor. Said Bank's compensation, Counsel fees, and expenses, up to the time of its resignation, shall be paid as hereinafter provided. Upon giving notice of such resignation and the date when the same is to become effective, said Bank shall at the same time notify the Reconstruction Finance Corporation thereof in writing and shall also publish notice thereof once in each week for two successive weeks in said Daily Bond Buyer, or some similar publication having a widespread national circulation. At any time within one year from the date of the first publication of said notice the holders of a majority of the bonds then outstanding shall have the right to designate the successor-trustee and the City agrees to appoint any successor so designated. In case the bond holders do not act prior to the date when such resignation becomes effective, said City may designate a temporary successor-trustee, and in case the bond holders do not act within said year, any such suc-

cessor-trustee shall become the permanent trustee hereunder. Any successor-trustee, unless designated by the holders of all bonds then outstanding, shall be a bank having trust powers which is a member of the Federal Reserve System and which has capital, surplus and undivided profits of not less than One Million Dollars (\$1,000,000).

14. Whenever and for so long as the sums theretofore deposited with or paid to said Bank pursuant to this agreement and then on hand shall equal the aggregate of the principal amount of all said bonds then outstanding and six months interest thereon, any sum thereafter deposited with or paid to said Bank pursuant to this agreement shall, if requested by said City, be paid by said Bank to said City.

15. Said Bank shall be entitled to reasonable compensation for all services rendered by it in the execution and administration of this agreement, and the City agrees from time to time to pay such compensation (which shall not be limited to any provision of law with regard to compensation of fiduciaries or of trustees of an express trust), and to reimburse said Bank and save it harmless against any and all liability and expenses, including counsel fees, which it may at any time incur hereunder. The provisions of this paragraph shall apply in any proceeding in any Federal or State Court for the resignation or removal of said Bank, and/or an accounting by said Bank, as trustee.

16. Said Bank shall not be answerable for anything whatever in connection with this agreement, save for its own negligence and default.

17. This agreement shall be binding upon and inure to the benefit of the parties hereto and their successors and assigns and shall also inure

to the benefit of the holders from time to time of any of the bonds hereinbefore referred to.

IN WITNESS WHEREOF, said City has caused its corporate seal to be hereunto affixed and this contract to be signed by its Mayor and attested by its City Clerk, and said Bank has caused its corporate seal to be hereunto affixed and this contract

to be signed by its _____ and

attested by its Secretary, and said Public Service Co-Ordinated Transport has caused its corporate seal to be hereunto affixed and this contract

to be signed by its _____ and

attested by its Secretary, all as of the day and year first aforesaid.

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Parnell offered the following resolution:

A resolution authorizing the reconversion into coupon bonds of \$100,000 registered water bonds of The City of Newark, New Jersey.

WHEREAS, the \$100,000.00 Water Bonds of The City of Newark, dated September 15, 1921, hereinafter described, were duly issued as coupon bonds, pursuant to the provisions of the ordinance entitled "An Ordinance authorizing the issuance of \$1,000,000 Water Bonds of The City of Newark," adopted by the Board of Commissioners of said City on the 16th day of August, 1921, and said bonds

have, subsequent to their issuance, been converted into registered bonds by cutting off and cancelling the coupons attached thereto and by the execution by the City Comptroller of the Certificate of Registration endorsed thereon; and

WHEREAS, the registered holder of said bonds has requested that said bonds be reconverted into coupon bonds, in the manner provided by law, and the Board of Commissioners desires to grant such request; NOW, THEREFORE,

BE IT RESOLVED, by the Board of Commissioners of The City of Newark, New Jersey, as follows:

Section 1. The City of Newark hereby consents to the reversion into coupon bonds of the following outstanding Water Bonds issued pursuant to the ordinance entitled "An Ordinance authorizing the issuance of \$1,000,000 Water Bonds of The City of Newark," adopted by the Board of Commissioners of said City on the 16th day of August, 1921, and heretofore converted into registered bonds, viz.; One hundred bonds of the denomination of \$1,000 each, numbered from 671 to 760, inclusive, and from 781 to 790, inclusive, payable, \$30,000 bonds on September 15th in each of the years 1951 to 1953, inclusive, and \$10,000 bonds on September 15, 1954.

Section 2. The bonds to be issued pursuant to this resolution, and the coupons to be attached thereto, shall be identical in form with the said bonds as they were originally issued, except that said bonds and coupons shall recite that the principal and interest of said bonds are payable in lawful money of the United States of America, and not in gold coin of the United States of America of the present standard of weight and fineness,

as stated in the said bonds originally issued, and except that the following paragraph shall appear on the face of each of the bonds issued pursuant to this resolution, viz.;

"This bond has been issued pursuant to law and a resolution adopted by the Board of Commissioners of said City on the 3rd day of October, 1933, for the purpose of reconverting into a coupon bond a registered bond of like tenor and number originally issued pursuant to said ordinance."

Section 3. The Director of the Department of Revenue and Finance is hereby authorized and directed to have said bonds reprinted, except that no coupons maturing prior to March 15, 1934, shall be attached to said bonds; and the Mayor, Director of the Department of Revenue and Finance and the City Clerk are hereby authorized and directed to execute said bonds so prepared; and the Director of the Department of Revenue and Finance is hereby authorized and directed to deliver said bonds to the holder of said outstanding registered bonds, upon receiving in exchange for said bonds, said outstanding registered bonds.

Section 4. When said outstanding registered bonds shall have been received by said Director of the Department of Revenue and Finance, said registered bonds shall be forthwith cancelled and destroyed by the said Director of the Department of Revenue and Finance.

Mayor Ellenstein offered the following resolutions:

RESOLVED, that the following

Rules and Regulations concerning the Department of Central Purchase, be and the same hereby are adopted:

PART 1—PURCHASE PROCEDURE

1. All City Departments, Institutions, Boards or other agencies for which the Department of Central Purchase shall be required to purchase supplies, materials and equipment, are hereinafter referred to as Using Agencies.

2. All Using Agencies shall file detailed estimates of their requirements as to supplies, materials and equipment in such manner, at such times and for such periods as the Department of Central Purchase shall prescribe. This shall in nowise prevent any Using Agency from filing with the Department of Central Purchase at any time a requisition for supplies, materials and equipment, the need for which had not been foreseen when the detailed estimates were submitted.

3. As rapidly as any class of supplies, materials or equipment shall become standardized, it shall be the duty of the Department of Central Purchase to establish standard arrived at as the basis of specifications by which said supplies, materials or equipment shall be purchased. The Department of Central Purchase, when necessary, shall invite into conference any person in the City Government whose advice may be required in the preparation of standards and specifications for the purchase of any supplies, materials and equipment.

4. When any supplies, materials or equipment, not covered by contract are required, it shall be the duty of the Department of Central Purchase to purchase such materials, supplies or equipment in the open market, after having obtained at least three

(3) prices thereon, and to award the order to the lowest responsible bidder.

5. In the case of an emergency, any Using Agency may purchase directly any supplies, materials or equipment, the procurement of which is necessary to the continuance of the work of the Using Agency concerned, provided, however, the amount to be expended does not exceed twenty-five dollars (\$25.00). Requisition covering such emergency purchases must be forwarded immediately to the Department of Central Purchase for the issuance of an order confirming delivery, indicating thereon the nature of the emergency.

6. The Department of Central Purchase will not honor any requisitions confirming the delivery of materials, supplies or equipment except as outlined in Paragraph 5.

7. No Using Agency shall solicit any prices for materials, supplies or equipment. Such solicitations must originate in the Department of Central Purchase.

8. The Department of Central Purchase shall prescribe chemical and physical tests of samples of materials, supplies and equipment to be delivered to the City of Newark, to determine the quality and conformance of such items the Department of Central Purchase shall make use of laboratory facilities of any agency of the City Government whenever possible.

PART 2—RECEIVING PROCEDURE

1. The Director of each Department shall file with the Inspector of Stores the name or names of members in his Department authorized to receive supplies, materials and equipment in the various Using Agencies under his supervision.

2. Immediately upon notice that supplies, materials or equipment are to be delivered the person designated to receive such supplies, materials and equipment, shall notify the Inspector of Stores of such intended delivery. The person so designated to receive supplies, materials and equipment shall not sign for the receipt of any such supplies, materials or equipment, unless he be satisfied that the goods are in exact conformance with the requirements. Should there be any doubt as to the quality and quantity, or should there be any discrepancy, he shall immediately notify the Inspector of Stores.

3. No bills shall be certified for payment for any supplies, materials, or equipment unless receipt of said supplies, materials, or equipment has been approved by the Inspector of Stores.

4. The Director of Central Purchase shall be required to submit to the Inspector of Stores a copy of all orders issued by him to merchants, firms or corporations from whom the materials, supplies, or equipment has been ordered.

5. The Director of Central Purchase shall submit to the Inspector of Stores a copy of all specifications of materials, supplies, or equipment ordered. The Director of Central Purchase shall be required to submit to the Inspector of Stores a copy of all chemical and physical tests or samples, of materials, supplies or equipment as set out in Paragraph 8 of the rules governing purchase procedure.

6. The Director of Central Purchase shall submit to the Inspector of Stores any data or information concerning the purchase of any supplies, materials or equipment that he may desire for his records.

7. The Inspector of Stores shall make use of the laboratory facilities of any agency of the City Government for the performance of any chemical or physical test, of samples of materials, supplies or equipment delivered or to be delivered to the City of Newark to determine the quality and conformance of said items with standards and specifications established.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Mr. Isadore A. Sisselman, 830 Broad Street: Mr. Mayor and Commissioners, regarding the first resolution of the list. I thought it was

not to be taken up until the litigation involving the other cemetery permit would be determined.

Mayor Ellenstein: I want to say this is the first intimation I have had, or the other members of this Commission have had, that you were in any way interested in this permit for a cemetery. This is an application by the Catholic Cemetery, and it is in a different category entirely from the one previously here and which is now pending before the Supreme Court. And there was no objection on your part.

And furthermore, this applicant is paying not only its arrearages in taxes, but paying ten years of subsequent taxes. It takes in a lot and is a continuation of a cemetery that is now there, and this application is for a permit on a lot directly in the center of a cemetery now in existence.

Mr. Sisselman: Well, I oppose the application or the granting of the application on the grounds that this Commission has no legal authority to grant it, on the ground that where it involves the lifting of taxes it must be done by ordinance and not by resolution.

Commissioner Franklin: How much ground do you think this permit covers?

Mr. Sisselman: Several lots.

Commissioner Franklin: It covers a lot 46 by 125 feet which is immediately in the center, on Grove Street, of an existing cemetery. It cannot prejudice or harm your interests at all. The interests you have are over in Eighteenth Avenue or that way. This is a single lot. It so happens that the house that was on this lot burned down and it was the only thing that prevented this entire block

from being the Catholic Cemetery. Now, when this house burned down they made application to join this one lot with a cemetery that now exists and takes in the entire territory. I do not see what your complaint is.

Mr. Rudolph A. Hebner, 770 Broad Street: I appear for the owner of this property. There has never been in the last twenty years since this man owns the property, an application for a cemetery. This property is in such a position, this is the only thing it can be used for.

Mayor Ellenstein: Is there any other person who desires to be heard on this?

(No response).

Commissioner Franklin offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Charles H. Haggerty (Aaron Herbst, owner) for the construction of a gasoline station; premises 185½-187 Pennsylvania Avenue; for a period of eight years, on condition that signs and lighting devices meet the approval of the Board, and that a 5-foot high brick wall be erected on the north and east sides of the property;

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby ap-

proved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Is there any person who desires to speak in opposition to this application?

Mr. Eugene A. Willis, 37 South Fourteenth Street: I want to stress the objection that the danger of the lives of those adjoining this particular property, in which there are three children under twelve years of age.

Mayor Ellenstein: Is there any other person who desires to speak in opposition to this application?

Mr. George Van Syckle, 185 Pennsylvania Avenue: I am against this because this is the third time this thing has come up, and I have been right alongside that gas station, and I pay my taxes, they are paid up now.

Mayor Ellenstein: Is there anybody who wishes to speak in favor of the application?

Mr. William F. Nies, 9 Clinton Street: I appear for the applicant. The Zoning Board was unanimous in granting this permit. It heard these same objections, and the five members of the Zoning Board favored it.

Commissioner Parnell: I would like to ask a question or two. What I don't understand about this application is, it was turned down in April, 1928, then it was turned down in October, 1929, and again turned down in August, 1933.

Mr. Nies: August, 1933?

Commissioner Parnell: Yes, August, 21, 1933, according to the records.

Mr. Nies: No, that one of August, 1933, was this permit when it first went into the Building Department.

Commissioner Parnell: Your plans were rejected by the Building Department.

Mr. Nies: That is the procedure to bring it up before your Board.

Mayor Ellenstein: That is the general procedure.

Commissioner Parnell: What I would like to know is, what has changed the situation?

Mr. Nies: The street has been widened; you have a ninety-foot street.

Commissioner Parnell: That caused the Board of Adjustment to reverse itself and vote unanimously in favor of it. Were they so impressed by the widening of the street. What was utterly wrong a few years ago is utterly right now.

Mr. Nies: I wouldn't say that. Two other service stations have been erected since that date.

Commissioner Parnell: Well, that would be the best reason in the world for not having another one if there are two more there. You will have gasoline row down there after a while. It appears that some poor people that have humble homes down there, that you call a shack, that there you are going to put a gasoline station—

Mr. Nies: I am not talking about the adjoining property as shacks, I am talking about this applicant's property being shacks.

Commissioner Parnell: Isn't someone living in it now?

Mr. Nies: Yes, but it is in a delapidated state.

Commissioner Parnell: I suppose it is the best they can afford to have there. If you put a gasoline station there they have to go somewhere else. They are not going to live in a gasoline station. Well, I do not like the looks of it, and unless I get some further information on it I am going to vote against it.

Commissioner Franklin: I move you, Mr. Mayor, in view of the fact that there is some controversy about this, and the fact that we have not seen the site that it be deferred for two weeks so we can make an inspection of it.

Commissioner Minisi: I will second that motion. I would like to make a personal inspection.

Mayor Ellenstein: Mr. Willis, you come back in two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin offered the following resolution:

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Joseph Weisberger, owner, for the construction of a poultry market; premises 82-84 West Peddie Street;

THEREFORE BE IT RESOLVED By the Board of Commissioners of

the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

The Board of Commissioners of the
City of Newark, N. J.

H. S. REICHENSTEIN
City Clerk.

Newark, N. J., October 10, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Absent: Commissioner Duffy.

The minutes of meeting of October 3rd were read and approved.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance relating to the City Budget and establishing a Budget Bureau in the City of Newark.

The Board of Commissioners of the City of Newark Do Ordain.

1. There is hereby established in the City of Newark a Budget Bureau, under the direction of a Budget Director.

2. At least 30 days prior to the beginning of the fiscal year, the Budget Director shall prepare and transmit to the Board of Commissioners a tentative budget setting forth in detail an estimate of the financial requirements and the financial resources of the City for the succeeding fiscal year, in the form hereinafter more specifically provided for. With the tentative budget the Budget Director shall transmit to the Board of Commissioners a budget message containing a concise statement of the financial condition of the municipality,

the fiscal policy underlying the proposed budget and all the reasons for such fiscal policy. Such message shall also summarize so as to show the balanced relations between them, the aggregates of proposed expenditures and the aggregates of anticipated income, whether from taxes or otherwise, duly classified as to sources, with a similar summary for the preceding and for the current fiscal years presented in parallel columns.

3. Every department, office, board or body to which appropriations are made or which shall have authority to expend any moneys provided for in the budget whether to be raised by taxes or otherwise, shall at least 90 days before the beginning of the next fiscal year transmit to the Budget Director an estimate in detail of the moneys required for proper function of such department, office, board or body during the coming fiscal year, together with an estimate of revenues which may accrue to such department, office, board or body. Corresponding figures of the expenditures made and revenues received during the preceding and current fiscal years shall be submitted at the same time the figures of the current fiscal year to be estimated for the portion unexpired. Such estimates and comparative figures shall be presented in such form as the Budget Director shall prescribe, and it shall be the duty of the Budget Director to confer with the makers of such estimates and to assist them in the preparation thereof. After submission of such estimates the Budget Director may require additional details or further sub-classification in relation to such estimates.

4. The tentative budget when transmitted by the Budget Director to the Board of Commissioners shall

become the basis for the budget finally to be adopted by the Board of Commissioners, subject, however, to such modifications and alterations as the Board shall determine upon after hearing thereon as provided by law.

5. The budget as transmitted by the Budget Director and as finally adopted by the Board of Commissioners, shall provide both for current expenses and for capital outlay during the fiscal year and for which such budget is adopted, properly segregated, and shall show the proposed expenditures of the several budget units whether for current expenses or for capital outlay. The proposed expenditures shall be presented under such division of function and by such budget classes as the Budget Director shall prescribe, and shall in all events be so detailed as to fixed charges, personal services, materials and supplies, and similar classifications as to give a reasonably comprehensive picture of the needs of each budget unit and the sums appropriated to meet them. The proposed expenditures of every publicly owned and of every publicly operated utility or enterprise shall be separately set forth under the proper budget unit with similar detail.

6. In addition, the budget shall set forth the amount of revenue anticipated to be received during the fiscal year for the purpose of financing the expenditures authorized. Such revenues shall be set up by classes and subclasses in such a way as to show the amount to be appropriated from surplus revenue, from miscellaneous revenues allocated to the several sources thereof anticipated to be received during the fiscal year and the amount to be raised by taxes.

7. In addition to the estimates of expenditures and revenues the budget shall include:

(a) A statement of the city's bond-

ed indebtedness under classes showing interest, amortization and redemption requirements, the amount of authorized but unissued bonds, the debt limitation and the remaining borrowing capacity.

(b) A full statement showing the condition of every surplus revenue account and the total of proposed expenditures to be made by appropriation therefrom.

(c) A detailed statement of the miscellaneous revenues of the preceding and of the current fiscal years estimated so far as may be necessary for the current fiscal year. Such statement shall include all moneys received by the municipality from sources other than the tax levy and surplus revenue accounts.

8. For the purpose of comparison, similar figures of expenditures and revenues for the preceding and current years, estimated so far as may be necessary as to the current fiscal year, shall be set up beside the anticipated items of expenditures and revenue for the coming fiscal year.

9. With the advice of the officers or departments responsible for their respective operation, the Budget Director shall prepare and transmit to the Board of Commissioners at the same time the tentative budget and budget summary are transmitted a separate and supplementary budget for each public utility and for each revenue producing enterprise owned or operated by the City, and the items carried in the general budget in relation to such utility or enterprise shall be consistent with the items of proposed expenditures and anticipated revenue shown in the respective supplemental budgets.

10. Such supplemental budgets shall be in general form similar to the general budget and shall include

expenditures for administration, operation and maintenance, for debt amortization and redemption charges, and for all proposed capital expenditures during the ensuing fiscal year. It shall similarly show the anticipated income from such utility or enterprise and any means of financing the proposed expenditure including taxation to cover any anticipated deficit in income from operation. Comparative figures for the preceding and current fiscal years shall be included therein. Every supplementary budget shall be a public document open to public inspection, but need not be published.

11. In addition to the duties hereinafter assigned to the Budget Director it shall be his duty in conference with the several spending agencies of the city, immediately upon the adoption of the budget to prepare a work program of the several spending agencies under which the appropriations are to be expended, and shall periodically and not less than quarterly report the status of the accounts of the several spending agencies in relation to such work program. Similar special reports affecting one or more of such spending agencies may be made to the Board of Commissioners when the Budget Director shall deem advisable.

12. Said Budget Director shall be appointed by resolution by the Board of Commissioners.

13. In addition to the Budget Director there shall be established in the Budget Bureau such clerks and assistants at such salaries as the Board of Commissioners shall from time to time determine.

14. The Budget Director shall receive a salary of six thousand dollars (\$6,000) per annum.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell Mayor Ellenstein.

Commissioner Franklin moved that October 24th, 1933, at 11 A. M., or as soon thereafter as said ordinance can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Mayor Ellenstein: There will be a public hearing on this ordinance two weeks from today, October 24th.

Commissioner Minisi introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance for the grading and paving with Portland Cement Concrete of the sidewalks on the westerly side of State Highway Route No. 21 between Poinier Street and Lafayette Street.

The Board of Commissioners of the City of Newark Do Ordain:

Section 1. That the sidewalks on the westerly side of State Highway Route No. 21 between Poinier Street and Lafayette Street be graded and paved with Portland Cement Concrete

five (5) inches thick, together with all other appurtenances incidental to the grading and paving of the sidewalks of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-819), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated October 9, 1933, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$17,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$17,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary

bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Minisi moved that October 31st, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as required by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Mayor Ellenstein: There will be a public hearing on this ordinance three weeks from today, October 31st.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance changing and estab-

lishing the width of the sidewalks on the southerly side of Parkhurst Street from Tichenors Lane easterly to State Highway Route No. 21.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The width of the sidewalks on the southerly side of Parkhurst Street from Tichenors Lane easterly to State Highway Route No. 21, is hereby changed and established as seven (7) feet.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, as hereby changed and established, which shall interfere with the construction of the new pavement, gutters and appurtenances shall be forthwith removed therefrom by the owner or owners of the premises respectively abutting thereon, and in case of the failure of the owner or owners of the abutting property to remove the same upon ten (10) days' notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate or cause to be taken out, removed and abated, any vault, platform, area, sign, or any post or erection, or any projection or otherwise in, over and upon said Parkhurst Street between the limits herein stated contrary to the provisions of this ordinance, and the expense thereof shall be recoverable from the owner or owners of the premises abutting thereon.

Section 3. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that October 31st, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance creating the office of Administrative Clerk in the Department of Public Safety, and providing for the appointment of an Administrative Clerk and fixing the salary thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. There is hereby created in the Department of Public Safety in the City of Newark the office of Administrative Clerk.

2. The said Administrative Clerk shall have general supervision over all clerks in the divisions of the Department of Public Safety, shall have charge of the books, records, accounts, papers, etc., pertaining to the administrative business of the De-

partment of Public Safety, and shall perform such other duties as may be assigned to him by the Director of Public Safety.

3. The said Administrative Clerk shall be appointed by the Board of Commissioners by resolution upon the recommendation of the Director of the Department of Public Safety at an annual salary to be fixed by resolution, payable semi-monthly as other salaries are paid, provided, however, that no person shall be appointed who has not regularly and duly served as a Stenographer or Clerk Stenographer in any Division of the Department of Public Safety for at least fifteen years next preceding such appointment.

4. Until December 31, 1933, the salary of the said Administrative Clerk shall be paid from funds of the Police Division of the Department of Public Safety and thereafter, the aforementioned salary shall be provided for in the general budget of the Department of Public Safety.

5. This ordinance shall take effect on

6. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that October 24th, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final

passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Mayor Ellenstein: There will be a public hearing on this ordinance two weeks from today, October 24th.

Commissioner Minisi offered the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "Zoning Ordinance of the City of Newark," adopted January 8, 1930.

The Board of Commissioners of the City of Newark Do Ordain:

1. That an ordinance entitled "Zoning Ordinance of the City of Newark," adopted January 8, 1930, be and the same is hereby amended by extending the Second Residence District so as to include the area described as follows:

Bounded on the south by Cleveland Avenue on the west by a line parallel to and 100 ft. east of Sanford Avenue; on the north by a line parallel to and 100 ft. north of Cleveland Avenue; and on the east by a line parallel to and 100 ft. west of Bayard Place;

and that the Zoning Map which accompanies and is a part of the ordinance to which this ordinance is an amendment be and the same is hereby

by changed so as to include within the Second Residence District the area above described.

2. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Minisi moved that October 24th, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

The City Clerk presented An ordinance authorizing the execution of a lease between The City of Newark and New Jersey Stock Exchange, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance? This is an ordinance to enter into a lease with the New Jer-

sey Stock Exchange for a period of six months at a rental of \$25,000, with a recapture clause that should the City of Newark obtain a tenant for the building or desire it for its own uses, then the property will go back to the City upon thirty days' notice and the New Jersey Stock Exchange will then replace the building in the same physical condition that it was prior to the alterations that they began to make. So that the effect of it is that the City of Newark is entering into a lease with the New Jersey Stock Exchange for one month, at a rental of \$25,000. That is the practical effect of it.

Mr. Henry Green, 280 Goldsmith Avenue: It is not a permanent proposition and it still remains for the City of Newark to find some way of what to do with the Market.

Mayor Ellenstein: Is there anybody else who desires to be heard on this ordinance?

Commissioner Minisi: I might say, Mr. Mayor, that we are not asleep in connection with the use of the building. I have just succeeded in getting in some of the best engineers in the State who are going in, and they are going to make a complete survey of that building and they are going to make suggestions as to its use; and those services are going to be rendered gratis to the City. These men are going in there and do the work as patriotic citizens and they do not expect to be paid. These men did not come in of their own volition; they are personal friends of mine and I called them in and asked them to go in there and make suggestions as to the possible use of that building.

No one else appearing, Commissioner Franklin moved the public hearing be closed.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that the following ordinance be taken up on second reading:

An ordinance authorizing the execution of a lease between The City of Newark and New Jersey Stock Exchange.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Franklin moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that the title of "An ordinance authorizing the execution of a lease between The City of Newark and New Jersey Stock Exchange," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

The clerk then read the title of the ordinance as follows:

An ordinance authorizing the execution of a lease between The City of Newark and New Jersey Stock Exchange.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Parnell: Mr. Mayor, before we go on I would like to speak about this budget ordinance or the ordinance setting up a budget director. It was my intention to introduce an ordinance this morning setting up a budget director in the Department of Revenue and Finance in accord with the recommendation made by the Citizens Advisory Finance Committee. I think that the Budget Director should be in the Department of Revenue and Finance just as much as the City Hospital should be in the Department of Public Works.

However, I feel this is one of the most helpful pieces of legislation that we as a body could introduce into our municipal government; and in sounding out the opinion of my colleagues yesterday I found that you were all opposed to having the budget director in the Department of Revenue and Finance. You opposed it, I suppose, from a precautionary standpoint.

Now, I do not want the citizens of Newark to be deprived of the benefits that will come from having a budget director in City Hall, and on the old principle that half a loaf is better than none I am willing to vote to set up a budget director as a non-departmental bureau. But I am going to vote to have the budget director set up in a non-departmental bureau with the distinct understanding that the Citizens Advisory Finance Committee will nominate the budget director. And I am going to say to you now and say to you publicly here, that I shall vote for a budget director as a non-departmental officer with the distinct understanding that the Citizens Advisory Finance Committee will make the nomination. And that being so, I am not going to introduce my ordinance at this time but will go along with the one that has been introduced here this morning. And I hope that you all will do the same.

Mayor Ellenstein: So that silence is not misconstrued, I want to say that it has always been my thought, and I know that the Walsh Act originally intended to give a government to the municipalities which was non-partisan and non-political in nature. I believe the budget director should not be associated with any particular department since his functions and duties would be, should such a decision be made by this Commission that a budget director is necessary, ministerial and administrative in all the departments, and is different entirely from that of a superintendent of the hospital, where the hospital is contained in a particular department and only administers to that particular department. But not so with the budget director. His duties apply to all departments, much like the Legal Department and much like the City Clerk's Office. His functions are directed to the five different departments and not particularly to any single one. And for that reason I do

believe that the budget director should be non-departmental, if the bureau is set up and if it is found necessary and if most expedient and most economical and to the best interests of the general citizenry of our city.

Now, in so far as a recommendation by the Citizens Advisory Finance Committee, I am willing to listen to recommendations from any source, but I am not forgetful of the fact that I was elected by the general citizenry of the City and not by any particular group; and while I will listen to recommendations and carefully weigh them in my mind, I am not on record as being unequivocally in favor of taking the recommendations of any single person or any particular group. I will endeavor to use my best judgment, if a budget director is found necessary, and discharge my duties to all the citizens and not to any particular group.

Newark, N. J., October 4, 1933.

The Board of Commissioners
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

771 South Sixteenth Street, Royal Laundry Service, Inc., owner; addition to second story of existing laundry.

99 Walnut Street, John J. Glennon, owner, construction of a gasoline station; approved for a period of eight years, on condition that there be no entrance or exit from Walnut Street, that a five-foot brick wall be erected along the westerly line of the property, and that all signs and lighting devices meet the approval of the Board.

395 South Tenth Street, Frederic J. Ullrich, owner; renewal of a permit for the sale of gasoline from two portable tanks; renewed for one year.

18 Fourteenth Avenue, Joseph De Vizio (Livio De Girolamo, owner); renewal of a permit for the sale of gasoline from two portable tanks; renewed for one year.

Zoning Ordinance affecting these
properties.

Newark, N. J., October 4, 1933.

To the Board of Commissioners
of The City of Newark.

The Board of Adjustment would
appreciate any suggestions coming
from your Honorable Body bearing
on this question.

Honorable Sirs:

Respectful'y,
The Board of Adjustment
R. B. Rankin, Secretary.

There are at the present time cer-
tain major improvements now taking
place in the City, including the con-
struction of new State Highway. The
Board of Adjustment considers the
present an advantageous time to sur-
vey the neighborhood of these im-
provements, with particular reference
to the properties fronting on the new
highways, in order to determine what
if any changes should be made in the

Referred to conference.

Commissioner Franklin moved that
the following applications for the sale
of beer which have been investigated
by the Police Department be granted

A. F. MINISI

The Board of Commissioners of
The City of Newark, N. J.

H. S. REICHENSTEIN,
City Clerk.

Newark, N. J., October 17, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners, Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of October 10th were read and approved.

The City Clerk presented An ordinance to provide for closing of any business wherein dry goods, haberdasheries, infants' wear, children's wear, men's and women's furnishings are sold, either wholesale or retail, on the first day of the week commonly known as Sunday, and preventing the conducting or carrying on of any business wherein dry goods, haberdasheries, infants' wear, children's wear, men's and women's furnishings are sold wholesale or retail, on the first day of the week commonly known as Sunday, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

Mr. Nathan Rubin, 9-15 Clinton Street; Mr. Morris Hyman, 155 Spruce Street; Sam Hirsch, 214 Market Street; Mr. Irving Klein, 571 Orange Street; Mr. Henry Green, 280 Goldsmith Avenue; Mr. Jacob Moskowitz, 271 Orange Street; Mr. Louis Mantell, 180 Spruce Street; Mr. Samuel Berger, 206 Bloomfield Avenue, spoke in favor of the ordinance.

Mr. Julius Fielo, 164 Market Street; Mr. Morris J. Levine, 377 Springfield Avenue; Mr. William Margulies 274 Fifteenth Avenue; Mr. Adolph Geller, 285 South Orange Avenue; Mr. Charles Zemel, 577 High Street; Mr. Ira Goodman, 153 Spruce Street; Mr. Joseph Klein, 336 West Market Street, spoke in opposition of the ordinance.

Commissioner Minisi: Mr. Mayor, if times were better I would be absolutely in favor of this ordinance. I say that business means circulation of money, and every time a sale is made, even of a dollar, it means a transfusion into the blood stream of the business of this city. But times being as bad as they are, I am convinced that a great many of these merchants need the business they do on Sunday.

For that reason I move now that the ordaining clause of this ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

A petition signed by 103 Retail Dry Goods Merchants, protesting against the ordinance providing for the closing of dry goods stores on Sunday, was received read and ordered filed.

A petition signed by 94 Dry Goods Merchants on Springfield Avenue, protesting against the proposed ordinance for the closing of dry goods stores on Sunday, was received, read and ordered filed.

Mayor Ellenstein: Is there anybody

who desires to be heard in opposition to this application?

Mr. Eugene A. Willis, 37 South 14th Street. Mr. Chairman and Commissioners, we object to this station because it is so close to two properties.

Mayor Ellenstein: Is there any other person who objects to this application who desires to be heard?

Mr. William F. Nies, 9 Clinton Street: I am appearing in favor of the application.

Commissioner Minisi: Mr. Mayor, I move we concur in the action of the Zoning Board.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi.

Commissioner Parnell: Before I cast my vote, Mr. Mayor, I want to say this, that this is an application for a variation from the zoning regulations, and it is my understanding that a variation from the zoning regulations should be granted only when some public good is going to accrue, something of helpfulness to the general welfare. Now, this is an application to open up a gasoline station, and it appears from this that there is a gasoline station on Poinier Street and another one on the northwest corner of Poinier and Broad Streets. So I think that the community in that particular section is very well served as to gasoline stations, and I do not think one more gasoline station is going to add anything to the beauty of that section of the City of Newark; and I do think it is going to tend to take business from the other gasoline stations. I am going to vote against it on that ground.

Another thing, I think it is a nice thing to give this colored man a little break in this City Hall, and I am going to vote against it on that ground.

So I vote no.

The City Clerk: Mr. Mayor.

Mayor Ellenstein: Aye.

The following communication was received and read:

McCarter & English
Counsellors at Law
Newark, N. J.

October 17, 1933.

Re: The Kresge Foundation.
Honorable Meyer C. Ellenstein,

City Hall,
Newark, New Jersey.

Dear Mayor Ellenstein:

It is now some time since the Commission approved of the purchase of The Kresge Foundation property on Halsey Street for the sum of \$350,000.

Mr. Kresge was most appreciative of the action of the Board in agreeing on a fair price for the property, which, I am frank to say, was only proper in view of the very generous attitude The Foundation took toward the City in permitting occupation of the property for a period of two years without any compensation whatever.

Realizing the need of the City for money, we have made no request for payment, waiting the receipt of moneys by the City from the Federal Government. These moneys have now been received and I understand that included in the moneys paid to the City is an item of approximately \$110,000 definitely assigned to the purchase of the Kresge property.

The proposed deed of conveyance, properly executed, is in my possession, and I supposed there would be no question at all about the payment at once of at least the sum of \$110,000 above referred to.

Yesterday, however, I was informed that this sum would only be paid on condition that The Kresge Foundation at once paid \$75,000 in cash to the City on account of the taxes assessed against The Foundation for all of its real estate in Newark for the year 1933.

In view of the fact that the City has had our property for two years, and the City is indebted to The Foundation in the sum of \$350,000 on account of the purchase price of this property, I am naturally very much outraged at the suggestion that the comparatively small payment now available should be reduced.

We have always been willing that the City should apply our 1933 tax bill against the sum of \$350,000, the purchase price. Inasmuch as these taxes amount to approximately \$170,000, there would still remain \$180,000 to be paid in cash, leaving a very substantial amount to be paid in cash even if we should receive \$110,000 at this time. It seems to me that anything further than that is quite inequitable and is subject to just complaint on the part of Mr. Kresge.

I quite appreciate the need of the City for its taxes, and were the amount payable to The Foundation equal to or less than the amount of the taxes, I should make no complaint about the City taking the entire moneys for tax purposes. However, I cannot see how it applies where the City owes The Foundation \$180,000 in excess of the amount of the taxes for the entire year 1933.

I trust you will be good enough to read this letter at your meeting to-

day, and that you and your colleagues will agree with the entire reasonableness of our position, and I must ask that we receive, in cash, not less than \$110,000 allocated to this deal in the Government appropriation.

Respectfully yours,
Arthur F. Egner.

Mayor Ellenstein: Do you know anything about it, Commissioner Parnell?

Commissioner Parnell: Well, the letter is directed at me, it is not directed at the City Commission. And it is the result of a conversation I had with Mr. Egner of McCarter & English yesterday. Now, there is an old legal maxim that possession is nine points of the law; and whenever I have any of the taxpayers' money in my possession I am going to hold onto it just as long as I can. That is the result of that letter.

The Kresge Foundation owes the City of Newark \$150,000 for taxes and the Kresge Department Store owes the City of Newark nearly \$380,000 for taxes, and they want us to pay out \$110,000 out of the R. F. C. money, and I won't pay out the \$110,000 until they pay their taxes.

Now, that seems to me to be perfectly fair. Mr. Egner and McCarter & English, of course, in the interests of their clients, hold up their hands and think that is a terrible procedure. Now, as far as they are concerned, if they had a note of the City of Newark to the effect that it owed them \$350,000 for a piece of land,—and I think they got four times too much money from the City Railway when they got \$350,000, but the old Commission agreed to pay it and we had to vote to pay it. If I had a note of the City of Newark for \$350,000 I would think I was very fortunate, because I would have enough confidence

in my City to know I would eventually get it.

But as far as shedding any tears over the Kresge Department Store is concerned, we want to bear in mind this fact, that Sebastian Kresge did not come into the City of Newark to do the City of Newark any favor, he came into the City of Newark to make a fine living for himself and make all the money he could; and in doing that he should pay his taxes to the City of Newark for the police protection, fire protection, our beautiful streets, our street lighting, our health facilities; and if he doesn't pay his taxes to the City of Newark those things cannot be afforded. And he is not in the position of some little home owner that has just got together his last dollar to protect his home, but he is a wealthy man with wealth running into millions; and as far as I am concerned, I am not losing any sleep or shedding any tears over him. If he can get that \$110,000 out of me before he pays his taxes he will have to go into court to do it.

Mayor Ellenstein: I understand that the Kresge Foundation does not owe the City more than \$150,000, and that includes the second half of this year. Is that so?

Commissioner Parnell: The Kresge Foundation will owe one hundred and fifty-odd thousand dollars on December 1, and Sebastian Kresge himself owes us about \$380,000. Now, I am not going to go into the ramifications of a personality and a legal corporation, a corporation sole and an individual, because the actual fact is that the Kresge Foundation is Sebastian Kresge, and if you give it to the Kresge Foundation they may put it in one pocket, but Mr. Kresge will reach his hand into the same pocket and transfer it to his pocket the very next day. So I am not going into those fictions. I have got that money and I am going to hold on to it.

Commissioner Franklin: I move
this matter be referred to conference.

The Board of Commissioners of
The City of Newark, N. J.

H. S. REICHENSTEIN,
City Clerk.

Newark, N. J., October 24, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Absent: Commissioner Duffy.

The minutes of meeting of October 17th were read and approved.

Mayor Ellenstein: I might say to any of you gentlemen who are here on the budget ordinance that the Commission in conference decided to defer that for two weeks and that a new budget director ordinance will be introduced during the interim. I thought in announcing that it might save the time of you gentlemen who are here on that budget ordinance.

Mr. Frederick Hoadley, 70 Park Place: Mr. Mayor, may I just say a word to tell you I am here from the Broad Street Association just to advise the Commissioners of the deep interest that the business community, almost without exception, feels in this proposed creation of a budget bureau, and of the voice that I am sure you will hear almost without dissent, the voice of approval of the entire business community when such an ordinance as you have in mind will be adopted.

Mayor Ellenstein: As I told you, Mr. Hoadley, it is the intention of the Commission to introduce another ordinance taking care of the budget director, and to defer this one so it will not prejudice anybody who might desire to appear in favor of the other ordinance.

Mr. Edward W. Wollmuth, 24 Branford Place: Mr. Mayor, may I have a word on the purpose and intention of the Commission? Of course, I don't know that the matter of general information in the minds of those here present as to what the new ordinance that has not yet been published or even introduced here contains; and I am instructed to appear before the Commission this morning to state this, that the organization which I represent here this morning still believes that the direct effort should be in line with original ordinance that was submitted by Director Parnell and which was subsequently set aside, and the thought being in the mind of the Commission that the job should be a non-departmental job.

On the basis of half a loaf being better than no loaf at all there was a rather general agreement, I believe, that that would be a step in the right direction. The ordinance which you propose to introduce this morning, I believe will run parallel—

Mayor Ellenstein: There won't be any ordinance introduced this morning at all, Mr. Wollmuth. The ordinance could not be prepared in time for introduction this morning, and the agreement among the Commissioners has been that any new ordinance to be introduced that it first be presented to each Commissioner to give them an opportunity to study it for two weeks, unless an emergency arises or the contingencies are such that it would permit of introduction before the lapse of that two weeks. So it was the thought of the Commission pending that time, to defer the ordinance now before the Commission until two weeks from today when this new ordinance will be introduced.

Mr. Wollmuth: Of course, the press statement yesterday indicated that the ordinance would be introduced today. That is the reason I have spoken as I have. And if that is not so, then the ordinance is not here to be read, obviously so.

But would not the Commission be able to proceed with the hearing on the basis of the ordinance that is now formally before it? May I say it is quite an imposition on the very busy business men of this community to continually put this matter off.

Mayor Ellenstein: I understand that, Mr. Wollmuth.

Mr. Wollmuth: It really is an imposition.

Mayor Ellenstein: That is why I made that announcement before we formally opened the meeting. I thought it might save you and the others time and not necessitate your waiting.

Mr. Wollmuth: Of course, as far as I am concerned it does not make any difference, personally.

Mayor Ellenstein: If we heard anything on that this morning and then deferred it for two weeks, naturally, it would be necessary to reiterate that. So there would be no time saved in that direction.

Mr. Wollmuth: Of course, Mr. Mayor, it is going to be very difficult to maintain or obtain the interest of business men to come down here every two weeks in connection with a matter that has already been deferred a number of times; and it seems hardly fair that there cannot be some definite position arrived at on the part of the Commission and stand on that position, and then give these men who come here an opportunity to be heard on scheduled time.

I don't want to be critical, but on the other hand, that is the viewpoint that is expressed to me. These men are going to fade out of the picture. They are going to say, "What is the use? We have no assurance there won't be another change made in two weeks hence." That is just the position so many of these business men take.

Mayor Ellenstein: The understanding I had with Mr. Hoadley, who represents the Broad Street Association, and a conference I just had with Mr. Corbin who represents the Citizens Advisory Finance Committee, before I came here, was that the ordinance, the proposed ordinance, after it is framed, a copy of it be sent to these associations for their study. Now, I think if a copy of that is sent to your association, too, and then if your representatives appear at the conference before the ordinance is introduced, I think it would save a great deal of time and avoid considerable confusion whereas if we were to listen to arguments pro and con on the ordinance that is now to be presented today, as I understand it from your statement your association is in favor of having it under some definite department. This ordinance as it is introduced today is non-departmental. So that the Commission feels that it wants to approach it with an open mind, and that is the purpose of deferring it for two weeks. However, to give further assurance that they are approaching it with an open mind, they have decided to defer it for two weeks and to give an opportunity to present the other ordinance. And I think that would avoid a lot of confusion, don't you?

Mr. Wollmuth: Thank you for your statement. But may I call attention to the fact that there were very definite statements made in the original conference held with the City Commission at which time various represent-

atives of a number of organizations were present, and at that time there seemed to be a very definite idea in the minds of the Commission that there should not be a departmental designation in the ordinance. That is definite, so there was not any question of open-mindedness on the part of the Commission on that point. On the second point as to making it non-departmental, the Commission again closed its mind when it decided it should be a non-departmental bureau. On the third point, along comes the story in the press that a present employee, a very able, conscientious, and well thought of employee of the City, is to be made budget director.

So that the \$6,000 salary and separate budget director is not to be longer considered. Therefore, how can one understand the statement, Mr. Mayor, with all due respect, that the Commission's mind is still open as to what is going to be done about this question of the budget director for the City of Newark. It seems obviously difficult to understand that the Commission's mind is still open when it seems to have determined on three different things. Therefore, there can be no argument if the Commission has determined that these several steps are to stand in accordance with the action already taken in conference, that there seems to be no reason why there should be any further hearing or any hearing on the ordinance itself.

Commissioner Franklin: All these matters that you have heard, Mr. Wollmuth, have been the result of open-mindedness. The very fact that you have read and heard and discussed the various plans and phases of plans, shows that the mind of this Commission was open and is still open. Nothing is dispositive of this ordinance as yet.

Mr. Wollmuth: Well, of course, it cannot be until you arrive at the

point of voting on the ordinance itself.

Commissioner Franklin: And listening to formal argument two weeks from now when you gentlemen appear here.

Mr. Wollmuth: Well, I submit, Commissioner in so far as the statements have been reported as coming out of the conferences of the City Commissioners that certain very definite positions were taken by the various members of the Commission and I have related those—there is no need of my going into those again by repeating them—and that is the state of mind, the confused state of mind that is created by this statement, as emanating, certainly officially, from the Commission with respect to this question of a budget director.

Now, it is hoped that the Commission will not bandy this thing around in the same manner that the Purchasing Bureau was and Purchasing Agent was for years and years: Ever since 1919. It is too important; it is too important with respect to the affairs of the City of Newark.

Mayor Ellenstein: Now, Mr. Wollmuth, I don't think that is quite fair, a statement like that, because—

Mr. Wollmuth: I said I hoped.

Mayor Ellenstein: Well, I don't think that you should have any apprehension as to that. There has been no deferment of the budget directorship. It was introduced once, it was to come up for final passage today, and now the Commission has decided to put it off for two weeks. And, as a matter of fact, in accordance with the terms of the ordinance—

Mr. Wollmuth: That is four weeks.

Mayor Ellenstein: My recollection is it was two weeks.

Mr. Wollmuth: Two weeks ago there was another ordinance to come up for public hearing.

Mayor Ellenstein: If the ordinance were to be passed today it would not go into effect for twenty-four days. That would be too late, under the terms of the ordinance, for any budget director to function this year. So that would have no bearing on the situation even if it were deferred for two months. And the Commission is going on in preparing the budget in a manner which I believe will meet with the approval of every reasonable person.

Mr. Wollmuth: Let me ask a question, if I may, Mr. Mayor: the existing ordinance, or rather, the ordinance before the Commission, provides for a certain procedure after the budget has been adopted formally by the Commission. It is purposed to include in this proposed ordinance the same procedure and regulations that are embodied by and large in that recommendation?

Mayor Ellenstein: That is what we are going to try to work out. As the ordinance is now set up it provides that the budget director prepare a budget three months before the end of the fiscal year. How can a budget director in any way prepare a budget without first determining from the various departments and going further through the various heads as to what the appropriation is to be.

So as the ordinance is set up now, it seems to me to be a backward regulation rather than a forward one, and to my mind it ought to come first, emanate from the bureaus, then to each department head, and then turned over to the budget director for his final analysis.

Mr. Wollmuth: Of course, I don't go along with that, Mr. Mayor. I don't want to prolong the discussion,

and that is just exactly why we have not gotten anywhere on the budget,—and that isn't any reflection on this Commission, because this Commission has not had an opportunity to make up its own budget. In fairness, it should be stated, perhaps, that this Commission should have a chance to show what kind of a budget it will make, in all fairness.

Mayor Ellenstein: I am agreed on that.

Mr. Wollmuth: But as against that, the underlying principle that involves the work of a budget director does not lie directly and primarily in line with the preparation of the budget.

Mayor Ellenstein: Then I want to say this to you, Mr. Wollmuth, that I have taken the trouble to compile just what the functions of budget directors have been in other cities in the country, and I have a letter on my desk which clearly states the functions and duties of a budget director in eight of the cities where they have got budget directors throughout the country. And I think it might be well for your organization to take the letter and give it thought and consideration.

In addition to that, the statement of Mr. Buck, who is recognized—I don't recall now what institution he is connected with as an economist, but he is recognized as one of the authorities and the outstanding authority in the country on budget making for municipalities and political sub-divisions. His statement is contrary to the setup of the budget as it now exists.

I think it is something that ought to receive a great deal of consideration, not only by this Commission but by your organization and every other organization, who undoubtedly have only the best interests of the City at heart.

Mr. Wollmuth: We have done it for fourteen years, to my knowledge.

Mayor Ellenstein: And I do not think we should hastily go into it, particularly so since a budget director cannot possibly function before the end of this fiscal year,—not properly function—which will be too late to have any effect upon the budget making next year. So that before I as one of the Commissioners can subscribe to a vote where ten or twelve or fifteen thousand dollars further is going to be spent by the City of Newark, I want to have last reasonable assurance that it is going to bring that return at least to the City of Newark, and more. And that is the situation.

There isn't any undue delay. I think that actions speak louder than any other action this Commission has taken in conference to defer this budget, the final reading of this budget for two weeks, and then in the meantime introduce an ordinance and submit that ordinance, as I stated to Mr. Hoadley yesterday, to his association, your association, and any other civic or business group that is interested in the welfare of Newark, and then have your suggestions, and I think that would work out much better without any confusion; and I am sure we will finally all agree as to what is to the best interests of the City.

Mr. Wollmuth: Of course, that is the objective; but I want to reiterate, Mr. Mayor, that after four weeks, here it is we have arrived at the day of hearing, and the Commission now finds it wants to consider something else. I make that point, and that point cannot be refuted.

I am not questioning the intent or purpose of the Commission when I say that, but the fact remains, nevertheless, as I have just given it to the Commission.

Now, with respect to the authorities on this thing, there are many authorities, of course. One of the finest authorities on this thing, the Institute of Public Administration, men who are recognized as authorities on this thing, and their opinion should be sought by the City Commission also, and those authorities we can quote at the right time.

So, shorn of all consideration, Mr. Mayor and gentlemen of the Commission, this budget director's job fundamentally should be on a departmental basis, because it has to do with the revenue and finances of the City. Whether Mr. Parnell is Director of Revenue and Finance makes no difference to the Chamber of Commerce; It is not a matter of personalities or persons of any kind, political or otherwise; and it is that point that we want to urge the Commission to consider, and for one purpose only, Mr. Mayor and gentlemen of the Commission, because it is believed by people who have no interest, political or otherwise, in this whole situation, that that is the thing to do, above every other consideration, and that alone will solve this question of budget making. Obviously the Commission must depend upon their department heads. You have got to have an independent man who can go around from department to department and determine whether your subheads are giving to you the facts you ought to have in order to determine upon a budget that will satisfy you. Thank you very much.

Mayor Ellenstein: That is just the reason why we should go carefully before committing the City to spend any more money.

I have received one phase of it from the Executive Chairman of the National League of Municipalities, who had addressed a letter to Mayor Kenworthy, who is the State Secre-

tary of the League of Municipalities. Now, I thought by having that letter come directly to Mayor Kenworthy that we would have an unbiased and unprejudiced opinion. Now, the fact that you have other information is all the more reason why that should be brought to the attention of the Commission so that they can definitely and reasonably decide upon what course to pursue. And I think you will agree with me that should be presented to the Commissioners.

Mr. Wollmuth: And I was under the impression, Mr. Mayor, that all of the data, all of the facts, all of the experience known to political science in matter of this kind, had been obtained, studied, analyzed and presented in the form in which it has been presented by the Citizens Advisory Finance Committee to the City Commission. Obviously they have scanned this country over, and other countries too, to ascertain what the best practise is. They have it.

Mayor Ellenstein: Well, that information should be presented to the Commission.

Mr. Wollmuth: I assumed, of course, it was.

Mayor Ellenstein: I have one side of it. I would like, of course, to see the other side of it before I make my decision.

Mr. Wollmuth: Nobody can quarrel with you on that.

Mayor Ellenstein: Therefore, I say that indicates we are approaching it with an open mind when we are only deferring it for two weeks. Any information you have I know the other Commissioners as well as myself would like to have it.

Mr. Wollmuth: Of course, it is very disturbing to have a Commissioner come out flatfooted in the very be-

ginning, without having had a chance to consider the thing at all from a basic standpoint, the fundamentals that are involved in this particular matter, and to make a statement we will know it is all out of the picture when it comes to having this thing fundamentalized. That is number one. That is disturbing.

Mayor Ellenstein: Speaking for myself, I know there is no intention on my part to disturb you or any other member of the Chamber of Commerce. And I tried to approach all questions with an open mind, and I tried to do it conscientiously and reasonably. And if you have any other version of it, of course, I think in all fairness to the members of the Commission that you ought to present that side of it. All I have available to me is the one side of it coming from the National League of Municipalities, who do not present the theoretical side of it, but present the practical side of it based upon practical experiences throughout the country.

Mr. Wollmuth: Of course, I won't agree that what the Citizens Advisory Finance Committee has presented to the City of Newark is theoretical, because it isn't.

Mayor Ellenstein: You say you have some institute.

Mr. Wollmuth: Yes, the institute of Public Administration.

Mayor Ellenstein: Well, we ought to have that before us.

Mr. Wollmuth: It would be of great service to the Commission, and you can avail yourself of the services of that institute.

Mayor Ellenstein: In my conversation with Mr. Corbin he took a somewhat different attitude. I told him what the Commission in conference

decided to do. He said that was perfectly all right, that we should approach it slowly before we commit the city to any additional expenditures.

Mr. Wollmuth: I suppose that is perfectly all right, but the point I tried to make was this, that due to a desire to bring to the Commission a representation of public expression from organized business, we have from time to time, in a spirit of co-operation—I can say that—brought busy business men who are bedeviled with this, that and the other thing, and then we find after two stated sessions for hearing purposes, the thing is laid over for two weeks more. That is the point I want to bring out. It is too bad.

Mayor Ellenstein: Yes, it is too bad.

Mr. Wollmuth: Mr. Mayor, as between you and myself, you know where we stand: no disagreement at all.

Mayor Ellenstein: I thought I was assisting in some measure when I saw you and Mr. Hoadley and the other gentleman here in the audience, I thought you were here on that ordinance and I thought I would make that announcement and save time for you.

Mr. Wollmuth: I know you want to be courteous, and are.

Mayor Ellenstein: I know you are both agreed certainly there was no intention on the part of any member of the Commission to waste any of your time, because we know how valuable your time is, and you are only prompted to come here unselfishly in the interests of our City.

Mr. Wollmuth: Business men come here selfishly in the sense they recognize this situation.

Mayor Ellenstein: Then I must disagree with you.

Mr. Hoadley: At the risk of seeming to disagree with my friend Mr. Wollmuth, I will say I do not disagree with him, but I think he is a little too apprehensive, and so far as the Broad Street Association is concerned, I am sure we feel that due deliberation never hurt any act, and I am sure that after due deliberation you will bring up an ordinance that is what the business men will cordially approve.

Mayor Ellenstein: Thank you.

Mr. Wollmuth: Mr. Mayor, just a word. I am sure Mr. Hoadley does not want to place me in a wrong light—

Mayor Ellenstein: Now—

Mr. Wollmuth: Just a second and I am through. I do not want to be placed in the position of believing that due consideration is not necessary in all of these important matters, because it is.

Mayor Ellenstein: I regret that you came here—

Mr. Wollmuth: That is all right, Mr. Mayor.

Mayor Ellenstein: And so do the other Commissioners, I am sure.

Mr. Wollmuth: Well, I had a nice breakfast this morning.

Mayor Ellenstein: Well, I was with you.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An Ordinance to repeal an Ordinance entitled "An Ordinance to provide for the closing of any business wherein shoes, shoe findings, shoe novelties, boots, rubbers, sneaks, canvas footwear, hosiery, are sold on the first day of the week commonly known as Sunday and preventing the conducting or carrying on of any business wherein shoes, shoe findings, shoe novelties, boots, rubbers, sneaks, canvas footwear, hosiery are sold, on the first day of the week commonly known as Sunday," adopted September 26, 1933.

Resolution Authorizing the Renewal of \$500,000.00 Temporary Loan Bonds on Account of Street Openings.

WHEREAS, The City of Newark on May 2nd, 1933, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Five Hundred Thousand Dollars (\$500,000.00) for money borrowed in anticipation of the receipt of money expended for Street Openings, said Temporary Loan Bonds being numbered 2960—2961—2962—2963 and 2964, and dated May 2nd, 1933, and payable November 2, 1933;

AND WHEREAS, the improvement for which said Five Hundred Thousand Dollars (\$500,000.00) was issued was for Street Openings, now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay said Five Hundred Thousand Dollars (\$500,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Five Hundred Thousand Dollars (\$500,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Five Hundred Thousand Dollars (\$500,000.00) of Temporary Loan Bonds issued therefor:

FURTHER RESOLVED, that each of the Temporary Loan Bonds

authorized by this resolution amounting in the aggregate to Five Hundred Thousand Dollars (\$500,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorizd, by this resolution subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds, at not less than par, either all at one time or from time to time.

Commissioner Franklin offered the following resolution:

WHEREAS, on October 19, 1933, Morris R. Sherrerd, long in the employ of the City as Chief Engineer, prior to his retirement a few months ago, was called by death; and

WHEREAS, the deceased, a recognized authority on water engineering and to whom the City owes a lasting debt of gratitude for its pure supply of water, which in a large measure, was due to his ability and untiring effort to safeguard the health of the community, will leave behind him a

monument of his skill and interest in the healthful water system of the City of Newark which he inaugurated and during his employment with the City labored to carry to perfection; and,

WHEREAS, said deceased was during his life interested in the public life of Newark and all measures looking to the betterment of sanitary and health conditions in the City, County and State; and,

WHEREAS, due to an important conference this Board was unable to attend the funeral services of said Morris R. Sherrerd;

THEREFORE, BE IT RESOLVED By the Board of Commissioners of the City of Newark that the sympathy of this Board is hereby extended to the family of said Morris R. Sherrerd in its loss; and,

BE IT FURTHER RESOLVED That a copy of this resolution be entered upon the minutes of this Board and a copy thereof transmitted to the family of the deceased.

Commissioner Minisi offered the following resolutions:

WHEREAS, the Chief Engineer of the Department of Public Affairs has reported to the Director of the Department of Public Affairs that agreements have been made or are about to be made between the City

of Newark and the New York Bay Railroad Company and the Pennsylvania Railroad Company as Lessee for a different location of the buildings located on and adjacent to Bay Avenue (vacated), housing the Radio Landing Beam, and for a more convenient location of the water pipes, now constructed in or adjacent to Bay Avenue (vacated) and for a more advantageous disposition of the sewage which now flows through the pipes in Bay Avenue, and is disposed of by the Pumping Station located at Bay Avenue, so that the present Pumping Station and pipes will not be necessary for the disposition of said sewage, which changes of location of the several water and sewer pipes and structures housing the Radio Landing Beam and the abandonment of the Pumping Station will be accomplished in approximately four years; therefore

BE IT RESOLVED, that as the land occupied by the water pipes, sewer pipes, Radio Landing Beam and Pumping Station will be present'y unnecessary for their respective uses, the Director of the Department of Public Affairs is hereby authorized to dispose of the lands, owned by the City of Newark occupied as aforesaid, according to law and the Corporation Counsel is authorized to take such proceedings as may be necessary to protect the public interest.

Re: Application for gasoline permit
of Krueger Brewing Company, at
No. 432-434 South Orange Avenue,
Newark, N. J.

Gentlemen:

I respectfully request that the
above matter be adjourned for two
weeks from October 24th to Novem-
ber 7th, 1933.

This adjournment is consented to
by Mr. Myers.

Thanking you, I am
Sincerely,
Joseph L. Smith.

Ordered filed.

The City Clerk presented the ap-
plication of Gottfried Kreueger Brew-
ing Company, owner, for the con-
struction of a gasoline station; prem-
ises 432-434 South Orange Avenue;
on condition that lighting devices,
signs and fences meet the approval of
the Board.

Commissioner Franklin: I move the
application be adjourned to November
6, 1933.

The roll being called, the motion
was declared adopted by the follow-
ing votes:

Yeas: Commissioners Franklin,
Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin offered the
following resolutions:

WHEREAS, the Board of Adjust-
ment has certified in writing to this
Board that it has approved, on ap-
peal from the refusal of the Super-
tendent of Buildings, an application
for a variation from the require-
ments of the Zoning Ordinance, and
recommends that the following struc-
ture or use for which application was
made be allowed:

Application of John J. Glennon,
owner, for the construction of a gas-
oline station; premises 99 Walnut
Street; approved for a period of
eight years, on condition that there
be no entrance or exit from Walnut
Street, that a five-foot brick wall
be erected along the westerly line
of the property, and that all signs
and lighting devices meet the ap-
proval of the Board;

THEREFORE BE IT RESOLVED,
by the Board of Commissioners of
The City of Newark that the recom-
mendations of the Board of Adjust-
ment be and the same are hereby ap-
proved, and the Superintendent of
Buildings, the administrative officer
in charge of granting permits, be and
he is hereby directed to issue a per-
mit for the application above set
forth.

Commissioner Minisi: I move that
the application be laid over to No-
vember 6th, 1933.

The roll being called, the motion
was declared adopted by the follow-
ing votes:

Yeas: Commissioners Franklin,
Minisi, Parnell, Mayor Ellenstein.

WHEREAS, the Board of Adjust-
ment has certified in writing to this
Board that it has approved, on ap-
peal from the refusal of the Super-
tendent of Buildings, an application
for a variation from the require-
ments of the Zoning Ordinance, and
recommends that the following struc-
ture or use for which application was
made be allowed:

Application of Royal Laundry
Service Inc., for an addition to the
second story of an existing laundry;
premises 771 South Sixteenth
Street; on condition that the north
wall be painted white;

THEREFORE BE IT RESOLVED, by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mr. Henry Green: Mr. Mayor, this part of the City where this laundry is going to be extended is in the zoning system for factories.

Mr. Harry Dudkin, 207 Market Street: Mr. Mayor and Commissioners, three years ago an application was made for the construction of an addition to the premises, and notwithstanding the fact that it was bitterly contested at a public hearing, this application was granted.

Mayor Ellenstein: We will hear the opposition first.

Mr. Green: Mr. Mayor, I have always been in favor of doing away with the nuisance and pestilences imposed upon the poorer people in Newark. Where this laundry is located is surrounded by people who work during the day, and have as much pride in their homes as the millionaire.

Mayor Ellenstein: Do you ladies want to be heard in opposition?

Mrs. Breskin, 764 South Sixteenth Street:

Mr. Mayor, I happen to be the landlord right opposite this property. I have been there for fifteen years now, and before this laundry came there the section was lovely, it was a residential section. Today it is absolutely a nuisance.

Mayor Ellenstein Do any other ladies want to be heard?

Mrs. Sasse, 751 South Fifteenth Street:

Mrs. Abrams, the lady for whom I am speaking, is not able to be here this morning for she is losing her home on account of the laundry. She has not been able to rent it for months at a time. She is very close to the laundry there, and her little child is under the doctor's care. The laundry is a nuisance.

Commissioner Franklin: How far are you from the laundry?

Mrs. Sasse: I am on the next block.

Mrs. Sasse: Yes, I am on Fifteenth Street and the laundry is on Sixteenth Street.

Mrs. Sasse: The woman I speak of is next to the laundry, Mrs. Abrams.

Mrs. J. Schubert, 725½ South Fifteenth Street:

The soft coal they burn smokes all over the whole place. You cannot stand it in Fifteenth Street with all the blackness from it.

Mrs. Streckfuss, 733 South Fifteenth Street:

Well, I have this much to say, that my property is being ruined by the smoke that comes from that chimney.

Mr. Herman Elfand, 784 South Sixteenth Street:

Mr. Mayor and Commissioners, I live diagonally across the street from this laundry. I live across the street and they are going to increase the boilers. That means more smoke.

Mayor Ellenstein: Is there any other objector who desires to be heard?

All right, we will hear from those in favor of the application.

Mr. Hood: Mr. Mayor and gentlemen of the Board of City Commissioners. The situation is that the Royal Laundry Service went there about nine years ago and converted a stable into a laundry. They have been required to provide for their needs and building, which has a frontage of 75 feet and a depth of 100 feet, they have equipped it with machinery and have expended over \$100,000 in the establishment of this plant. And they have done it by virtue of the authority granted by a City department.

Now, I propose to show you that this so-called smoke nuisance does not exist; I propose to show to you within a radius of three blocks by air line there are at least eighteen plants which use either oil or soft coal in the operation of their plants. It is the height of folly to say that in a locality such as this, with the Lehigh Valley Railroad only about three blocks away in an air-line, with private homes in the immediate vicinity having oil burners, to say that this nuisance is directly attributed to a particular plant.

Mr. Herbert Fox, 90 South Tenth Street:

Gentlemen, I have made an exhaustive study of this laundry particularly as concerns the claims of smoke.

Mayor Ellenstein: What is your business?

Mr. Fox: I am a registered and licensed heating engineer, licensed by the State. The plant as now existing is, in my opinion, very efficient, in

that soft coal is and can be consumed smokelessly.

The present plant at no time is run to its full capacity of boiler output. However, the method of operation is that about eleven tons of coal are consumed per week.

Commissioner Franklin: Mr. Mayor, let me say this, in view of the contention that has arisen, I think we are called upon not only for a personal examination of this property and neighborhood, but for a verification of certain statements that have been made. I would like to say, however, when this matter comes up again I would like to see a comparison made of laundries in the City of Newark of a comparable size with this laundry. I know of the Lackawanna Laundry on Summer Avenue for one, and this Columbian Laundry on Twelfth Street. And from the standpoint of size, comparable with this, I think a comparison ought to be made, and with respect to the character of the surrounding neighborhood.

In view of that, I move this matter be deferred until November 6 to give us an opportunity to look over the situation.

Mayor Ellenstein: Some of the objectors want to be heard. Of course, the way I feel about it, I think the rights of the people in the immediate neighborhood should be protected, particularly so when they come here in large numbers like they do. On the other hand, we should consider the laundry being there and take into consideration that fact. If it is going to put people to work, that ought to be taken into consideration, and the laundry already being established there, a circumstance over which this Board had no control, if it can be shown it is not going to affect the building further than it does now,

then that should be taken into consideration too.

I think what Commissioner Franklin says, by making a comparison with other laundries that burn the same sort of fuel and have the same space that this would have, that is a fair way to judge; and also the surrounding property. Taking everything into consideration, the height of the stack, the effect it has on paint and the like, that ought to be taken into consideration. That is why I think this Commission should make a personal inspection of that property, in order to do no injustice.

We are not going to limit you to bringing expert testimony here. If you will get somebody in the locality where the laundry is located, in order to properly get at the truth and have no injustice to anybody, if you can get an affidavit from somebody who lives in close proximity to the laundry, that will be taken into consideration by this Commission and will not put these people to any expense. We don't want to do that.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Mayor Ellenstein.

Nays: Commissioner Parnell.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

Mr. Frank McKeon, 98 1/2 Thomas Street: According to the State survey I don't own an inch on that highway, and according to your assessor I don't own an inch on that highway, Why am I to be assessed?

Mayor Ellenstein: Well, there seems to be a question whether or not your property is involved at all. But the purpose of the notice is so that if a final determination is made that your property is on the highway, whether three inches or three feet of your property will be on the highway, that will be determined later by a final survey. That is the reason for giving you notice.

No one else appearing, Commissioner Duffy moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

MINUTES OF MEETINGS

Of The

Board of Commissioners

November, 1933

Newark, N. J., November 6, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Absent: Commissioner Parnell.

The minutes of meeting of October 31st were read and approved.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance relating to the City Budget and establishing a Budget Bureau.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. There is hereby established a Budget Bureau under the direction of a Budget Director, to be appointed by the Board of Commission-

ers by resolution, and whose compensation shall be fixed and determined by the Board of Commissioners.

Section 2. Every department, office, board or body, to which appropriations are made, or which shall have authority to expend any monies provided for in the budget, whether to be raised by taxes or otherwise, shall at least ninety days before the beginning of the next fiscal year, transmit to the Budget Director an estimate in detail of the monies required for the proper function of such department, office, board or body during the coming fiscal year, together with an estimate of revenues which may accrue to such department, office, board or body. Corresponding figures of the expenditures made and revenues received during the preceding and current fiscal years shall be submitted at the same time the figures of the current fiscal year to be estimated for the portion unexpired. Such estimates and comparative figures shall be presented in such form as the Budget Director shall prescribe and it shall be the duty of the Budget Director to confer with the makers of such estimates and to assist them in the preparation thereof. After submission of such estimates, the Budget

Director may require additional details or further sub-classifications in relation to such estimates.

Section 3. At least thirty days prior to the beginning of the fiscal year, the Budget Director shall prepare and transmit to the Board of Commissioners a tentative budget setting forth in detail an estimate of the financial requirements and the financial resources of the City for the succeeding fiscal year, in the form hereinafter more specifically provided for. With the tentative budget, the Budget Director shall transmit to the Board of Commissioners a budget message containing a concise statement of the financial condition of the municipality. Such message shall show the aggregates of proposed expenditures and the aggregates of anticipated revenue, whether from taxes or otherwise, duly classified as to sources, with a similar summary for the preceding and for the current fiscal year presented in parallel columns. The tentative budget when transmitted by the Budget Director to the Board of Commissioners shall become the basis for the budget finally to be adopted by the Board of Commissioners, subject, however, to such modifications and alterations as the Board shall determine upon after hearing thereon as provided by law.

Section 4. The budget as transmitted by the Budget Director and as finally adopted by the Board of Commissioners, shall provide both for current expenses and for capital outlay during the fiscal year for which such budget is adopted, properly segregated, and shall show the proposed expenditures of the several budget units whether for current expenses or for capital outlay. The proposed expenditures shall be presented under such division of function and by such budget classes as the Budget Director shall prescribe, and shall in all events be so detailed as to fixed charges, per-

sonal services, materials and supplies, and similar classifications as to give a reasonably comprehensive picture of the needs of each budget unit and the sums appropriated to meet them. The proposed expenditures of every publicly owned and of every publicly operated utility or enterprise shall be separately set forth under the proper budget unit with similar detail.

Section 5. In addition, the budget shall set forth the amount of revenue anticipated to be received during the fiscal year for the purpose of financing expenditures authorized. Such revenues shall be set up by classes and sub-classes in such a way as to show the amount to be appropriated from surplus revenue, from miscellaneous revenues allocated to the several sources thereof anticipated to be received during the fiscal year, and the amount to be raised by taxes.

Section 6. In addition to the estimates of expenditures and revenues, the budget shall include:

A—A statement of the City's bonded indebtedness under classes showing interest, amortization and redemption requirements, the amount of authorized but unsold bonds, the debt limitation, and the remaining borrowing capacity.

B—A full statement showing the condition of the surplus revenue account and the amount to be appropriated therefrom.

C—A detailed statement of the miscellaneous revenues of the preceding and of the current fiscal year estimated so far as may be necessary for the current fiscal year. Such statement shall include all monies received by the municipality from sources other than the tax levy and surplus revenue accounts.

Section 7. For the purpose of comparison, similar figures of expenditures and revenue for the preceding and current fiscal years, estimated so far as may be necessary as to the current fiscal year, shall be set up beside the anticipated items of expenditures and revenue for the coming fiscal year.

Section 8. With the advice of the officers or departments responsible for their respective operation, the Budget Director shall prepare and transmit to the Board of Commissioners at the same time the tentative budget and budget summary are transmitted, a separate and supplementary budget for each public utility and for each revenue producing enterprise owned or operated by the City, and the items carried in the general budget in relation to such utility or enterprise shall be consistent with the items of proposed expenditures and anticipated revenue shown in the respective supplemental budgets.

Section 9. Such supplemental budgets shall be in general form similar to the general budget and shall include expenditures for administration, operation and maintenance, for debt amortization and redemption charges, and for all proposed capital expenditures during the ensuing fiscal year. It shall similarly show the anticipated income from such utility or enterprise and any means of financing the proposed expenditure including taxation to cover any anticipated deficit in income from operation. Comparative figures for the preceding and current fiscal years shall be included therein. Every supplementary budget shall be a public document open to public inspection, but need not be published.

Section 10. It shall be the duty of the various departments, officers, or boards, to which appropriations are made, to submit to the Budget Director on or before the fifth day of

each month statements of the general condition of the accounts, showing the following:

Appropriations, miscellaneous receipts, expenditures and amount of commitments up to and including the preceding month, and the unexpired balance in the appropriation up to and including the preceding month, on forms prescribed by the Budget Director.

Section 11. In addition to the Budget Director, there shall be established in the Budget Bureau such clerks and assistants at such salaries as the Board of Commissioners shall from time to time determine.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Commissioner Franklin moved that November 21st, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. Commissioner Minisi: I move we adjourn.

The Board of Commissioners of the City of Newark, N. J.

The roll being called, the motion was declared adopted by the following votes:

H. S. REICHENSTEIN
City Clerk.

Newark, N. J., November 14, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of November 6th were read and approved.

The City Clerk presented An Ordinance to provide for the closing on the first day of the week, commonly known as Sunday, and for the closing on every legal holiday, and regulating the opening and closing hours of places and shops commonly known as Barber Shops or Tonsorial Parlors, and preventing the conducting or carrying on of any business in such shops or places on the first day of the week, commonly known as Sunday, and legal holidays, and regulating the opening and closing of the same as follows: Weekdays, except Saturdays, 8 A. M. to 7 P. M.; Saturdays, 8 A. M. to 9 P. M., and stated that today was the time fixed for hearing on the same.

Commissioner Franklin: Mr. Mayor, I move the ordaining clause be stricken from this ordinance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the closing on the first day of the week, commonly known as Sunday, and for the closing on certain legal holidays, and regulating the opening and closing hours of places and shops commonly known as Barber Shops or Tonsorial Parlors.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. No person or persons, partnership, firm or corporation, shall open or cause to be open on the first day of the week, commonly known as Sunday, or on any of the following days: The first day of January, commonly known as New Year's Day; the thirtieth day of May, commonly known as Decoration Day; the Fourth day of July, commonly known as Independence Day; the first Monday in September, commonly known as Labor Day; the last Thursday in November, commonly known as Thanksgiving Day; the Twenty-fifth day of December, commonly known as Christmas, any barber shop or tonsorial parlor, nor shall any such shop or parlor be opened for business before eight (8 A. M.) o'clock in the forenoon, nor shall any such barber shop or tonsorial parlor close later than seven (7 P. The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The City Clerk presented the application of Royal Laundry Service, Inc., for an addition to the second story of an existing laundry; premises 771 South Sixteenth Street; on condition that the north wall be painted white; and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

Mr. Harry Dudkin, 207 Market Street: I think the Board is familiar with the matter and I suggest that we move the question.

Mr. Charles Hood, Kinney Building: Mr. Mayor and Commissioners: I wish to offer some additional testimony, and that is in order to expedite the matter. I have asked the gentle-

men to put it in written form, and they will be glad to read it. I desire to present Mr. Neil J. Convery, an architect of high standing. I also desire to present the engineer of the Detroit Stoker Co., who operated the plant.

Mayor Ellenstein: As I recall it, the objection was mainly based on the fact that the smoke affected the adjoining properties; and second, that there was some noise at night. And furthermore, that the employees congregate in the street, and there were trucks running up and down the street, as I recall it.

Mr. Dudkin: The first application was granted upon certain conditions, which conditions were violated. And those conditions were conditions subsequent and not conditions precedent. So, therefore, those conditions were violated the Board was powerless to aid the objectors.

Mayor Ellenstein: What were those conditions?

Mr. Dudkin: The conditions were that the smoke nuisance be eradicated; 2, That the new addition that they were granted a permit for in 1930 be constructed for office purposes only and that working hours be limited to certain hours. Now, all those conditions have been violated. I would suggest that the Commission appoint experts of their own choosing to represent the people.

Mayor Ellenstein: I guess that could be accomplished. I understand that investigation has been made by the Board of Health, the Health Officer.

Mr. Hood: The application is simply to add a second story so that it covers the entire area. The permit that was granted a few years ago was to put a front to the building having

a width of seventy-five feet and a depth of twenty feet.

Commissioner Parnell: Mr. Hood, is the smoke expert here?

Mr. Hood: Yes, sir.

Commissioner Parnell: Mr. Fox is the smoke expert?

Mr. Hood: Yes. There has been a charge of a violation of the City Ordinances against this concern.

Commissioner Parnell: If we have a smoke expert—not the Director—if we have one, I am against one anyhow.

Mr. Hood: You are against the inspector. How about the smoke?

Commissioner Parnell: You say this is very harmless, No. 1, a light haze, the lightest of the four degrees in which smoke is divided. In other words, the same kind of smoke we have in this Council Chamber at times.

Mr. Hood: Very true.

Mayor Ellenstein: How long has the plant been there?

Mr. Hood: Nine years.

Mayor Ellenstein: Some of the Commissioners suggest they would like to hear from Mr. Convery. Are you people satisfied, in the event there is going to be created any additional vibration or it won't necessitate the increase or the use of any more power throughout the building, how is it going to relieve them—

Mr. Dudkin: My people will not be satisfied with any such promise or condition imposed upon the granting of a permit for the construction of this present addition. They were sat-

isfied two years ago when it was granted upon those conditions, and those conditions were violated, and still are being violated. What assurance have they that those new conditions will not be violated? I, in behalf of them, object to any consideration of an addition.

Mayor Ellenstein: Well, assuming those conditions were not violated in the future, would your people still object to it?

Mr. Dudkin: If there is a nuisance there, they will always object to it.

Mr. Neil J. Convery, 32 Walnut Street: Mr. Mayor and gentlemen of the Commission, this is my report that I submitted to Mr. Hood.

(The report was read into the minutes).

Commissioner Franklin: Did you examine the Excel Laundry on South Sixteenth Street about a block away?

Mr. Convery: No, I did not. I only went to the larger laundries which were on the same order as this one.

Commissioner Franklin: Comparable?

Mr. Convery: Comparable with this one.

Dr. Charles V. Craster: Mr. Mayor, with regard to the improvement supposed to be taking place at the Royal Laundry, I have a report from Mr. Young, Assistant Health Officer, who is in charge of the Division of Sanitation, and who made an inspection of this plant. He has reported as follows—May I read the report with your permission?

Mayor Ellenstein: Yes.

Dr. Craster read the report into the minutes.

Mayor Ellenstein: Have you the smoke inspectors in your department?

Dr. Craster: The whole sanitary division is, of course, the smoke inspectors. They work along those lines and they report, of course, to the Smoke Prevention Bureau, if they find violations.

Mayor Ellenstein: Have you had any complaints as to the smoke nuisance?

Dr. Craster: Not as I can see, from the report here. You see, it is impossible, really, to tell whether the shifting of the machinery from one floor to another is going to create more nuisance than it was on the original floor. That must be a question of experience only. But as far as the inspector could determine, the same machinery would make the same noise; and as far as he could see, it would not be any worse than what they are carrying on at the present time.

Mayor Ellenstein: Unless these objectors are going to get relief, what—

Dr. Craster: There is no evidence to show it will be increased. And we all agree a factory like this has no place in a residential section, but it is there and it has been there nine years.

Mayor Ellenstein: If this laundry was going into the locality at the outset, I think then our position would be clear to prevent it from going in a residential section. But inasmuch as they already are there and that they are going to add an addition to the building, it is going to employ thirty or forty more people without increasing any noises or nuisances, then I think it is fair to say that it should be given favorable consideration. However, if it is going to increase the nuisance, then, of course,

that is another question. Now, that can be determined, as I see it, by expert testimony.

Mr. Dudkin: How can an expert testify as to living conditions there?

Mayor Ellenstein: If you have a house painted within a reasonable distance of it and it is not affected by smoke, whether you are an expert or not you have a right to assume that there isn't any great amount of smoke that is going to affect any adjoining property owner. Don't you think that is a fair conclusion?

Commissioner Franklin: Numbers do not necessarily create or increase a nuisance. I have been in your position in vibration matters and I can say this, I have been on your side of the fence representing the persons who were being allegedly annoyed, and I can say if it is the pressers that are to be placed on the second floor that they will not create vibration. It is the rotating machinery that causes vibration. It is stated by counsel for the other side that on the second floor there are to be wardrobes and pressing machines. While I am not an expert, I have been through it sufficiently to be almost an expert. And I can tell you pressing machines will not create vibration or create any noise that now exists from those premises.

Mr. Dudkin: Commissioner Franklin, assuming a permit is granted, assuming what counsel for the petitioners stated it will not create a nuisance, and it turned out the nuisance was increased, what would you say then if the fact was called to your attention?

Mayor Ellenstein: I would say you could come here and get relief. This Commission could restrain them from using it for any other purpose from that on which the permit is granted, couldn't they? This Commission has

the power, if they are going to grant the permit on condition that it be used for a certain type of machines or used for certain purposes, this Commission can revoke that permit without necessitating the tearing down of the addition. You understand that as a lawyer.

Commissioner Franklin: It will be insisted, if this permit is granted it will be granted on condition that pressing machines and no other type of machines shall be erected on the second floor.

Mayor Ellenstein: Aren't you agreed if it is not going to increase the nuisance to any degree, and this man who has a capital investment of \$100,000 and desires to increase his building and is going to employ thirty or forty more people, when you take that into consideration, because after all, there is a vast army of unemployed in our city; and considering that it is not going to increase the nuisance, if that is made clear, don't you think the only fair thing to do is to permit the addition, conditioned upon the fact that no greater nuisance is created, and limit it to that?

Mrs. Sasse, 651 South Fifteenth Street: That laundry is a nuisance. There are fifteen of us who are widows in that neighborhood, and we put our whole life into that neighborhood, into our homes there. And if we cannot rent our property we cannot pay our taxes.

Mr. James J. Quinn, 778 South Sixteenth Street: I object to it. I live in the neighborhood. That plant is a nuisance and always was a nuisance. Up to the present day it is a nuisance. And as far as Number 1, 2 and 3 smoke goes. Can these people say that they are getting one hundred per cent complete combustion out of soft coal? It never has been done.

Mayor Ellenstein: Is that the fuel they use?

Mr. Quinn: Soft coal.

Mayor Ellenstein Do you ladies want to be heard?

Mrs. Breskin: Mr. Mayor, my windows were dusted yesterday and they were full of soot this morning.

Mrs. Smith, 10 Mt. Vernon Place: I have a property right in back of the laundry. I have a flat vacant six months, can't rent it on account of the laundry in back of it. We had our house painted a month ago, and I wish you could go and see what it looks like.

Mayor Ellenstein: Do you two ladies want to be heard? You live in that neighborhood too?

Mr. Henry Green: One baby is worth more than that whole laundry, and these people have a right to put a baby carriage in front of their house and give their baby fresh air and not get soot from the laundry.

Commissioner Minisi: Mr. Mayor, I move at this time that the application be denied, that the recommendation of the Board of Adjustment be not concurred in.

Commissioner Duffy: I second the motion.

The roll being called, the motion, was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Minisi offered the following resolution:

RESOLVED: That the sum of Two Thousand, Four Hundred Eighty-Three Dollars and Eighty-Two Cents (\$2,483.82) be and the same is hereby appropriated to the City Treasurer, same being the weekly payrolls of the Department of Parks and Public Property for weeks ending November 8th and November 11th, 1933, inclusive as follows:

The Board of Commissioners of the
City of Newark, N. J.

H. S. REICHENSTEIN
City Clerk.

Newark, N. J., November 21, 1932.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of November 14th were read and approved.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An Ordinance respecting the salaries or compensation of officers and employes of and persons holding an office or position under the government of the City of Newark, New Jersey.

The Board of Commissioners of the City of Newark Do Ordain:

1. That from the salary or compensation paid to any officer or employe of or person holding an office or position under the government of The City of Newark, beginning January 1, 1934, there shall be deducted the following sums, any ordinance or resolution of the City to the contrary notwithstanding:

Two per centum where the annual salary or compensation exceeds \$1,000 and does not exceed \$1,100;

Three per centum where the annual salary or compensation exceeds \$1,100 and does not exceed \$1,500;

Five per centum where the annual salary or compensation exceeds \$1,500 and does not exceed \$1,800;

Six per centum where the annual salary or compensation exceeds \$1,800 and does not exceed \$2,100;

Seven per centum where the annual salary or compensation exceeds \$2,100 and does not exceed \$2,300;

Eight per centum where the annual salary or compensation exceeds \$2,300 and does not exceed \$2,500;

Nine per centum where the annual salary or compensation exceeds \$2,500 and does not exceed \$2,800;

Ten per centum where the annual salary or compensation exceeds \$2,800 and does not exceed \$3,200;

Eleven per centum where the annual salary or compensation exceeds \$3,200 and does not exceed \$3,700;

Twelve per centum where the annual salary or compensation exceeds \$3,700 and does not exceed \$4,000;

Thirteen per centum where the annual salary or compensation exceeds \$4,000 and does not exceed \$4,400;

Fifteen per centum where the annual salary or compensation exceeds \$4,400 and does not exceed \$5,000;

Seventeen per centum where the annual salary or compensation exceeds \$5,000 and does not exceed \$5,500;

Eighteen per centum where the annual salary or compensation exceeds \$5,500 and does not exceed \$6,000;

Nineteen per centum where the annual salary or compensation exceeds \$6,000 and does not exceed \$7,500;

Twenty per centum where the annual salary or compensation exceeds \$7,500 and does not exceed \$9,500;

Twenty-two per centum where the annual salary or compensation exceeds \$9,500 and does not exceed \$12,500;

Twenty-five per centum where the annual salary or compensation exceeds \$12,500;

2. If the amount to be deducted under this schedule causes an officer or employe to receive less than any one in the next lower group, then there shall be deducted from his salary or compensation the percentage of the next lower group.

3. During the period in which this ordinance shall be effective no salary or compensation of any officer or employe or person holding any office or position under the government of the City of Newark shall be increased.

4. If any officer or employe of or person holding an office or position under the government of the City shall receive two or more salaries or compensations from the City, such salaries or compensations shall be added together and the total thereof shall be considered and treated as one sum; and the deduction herein author-

ized shall be made from such total sum, as constituting the salary or compensation received by such officer or employe.

5. Notwithstanding the adoption of this ordinance the amount to be deducted from the salary or compensation of any officer or employe of or person holding an office or position under the government of the City, by reason of membership in any retirement or pension fund, shall be from the total salary or compensation under the government of the City, without regard to the amount deducted from such salary or compensation pursuant to the provisions of this ordinance, and upon the death or retirement of a member of any such retirement or pension fund such member or his or her beneficiaries shall receive the same benefits as if this ordinance had not been adopted and deductions from the salary or compensation had not been made.

6. Nothing in this ordinance contained shall be construed to affect or impair the rights of any person in any retirement or pension fund or under any Civil Service Law or tenure of office statute.

7. This ordinance shall take effect January 1, 1934, and shall become inoperative December 31, 1934.

8. All ordinances and parts of ordinances inconsistent herewith be and the same are hereby repealed.

The roll being called, the motion, was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that December 5th, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting

room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion, was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows

An Ordinance regulating salaries in the City of Newark.

WHEREAS, several ordinances of The City of Newark now provide for automatic increase in the wages, salary or compensation of certain officers and employes named therein;

THEREFORE, THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK DO ORDAIN

1. Whenever such automatic increase shall be provided for, no officer, employe, agent or servant in the employ of The City of Newark, or holding any position, whatsoever therein, shall be entitled to receive any such automatic increase in pay, salary or compensation, by virtue of such ordinance or ordinances, from the City of Newark during the continuance of this ordinance;

2. This ordinance shall take effect on the 1st day of January, 1934, and shall remain in force and effect until the 31st day of December, 1934

3. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion, was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that December 5th, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The following communication was received and read

Chamber of Commerce of the City of Newark, N. J.

October 28, 1933.

It has recently been proposed by the Citizens' Advisory Finance Committee, a local municipal research bureau, that the City of Newark create a budget office and budget officer, and that this agency be a unit of the Department of Revenue and Finance.

Newark operates under the "commission" form of government, with five departments and five commission-

ers The present practice in budget making is for each department to prepare its own budget, largely in the manner it desires, after which the several budgets are considered by the commission as a whole.

In the proposal that a budget office be created it was argued that under commission government and so lacking a single, executive authority, the proper place for the agency was in the Department of Finance where it would be in logical working relationship with the other finance units. It was proposed that the budget office prepare a unified budget for the City as a whole, from estimates submitted by individual commissioners, after which it would be considered and passed upon by the Commission.

Since the proposal was made, and in the discussion of it, two questions have arisen. In order to secure an impartial expert opinion on these questions this office is requesting the opinion of a number of leading municipal authorities on the following questions:

1. Is there a desirability in and need for the creation of a distinct budget agency?
2. Where should this agency or bureau be placed in the municipal organization?

If you will give us your opinion on these questions, they will be greatly appreciated and very helpful.

Very truly yours,
E. W. Wollmuth,
Executive Vice President.

Ordered referred to Conference.

The City Clerk presented An ordinance relating to the City Budget and establishing a Budget Bureau, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein Is there any person who desires to be heard on this ordinance?

Mr. Frederick Hoadley, 70 Park Place: Mr. Mayor and Commissioners, I represent the Broad Street Association. As I understand it, there are two budget bureau ordinances pending, one which was introduced on the tenth of October and the other on the sixth of November. I do not know which one we are talking about.

Mayor Ellenstein: We are talking on the one introduced on November 6th, is that right?

The City Clerk: That is right. The other one is an ordinance establishing a budget bureau only.

Mr. Hoadley: What is this one?

The City Clerk: An ordinance relating to the City budget and establishing a budget bureau.

Mayor Ellenstein: The difference is, that the one introduced on October 10th provided a budget director to receive \$6,000, and to set up such clerks as might be necessary; whereas this ordinance now being heard before the Commission provides no salary for a budget director.

Mr. Hoadley: Mr. Mayor, the Broad Street Association is opposed to the enactment of this ordinance or the previous one. We hope that you will vote them down. We strongly oppose the adoption of an ordinance which seems to provide for a budget bureau, but which, in fact, provides for nothing but what the City has already had. Unless you create a real departmental bureau which will not only assist in the framing of the budget, but also assist in the supervision of operation under the budget, this

Association is everlastingly opposed to doing anything.

Mayor Ellenstein: Do I understand that your Association is opposed to the saving of \$6,000 if the same results can be accomplished?

Mr. Hoadley: We deny that the same results will be accomplished.

Mayor Ellenstein: The functional duties of the budget director are set out in this ordinance. The difference between the two ordinances is this: in one instance, it is believed by the members of the Commission—at least, some of the members of the Commission—that the same results can be accomplished without setting up any additional expense. And it was my impression that that would meet the general approval of the citizenry.

Commissioner Parnell: Now, Mr. Mayor, I do not want that impression to get abroad that this is the only difference between those two ordinances. The original ordinance was introduced by me after very careful preparation at the suggestion of the Citizens Advisory Finance Committee, in accord with the recommendation made by that committee in a survey, after very careful examination; and in accord with the procedure that is recommended by the Municipal Research Bureau and by every other financial bureau of any note that I know of throughout our entire country. And the recommendation was that a budget director be set up in the Department of Revenue. And the very broad difference is not the \$6,000 at all, but the very broad difference between the two ordinances is that in one case the budget director and a budget bureau is set up in the Department of Revenue and Finance. The other provides that it shall be set up as a non-departmental bureau under the control of the Commission as

a whole, which is not a satisfactory type of procedure, because it does not allow of proper regulation and direction. Now then, if the original ordinance is satisfactory to Mr. Hoadley, I am perfectly willing that that ordinance should be amended providing that no salaries shall be paid, but that Mr. Brady shall be the budget director under that ordinance, without any additional salary. Would that meet with your approval, sir?

Mr. Hoadley: Mr. Mayor and Director Parnell, the salary question does not interest the Broad Street Association.

Mayor Ellenstein: Well, it does this Commission. The ordinance you first read said "it shall be the duty every three months of the different executives to supply that information to the budget director." This ordinance provides it be done once a month, which is closer supervision. If it is the duty of the Commissioners to make such reports to the budget director, of course, his functional duties being set up prior to the ordinance, he would then report to the Commission just what appropriations are misappropriated. While it may be ambiguous, it is fair to say that the budget director would understand his duties; and when a report is given him every month, if a misappropriation is made of the funds allocated to a specific purpose, he would naturally come in before the Commission and say that the Commissioner in this department has misappropriated funds, instead of spending it for the allocated purpose he is using it in another direction. That seems to follow, which is logical enough.

Is there any other person who desires to be heard?

Mr. E. W. Wollmuth, 24 Branford Place: Mr. Mayor and Commissioners, at the session of the Commission two

weeks ago it was suggested that there be checked out expert authorities who might express themselves supportive of the ordinance originally before the Commission, the one that was drawn and submitted to the Director of Revenue and Finance by the Citizens Advisory Finance Committee. We sent out some forty letters to those around the country who we thought were competent to express opinions with respect to the matter which is before you at this hearing. Twenty-seven replies were received from undoubtedly the foremost students of governmental administration. We asked two questions. I will not read the letter, but I will file a copy of the letter with the City Clerk.

May I say before this Commission adopts any kind of a budgetary control ordinance it would be well to visit Detroit and find out how they are handling this job there. There they are really doing the kind of a job it is believed the City of Newark could well adopt along the lines in which they handle their job there. What is the objection to the ordinance that is proposed by the Citizens Advisory Finance Committee?

Mayor Ellenstein: There is no particular objection. We haven't that ordinance before us. Director Parnell withdrew that other ordinance and left the one first presented here for first reading on October 10th. That required the appropriation of \$6,000 to pay a budget director, and required that clerks be appointed. That would entail an expenditure of at least \$10,000. Now, the Commission felt that they could get the same results without any additional expense. And if the work can be done just as well without the expenditure of the \$10,000, then it is not insignificant. Of course, there is this to say, for the 1934 budget a budget director cannot be appointed in time to properly

function before the budget is finally passed. I am in favor of saving all the money I possibly can where it is not going to impair the City or prejudice it. If we could spend \$10,000 and get \$15,000 in return, I would then be in favor of it.

Is there any other person who desires to be heard on this ordinance?

Mr. Henry Green: The last budget did not provide that you appoint a man for \$4,500 a year. You are drawing up a budget and you are drawing one in New York too; it seems to be a formality if all bills are extended and enlarged. If you are going to have a budget plan, let us have it so plain that man can understand it.

Mayor Ellenstein: Is there any other person who desires to be heard on this ordinance?

Commissioner Franklin: In view of the suggestion made by Mr. Wollmuth, Mr. Mayor, I move that the ordinance be laid over until December 5th and referred to conference for further consideration.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

City Clerk's Office,

City Hall, Newark, N. J.
November 5, 1933.

TO BE READ TO THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK.

Due to adverse publicity that impedes progress of a calling when honestly pursued is arduous at its best, I herewith tender my resignation effective at once as a Constable of the County of Essex, attached to the Second District Court of the City of Newark, N. J., and while I do not disagree with the prosecutor's views in general, individual cases now show lack of respect for law on the part of persons served with writs. Only when the statutes are changed will

the constabular duties of first class counties be relegated accordingly.

However, he is unquestionably right and I endorse his cleanup campaign, but I would suggest in parting not to overlook the Sergeant-at-Arms situation in the district courts of Essex County.

Respectfully,
Daniel Haight.

Re: Application for gasoline permit
Krueger Brewing Company,
premises at 432-434 South Orange Avenue, Newark, N. J.

Gentlemen:

I respectfully request that the above matter be adjourned for two weeks, from Tuesday, November 21st, to Tuesday, December 5th, 1933.

This adjournment is consented to by Mr. Myers.

Thanking you for your courtesy,
I am,

Sincerely,

Joseph L. Smith.

Ordered filed.

The City Clerk presented the application of Gottfried Krueger Brewing Company, owner, for the construction of a gasoline station; premises 432-434 South Orange Avenue; on condition that lighting devices, signs and fences meet the approval of the Board; and stated that today was the time fixed for hearing on the same.

Commissioner Duffy moved that the application be laid over to December 5th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, on March 8, 1933, the Board of Commissioners on the recommendation of the Board of Adjustment dated February 21, 1933, adopted a resolution approving the construction of a gasoline station on premises 252-258 Fourteenth Avenue; and

WHEREAS, the owner, Andrew Minichiello, was unable to proceed with the work of construction within the allotted time; therefore be it

RESOLVED, by the Board of Commissioners of the City of Newark, that an extension of three months from date be granted to the said Andrew Minichiello or his assigns for the commencement of the aforesaid work.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Fidelity Union Trust Company (Graulive Realty Co., owner) for an automobile parking station; premises 290-298 Plane Street; for a period of one year, on condition that a steel wire fence be erected along all street fronts, that all signs meet the approval of the Board, that there be one entrance on Plane Street, one exit on Plane Street, one exit on Bank Street and one exit on Campbell Street;

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Is there any person who desires to be heard on this application?

Commissioner Parnell: Now, Mr. Mayor, I will make my position clear on this kind of application and lay down the general principle that I am going to follow in casting my vote

for or against it. In the first place, we have a very large group of people in the City of Newark, who are very worthy people, who are endeavoring to carry on a garage business and to encourage inside parking. These people have buildings constructed upon premises, and those buildings constitute the very large part of our ratables. And it is well known to me, and it must be well known to every member of this Commission, that the garage owners in the City of Newark today are finding it very very difficult indeed to pay their taxes, to pay their help, and to make a living for themselves; and they have found it particularly difficult since the NRA regulations have come into effect. Now, every time we permit an open air parking station we are making it that much more difficult for the garage owners of the City of Newark to make a living and maintain themselves and their families; and at the same time we are making a use out of a piece of property which in effect prevents any construction upon that piece of property so that we could have increased ratables in the City of Newark. Now, we have before us at this particular time an application from the Fidelity Union Trust Company, which is a large corporation; and in a moment or two another application is coming before us from the Prudential Insurance Company for an extension. Now, in itself there is an objection to that, because these large corporations are taking unto themselves today, by virtue of mortgage foreclosures, a great many pieces of property; and if they find this is a profitable business for them to engage in, they can tear down the structures on these properties, and come to us and get permission to operate an open air parking station. For those reasons I am going to vote against this application and I shall vote against all applications for open air parking stations in the City of

Newark until economic conditions improve and right themselves.

Mr. Henry Green: We are a city, a cosmopolitan city and people come from all around the suburban sections to do shopping. The City of Newark should make arrangements to encourage shopping from the outskirts.

Commissioner Franklin: I move you, Mr. Mayor, that the action of the Zoning Board be concurred in.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Nays: Commissioner Parnell.

WHEREAS, The Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Susan Simons for the renewal of a permit for an automobile parking station; premises 776 High Street; for a period of one year, on condition that the fence and driveway be kept in repair;

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Is there any person who desires to be heard on this application?

Mr. Harry T. Davimos, 310 Broad Street:

Mr. Mayor, the Studebaker franchise next to the Mosque Theatre asks for a modification of its permission. That lot was used by the Newark Auto Corporation from last April for used cars, and it has no exit on Broad Street, the exit runs through the alleyway which runs through off Kinney Street. The Commission compelled us to stretch a wire fence across Broad Street, it is on this particular question we ask modification. A wire fence would be a detriment rather than a benefit.

Mayor Ellenstein: How wide is the lot?

Mr. Davimos: I think it is 150 feet wide.

Mayor Ellenstein: The only difficulty is, as I understand it, on main thoroughfares like Broad Street the Zoning Commission has been insistent in the last year or two that some sort of a fence be put in front because it looks less unsightly.

Commissioner Duffy: I move you, Mr. Mayor, that the recommendation of the Board of Adjustment be concurred in, but that the provision for the erection of a fence be removed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Mayor Ellenstein.

Nays: Commissioner Parnell.

Newark, N. J., November 15, 1933.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

211-217 Washington St. (77 Bank St.); R. C. Allen (Prudential Insurance Company, owner); enlargement of an existing automobile parking station; for a period ending Oct. 21, 1934.

178 Malvern Street, Joseph Zavglia (Matteo Orlando & Tony Villani, owners); sale of gasoline from two portable gasoline tanks, and sale of motor oil; for a period of one year.

The Board of Adjustment,
R. E. Rankin, Secretary.

Received; copy to be sent to each Commissioner, and further action postponed to December 5, 1933.

WHEREAS, The Board of Adjustment has certified in writing to this

Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of R. C. Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Joseph Weisberger for the construction of a poultry market; premises 82-84 West Peddie Street;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Mayor Ellenstein: Is there any person who desires to be heard on this application?

The City Clerk: This is the re-opening of an application of Weisberger for a poultry market.

Mr. Herman Blank, Lefcourt Building: Mr. Mayor and gentlemen of the Commission, I would request that the matter be held over so the entire case could be heard by you.

Mr. Mortimer Eisner, 24 Branford Place:

Mr. Mayor, we have been here innumerable times and I do not think we ought to have another adjournment.

Mr. Thomas A. Mulvaney, Ridgewood Avenue (Pyrene Manufacturing Company): I have been here several times, and I am on my way to an-

other conference now. I do not think it is fair to bring all these people here again.

Mr. Theodore Ehrens, 810 Broad Street: I join in opposition to the adjournment.

Mayor Ellenstein: I presume all of you folks are opposed to an adjournment.

(Answers "Absolutely.")

Mr. Blank: Mr. Mayor, I do not think it is necessary to have these people come down again if they want to introduce their objections at this time. All I ask is to be given an opportunity at the next session of the Commission two weeks later, to bring several of the neighbors down, unless the objectors would want the whole case to be heard at the same time.

Mayor Ellenstein: Unless the Commission feels to the contrary, I feel these people have been brought here too many times; and particularly since what has occurred in the past, I do not think it is fair to ask them to come down and to defer the hearing for another time. Now, we know the general opposition to it. I think in order to expedite the matter, it might be well for you to state your contention in favor of it.

Mr. Eisner: We feel it would be a very serious detriment to that property, which is now beginning to show some improvement to permit a business of this type to come into that neighborhood now.

Mr. Adler, 364 Badger Avenue: I am the district leader there and a few of the residents and property owners asked me to come down and voice their objections.

Mr. Ehrens: I represent Alexander Alpert. We strenuously object to this application.

Mr. Herman Ratner, 368 Badger Avenue: I am not within the two hundred feet, but while the statute provides that notice shall be given within two hundred feet I think all other neighbors in that vicinity have a right to come and to object.

Commissioner Parnell: Unless there is somebody in favor of this market, I move this application be denied.

Mr. Blank: The place is known as 82-84 West Peddie Street. Now, the whole length of West Peddie Street there isn't one house on that street. The only thing that you find on West Peddie Street are factories, garages, railroads; and the railroad goes all the way down Peddie Street right in front. There is everything there to create a stench, there is lights by the Pyrene, there is smoke from the locomotives, there is the noise of the railroad, the noise of the garages, and there is even a garage alongside of this particular place where the chicken market is sought, a garage on one side and a gasoline station on the other side.

Commissioner Parnell: Mr. Mayor, we do not want to do anything that is wrong, of course, and we do not want to force a hardship or do a hardship or unkindness to Mr. Blank's client; but after all, we are here serving the majority of the people. Now, Mr. Blank, these people are here this morning because they are sincere, and

we have to presume they are honest in their sincerity; they have given up their time; they would not be down here because they have nothing to do; they have given up their day's occupation to come down here this morning to present this situation to us. We have a right to believe they are sincere. I think they are all adults who know what a chicken market is. I know what it is and I would not want one next to my house or I would not want one within three blocks of my house. And we are here to do the greatest good for the greatest number. And it seems to me if there is any great demand in that particular section for a chicken market, it was your duty to have those people here this morning to offset the numbers of the other group who are here. And I certainly am going to vote against this application; and I herewith move it be denied.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Parnell: Mr. Mayor, the following applications for the sale of beer which have been investigated by the Police Department be granted to the persons named and the addresses given therein and for the type of licenses applied for:

The Board of Commissioners of the
City of Newark, N. J.

H. S. REICHENSTEIN
City Clerk.

Newark, N. J., November 28, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of November 21st were read and approved.

The City Clerk presented An Ordinance to provide for the closing on the first day of the week, commonly known as Sunday, and for the closing on certain legal holidays and regulating the opening and closing hours of places and shops commonly known as Barber Shops or Tonsorial Parlors, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

Mr. Oreste Milano, 796 Broad Street: Mr. Mayor, I operate a four-chair barber shop at 796 Broad Street inside the Recreation Building. This building does not open before ten A. M. and closes at twelve o'clock at night. The barber shop is open from ten to nine, which is just the same hours as from eight to seven. We do not work any more hours than anybody else. I think it is unfair to pass this City ordinance. It is against the working men.

Mayor Ellenstein: We are trying to please most of the people, and the Journeyman's Barber Association and

the Master Barbers' Association are all in favor of this ordinance unanimously.

Does anybody else desire to be heard?

Mr. Luke A. Kiernan, Jr., 744 Broad Street: This ordinance was drafted at the request of the Master Barbers' Association and the Journeyman barbers of the City. It has a two-fold purpose, that of complying with the President's NRA code, and secondly to wipe out unfair competition.

Mayor Ellenstein: Is there any other person who desires to be heard on this ordinance?

Mr. Ernest Gianchino, Hotel Rivera: In behalf of the barbers of the City of Newark. We have been slaves in the barber business in the City of Newark, and I hope the time has come when we get a new deal which President Roosevelt is asking for everybody.

Mayor Ellenstein: Is there any other person who desires to be heard?

Mr. Andrew Delsordo, 64 Mountainview Avenue, President, Master Barbers' Association: Mr. Mayor and Directors, I represent 90 per cent. of the master barbers of the City of Newark. One of our meetings recently unanimously favored the seven o'clock closing.

No one else appearing, Commissioner Duffy moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that the following ordinance be taken up on second reading:

An Ordinance to provide for the closing on the first day of the week, commonly known as Sunday, and for the closing on certain legal holidays, and regulating the opening and closing hours of places and shops commonly known as barber shops or tonsorial parlors.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Duffy moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that the title of "An Ordinance to provide for the closing on the first day of the week, commonly known as Sunday, and for the closing on certain legal holidays, and regulating the opening and closing hours of places and shops commonly known as barber shops or tonsorial parlors," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The clerk then read the title of the ordinance as follows:

An Ordinance to provide for the closing on the first day of the week, commonly known as Sunday and for the closing on certain legal holidays, and regulating the opening and closing hours of places and shops commonly known as barber shops or tonsorial parlors.

The ordinance having been read three times, was then declared to be upon its third and final passag.

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Resolution Authorizing the Renewal of \$200,000.00 Temporary Loan Bonds on Account of Street Openings.

WHEREAS, The City of Newark on June 14, 1933, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Two Hundred Thousand Dollars (\$200,000.00) for money borrowed in anticipation of the receipt of money expended for Street Openings said Temporary Loan Bonds being numbered 2965—2966—2967 and 2968, and dated, June 10, 1933, and payable December 10, 1933;

AND WHEREAS, the improvement for which said Two Hundred Thousand Dollars (\$200,000.00) was issued was for Street Openings now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay said Two Hundred Thousand Dollars (\$200,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," adopted March 27, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two Hundred Thousand Dollars (\$200,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Two Hundred Thousand Dollars (\$200,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two Hundred Thousand Dollars (\$200,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

The City Clerk: Commissioner Parnell.

Commissioner Parnell: Before casting my vote on this resolution, I want to say and state very clearly the reason why I introduced it. In the first place, the Newark Taxpayers' Association in its activities last spring and early winter, and after considerable investigation, felt that the Board of Commissioners of Assessments for Local Improvements should be abolished, with the subsequent saving of \$40,000 or possibly \$30,000. And that was part of the taxpayers' program. And they sent a questionnaire, as a matter of fact, around to the various candidates for public office (this particular public office), asking our opinion upon it. And I, amongst others, signed that program and pledged myself to abolish the Board of Commissioners of Assessments for Local Improvements, and do all that I could do to abolish it. And I think that other members sitting at this table at the present time also signed the same pledge and the same undertaking,—two of them, at least, I know of.

After this particular department was entrusted to my lot I gave con-

siderable time and considerable attention to this particular question. And after having had it under my control for some six months, I am convinced more than ever before that this Board serves no useful purpose and that it should be abolished.

The Citizens Advisory Finance Committee, after a seven weeks survey of the Department of Revenue and Finance, made the recommendation in no uncertain terms that the Board of Commissioners of Assessments for Local Improvements should be abolished and that the work be done by the Board of Assessments and Revision of Taxes.

A week ago last Sunday the Sunday Call came out and in an editorial recommended that the Board of Commissioners of Assessments for Local Improvements should be abolished.

And so, in accord with the findings of these outside agencies and in accord with my own knowledge and conviction, I have introduced this resolution that this Board should be abolished as of January 1, with the thought that this work can very well be done by the Board of Assessment and Revision of Taxes.

And I accordingly vote in favor of the resolution.

The City Clerk: Mr. Mayor.

Mayor Ellenstein: In casting my vote and voting in the negative, I think I owe it as a duty to explain why I so vote. I certainly made no pre-election pledges that I would abolish this Board; and had I made such a pledge, then I would have stood four-square at the time this Commission organized so that this Board would not have been created at the time of the organization of this Commission. But having been organized with the unanimous con-

sent of the members of this Commission, and this Board now being occupied in taking care of the welfare of the City's interests to the extent of some \$6,200,000, it appears to me that for the time being, at least, this Board should be permitted to function. And as I understand it, it will require about a year for them to complete this work, much of which is in the process of litigation in the courts.

This Board functions by having hearings before them of different property owners throughout the City. In only two instances where improvements were made it involved thirteen hundred pieces of property. Each individual property owner appears before the Board.

As I understand it from a report I have received from the clerk of the Board, they devote at least four days a week in that direction. And there is so much involved in the interests of the City, that I feel it would be false economy to abolish the Board at this time. (Applause).

Commissioner Parnell Now, in furtherance to what I have said, and so the public may know how much time this Board devotes to the interests of the City and the \$6,000,000 worth of improvements that are now before the Board, I want to render a report as to the time put in by members of this Board.

In the month of June Commissioner Hogan put in two hours and fifteen minutes, Commissioner Megaro put in two hours and fifteen minutes, and Commissioner Yeomans put in two hours and fifteen minutes. In the month of July Commissioner Hogan put in five hours and thirty minutes, Commissioner Megaro five hours and thirty minutes, and Commissioner Yeomans five hours and thirty minutes. In the month of August Commissioner Hogan put in

eight hours and forty-five minutes, Commissioner Megaro eight hours and forty minutes, and Commissioner Yeomans eight hours and fifty-five minutes. In the month of September Commissioner Hogan put in two hours and fifteen minutes, Commissioner Megaro two hours and fifteen minutes, and Commissioner Yeomans two hours and fifteen minutes. In the month of October Commissioner Hogan put in three hours and twenty minutes, Commissioner Megaro three hours and ten minutes, and Commissioner Yeomans three hours and twenty minutes. In the month of November, Commissioner Hogan put in fourteen hours and fifty-five minutes—this is after I disciplined Commissioner Yeomans, of course—Commissioner Hogan put in fourteen hours and fifty-five minutes, and Commissioner Megaro fourteen hours and fifty-five minutes, and Commissioner Yeomans fourteen hours and fifty-five minutes.

And this is the time spent in City Hall hearing testimony from taxpayers and property owners of the City of Newark. From the time the meeting was called to order until the meeting adjourned, these men put in, in June, July, August, September, October and November, thirty-seven hours apiece, and that is all. And they got a salary of \$2,164 each. (Applause).

Mayor Ellenstein: Are there any other resolutions?

The City Clerk: That is all on the Clerk's desk, Mr. Mayor.

Mr. Clarence Lane, 465 Clifton Avenue:

Is that true?

Mayor Ellenstein: It is the first time it has come to my attention. It appears to me, were I the Director

of Revenue and Finance and I determined in June that any one of those members of the Board had put in two hours and fifteen minutes during the entire month, I would have called a halt during June and not waited until November.

Commissioner Parnell: Mr. Mayor, if I cannot convince you after six months of this loose kind of conduct and inattention and negligence in attention to the City affairs, what chance did I have of convincing you after three months? (Applause).

Mayor Ellenstein: You do not deny, Commissioner, that you never brought it to anyone's attention that this Board only functioned two hours and fifteen minutes during June, do you? That this is the first time, that I, at least, have ever had any knowledge of this?

Commissioner Parnell: I think as the Director of Revenue and Finance I should decide what is the proper time to bring it to the attention of Board.

Mayor Ellenstein: And you waited your decision from June to October.

Commissioner Parnell: Until I was convinced of this slothful conduct, hoping I might be able to convince you by the weight of the evidence.

Mayor Ellenstein: The Board was under your supervision, and you—

Commissioner Parnell: You are not convinced of it even now, or are you too obdurate to go along?

Mayor Ellenstein: I don't know.

Commissioner Parnell: No.

Mayor Ellenstein: But I do say this—I don't know whether it is so or not—but I certainly am not going to

judge by hearing one side of the story.

Commissioner Parnell: And if you won't take the word of the Director of the Department, whose word will you take? (Applause).

Mayor Ellenstein: I would rather not go into that.

Commissioner Parnell: That is a wise decision.

Mr. Lane: Mr. Mayor, it does seem to the taxpayers of Newark that this argument on economy should have more consideration than merely passing and knocking down a resolution of this kind. It seems to me that this new deal that the taxpayers expected is winding up in argument among the Commission. It does seem to me that in the interests of the taxpayers of the City of Newark that a matter of this kind should receive a lot more consideration. It does not make any difference to me which Commissioner proposes a measure of economy; I would certainly stand up and argue for that Commissioner's stand insofar as economy is concerned.

And it does seem to me, after the report that I just heard—I did not intend to say a word here today,—but after this report, it does seem to me there is some very serious consideration to be put on this matter. If we are paying men \$4,000 a year that are putting in thirty-one hours in six months, that looks to me as though there isn't much trend toward economy if this resolution is knocked down.

Of course, I don't know the ins and outs of this thing, but it does seem to me as just a listener at this meeting, that such things as this should deserve a whole lot more consideration, in view of the hardship that is

being placed on the taxpayers at the present time. And I feel that the eyes of the taxpayers are on any Commissioner that tries to economize, and I feel that if he is opposed in his trend towards economy, which we have been fighting for years, I don't think that looks so good.

But on the other hand, as I said before, I do not really know the ins and outs of this thing, but it does seem to me that the Director of Finance has presented his case fairly clear, and if it is correct, it does seem to me that you Commissioners should not stand and vote no on a resolution of this kind, if that is so.

Mayor Ellenstein: If it were predicated on economy I absolutely agree with you. I think it has been demonstrated that we have endeavored to practise economy but, however, there are other things that you are probably unaware of.

Did you know that Director Parnell in July abolished thirty-four positions and within two weeks returned twenty-six of those positions back to his office? Do you know that Director Parnell, only in the last two weeks, added nine people to his department, and among them were three who were receiving \$2,200 a year.

Director Parnell makes the claim that three assessors in his department can do the work of the Board of Commissioners of Assessments for Local Improvements. If that is so that the men in his department can do that work, certainly he does not need nine additional employees there if they have the time to do that.

I am considering the fact that there is \$6,300,000 involved. These men are now engaged in doing that work. They are called upon to testify before the Circuit Court where their

findings are sent. Now, it seems to me that \$6,000,000 is way out of proportion to the amount involved. And I agree with Director Parnell only in this instance, that we do not intend to have any more local improvements here for at least five years. When this Board is through functioning I am wholeheartedly in accord that it should be abolished. But Director Parnell comes in at this time, and it looks very significant, by virtue of the fact that the Law Department intends to drop two of its legal assistants and to me it appears to be personal.

Director Parnell, although I do not know where he gets his knowledge from, seems to infer or senses that the man that he recommended in the Law Department is to be dropped. So I think this is not an economy move, but rather a personal matter to get at the other Commissioners who are really trying to practise economy, and who are not doing this as a subterfuge.

Mr. Lane: Mr. Mayor, it does seem to me that these arguments pro and con between the Commissioners is something that is all wrong; it should never come up.

Mayor Ellenstein: I agree with you.

Mr. Lane: I say this, that there should be accord in this Commission. And it does not seem that there is any accord, judging from the talk that you hear from here and there and all over. Now, it does seem to me that if a Commissioner presents facts—it is all right to take care of the \$6,000,000, but I do not think that the taxpayers feel that they want to pay \$4,000 a year to a man for thirty-one hours work in six months, do you? (Applause).

Mayor Ellenstein: I certainly do not. And I say to you again, that

if it came to Director Parnell's attention that these men were only spending two hours a month, it was his duty, as the Director of Revenue and Finance, to call an immediate halt to it and not wait six months to reprimand them. (Applause).

Mr. Lane: All right, Mr. Mayor. In the interests of the taxpayers I move that you reconsider this resolution and look into the matter and investigate it, and if you find it is only necessary for them to spend thirty-one hours in six months, I think you should change your vote.

Mayor Ellenstein: I absolutely agree with you. It is the first time I have had any knowledge of it; I hadn't the slightest intimation that the men who were receiving that amount of money were only spending two hours a month.

Mr. Lane: You know, Mr. Mayor, in the eyes of the taxpayers it looks as though it is just a question of appointments being thrown out of office instead of the financial interests to the taxpayers. Now, that should never exist. We did not vote you gentlemen into office expecting any such methods as that to be capitalized on. It does seem to me if you find where economy can be put forth by the elimination of boards in different departments, I think that is what the taxpayers think you gentlemen are going to do. And if you don't do it, why, then there is going to be the devil to pay, because that is the reason the people came out with such an outlandish vote for you gentlemen in the last election, on the grounds of economy. And the taxpayers made these proposals, and it was one of the proposals in the taxpayers' recommendations last year, and they endorsed you, and they endorsed the majority of the gentlemen that were elected last May, and they endorsed you and elected you on the

grounds that you probably would carry out some of the recommendations. And you said yourself here before election that if the taxpayers could prove to you where there was waste, you would be glad to modify the departments to cooperate and coincide with the taxpayers' view in the matter.

Mayor Ellenstein: And I still say it, and I have always tried to practise it.

Mr. Lane: Well, I don't think that these fights, Mr. Mayor, is the right thing: I think this body should be more dignified in this City; I should think they would have to cooperate a little bit more. You have to give and take in this world all the way through, and to make it go to one man, it don't look good, honest it don't, in the eyes of the taxpayers.

I am not fighting for Mr. Parnell. I did not even know that he was coming down here to pass a resolution. I just walked in here today casually to see what was going on, and when I hear things like that I cannot sit still.

Commissioner Parnell: The Mayor has suggested here this morning that there was some underlying, some underhanded motive in this recommendation. And I feel very much hurt to think that the Mayor of the City of Newark would imply or impute any such motive to any member of this Board of Commissioners. I certainly do not impute any such motives to him when he comes officially with his various recommendations. And I think most of you folks know, and the City at large knows that I am very happy to cooperate with recommendations when brought officially by my fellow Commissioners in line with better administration.

It may be, however, that I have

such a motive. I don't know that it exists, but I would like to know what motive the taxpayers of the City of Newark had in recommending that this Board be dropped. What underlying motive was there? I would like to know what underlying motive the Citizens Advisory Finance Committee had in making its report in this survey recommending this Board be abolished. And I am surprised to hear the Mayor say he knew nothing about any such recommendation, because he certainly received a copy of the report, and if he was diligent in his duties, and I hope he was diligent, he must have read that report, or he should have read it.

Then I want to know what underlying motive the Sunday Call had in recommending this Board be abolished.

Then his Honor has suggested I dropped some men and then put them back to work. It may be I put them back to work. And he wants to know why? I suppose I put them back to work for the same reason he dropped Mr. Johnson and put him back to work at a salary of \$3,000, for the same reason he dropped Mr. Henn and put him back at a salary of \$1,980, for the same reason he dropped Mr. Nicholas Cinchino and put him back at a salary of \$2,280—(Applause).

Mayor Ellenstein: Who was that?

Commissioner Parnell: And Mr. Brannigan, October 16, and put him back at \$1,200; and made fourteen appointments there in that department of his. Yes, I dropped some men because I found out the best way to find out how few I could get along with was to drop them and gradually fill them back in as the bureau heads called for them. And I dropped twenty-nine men that were getting paid \$76,000 and I filled them back

with sixteen men getting \$26,000, a salary saving to the taxpayers of \$49,000. I put a few men over in the Collection Department as Deputy Collectors; and in the month of October and November, 1932, the Collection Department of my department collected \$9,529.14, but in this year, under my supervision it has collected \$57,484.73. (Applause).

And everything that I do in my department is done with the most honest intentions, and, I hope, for the welfare of the taxpayers,—at least, according to the best judgment and the best guidance that I have.

I am deeply hurt to think that the Mayor of the City would come and in public meeting impute some dirty, sly, underhanded, indirect motive for a recommendation that I am proposing for what I believe is the betterment of the Department of Revenue and Finance and for the betterment and welfare of the taxpayers of the City of Newark.

Mayor Ellenstein: I quite agree with the representative of the Taxpayers League that there certainly ought to be harmony for the best interests of the City; and I am not disposed to quarrel with anybody, I am not controversial by nature. And it is all right for Director Parnell to speak sweetly and softly, but he cannot deny the fact that even when the New Jersey Stock Exchange lease came up for passage by the Commission at the conference yesterday, that Director Parnell said, "Why, I am not going to vote on this; you have got four votes anyway, and I don't know anything about it." And when I suggested to Director Parnell that I would undertake to explain it to him, even though it had been brought before the Commission at least four or five times, Director Parnell said, "Never mind explaining it; you have four votes anyway." Now,

that does not appear to me to be fair and reasonable, that that is co-ordination, or that shows anything else but antagonism. I have never said anything antagonistic to Director Parnell, I have always tried to give him as much courtesy as I could, and much more courtesy than he has extended to me.

From the very outset when this Commission was inaugurated; and when I went to Washington and arranged the RFC loan and saved the City almost \$2,000,000, Director Parnell was foremost in opposition to it in spite of the fact that that money was saved, and that otherwise it would have been necessary for the City to float the loan at six per cent. instead of four and one-half per cent. which the City eventually received.

Now, there are statements that might be attributable to me which I did not make. I did not say I had no knowledge of the recommendations, but I did say that I made no such promises to abolish the Board of Commissioners of Assessments for Local Improvements. But I say again, that if Director Parnell had called it to the attention of this Commission that this Board was only spending two hours during the month of June, that something would have been done then, and an investigation would have been made, and perhaps the Board of Commissioners for Local Improvements would have been abolished if that is all the time they devoted there.

Mr. Henry Green: Mr. Mayor and gentlemen of the Commission, I am not going to get in between this quarreling between the individuals of the Commission and I am not going to side with either one. But what I am interested in is the municipality, and things are going on that ought not to go on. When I see in last Sat-

urday night's News a cartoon like I never saw in all the history of Newark, the Municipality of Newark standing like a beggar in front of the bankers, and the bankers all sneering contempt and driving out the Municipal Commissioners and Mayor. "Retrenchment or get out. General economic clean-up." The bankers talk to you that way. It would be better if the Mayor and the Commissioners were in a position to talk to the bankers that way. I am glad you brought up the Municipal Market situation with the Stock Exchange. I do not believe you have got a bargain there. You went with the idea to get Wall Street to Newark, and to me it looks that Wall Street got Newark. (Applause).

In the general economy I know that the night schools where poor working people have to go, were closed down. Economy has been made to the hard workers and meager earners, but when it comes to the \$4,000 men, to those that produce least and receive more, we have always been anxious to protect the higher salaried people and take it out on the ones that hardly earn enough to make a living. And I know, and I have heard the gentleman from the Chamber of Commerce—I don't know whether you heard him or took notice of him—that you have a lot of people here in City Hall today that do not earn their salt. And I know it is not only significant or being done in Newark, it is being done by municipal officials throughout the country in making appointments for offices, they do not appoint people that are efficient in their line and know the business, but appoint friends that worked in the campaign to see them elected, and hand out the offices as compensation.

And if it comes to a showdown, I know that there are a lot of people that did no more than show activity in the last election and now they are

drawing a salary in the City of Newark, and they do not possess any efficiency or ability to render any service to the City, for the money that they receive. And the way the City finds itself now, is broke and financially down and out.

These here quarrels between the officials ought to stop. I like to see disagreements amongst you because I think you would all be dumb if you got along without quarreling or without differing. I like to see differences of opinion. And personalities can be cut out. What we need, we who have the City at heart, the Municipality, we need to cut down expenses where they should be cut down, not from the people that hardly earn enough to get their bread and butter, but cut down on the high salaries and cut some of them out altogether, because I think you have got too many of them that are perfectly useless as far as the City is concerned. (Applause).

You need money. You need money. You need it badly. You are standing at the bankers and surrendering every kind of a principle. Twelve thousand homes are already to be sold by the Sheriff in Newark, and they have always had, I think, since the City of Newark is in existence, two years in which time to probably try to redeem their savings that they invested in their homes; and now at the will of the bankers and at the order of the bankers you are going to

make it harder for those people and you are going to reduce that to one year. I hope you did not decide to do that yet, but I hope if you decide to do that the property owners and little home owners where the man and wife went to work to save up some money to buy a little roof over their heads, if you are going to concede that to the bankers and you are going to take that one year's grace away from them, I hope that the citizens of Newark will wake up and come down here in a group and not let you do it. I thank you. (Applause).

Commissioner Duffy: I move we adjourn.

MINUTES OF MEETINGS Of The Board of Commissioners

December, 1933

Newark, N. J., December 1, 1933

A special meeting of the Board of Commissioners was held on the above date in the Mayor's Office, City Hall, Newark, N. J., at 11:45 A. M.

Present: Commissioners Duffy, Minisi, Parnell, Mayor Ellenstein.

Absent: Commissioner Franklin.

The following communication was received and read:

The City of Newark, N. J
Office of the Mayor

December 1, 1933.

Mr. Harry Reichenstein,
City Clerk, City Hall,
Newark, New Jersey.

Dear Sir:

A special meeting of the Board of Commissioners will be held in the Mayor's Office, this morning, at 11:45 A. M., for the purpose of passing an emergency resolution for the purchase of plates, etc., for printing new tax bills for the year 1934.

Very truly yours,
Meyer C. Ellenstein,
Mayor.

Ordered filed.

Mayor Ellenstein: This meeting is being called at the request of Commissioner Parnell who has a matter to bring before the Commission.

Commissioner Parnell: Under the law we have to get the tax bills out by the first of January. In order to do that we have to have 65,000 addressograph plates made up as fast as we can get them at the rate of 3,000 a day. Of course if we have to advertise for bids it will take us fifteen days before we can get any estimates for these addressograph plates, and if we do that we won't be able to get the bills out on time. I have prepared a resolution authorizing the expenditure of approximately \$7,000, which I offer for your approval.

Mayor Ellenstein: Is the Addressograph Company the only firm in Newark who can do this kind of work?

Commissioner Parnell: Yes, sir.

Mr. Fishack: Under the 266 act tax payments will be made in four quarters. The first payment will be made on February 1st. The question arises as to when you are going to begin to charge a penalty, on what day of the month.

Commissioner Parnell: There is an-

other matter we should consider. Under the new law tax payments will be made in four quarters. I do not know whether the penalty is going to be made right after the first quarter or in June. We should fix the amount of the penalty.

Mayor Ellenstein: Suppose we refer this to the Law Department for an opinion by Monday, so that if there are any corrections to be made in the law we can make an effort to do so next Tuesday when the Legislature meets. Your present ordinance provides for the penalties to be charged. I think it is 7 per cent. Under the law you cannot charge more than 9 per cent.

Corporation Counsel Boettner: This can be taken care of under a resolution. A resolution can be adopted fixing the amount of penalties.

Mr. Fishack: You will have to put the amount of the penalties on your bills. What do you want to make the penalty?

Mayor Ellenstein: You cannot make the penalty any more than what the Legislature fixes it.

Mr. Fishack: This is a question that is up to the bankers. You should at least fix the discount based on four quarterly instead of a yearly basis.

Mayor Ellenstein: It will be necessary to have an ordinance. Discounts can only be made under the 266 bill as it now exists.

Corporation Counsel Boettner: You will need a resolution to cover that. Nine per cent. is the maximum penalty you can charge.

Mr. Fishack: I think we are talking about discounts.

Mayor Ellenstein: That will require additional State legislation. I would suggest that you put in a resolution for four quarters.

Commissioner Parnell: What about fixing the date on which we are to begin charging penalties?

Mayor Ellenstein: Make no charge between the 1st and 15th of the month, begin the penalty charge after the 15th of the month.

Mr. Fishack: Fix the penalties on a monthly basis. If it is 12 per cent. a year charge 1 per cent. monthly. Payments should be made quarterly on the first day of each quarter. It will probably work out much better that way.

Mayor Ellenstein: Suppose we put in a resolution in accordance with the state legislation. What is the state law?

Corporation Counsel Boettner: The state law limits the penalty to 9 per cent.

Mr. Fishack: I think the time to start fixing penalties should be after the first quarter, which is the first of February.

Mayor Ellenstein: Are you going to fix the penalties on a quarterly basis?

Mr. Fishack: It would be better to fix it on a monthly basis, beginning with February 1st. As to the question of fixing amounts for discounts, I think they should begin after each of the four quarters.

Mayor Ellenstein: I think we will be able to do much better if you allow the taxpayer a little leeway, say between the 1st and 10th of the month.

Commissioner Parnell offered the following resolution:

WHEREAS, to put into effect the system of collection of 1934 taxes expeditiously, it is necessary that a certain type of tax bill be used requiring the use of special addressograph plates, etc.; and

WHEREAS, the Director of the Department of Revenue and Finance is in receipt of an estimate for the furnishing of said plates, etc., in the sum of \$7,000, which materials are itemized as follows:

55,200 Style J Addressograph New Style electrotype, double Pivo tab frames and plates embossed with 6 lines of No. 10 and 23 type, 5 notations with special spacing from typewritten copy to be furnished;

10,000 Style J addressograph New style electrocote frames with 1 selector tab and plates embossed with 3 lines of type, copy to be furnished;

136,000 addressograph pivo tabs to be used on present style O plates for personal property tax;

said estimate having been submitted by Addressograph Sales Agency, which estimate, in the opinion of said Director, is a fair and reasonable one for the materials required, and did accept the same;

THEREFORE BE IT RESOLVED by the Board of Commissioners of The City of Newark that an exigency exists which will not permit of advertising for bids for the furnishing of the items above mentioned; and

BE IT FURTHER RESOLVED, that the Director of the Department of Revenue and Finance be and he is hereby authorized and directed to enter into contract with said Addresso-

graph Sales Agency for the furnishing of the items aforesaid, at a figure not to exceed the sum of \$7,000; and

BE IT FURTHER RESOLVED, that the sum of seven thousand dollars (\$7,000) be and the same is hereby appropriated to Addressograph Sales Agency, in full settlement and discharge of the amount due said company for the furnishing of the materials aforesaid, upon certification by the proper city officials that the same have been furnished, under and by the virtue of the power and authority of Section 1, Article XI, Chapter 152 (P. L. 1917—as amended).

Reginald Parnell
Michael P. Duffy
A. F. Minisi
M. C. Ellenstein

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Duffy, Minisi, Parnell, Mayor Ellenstein.

Mr. Fishack: I do not know what the printing of the tax bills cost last year. This may run into a lot of money. Mr. Adams tells me that if the printing of the new tax bills exceeds \$1,000 it will be necessary to advertise for bids.

Mayor Ellenstein: You ought to get several estimates.

Commissioner Duffy: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

The Board of Commissioners of
The City of Newark, N. J.

H. S. RICHENSTEIN,
City Clerk.

Newark, N. J., December 5, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of November 28th and special meeting held December 1st were read and approved.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An Ordinance to license and regulate persons, partnerships, firms, or corporations, engaged in the business of retail dealers in bakery products in the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. It shall be unlawful for any person, or persons, partnership, firm or corporation, to engage in the business of retail dealer in bakery products in the City of Newark, unless such person or persons, partnership, firm or corporation, shall have first obtained from the Department of Health of The City of Newark a license so to do. Said license shall be issued by the Department of Health upon the payment of a fee of Ten Dollars (\$10.00), and shall expire on the 31st day of December subsequent to the date of issue, and may thereafter be annually renewed

in the same manner and subject to the same provisions by which the original license was obtained. The fee to be charged for all licenses issued for the balance of the year 1933, subsequent to the adoption of this ordinance, shall be apportioned by the Department of Health.

Section 2. Any person or persons, partnership or firm, violating this ordinance shall, upon conviction thereof, pay a fine not exceeding Fifty Dollars (\$50.00) for the first offense, and not exceeding Twenty-five Dollars (\$25.00) per day for each succeeding day that said violation continues; and upon default of said fine, shall be committed to the County Jail for a term not exceeding forty-five (45) days; any corporation violating this ordinance shall pay a fine not exceeding Fifty Dollars (\$50.00) for the first offense, and not exceeding Twenty-five Dollars (\$25.00) per day for each succeeding day that said violation continues, same to be recovered in an action of debt.

Section 3. All ordinances and parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

Section 4. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that December 19th, 1933, at 11 A. M., or as soon thereafter as said matter can

be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as required by law.

The Board of Commissioners of
The City of Newark, N. J.

H. S. REICHENSTEIN,
City Clerk.

Newark, N. J., December 12, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Absent: Commissioner Duffy.

The minutes of regular meeting of December 5th and Special meeting held December 6th were read and approved.

Commissioner Franklin introduced the following ordinance and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An Ordinance respecting the salaries or compensation of officers and employes of and persons holding an office or position under the government of the City of Newark, New Jersey," adopted December 2, 1933.

WHEREAS, heretofore on June 27, 1933, this Board adopted an ordinance fixing the net salary to be received by certain employes of the Department of Public Affairs, as set out in said Ordinance, which Ordinance was effective July 1, 1933; and,

WHEREAS, on December 2, 1933, this Board adopted a further ordinance making deductions in the salaries of all municipal employes for the year 1934, which latter ordinance repealed all inconsistent ordinances; and,

WHEREAS, it was not the intention of this Board to repeal the Ordinance of June 27, 1933, affecting salaries of employes in the Department of Public Affairs, but to have remain in full force and effect the salaries so fixed in said ordinance of June 27, 1933;

THEREFORE, BE IT RESOLVED By the Board of Commissioners of the City of Newark:

1. That Section 3 of an Ordinance entitled "An Ordinance respecting the salaries or compensation of officers and employes of and persons holding an office or position under the government of the City of Newark, New Jersey, adopted December 2, 1933, be and the same is hereby repealed.

2. That a new section, to be known as 6A, be added to said ordinance, which shall read as follows:

"6A. Nothing in this Ordinance contained shall be construed to change the salaries fixed for certain employes of the Department of Public Affairs as set out in said Ordinance of June 27, 1933, entitled: 'An Ordinance respecting the salaries or compensation of officers and employes of and persons holding an office or position under the government of the City of Newark, New Jersey.'"

3. All ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

4. This Ordinance shall take effect January 1, 1934.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin moved that December 26th, 1933, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Act of the Legislature of the State of New Jersey, entitled: "An Act Concerning Alcoholic Beverages," and known as Assembly Bill No. 611, that the fees for Class "C" licenses which are provided for in Section 13 of the foregoing act be as follows:

The roll being called, the resolution was declared adopted by the following votes.

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Minisi offered the following resolution:

BE IT RESOLVED By the Board of Commissioners of The City of Newark, that under and by virtue of the authority of the provisions of an

(a) Plenary Retail Consumption License to be fixed at Five Hundred Dollars (\$500.00) per annum.

(b) Plenary Retail Distribution License to be fixed at Five Hundred Dollars (\$500.00) per annum.

The holder of either the Plenary Retail Consumption License or the

Plenary Retail Distribution License shall hold such license subject to any and all rules and regulations which may hereafter be made or promulgated.

A. F. Minisi
M. C. Ellenstein
Pearce R. Franklin
Reginald Parnell

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Franklin, Minisi, Parnell, Mayor Ellenstein.

Mr. Morris Goldsmith, Lefcourt Building: Mr. Mayor, this increase of \$250 to \$500 for Plenary Retail licenses will foster the return of the old saloon, because no retail liquor store will be inclined to pay \$500 when for the same and similar sum they will have the privilege of selling over the bar. It will mean that anybody who wants to buy any liquor will have to go to a saloon.

Mayor Ellenstein: Did you know that the license fee before prohibition was the same as it was for Taverns?

Mr. Jacob Glickenhau, 60 Park Place: Mr. Mayor, I ask you to lay over this ordinance until you have heard persons from another angle. I represent an organization of beer distributors.

The City Clerk: There are only thirty distributors' licenses.

Mayor Ellenstein: There are only thirty licenses of that classification as compared to—how many others have taken out licenses? What is the total number of licenses?

The City Clerk: There are 1,004 licenses for consumption on the premises and 180 off.

Mr. Abraham Mankowitz, 24 Commerce Street: Mr. Mayor, I represent a delicatessen store keeper who has been selling near beer, and with 3.2 beer he applied for his license and has been selling 3.2 beer. Now he finds that his entire business in his delicatessen line depends on the carrying of beer. 180 people applied for licenses for consumption off the premises. They have to apply for the license that enables them to sell both hard liquor and beer.

Mayor Ellenstein: I might tell you that in every surrounding municipality their license fee for that type of store is more than \$250. Every surrounding municipality that has come to my attention.

The City Clerk: Montclair is \$1,000 and Orange \$450. We had 600 licensees who sold bottled beer in the last licensing period and when we raised the fee to \$200 only those 180 applied. I think those 180 would pay the difference between that rate and the rate we are about to charge.

Mr. Louis B. Englander, Lefcourt Building: I am here on behalf of several retail liquor stores and their employees, about thirty in number. We approve the prospective action of the Commission in increasing the license fee for retail liquor to \$500 for those not consumed upon the premises.

Mayor Ellenstein: The State law points out as to what is a retailer and who is a wholesaler, and there are only two classifications, and that is retailer and wholesaler.

Mr. Samuel M. Goodman, 24 Brantford Place: I represent the Lincoln Food Stores, Liberty Food Stores, the Individual Merchants Protective Association, the Independent Druggists Alliance of New Jersey, and the Drug Federation of New Jersey. We are opposed to this increase, and I hope

that you will defer this resolution to another meeting.

Mayor Ellenstein: The only difficulty with that is that it is necessary to re-issue the licenses in accordance with the ruling made by Justice Parker, that the City was collecting a license fee for two months, and Justice Parker ruled the City should collect fees for seven months instead of two months. So the City Clerk was instructed to recall those licenses and issue new licenses. Now, that would only complicate the situation, and the City would lose its revenue for the period if the matter were deferred. You see those licenses that have been issued, the status of those people who are selling liquor under those licenses is uncertain, and they have got to be recalled immediately. And those people are compelled to pay the additional \$500 for a permanent legal license as issued.

It was primarily the intention of the Commission to issue licenses for two months and await developments over that period, and make observations and listen to recommendations of the different people, and then promulgate rules and regulations and finally fix the fee. Of course, with this contingency arising where the State Administrator, Mr. Eurnett, questions the right of the City to issue licenses for two months, that was tested out last Saturday, and then, of course, that placed the Commission in a different position. Of course, some time in the future, perhaps at the termination of this seven months, the Commission, if it finds it is not for the best interest of the greatest number of people and that it does not yield a larger revenue than they anticipated, will go back to any fee they desire.

It is not the intention of the Commission to push these things over. We are going slowly about rules and

regulations. But primarily, we realize the City needs the money and we cannot resist the insistence of the Administrator that we are to collect seven months' fees, and it is to the best interests of the City to collect seven months. But we thought during the two month period we could make observations and act accordingly as to fixing rules and regulations. But we were not given that opportunity, and we are compelled to issue the licenses now because of Justice Parker's decision, for a period of seven months. Of course, that would give the Commission ample time to review the situation, and at the end of that period, or if the law permits, prior to that, if the Commission feels it is engendering hardship upon any number of people, I am sure they will approach this with an open mind and they will be glad to correct that at the first opportunity.

Mr. Charles Zemel: Mr. Commissioners, before prohibition we had in Newark some twelve or fourteen hundred saloon licenses. They were paying \$500 a piece. Naturally, that did help the real estate man. Today you have candy stores, grocery stores and delicatessen stores, and they are all trying to chisel in on the legitimate saloon or tavern keeper. I think that \$500 is a reasonable price to charge for a license.

Mr. Goldsmith: Before prohibition there was no differentiation in the license fee. If you are going to make \$500 for the retail liquor store, you ought to increase that type of business that does both retail on and off the premises, because they are doing two distinct classes of business.

M. C. ELLENSTEIN
REGINALD PARNELL
PEARCE R. FRANKLIN
A. F. MINISI

The Board of Commissioners of
The City of Newark, N. J.

H. S. REICHENSTEIN,
City Clerk.

Newark, N. J., December 19, 1933.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The minutes of meeting of December 12th were read and approved.

The City Clerk presented An Ordinance to license and regulate persons, partnerships, firms, or corporations, engaged in the business of retail dealers in bakery products in the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

Mr. Meyer Zemel: Gentlemen of the Commission. I understand this is an ordinance to raise revenue to help pay the taxes, help pay the budget that will be made up by you gentlemen. Impose on a grocery man or other small dealer a \$10 license fee, whether he is a big grocer or a small grocer, or any line of business and you will find him struggling for existence. You will have to have the Police Department increase its personnel.

Mayor Ellenstein: This is no penalty upon any bakery owner. It costs the City now for inspection by the Health Department just \$12,000 a year to do that particular work. It is

anticipated that the revenue it will yield will be from 312 stores at \$10 each, amounting to eight cents a week, \$3,120. Now, that is a special service that the City gives to bakers to see that the health of the individuals throughout our City is safeguarded. Now, I do not see any reason why a property owner or a person in another vocation throughout the City should pay for that service. This is only a small percentage of what it would cost the City to properly supervise it as it has done in the past. And further, every City of a like size throughout the country makes a charge for things like that. We have carefully compiled statistics to show that the City of Newark in this ordinance is charging less than the average throughout the entire country. Now, obviously, if we are going to help the taxpayer whom we all admit is carrying the burden of approximately 85 per cent., we have got to make a step in that direction to derive revenue from some other source. I might say further that the source of revenue, license revenue, derived by the City of Newark is 2.2 per cent. of the total revenue as compared to 4.9 per cent. throughout our country on the average. Some cities like the City of Atlantic City, which receives more than 17 per cent. from license revenue, the City of Los Angeles receives more than 20 per cent. from license revenue. That helps the taxpayer, and, collaterally it helps the rent payer, because if the taxes are lower, the tenant will pay a lesser rental for his flat. It is not any penalty; it is engendered not only to derive revenue but to give protection which the City now gives and for which they have received no compensation in the past. And this ordinance amounts to eight cents a week.

Commissioner Franklin: Furthermore, Mr. Zemel, it is not necessary in order to carry on this service, to increase or augment our forces. This is a service that has been given to the people in the past. The only thing is, that heretofore in the past we have collected no revenue for the service rendered by the various departments, the Health Department and the Police and Fire Departments. I think that probably one of the greatest proponents of relief of real estate from taxation is yourself, and if we are going to assist in any way to relieve the real estate owner, and you are a big real estate owner, from carrying this 85 or 89 per cent. of the burden we must necessarily look to sources of personalty for revenue. This is one, as has been pointed out by the Mayor, that is not a hardship on the owner of the store; it is ten dollars a year, eight cents a week—eight cents a day, or whatever it is. It is a small amount anyway, for which he gets inspection—about twenty cents a week, for which he gets constant inspection by the officers and inspectors of the Health Department. If his store is on fire, he has the Fire Department there immediately, and while the fire is in progress he has the Police Department there to protect his property from vandalism and against theft; and he should contribute to the taxes of this City and help to relieve the over-burdened taxpayer such as yourself.

We are starting with my department because we instituted it in the Department of Health and it just so happens that this source of revenue is coming before us at this moment. Now, everyone who is properly reachable from the standpoint of revenue from personalty will be reached in time. We cannot do everything at the very moment. We are taking it as it comes along.

Mayor Ellenstein: Now, Mr. Zemel, we are all in sympathy with the poor fellow; none of us on this Commission was born with a silver spoon in his mouth, you know that. That is just a question of difference of opinion. We are just as sympathetic with the poor people as you are, and perhaps a little more. And I have lived among more poor people than you have, and have always been sympathetic. And it is unfair for you to create any impression that we are not whole heartedly in sympathy with the poor people. And you get up and talk about a whole lot of things you don't know what you are talking about.

Mr. Henry Green: I am opposed to this ordinance inflicting tax on vegetable dealers, grocery dealers, butchers and bakers. The places where they live there is a realty tax; there is a tax on their furniture and they are paying a poll tax. They have all kinds of taxes and they pay taxes on what they buy.

Mr. Abraham Persky, 75 Avon Avenue: Honorable Mayor and Commissioners. All these storekeepers and retailers are taxed terribly through other means. Half of them are unable to meet their obligations today, with keen competition. They are being heavily competed by chain stores.

Commissioner Franklin: The chain store is being taxed.

Mr. Leo Steinberg, 136 Sanford Street, East Orange: Mr. Mayor and Commissioners. I think the Mayor is trying to follow the principles of our worthy President of the United States to help this situation of unemployment. He has NRA here up on Broad Street which is trying to put the people to work. But with this tax the small storekeepers will have to give up their business and be listed on the roll of unemployment. The worthy

Mayor of this City is doing his best with this Committee to put people to work. Now, instead of relieving unemployed people you will form an army of more unemployed people. It is not the time now to put a tax at any price, and if it is five cents a day they cannot pay it.

Mayor Ellenstein: It is not five cents a day. This is only \$10 a year. That is not going to increase the army of unemployed. We are trying to distribute it equitably. How about the poor man who owns his own home and is unable to meet his taxes and is now unemployed? How about the burden on him when he is faced with foreclosure because he has fallen away with his taxes? This is distributing the burden; it is not putting any great burden on you as an individual storekeeper. You are only going to pay \$10 a year. This is not going to increase the army of unemployed. The Commission is in sympathy with conditions; they know exactly how conditions are. Each one of us has been in close contact with the situation. We have thought it out carefully and we are not trying to add hardship on any individual. When we tax a man \$10 a year we are not going to put him out of business, you know that. If we try to distribute it equitably, every man that is affected, even if it was only \$2 a year, he would come in and protest, because a man's most vulnerable spot to touch is his pocketbook. Even if the tax were \$1 a year there would be people here to object to it. We know conditions. But at the same time we have to protect the life and health and safety of these people. We have to furnish them with police protection, we have to have a Health Department, we have to give them education. How are we going to do that?

Look at the problems this Commission has. Look at the efforts they are putting forth trying to adjust

things. Many people own their own homes and cannot meet their taxes. They have been carrying too much of the tax levy. This tax is vital, and it is necessary for the City to function.

Commissioner Franklin: You see, if we take the burden off real estate your taxes are going to be less and consequently your rents will be less, and the store you occupy will not be vacant. It is on a rate less than three cents a day.

Mr. Albert Braun, 825 Sanford Avenue: Mr. Mayor and Commissioners, I also represent the storekeepers. There are about twelve hundred stores in the City of Newark in our particular line. These shops today are practically bankrupt, they are not able to meet their bills as they run at the present time. Do you want to put a tax on the soft drinks and so forth when your Board of Education itself is allowing in the public schools and high schools in the cafeterias, allowing them to sell candy and in some cases stationery, taking away the business from the small man. When conditions were such that we could make a profit on those items, there was no tax.

Mayor Ellenstein: Do you know that every other City of this size taxes the storekeepers more than this contemplated tax? You admit the City of Newark has to function?

Mr. Saul Bressel, 1060 Broad Street: Mr. Mayor and Commissioners, I also represent the Essex County Cigar, Stationers and Newsdealers Association.

Commissioner Franklin: Excuse me. I do not like to interrupt you, but you say cigars and stationery.

Mr. Bressel: Cigars, Stationery and Newsdealers Association.

Commissioner Franklin: This is the bakers' ordinance.

Mr. Bressell: But the principles of the baking ordinance applies to us.

Mayor Ellenstein: If you want to say anything that is directed toward this ordinance, this ordinance regulating bake shops, we will permit you.

Mr. Bressell: The bakery chain store, when they are taxed ten dollars per store it is not fair to the small man in this way: the small bakery man, he has to make a living for himself and his family out of that one store.

Mayor Ellenstein: You see, the chain store would not be taxed only for the bakery, they would be taxed for the bakery, grocery, meats, if they carry them, so they would have to pay more than one initial tax.

Mr. Bressell: But I would like to urge this Commission that the chain stores be taxed on a graduating scale. If they operate one store they pay ten dollars—

Mayor Ellenstein: The Commission has considered that, and we realize the problems that the small owners have, and you can rest assured that the entire Commission is entirely in sympathy with them. We realize the problems and competition that is created by chain stores. It is to our interest to see everybody get along. Don't you think the Commission wants to see that done? They are using their best judgment in that direction. We know your problem.

Commissioner Franklin: Further than that, we are opposed to the supermarkets, the markets that create unfair competition. We had an instance of that kind before us just recently, so as to protect the little man that you speak of, where the

prices are so cut-rate that they do not create fair competition.

Mayor Ellenstein: Does anyone else desire to be heard on this ordinance?

(No response).

No one else appearing, Commissioner Duffy moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that the following ordinance be taken up on second reading:

An ordinance to license and regulate persons, partnerships, firms or corporations, engaged in the business of retail dealers in bakery products in the City of Newark.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Duffy moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell Mayor Ellenstein.

Commissioner Duffy moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Duffy moved that the title of "An Ordinance to license and regulate persons, partnerships, firms, or corporations, engaged in the business of retail dealers in bakery products in the City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The clerk then read the title of the ordinance as follows:

An Ordinance to license and regulate persons, partnerships, firms, or corporations, engaged in the business of retail dealers in bakery products in the City of Newark.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

The City Clerk presented An Ordinance to license and regulate persons, partnerships, firms, or corporations, engaged in the business of retail dealers in meat and fish in The City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

Mr. Henry Green: Mr. Mayor. They are charging us now 25 cents for a pound of fish that costs three cents. And meats are high enough in prices now. And I know with all the high charges that the fish peddler or the fish dealer and the butchers are down and out.

The Board then entered upon said hearing.

Mayor Ellenstein: Is there any person who desires to be heard on this ordinance?

Mr. Milton Lowenstein, 972 Broad Street: Mr. Mayor and Commissioners, I appear on behalf of the New Jersey Wholesale Confectioners Board of Trade. Our Association went on record to object to this ordinance. The wholesale confectioner does not in any branch of his business handle any merchandise itself. Now you are trying to impose a license fee upon him to be obtained from the Board of Health. He does not take a box of Hershey bars, open them and then sell them.

Mayor Ellenstein: This ordinance is for revenue. Do you know the City of Los Angeles charged \$62.50 for that kind of license? Memphis, Tenn., charges \$200; Nashville, Tenn., \$200; Salt Lake City, \$125; Norfolk, Va., \$100; Chatanooga, Tenn., \$200; Knoxville, Tenn., \$200; Atlantic City, \$35; and that is the only one of the cities below us, and it is not of equal size; and here we are charging \$50, way below the average. This ordinance is for revenue. I think we are all agreed, at least those who are fair minded, that they are carrying too much of the burden. Here is a tax of \$50. I read you a list of all those cities charging \$200. Don't you think that is fair? Government has to function. We have to find other sources of revenue to relieve the landlords and tenants. They have been carrying too much of the burden, and I think it is unfair. And we have gone into this very carefully. We are not trying to put any undue burden on wholesalers or retailers.

We are trying to distribute the burden equitably. Nobody is making money these days. We are trying to safeguard the interests of everyone, particularly of the poorer people, because we realize this is a decidedly cosmopolitan city, an industrial city, and if we are going to get anywhere we must reduce the tax rate on real property, because when an industry makes inquiries as to locating in this City, they first ascertain what the tax rate is; and when the tax rate is high it prevents industries from coming here. And unless we get industries here we are not going to put these people back to work and put them back to work permanently.

When you judge it as compared to what these other cities charge, how can you say it is too much? We have the same problems in this City as they have in other cities. It is no different in Newark than other parts

of the country. As a matter of fact, in these southern cities conditions are much worse than they are up here.

Commissioner Franklin: Further than that, the licensing of your particular industry will prevent outsiders coming in here and competing with you without first getting a license, and to do that he must meet the requirements of the Health Department and every other department.

Mr. Theodore Grotto, 43 Farley Avenue: It is about a year ago under the old Commission that I admonished them and told them that we are on the brink of bankruptcy, and the only way to alleviate the conditions of the rent payer and the taxpayer of the City of Newark would be to tax those in a position that would be able to pay. And one of the ideas of mine was a sales tax and an income tax.

Commissioner Franklin: The sales tax is a State matter.

Mayor Ellenstein: Does anyone else desire to be heard?

A Resolution Providing for the Issuance of \$5,000,000.00 Tax Revenue Bonds (1933)

BE IT RESOLVED By the Board of Commissioners of the City of Newark that the sum of \$5,000,000.00 shall be borrowed by said City pursuant to Chapter 192 of the Laws of 1917 of New Jersey, as amended, in anticipation of the receipt of delinquent tax revenues of said City for the fiscal year 1933, in addition to any sums heretofore authorized to be borrowed in anticipation of the receipt of such delinquent tax revenues, and that said sum shall be borrowed by the issuance of tax revenue bonds of an aggregate face amount not exceeding said sum;

FURTHER RESOLVED, That each of said tax revenue bonds shall be dated as of the date of its issuance and shall be payable not later than one year after its date and shall bear interest at a rate not exceeding six per centum (6%) per annum, payable at maturity;

FURTHER RESOLVED, That the Mayor, Director of the Department of Revenue and Finance, Auditor of Accounts and City Clerk be and they hereby are authorized and directed to execute said bonds and to issue said bonds in such form as they may adopt, in conformity with law, and to recite therein that all requirements and conditions of law have been complied with in the issuance of said bonds and that said bonds are within every debt and other limit prescribed by the Constitution or statutes of New Jersey;

FURTHER RESOLVED, That the power to determine any matter with respect to said bonds not determined

by this resolution, and also the power to issue and sell said bonds is hereby delegated to the Director of the Department of Revenue and Finance who is hereby authorized to issue and sell said bonds in the manner and subject to the limitations prescribed by law.

FURTHER RESOLVED, That it be and hereby is determined that the amount of said tax revenues which are delinquent at the time this resolution is adopted is \$10,451,529.25.

FURTHER RESOLVED, That all sums borrowed pursuant to this resolution shall be used solely for the purpose of making payments which may lawfully be made from said delinquent tax revenues, including the payment of any outstanding tax anticipation or tax revenue bonds issued in anticipation of the receipt of such tax revenues.

The City of Newark
New Jersey
Office of the Mayor

December 26, 1933.

The Board of Commissioners,
of The City of Newark,
City Hall,
Newark, New Jersey.

Gentlemen:

The term of J. Henry Bachelor, as a member of the Sinking Fund Commission of The City of Newark, expires on January 1, 1934.

By virtue of the power and authority vested in me under an act of the Legislature of this State, entitled:

"An Act concerning sinking funds and sinking fund commissioners," approved March 29, 1917, and the acts amendatory thereof and supplemental thereto,

I am, by and with the consent of your body, appointing J. Henry Bachelor, a resident taxpayer on real estate, a member of the Sinking Fund Commission of The City of Newark, for a term of three years, to commence from January 1, 1934.

Respectfully,
Meyer C. Ellenstein,
Mayor.

Ordered filed.

Mayor Ellenstein offered the following resolution:

WHEREAS, Meyer C. Ellenstein, Mayor of The City of Newark, by and with the consent of this governing body, has this day appointed J. Henry Bachelor, a member of the Sinking Fund Commission of the City of Newark, for a term of three years from January 1, 1934;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of The City of Newark, that the action of the said Meyer C. Ellenstein, Mayor of The City of Newark, in appointing said J. Henry Bachelor a member of the Sinking Fund Commission of the City of Newark for a term of three years from January 1, 1934, be and the same is hereby ratified and confirmed; and our consent to said appointment is hereby given; and,

BE IT FURTHER RESOLVED,
That said J. Henry Bachelor give a
bond, with corporate security in the
sum of Five Thousand Dollars (\$5,-
000.00), for the faithful performance
of said office.

Mayor Ellenstein: Is there any person who desires to be heard in opposition to this application?

Mr. William B. Glacken, Newark Athletic Club: Commissioners, thirteen property owners object and there is only one non-objector.

Mayor Ellenstein: Is there any other person who desires to be heard in opposition? What is this charge that these property owners have not been notified to appear before the Zoning Commission? Is that so?

Mr. Glacken: We were notified before they passed it, but I had to appear at the first hearing and let the Board know that we were not all served. The surrounding property owners were not served. In other words, a false affidavit was presented to the Board of Adjustment. Later they were served.

The City Clerk: They came to my office and advised me of that fact, and I promised to let them know when the hearing would come up here, and I think that that was done.

Mr. Glacken: Yes, we have all been notified.

The City Clerk: By the City Clerk's office?

Mr. Glacken: Yes.

Commissioner Parnell: It was my understanding there was a junk yard carried on there without any permission from the City whatsoever, and that after the City raised the question of the necessity for having permission from the municipal authorities, that then the applicants came in and asked for a license. In other words, the reason for the application for a license at this time is that the City authorities checked up and found this junk yard had been operated for a period of a year or more—

Mayor Ellenstein: Has this applicant such a yard at South Street as it is claimed?

Mr. Harry Augenblick Mechanic Street: He has moved from South Street to Frelinghuysen Avenue. Mr. Mayor, this property is located in the light industrial zone and it is directly opposite the heavy industrial zone. The Tri-City Wrecking Company is composed of Mr. Van Bavel and two helpers, and they are engaged in the business of buying and selling used automobiles and dismantling automobiles in the rear yard.

Commissioner Minisi: Mr. Mayor, the applicant himself seems to have raised a question which I think deserves some consideration. He has informed us that some of these people upon being presented with a notice, stated they had no objection to the operation of that business. He further stated that the objector who now appears and represents several others, has probably persuaded them to permit him to come here and object. Now, in fairness to the applicant I think he ought to be given an opportunity to present his side of the

case to these people who are now represented by Mr. Glacken. And if after he has presented it to them he can get them to withdraw their objection, probably this Commission would look at this application in a different light. I move that the matter be adjourned for two weeks to January 9th.

The roll being called, the motion was declared adopted by the following votes:

Board of Adjustment
City Hall
Newark, New Jersey

December 20, 1933.

The Board of Commissioners
of the City of Newark,

Honorable Sirs:

At a meeting of the Board of Adjustment held this day, resolutions were adopted recommending to your Honorable Body, in accordance with Section 9, Chapter 274, P. L. 1928, that the following applications for variations from the requirements of the Zoning Ordinance be allowed:

358-362 Chancellor Avenue, W. H. Gnadinger (John G. Steib, owner); sale and service of motor oil at the curb; for one year, on condition that there be no crank case service or changing of motor oil, that no gasoline be sold, and that all signs and lighting devices meet the approval of the Board;

107 Summer Avenue, Alex Brown (Carmine and Josephine Tobia, owners); construction of a 3-story porch

beyond the prevailing set-back line, on condition that plans be revised to show steps built into porch so that steps will be entirely within the property line;

1233 Raymond Boulevard, Lord Realty Co. (Cedar Hill Realty Co., owner); automobile parking station for one year, on condition that signs and lighting devices meet the approval of the Board;

3 Sherman Avenue, Albert M. Rettenmaier, owner; photographic studio for three years; all signs to meet the approval of the Board;

10 Blum Street, Five Point Building and Loan Association, owner, conversion of a warehouse into a factory for the manufacture of shades and awnings, with space for the storage of trucks operated in conjunction with that business;

1149-1155 Raymond Boulevard, Boulevard Terminal Parking Co. (Public Service Electric and Gas Co., owner); alteration of a gasoline station as follows: three new pumps to be installed twelve feet north of the line of Raymond Boulevard; No entrance or exit from Raymond Boulevard; Pine Street driveway to be widened eight feet, subject to approval of Street Department.

The Board of Adjustment,
R. B. Rankin,
Secretary.

Ordered filed, copy sent to each Commissioner, and further action postponed to January 9th, 1934.

Mr. Seymour Shapiro, 24 Branford Place: Mr. Mayor, I represent the Boulevard Terminal Corporation, and their application was passed unanimously by the Board of Adjustment last week. Might I at this time make

a motion that the Commission take the matter up without adjournment?

Mayor Ellenstein: What sort of an application is it?

Mr. Shapiro: It is an application for the removal of pumps from the west side of the property to the north side of the property, and for an extension of the driveway on Pine Street.

Mayor Ellenstein: There are only two property holders within 200 feet. One is the Public Service, and naturally they are not going to complain. The other is the City of Newark.

Mr. Shapiro: And the City of Newark was served with notice of the application.

Mr. Alex Brown, 12 Nye Avenue: Mr. Mayor and Board of Commissioners, I propose to build a porch on 107 Summer Avenue, and I would like to start if the Board of Commissioners will pass it.

Mayor Ellenstein: This matter is to be heard in two weeks?

The City Clerk: That is right, January 9th.

Commissioner Parnell: The one at 105 is out beyond the line; No. 119 is out beyond the line; 121 is out, 123 is out, so it would not hurt very much, would it? I am in favor of it. I move the rules be suspended so this applicant can construct his porch beyond the building line.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Duffy, Franklin, Minisi, Parnell, Mayor Ellenstein.

Commissioner Franklin offered the following resolution:

WHEREAS, the Board of Adjustment has certified in writing to this Board that it has approved, on appeal from the refusal of the Superintendent of Buildings, an application for a variation from the requirements of the Zoning Ordinance, and recommends that the following structure or use for which application was made be allowed:

Application of Alex Brown (Carmine and Josephine Tobia, owners) for the construction of a 3-story porch beyond the prevailing setback line, on condition that plans be revised to show steps built into porch, so that steps will be entirely within property line; premises 107 Sumner Avenue;

THEREFORE BE IT RESOLVED By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the application above set forth.

Pearce R. Franklin
Michael P. Duffy
M. C. Ellenstein
A. F. Minisi
Reginald Parnell
